

NOTICE OF MEETING, PROXY STATEMENT AND
PROSPECTUS OF STRATASYS LTD.

NOTICE OF MEETING AND PROXY STATEMENT OF
DESKTOP METAL, INC.

YOUR VOTE IS VERY IMPORTANT

On May 25, 2023, Stratasys Ltd., an Israeli company (which is referred to as Stratasys), Tetris Sub Inc., a wholly-owned subsidiary of Stratasys (which is referred to as Merger Sub), and Desktop Metal, Inc., a Delaware corporation (which is referred to as Desktop Metal) entered into an Agreement and Plan of Merger (which, as it may be amended from time to time, is referred to as the Merger Agreement) that provides for Merger Sub to merge with and into Desktop Metal, which is referred to as the Merger, with Desktop Metal surviving the Merger as a direct wholly owned subsidiary of Stratasys.

At the effective time of the Merger, each share of Class A common stock, par value \$0.0001 per share, of Desktop Metal issued and outstanding immediately prior to the effective time (other than shares of Class A common stock owned or held by (a) Desktop Metal as treasury stock, (b) a direct or indirect wholly-owned subsidiary of Desktop Metal or (c) Stratasys or Merger Sub) will be converted automatically into the right to receive 0.123 (which is referred to as the exchange ratio) ordinary shares, par value 0.01 New Israeli Shekels, or NIS, per share, of Stratasys, which number is referred to as the exchange ratio. The exchange ratio is fixed and will not be adjusted for changes in the market price of either Stratasys ordinary shares or Desktop Metal Class A common stock prior to completion of the Merger. Because the exchange ratio is fixed, the market value of the Merger consideration to Desktop Metal stockholders will fluctuate with the market price of Stratasys ordinary shares and will not be known at the time that Stratasys shareholders vote on the Stratasys Merger-related proposal and Desktop Metal stockholders vote on the Desktop Metal Merger Agreement proposal. Based on the closing price of Stratasys ordinary shares of \$14.88 on Nasdaq on May 24, 2023, the last full trading day before the public announcement of the Merger Agreement, the implied value of the Merger consideration to Desktop Metal stockholders was approximately \$1.83 per share of Desktop Metal Class A common stock, and after applying the exchange ratio of 0.123, Stratasys and Desktop Metal estimated that, immediately following completion of the Merger, Desktop Metal stockholders as of immediately prior to the completion of the Merger will hold, in the aggregate, approximately 41% of the issued and outstanding shares of the combined company, and Stratasys shareholders as of immediately prior to the completion of the Merger will hold, in the aggregate, approximately 59% of the issued and outstanding ordinary shares of the combined company. On August 18, 2023, the latest practicable trading day before the date of this joint proxy statement/prospectus, the closing price of Stratasys ordinary shares on Nasdaq was \$14.85 per share, resulting in an implied value of the Merger consideration to Desktop Metal stockholders of \$1.83 per share of Desktop Metal Class A common stock. Stratasys ordinary shares are traded on the Nasdaq Global Select Market (which is referred to as Nasdaq) under the symbol "SSYS" and Desktop Metal Class A common stock is traded on the New York Stock Exchange under the symbol "DM." The Stratasys ordinary shares issued in connection with the Merger will be listed on Nasdaq. We encourage you to obtain current quotes for the Stratasys ordinary shares and the Desktop Metal Class A common stock.

Stratasys will hold an extraordinary general meeting of shareholders in connection with the share issuance and other matters to be effected in connection with the Merger, which is referred to as the Stratasys EGM. At the Stratasys EGM, Stratasys' shareholders will be asked to consider and vote on the following proposals: (1) the approval of certain matters to be effected in connection with the Merger, including: the issuance of Stratasys ordinary shares to Desktop Metal stockholders in exchange for their shares of Desktop Metal Class A common stock pursuant to the Merger Agreement; the adoption of Stratasys' amended and restated articles of association as the articles of association of Stratasys with effect from immediately prior to the effective time of the Merger, which will include, among other changes to Stratasys' existing articles of association, an increase of the authorized share capital of Stratasys from NIS 1,800,000, consisting of 180,000,000 ordinary shares, par value NIS 0.01 per share, to NIS 4,500,000, consisting of 450,000,000 ordinary shares, par value NIS 0.01 per share; and the election of a slate of directors consisting of five designees of Stratasys and five designees of Desktop Metal, as well as the combined company's chief executive officer, as the members of Stratasys' board of directors effective upon the effective time of the Merger, to serve until the first annual general meeting of shareholders of the combined company following the one-year anniversary of the effective time of the Merger and until the due election and qualification of their respective successors; (2) subject to the approval of Stratasys Proposal 1, the approval of the extension of the expiration date of Stratasys' existing shareholder rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024; and (3) the approval of an increase by 2,075,625, upon completion of the Stratasys EGM, and by an additional 1,065,867, upon and subject to completion of the Merger, in the number of Stratasys ordinary shares available for issuance under Stratasys' 2022 Share Incentive Plan. Proposal 1 to be considered at the Stratasys EGM is referred to as the Stratasys Merger-related proposal. **The Stratasys board of directors unanimously recommends that Stratasys shareholders vote "FOR" each of the proposals to be considered at the Stratasys EGM.**

Desktop Metal will hold a special meeting of its stockholders in connection with the proposed Merger, which is referred to as the Desktop Metal special meeting. At the Desktop Metal special meeting, Desktop Metal stockholders will be asked to consider and vote on (1) the proposal to adopt the Merger Agreement, which is referred to as the Desktop Metal Merger Agreement proposal, (2) the proposal to approve, on a non-binding advisory basis, specific compensatory arrangements between Desktop Metal and its

We cannot complete the Merger unless the Desktop Metal stockholders approve the Desktop Metal Merger Agreement proposal and the Stratasys shareholders approve the Stratasys Merger-related proposal. Your vote on all of the matters to be considered at the Stratasys EGM and Desktop Metal special meeting is very important, regardless of the number of shares you own. We look forward to the successful completion of the Merger.

Yoav Zeif

QUESTIONS AND ANSWERS

The following are answers to certain questions you may have regarding the Merger, the Merger Agreement, the Desktop Metal special meeting of stockholders, referred to as the Desktop Metal special meeting, and the Stratasys extraordinary general meeting of shareholders, which is referred to as the Stratasys EGM. You are urged to carefully read this joint proxy statement/prospectus and the other documents referred to in this joint proxy statement/prospectus in their entirety because this section may not provide all the information that is important to you regarding these matters. Additional important information is contained in the annexes to, and the documents incorporated by reference into, this joint proxy statement/prospectus. You may obtain the information incorporated by reference in this joint proxy statement/prospectus, without charge, by following the instructions under the section entitled “Where You Can Find More Information” beginning on page [221](#).

If you are in any doubt about this transaction you should consult an independent financial advisor.

Q: Why am I receiving this joint proxy statement/prospectus?

- A: On May 25, 2023, Stratasys, Merger Sub and Desktop Metal entered into the Merger Agreement pursuant to which Stratasys agreed to acquire Desktop Metal in a transaction in which Merger Sub, a wholly owned subsidiary of Stratasys, will merge with and into Desktop Metal with Desktop Metal surviving as a wholly owned subsidiary of Stratasys. The Merger Agreement attached to this joint proxy statement/prospectus as [Annex A](#) governs the terms of the transaction and requires, among other things, that Stratasys hold an extraordinary general meeting of its shareholders to approve the share issuance comprising the share consideration in the Merger, and that Desktop Metal hold a special meeting of its stockholders to approve the adoption of the Merger Agreement.

Stratasys and Desktop Metal are sending these materials to their respective shareholders and stockholders to help them decide how to vote their Stratasys ordinary shares and shares of Desktop Metal Class A common stock, as the case may be, with respect to the matters to be considered at the Stratasys EGM and Desktop Metal special meeting, respectively.

Further information about the Desktop Metal special meeting, the Stratasys EGM, the Merger and the Merger Agreement is contained in this joint proxy statement/prospectus. This joint proxy statement/prospectus constitutes a proxy statement of Desktop Metal and a proxy statement/prospectus of Stratasys. It is a Desktop Metal proxy statement because the Desktop Metal board of directors is soliciting proxies from Desktop Metal stockholders using this joint proxy statement/prospectus. It is a Stratasys proxy statement because the Stratasys board of directors is soliciting proxies from Stratasys shareholders and a Stratasys prospectus because Stratasys is offering Stratasys ordinary shares to Desktop Metal stockholders in exchange for their shares of Desktop Metal Class A common stock as the Merger consideration.

This joint proxy statement/prospectus is not intended to be and is not a prospectus for the purposes of the Israeli Securities Law, 5728-1968, and the Israeli Securities Authority has not approved this joint proxy statement/prospectus.

Q: When and where will the Desktop Metal special meeting and the Stratasys EGM take place?

- A: The Desktop Metal special meeting will be held at www.virtualshareholdermeeting.com/DM2023SM, at 9:00 a.m., Eastern time, on Thursday, September 28, 2023. The Desktop Metal special meeting will be a completely virtual meeting, which will be conducted via live webcast.

Shares held in "street name" may be voted in person by you only if you obtain a signed legal proxy from your bank, broker or other nominee giving you the right to vote the shares at the applicable stockholder/ shareholder meeting.

Q: What matters will be considered at each of the stockholder/shareholder meetings?

A: At the Desktop Metal special meeting, Desktop Metal stockholders are being asked:

- To approve the adoption of the Merger Agreement, which proposal is referred to as the Desktop Metal Merger Agreement proposal;
- To approve, on an advisory (non-binding) basis, the Merger-related named executive officer compensation payments that will or may be paid by Desktop Metal to its named executive officers that is based on or otherwise relates to the Merger as disclosed in the section entitled "Interests of Desktop Metal's Directors and Executive Officers in the Merger" beginning on page [181](#), which proposal is referred to as the Desktop Metal advisory compensation proposal; and
- To approve the adjournment of the Desktop Metal special meeting to another date and place if necessary or appropriate to solicit additional votes in favor of the Desktop Metal Merger Agreement proposal or to ensure that any supplement or amendment to the accompanying joint proxy statement/prospectus is timely provided to Desktop Metal stockholders, which proposal is referred to as the Desktop Metal adjournment proposal.

The Desktop Metal Merger Agreement proposal, the Desktop Metal advisory compensation proposal, and the Desktop Metal adjournment proposal together are referred to as the Desktop Metal proposals.

At the Stratasys EGM, Stratasys shareholders will be presented with the following proposals:

- Approval of certain matters to be effected in connection with the Merger Agreement and the Merger, including: (i) the issuance of Stratasys ordinary shares to the stockholders of Desktop Metal in exchange for the shares of Desktop Metal Class A common stock held by them, at a ratio of 0.123 Stratasys ordinary shares per share of Desktop Metal Class A common stock, as consideration under the Merger Agreement; (ii) the adoption of amended and restated articles of association for Stratasys with effect from immediately prior to the effective time of the Merger under the Merger Agreement, which will include, among other revisions to Stratasys' existing articles of association, an increase of the authorized share capital of Stratasys from NIS 1,800,000, consisting of 180,000,000 ordinary shares, par value NIS 0.01 per share, to NIS 4,500,000, consisting of 450,000,000 ordinary shares, par value NIS 0.01 per share; and (iii) the election of a slate of five designees of Stratasys and five designees of Desktop Metal, as well as the combined company's chief executive officer, as the members of Stratasys' board of directors, each of whose term will commence on the effective time of the Merger and until the first annual general meeting of the combined company following the one-year anniversary of the effective time of the Merger and upon the due election and qualification of each designee's respective successor, or until each respective designee's earlier resignation, replacement or removal (this proposal is referred to as the Stratasys Merger-related proposal);
- Subject to the approval of the Stratasys Merger-related proposal, approval of the extension of the expiration date of Stratasys' existing shareholder rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024 (this proposal is referred to as the Stratasys rights plan extension proposal); and

TABLE OF CONTENTS

- Approval of an increase by 2,075,625, upon completion of the Stratasys EGM, and by an additional 1,065,867, upon and subject to completion of the Merger, in the number of Stratasys ordinary shares available for issuance under Stratasys' 2022 Share Incentive Plan (this proposal is referred to as the Stratasys share incentive plan increase proposal).

The foregoing proposals to be presented at the Stratasys EGM are referred to collectively as the Stratasys proposals.

Q: Does my vote matter?

A: Yes, your vote is very important.

The approval of the Desktop Metal Merger Agreement proposal and the approval of the Stratasys Merger-related proposal are conditions to the completion of the Merger.

The completion of the Merger is not conditioned on the approval of the Desktop Metal adjournment proposal, the Desktop Metal advisory compensation proposal, the Stratasys rights plan extension proposal or the Stratasys share incentive plan increase proposal.

The enclosed proxy materials allow you to grant a proxy or vote your shares by mail, telephone or Internet without attending the Desktop Metal special meeting or the Stratasys EGM virtually or in person, as applicable.

Q: What will Desktop Metal stockholders receive if the Merger is completed?

A: In the Merger, each share of Desktop Metal Class A common stock issued and outstanding immediately prior to the effective time (other than (i) shares of Desktop Metal Class A common stock owned by Desktop Metal as treasury stock, (ii) shares of Desktop Metal Class A common stock owned by a direct or indirect wholly-owned subsidiary of Desktop Metal, and (iii) shares of Desktop Metal Class A common stock owned by Stratasys or Merger Sub) will be converted into the right to receive, subject to the Merger Agreement, 0.123 Stratasys ordinary shares, referred to as the Merger consideration.

No fractional Stratasys ordinary shares will be issued in connection with the Merger. Each holder of shares of Desktop Metal Class A common stock who would otherwise be entitled to receive a fraction of a Stratasys ordinary share (after aggregating all Stratasys ordinary shares issuable to such stockholder) will, in lieu of such fraction of a share, be paid in cash the dollar amount (rounded to the nearest whole cent), without interest, determined by multiplying such fraction by the closing price of the Stratasys ordinary shares on the last trading day before the Merger becomes effective.

Because Stratasys will issue a fixed number of Stratasys ordinary shares in exchange for each share of Desktop Metal Class A common stock, the value of the Merger consideration that Desktop Metal stockholders will receive in the Merger will depend on the market price of Stratasys ordinary shares at the time the Merger is completed. The market price of Stratasys ordinary shares when Desktop Metal stockholders receive those shares after the Merger is completed could be greater than, less than or the same as the market price of Stratasys ordinary shares on the date of this joint proxy statement/prospectus or at the time of the stockholder/shareholder meetings. Accordingly, you should obtain current stock price quotations for Stratasys ordinary shares and Desktop Metal Class A common stock before deciding how to vote with respect to the approval of the Stratasys Merger-related proposal, in the case of Stratasys shareholders, or the adoption of the Merger Agreement, in the case of Desktop Metal stockholders. Stratasys ordinary shares are traded on the Nasdaq Global Select Market, which is referred to as Nasdaq, under the symbol "SSYS." Desktop Metal Class A common stock is traded on the New York Stock Exchange, referred to as the NYSE, under the symbol "DM".

For more information regarding the Merger consideration to be provided to Desktop Metal stockholders if the Merger is completed, see the section entitled "**The Merger Agreement—Merger Consideration**" beginning on page [144](#).

Q: What will holders of Desktop Metal equity awards receive in the Merger?

A: *Stock Options.* At the effective time of the Merger, each option to purchase shares of Desktop Metal Class A common stock, which is referred to as a Desktop Metal Option, outstanding immediately prior to the effective time will be automatically converted into an option to purchase a number of Stratasys ordinary shares on substantially the same terms and conditions (including the same vesting and exercisability terms and conditions)

TABLE OF CONTENTS

as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal Option immediately prior to the effective time (but otherwise subject to the terms and conditions of the Strasys equity plans), determined by multiplying the number of shares of Desktop Metal Class A common stock subject to such Desktop Metal Option immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares, at a per share exercise price determined by dividing the per share exercise price of such Desktop Metal Option by the exchange ratio, rounding up to the nearest whole cent.

Restricted Stock Awards. At the effective time of the Merger, each restricted stock award of Desktop Metal, which is referred to as a Desktop Metal RSA, outstanding immediately prior to the effective time will automatically be converted into a grant of a restricted stock award of Strasys on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal RSA immediately prior to the effective time (but otherwise subject to the terms and conditions of the Strasys equity plans), covering a number of Strasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by such Desktop Metal RSA immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Restricted Stock Unit Awards. At the effective time of the Merger, each restricted stock unit award of Desktop Metal, which is referred to as a Desktop Metal RSU Award, outstanding immediately prior to the effective time will automatically be cancelled in exchange for the grant of a restricted stock unit award to receive, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal RSU Award immediately prior to the effective time (but otherwise subject to the terms and conditions of the Strasys equity plans), a number of Strasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by such Desktop Metal RSU Award immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Q: What effect will the Merger have on Desktop Metal's convertible notes?

A: Under the indenture governing Desktop Metal's 6.0% Convertible Senior Notes due 2027 (which we refer to as the Convertible Notes), prior to the effective time, Desktop Metal, Strasys and the trustee of the Convertible Notes will execute a supplemental indenture to, among other things, (i) change each Convertible Note holder's right to convert Convertible Notes for shares of Desktop Metal into a right to convert Convertible Notes for the Merger consideration based on the exchange ratio on and after the effective date, and (ii) provide for Strasys' assumption of certain Desktop Metal's obligations under the Convertible Notes, including providing a parent guarantee, upon consummation of the Merger, in each case pursuant to the terms of the indenture governing the Convertible Notes. At the effective time, the Convertible Notes will temporarily be exchangeable into, at the combined company's election, cash or a combination of Strasys ordinary shares and an amount of cash elected by Strasys, which will at least be \$1,000 per \$1,000 principal amount of such Convertible Notes being exchanged.

Q: Who is entitled to vote at the Desktop Metal special meeting and how many votes do they have?

A: The Desktop Metal board of directors has fixed the close of business on Monday, July 31, 2023 as the record date of the Desktop Metal special meeting. If you were a holder of record of shares of Desktop Metal Class A common stock as of the close of business on the record date you are entitled to receive notice of and to vote at the Desktop Metal special meeting or any adjournments or postponements thereof. You are entitled to one vote for each share of Desktop Metal Class A common stock that you owned as of the close of business on the Desktop Metal record date. As of the close of business on the Desktop Metal record date, 322,892,034 shares of Desktop Metal Class A common stock were outstanding and entitled to vote at the Desktop Metal special meeting.

Q: What are Desktop Metal stockholders being asked to vote on?

A: At the Desktop Metal special meeting, Desktop Metal stockholders will be asked to vote on the following proposals, which are referred to herein as the Desktop Metal proposals:

1. Approval of the Desktop Metal Merger Agreement proposal;
2. Approval of the Desktop Metal advisory compensation proposal; and

TABLE OF CONTENTS

3. Approval of the Desktop Metal adjournment proposal.

Approval of the Desktop Metal Merger Agreement proposal is required for the completion of the Merger. Approval of the Desktop Metal adjournment proposal and the Desktop Metal advisory compensation proposal is not required for the completion of the Merger.

No other matters are intended to be brought before the Desktop Metal special meeting by Desktop Metal.

Q: What vote is required to approve each proposal at the Desktop Metal special meeting?

- A: Except for the Desktop Metal adjournment proposal, the vote required to approve each of the Desktop Metal proposals listed below assumes the presence of a quorum.

<u>Proposal</u>	<u>Votes Required</u>	<u>Effects of Abstentions and Broker Non-Votes</u>
<i>Desktop Metal Proposal 1: Desktop Metal Merger Agreement proposal</i>	The affirmative vote of holders of a majority in voting power of the outstanding Desktop Metal Class A common stock entitled to vote thereon.	Abstentions and broker non-votes will have the same effect as a vote AGAINST the proposal.
<i>Desktop Metal Proposal 2: Desktop Metal Advisory compensation proposal</i>	The affirmative vote of the holders of a majority in voting power of the votes cast.	Abstentions and broker non-votes will have no effect.
<i>Desktop Metal Proposal 3: Desktop Metal adjournment proposal</i>	The affirmative vote of the holders of a majority in voting power of the votes cast.	Abstentions and broker non-votes will have no effect.

Q: How does the Desktop Metal board of directors recommend Desktop Metal stockholders vote?

- A: The Desktop Metal board of directors unanimously recommends that you vote **FOR** the Desktop Metal Merger Agreement proposal, **FOR** the Desktop Metal advisory compensation proposal and **FOR** the Desktop Metal adjournment proposal.

In considering the recommendations of the Desktop Metal board of directors, Desktop Metal stockholders should be aware that Desktop Metal directors and executive officers have interests in the Merger that are different from, or in addition to, their interests as Desktop Metal stockholders. For a more complete description of these interests, see the information provided in the section entitled **“Interests of Desktop Metal’s Directors and Executive Officers in the Merger”** beginning on page [181](#).

Q: Why are Desktop Metal stockholders being asked to approve on a non-binding basis the Desktop Metal advisory compensation proposal?

- A: Desktop Metal is seeking a non-binding, advisory vote to approve the compensation that may be paid or become payable to Desktop Metal’s named executive officers in connection with the Merger in accordance with SEC Rules. For more information regarding such payments, see the information provided in the section entitled **“Interests of Desktop Metal’s Directors and Executive Officers in the Merger”** beginning on page [181](#).

Q: What happens if Desktop Metal stockholders do not approve on a non-binding basis the Desktop Metal advisory compensation proposal?

- A: Approval of the Desktop Metal advisory compensation proposal is not a condition to completion of the Merger and is a vote separate and apart from the vote on the Desktop Metal Merger Agreement proposal. Accordingly, Desktop Metal stockholders may vote in favor of the Desktop Metal Merger Agreement proposal and not in favor of the Desktop Metal advisory compensation proposal, or vice versa. Approval of the Desktop Metal advisory compensation proposal is not a condition to completion of the Merger, and it is advisory in nature only, meaning it will not be binding on Desktop Metal or Stratasys. Accordingly, if the Merger is completed, the compensation will be payable, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of Desktop Metal stockholders. However, Desktop Metal seeks the support of its

TABLE OF CONTENTS

stockholders and believes that stockholder support is appropriate as the executive compensation programs are designed to incentivize executives to successfully execute a transaction such as that contemplated by the Desktop Metal Merger Agreement proposal from its early stages until consummation.

Q: Are there any risks relating to the Merger or the combined company that Desktop Metal stockholders should consider in deciding whether to vote on the Desktop Metal proposals?

A: Yes. Before making any decision on whether and how to vote, Desktop Metal stockholders are urged to read carefully and in its entirety the information contained in the section entitled “Risk Factors” beginning on page 41. Desktop Metal stockholders should also read and carefully consider the risk factors of each of Desktop Metal and Stratasys that are incorporated by reference into this joint proxy statement/prospectus.

Q: What are Stratasys shareholders being asked to vote on?

A: At the Stratasys EGM, Stratasys shareholders will be asked to vote on the approval of the following proposals, which are referred to as the Stratasys proposals:

1. The Stratasys Merger-related proposal;
2. The Stratasys rights plan extension proposal (which will only be voted upon if the Stratasys Merger-related proposal is approved); and
3. The Stratasys share incentive plan increase proposal.

The above-listed Proposals 1, 2 and 3 are referred to collectively as the Stratasys proposals. Only Proposal 1 must be approved in order for the Merger to be completed.

Q: Why is shareholder approval being sought for each of the Stratasys proposals?

A: Stratasys Proposal 1—Stratasys Merger-related proposal:

The Stratasys Merger-related proposal encompasses the following matters, each of which is provided for under the Merger Agreement and requires Stratasys’ shareholders’ approval pursuant to applicable law:

- (i) *Share issuance pursuant to Merger Agreement*— Under the Nasdaq Listing Rules, to which Stratasys is subject, shareholder approval is required prior to the issuance of any shares by Stratasys as part of the acquisition of another company if the number of shares or voting power of the shares to be issued equals or exceeds 20% of the number of shares or voting power (as applicable) of outstanding shares prior to the issuance. It is expected that the number and voting power of the Stratasys ordinary shares to be issued by Stratasys pursuant to the Merger Agreement will exceed 20% of the number and voting power of the Stratasys ordinary shares outstanding prior to such issuance. Accordingly, Stratasys shareholders are being asked to consider and approve the issuance of Stratasys ordinary shares pursuant to the Merger Agreement as part of the Merger-related proposal.
- (ii) *Stratasys articles restatement*— Under the Israeli Companies Law, any amendment to a company’s articles of association requires the approval of a company’s shareholders. Stratasys and Desktop Metal have agreed within the context of the Merger to make certain changes to Stratasys’ existing articles of association, in order to, among other matters, reflect certain arrangements agreed upon concerning the governance of the combined company during the first two years following the completion of the Merger. The amended and restated articles being proposed for adoption furthermore reflect certain updates to Israeli law that have been made since Stratasys’ existing articles of association were initially adopted, including, for example, the right of a U.S.-traded company such as Stratasys that lacks a controlling shareholder (as defined under the Israeli Companies Law) to comply with certain U.S. stock exchange requirements concerning board independence, and audit and compensation committee composition, in lieu of corresponding Israeli requirements, including the obligation to appoint two external directors in certain circumstances.

The amended and restated articles being proposed for adoption under the Stratasys Merger-related proposal also include an increase to the authorized share capital of Stratasys, to be reflected in Article 6 of the combined company amended and restated articles, which requires shareholder approval under the Israeli Companies Law, just as any other change to a public company’s articles of association. The increase is needed in order to consummate the Merger, since the issuance of Stratasys ordinary shares to Desktop

TABLE OF CONTENTS

Metal stockholders as the Merger consideration will utilize more than the remainder of Stratasys' existing authorized share capital. In addition, under the Stratasys shareholder rights plan, which is currently in effect until the Stratasys EGM, and for which an extension for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024, is being presented for a vote pursuant to Stratasys Proposal 2 (if the Stratasys Merger-related proposal is approved), Stratasys may potentially issue up to 69,021,732 Stratasys ordinary shares (based on outstanding Stratasys ordinary share data as of July 31, 2023). Those shares could be issued prior to the closing of the Merger even in a scenario in which the Merger is nevertheless completed. Furthermore, the increase in the number of authorized ordinary shares is needed to make available to the combined company a sufficient reserve of shares that can be utilized for ordinary course issuances, such as under the combined company's share incentive plans and employee share purchase plan. The combined company may also require additional shares available for issuance pursuant to its contemplated growth plans from time to time, for example in order to pursue potential future strategic transactions, such as acquisitions or joint ventures, for which the company may desire to issue equity consideration to contractual counter-parties. As a leading company in the 3D printing industry, the combined company will need to have at its disposal a sufficient reserve of authorized, unissued shares, which will provide it the requisite flexibility to act quickly, subject to potential shareholder approval when required under the Israeli Companies Law, the Nasdaq Listing Rules or other applicable law.

- (iii) *Election of Post-Merger Board Slate*—The Merger Agreement requires the election of a newly comprised board of directors for the combined company, which will begin to serve on the effective time of the Merger and until the first annual general meeting of shareholders of the combined company to be held after the one-year anniversary of, the effective time of the Merger, and the due election and qualification of each designee's respective successor, or until such respective designee's earlier resignation, replacement or removal. In order to implement the joint, strategic vision of Stratasys and Desktop Metal, the parties have agreed upon the ideal make-up of the post-Merger board of directors, which will consist of five members designated by each of Desktop Metal (including Ric Fulop, as Chairman) and Stratasys (including Dov Ofer, as Lead Independent Director), as well as Dr. Yoav Zeif, the chief executive officer of the combined company. Under the Israeli Companies Law, the election of a public company's board of directors is carried out by the shareholders, and the election of the proposed post-Merger board, as a single slate, is therefore being included in the Stratasys Merger-related proposal. The election of the post-Merger board pursuant to this proposal will also enable the combined company board to begin to work right away upon completion of the Merger to effect value creation on behalf of the combined company's shareholders.

The Stratasys Merger-related proposal does not include the approval of the Merger or adoption of the Merger Agreement, since Stratasys shareholders are not required to provide those approvals under Israeli law, as Stratasys itself will not be merging. Accordingly, Stratasys shareholders are not being asked to vote on the Merger or the adoption of the Merger Agreement.

Stratasys Proposal 2—Stratasys rights plan extension proposal:

Stratasys' existing shareholder rights plan was initially adopted by the Stratasys board of directors in July 2022, exercising its authority under applicable law. In connection with the execution of the Merger Agreement, the rights plan was amended by the board to extend the expiration date until the date of the Stratasys EGM. The Stratasys board of directors seeks to have Stratasys shareholders' approval to the rights plan extension proposal (though such approval is not legally mandatory) for the extension of the duration of the rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024. Although not legally required to do so, Stratasys is nevertheless including this proposal in the agenda for the Stratasys EGM as a means to obtain from Stratasys' shareholders their approval for the further extension of the rights plan, in support of the Stratasys board of directors. Any person could seek to opportunistically benefit from coercive or otherwise unfair takeover tactics to the detriment of the vast majority of Stratasys' public shareholders, and that possibility may continue even after the Stratasys EGM is held and (assuming that all required regulatory approvals are obtained and all closing conditions are satisfied or waived in accordance with the terms of the Merger Agreement) the Merger is completed. The proposed extension of Stratasys' shareholder rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024, is intended to prevent that from happening even after the Stratasys EGM and the completion of the Merger.

TABLE OF CONTENTS

The presentation of the Stratasys rights plan extension proposal for a vote at the Stratasys EGM is conditioned on the approval of the Stratasys Merger-related proposal. Therefore, if the Stratasys Merger-related proposal is not approved, a vote will not be held on the Stratasys rights plan extension proposal at the Stratasys EGM.

Stratasys Proposal 3—Stratasys share incentive plan increase proposal:

Stratasys' 2022 Share Incentive Plan, or the Stratasys 2022 Plan, was initially adopted by Stratasys' shareholders at Stratasys 2022 annual general meeting of shareholders in August 2022, under which 1,574,000 Stratasys ordinary shares were initially reserved and available for issuance to Stratasys employees, officers and directors, consisting of 1,296,494 newly authorized shares and 277,506 shares that were initially rolled over from Stratasys' then-expiring 2012 Omnibus Equity Incentive Plan, or the Stratasys 2012 Plan. In addition, up to an additional 5,432,789 Stratasys ordinary shares then underlying outstanding awards under the Stratasys 2012 Plan (and which were also already approved for issuance under the Stratasys 2012 Plan by Stratasys' shareholders at previous Stratasys annual general meetings of shareholders) could become available for issuance under the Stratasys 2022 Plan (i) if the related award were to expire or be canceled, terminated, forfeited, repurchased or settled in cash in lieu of issuance of shares, for any reason, without having been exercised, or (ii) if permitted by Stratasys, if the underlying shares were tendered to pay (x) the exercise price of an award or (y) withholding tax obligations.

Given the limited size of the initial pool of Stratasys ordinary shares available under the Stratasys 2022 Plan, Stratasys is in need of additional Stratasys ordinary shares for the pool in order to enable it to continue to provide equity incentives in amounts determined appropriate by Stratasys' compensation committee, board of directors and management. The amount needed for the pool would be significantly larger to the extent the Merger is completed, in keeping with the larger number of employees of the combined company. Similarly, the number of outstanding Stratasys ordinary shares would be greatly increased as a result of the completion of the Merger, due to the issuance of ordinary shares of the combined company to Desktop Metal's stockholders as consideration pursuant to the Merger. Therefore, Stratasys is asking that its shareholders approve a two-staged increase in the pool under the Stratasys 2022 Plan:

- initially, at the conclusion of the Stratasys EGM, the size of the pool under the Stratasys 2022 Plan would increase by 2,075,625, Stratasys ordinary shares; and
- upon, and subject to, the completion of the Merger, the size of the pool under the Stratasys 2022 Plan would increase by an additional 1,065,867 Stratasys ordinary shares.

The total pool size—both upon the initial increase of the pool, at the conclusion of the Stratasys EGM, and upon the subsequent increase to the pool, upon (and subject to) completion of the Merger—would not exceed 10% of the total number of outstanding Stratasys ordinary shares on a fully diluted basis as of the applicable time, thereby staying within the limit recommended by institutional shareholder groups and proxy advisory groups.

No other matters are intended to be brought for approval before the Stratasys EGM by Stratasys.

Q: Is the approval of each of the proposals to be presented at the Stratasys EGM required for completion of the Merger?

A: No. Only the approval of the Stratasys Merger-related proposal at the Stratasys EGM is required for completion of the Merger. The approval of either or both of the other two Stratasys proposals—the Stratasys rights plan extension proposal and the Stratasys share incentive plan increase proposal—is not a condition to the completion of the Merger.

Q: What vote is required to approve each proposal at the Stratasys EGM?

A: The affirmative vote of a majority of the voting power represented at the Stratasys EGM in person or by proxy and voting on any particular proposal is required to approve that proposal.

Because the vote required to approve each of the Stratasys proposals is based on votes properly cast at the Stratasys EGM, abstentions, broker non-votes and other failures to vote, will have no effect on the outcome of the vote on any such proposals.

TABLE OF CONTENTS

Q: How does the Stratasys board of directors recommend Stratasys shareholders vote?

- A: The Stratasys board of directors unanimously recommends that you vote **'FOR'** each of the Stratasys Merger-related proposal, the Stratasys rights plan extension proposal and the Stratasys share incentive plan increase proposal.

In considering the recommendations of the Stratasys board of directors, Stratasys shareholders should be aware that Stratasys directors and executive officers may be deemed to have interests in the Merger that are different from, or in addition to, their interests as Stratasys shareholders. For a more complete description of these interests, see the information provided in the section entitled **"Interests of Stratasys' Directors and Executive Officers in the Merger"** beginning on page [180](#).

Q: How do recent events, including the recently expired unsolicited partial tender offer by Nano Dimension and the proposals received by Stratasys from 3D Systems Corporation, impact my decision as to how to vote on the Stratasys proposals at the Stratasys EGM?

- A: Stratasys was recently the subject of an unsolicited partial tender offer by Nano to purchase Stratasys ordinary shares, which was launched on May 25, 2023 and expired on July 31, 2023, which is referred to as the Nano Tender Offer. Stratasys' board of directors expressed its unanimous recommendation to Stratasys' shareholders that the Nano Tender Offer was inadequate and substantially undervalued Stratasys. Given recent market volatility and given the potential for any party—including, but not limited to, Nano, which still holds approximately 14.1% of the outstanding Stratasys ordinary shares as of the date of this proxy statement/prospectus—to employ coercive tactics similar to those recently employed by Nano, the extension of Stratasys' shareholder rights plan pursuant to the Stratasys rights plan extension proposal is intended to provide the Stratasys board of directors the ability to protect Stratasys shareholders from such coercive attempts to acquire control of Stratasys. Nano or another third party could launch an additional hostile partial tender offer similar to the Nano Tender Offer, which, like the Nano Tender Offer, could be a partial tender offer and/or may be inadequate and substantially undervalue Stratasys. Any such partial tender offer, if successful, could enable Nano or such other third party to purchase the shares held by the remaining shareholders at a significant discount to the price offered in such partial tender offer, resulting in substantially reduced liquidity for such remaining shareholders.

While Nano has made public statements suggesting it may divest itself of its investment in Stratasys, in the past, Nano claimed that it was not bound by its public statements regarding its withdrawal of its nominees for the Stratasys board, and it could once again seek to gain control of Stratasys in a coercive manner to the detriment of Stratasys' public shareholders. Such a strategy could also be employed by an unrelated third party. In order to enable the Stratasys board of directors to protect shareholders from such tactics (even after consummation of the Merger), the Stratasys board of directors encourages Stratasys shareholders to approve the Stratasys rights plan extension proposal under which the plan would be extended to the one-year anniversary of its original termination date, i.e., until July 24, 2024.

Stratasys has also received multiple unsolicited proposals from 3D Systems Corporation, or 3D Systems, to acquire Stratasys. While Stratasys' board of directors initially determined that 3D Systems' July 13, 2023 revised proposal (proposing to acquire Stratasys for \$7.50 in cash and 1.5444 newly issued shares of common stock of 3D Systems per Stratasys ordinary share) would reasonably be expected to result in a "Superior Proposal" pursuant to the terms of the Merger Agreement, as of the date of this joint proxy statement/prospectus, Stratasys has communicated its concerns regarding the latest 3D Systems proposal to 3D Systems and that the latest 3D Systems proposal was not itself a transaction which Stratasys would be prepared to enter into. While Stratasys, 3D Systems and their respective management teams and advisors may engage in discussions, as of the date of this joint proxy statement/prospectus, the Stratasys board of directors has not determined that the latest 3D Systems proposal constitutes a "Superior Proposal" pursuant to the terms of the Merger Agreement and the Stratasys board has not changed its unanimous approval, recommendation and declaration of advisability of the Merger with Desktop Metal. **The Stratasys board of directors strongly encourages you to vote in favor of the Stratasys Merger-related proposal at the Stratasys EGM, and to thereby enable the value-adding Merger with Desktop Metal.**

Q: Are there any risks relating to the Stratasy's Merger-related proposal or the combined company that Stratasy's shareholders should consider in deciding how to vote on the Stratasy's proposals?

A: Yes. Before making any decision on whether and how to vote, Stratasy's shareholders are urged to read carefully and in its entirety the information contained in the section entitled "Risk Factors" beginning on page [41](#). TABLE OF CONTENTS

To be effective for Stratasys voting, the proxy card duly completed and executed, together with any authority under which it is executed, or a copy thereof certified, must be received by **our agent tallying the votes for the Stratasys EGM by 11:59 p.m., Eastern time, on September 27, 2023 (the day before the Stratasys EGM) in order to be counted towards the tally of votes at the Meeting.** In the alternative, the proxy card may be deposited at the Israeli headquarters of Stratasys, so as to be received no later than four hours before the start of the Stratasys EGM, i.e., by 11:00 a.m., Israel time/ 4:00 a.m., Eastern Time, on September 28, 2023. If the Stratasys EGM is adjourned, the corresponding deadlines for submitting your proxy card will apply prior to the start of the adjourned meeting.

Alternatively, if you are submitting your proxy electronically, via the Internet (at www.proxyvote.com) (subject to the applicable terms and conditions), you may do so until 11:59 p.m., Eastern time, on September 27, 2023, or if the Stratasys EGM is adjourned, by 11:59 p.m., Eastern time, on the day that falls more than 24 hours before the time appointed for the adjourned meeting.

You may also cast your vote in person at Stratasys EGM. Even if you plan to attend the Stratasys EGM, Stratasys recommends that you vote your shares in advance as described above so that your vote will be counted if you later decide not to or become unable to attend the Stratasys EGM.

“Street Name” Shareholders:

If your shares are held in “street name,” through a broker, bank or other nominee, that institution will send you separate instructions describing the procedure for voting your shares, whether online, via telephone or through a physical voting instruction form. Generally, you may submit your vote by going to www.proxyvote.com and by following the instructions on how to complete an electronic voting instruction form. **Voting instructions must be received from a “street name” shareholder by 11:59 p.m., Eastern time, on September 27, 2023 (the day before the Stratasys EGM) in order to be counted towards the tally of votes at the Meeting.**

“Street name” shareholders who wish to vote in person at the meeting will need to obtain a proxy from their broker, bank or other nominee that authorizes them to vote their shares and shows how many shares they hold (and must bring appropriate identification to the Stratasys EGM).

Additional information on attending the Stratasys EGM can be found under the section entitled **“The Stratasys Extraordinary General Meeting”** beginning on page [63](#).

Q: What if I sell my shares of Desktop Metal Class A common stock before the Desktop Metal special meeting, or I sell my Stratasys ordinary shares before the Stratasys EGM?

A: If you transfer your shares of Desktop Metal Class A common stock after the Desktop Metal record date but before the Desktop Metal special meeting, you will, unless you provide the transferee of your shares with a proxy, retain your right to vote at the Desktop Metal special meeting, but will have transferred the right to receive the Merger Consideration. In order to receive the Merger Consideration as a result of the Merger, you must hold your shares through the effective time of the Merger, which is referred to as the effective time.

If you transfer your Stratasys ordinary shares after the Stratasys record date but before the Stratasys EGM, you will, unless you provide the transferee of your shares with a proxy, retain your right to vote at the Stratasys EGM.

Q: Who will solicit and pay the cost of soliciting proxies?

A: Stratasys has engaged Morrow Sodali LLC, referred to as Morrow Sodali, to assist in the solicitation of proxies for the Stratasys EGM. Stratasys estimates that Stratasys will pay Morrow Sodali a fee not to exceed \$100,000, plus costs and expenses. Stratasys has agreed to indemnify Morrow Sodali against various liabilities and expenses that relate to or arise out of its solicitation of proxies (subject to certain exceptions).

Desktop Metal has engaged D.F. King & Co., Inc., referred to as DF King, to assist in the solicitation of proxies for the Desktop Metal special meeting. Desktop Metal estimates that it will pay DF King a fee of approximately \$25,000, plus reimbursement for certain fees and expenses. Desktop Metal has agreed to indemnify DF King against various liabilities and expenses that relate to or arise out of its solicitation of proxies (subject to certain exceptions).

TABLE OF CONTENTS

Stratasys and Desktop Metal also may be required to reimburse banks, brokers and other custodians, nominees and fiduciaries or their respective agents for their expenses in forwarding proxy materials to beneficial owners of Stratasys ordinary shares and Desktop Metal Class A common stock, respectively.

Stratasys' directors, officers and employees and Desktop Metal's directors, officers and employees also may solicit proxies by telephone, by electronic means or in person. They will not be paid any additional amounts for soliciting proxies.

Q: Should I send in my Desktop Metal stock certificates or otherwise attempt to surrender my Desktop Metal book-entry shares now?

A: No. To the extent Desktop Metal stockholders have certificated shares, such Desktop Metal stockholders should keep their existing stock certificates at this time. Similarly, holders of Desktop Metal stock that is held in book-entry form should not go about trying to surrender their shares currently. After the Merger is completed, Desktop Metal stockholders will receive from the exchange agent a letter of transmittal and written instructions for exchanging their stock certificates, or instructions as to how the share exchange process will work for receipt of the Merger consideration for shares held in book-entry form or in "street name" (by a bank, broker or other nominee).

Q: What constitutes a quorum for the Desktop Metal special meeting?

A: The holders of record of a majority of the voting power of the issued and outstanding shares of capital stock entitled to vote must be present in person or virtually or represented by proxy to constitute a quorum for the Desktop Metal special meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by "broker non-votes" (as described below) are counted as present and entitled to vote for purposes of determining a quorum. The proposals for consideration at the Desktop Metal special meeting are considered "non-routine" matters under the rules of the NYSE, and, therefore, shares of Desktop Metal special meeting held in "street name" through a bank, broker or other nominee will not be counted as present for the purpose of determining the existence of a quorum if no instructions have been provided to such entity on how to vote on any such proposals.

Q: What constitutes a quorum for the Stratasys EGM?

A: The presence of two (2) or more shareholders (present by proxy or in person) holding at least 25% of the voting rights (equivalent to 25% of the outstanding number of ordinary shares) in Stratasys as of the record date for the Stratasys EGM is necessary to constitute a quorum. A person holding a proxy may be deemed to be two or more Stratasys shareholders for purposes of determining a quorum if such person holds the proxy of more than one shareholder. Abstentions and shares represented by "broker non-votes" (as described below) are counted as present and entitled to vote for purposes of determining a quorum.

If within one-half hour after the time appointed for the Meeting, a quorum is not present, the Stratasys EGM will be adjourned to the same day, in the following week, at the same hour and at the same place. At such adjourned meeting, any two or more Stratasys shareholders present in person or by proxy will constitute a quorum, regardless of the number of Stratasys ordinary shares held by them.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner of shares held in "street name"?

A: If your shares are registered directly in your name with the issuer's transfer agent, you are considered the shareholder of record with respect to those shares. As the shareholder of record, you have the right to vote, or to grant a proxy for your vote to a third party to vote. If your shares are held by a bank, broker or other nominee, you are considered the beneficial owner of shares held in "street name," and your bank, broker or other nominee is considered the shareholder of record with respect to those shares. Your bank, broker or other nominee will send you, as the beneficial owner, a package describing the procedure for voting your shares. You should follow the instructions provided by them to vote your shares.

Q: What is a "broker non-vote"?

A: A broker non-vote occurs if you hold your shares in street name, do not provide voting instructions to your broker on a proposal, and your broker does not have discretionary authority to vote on such proposal. In such

TABLE OF CONTENTS

circumstances, the organization that holds your shares may generally vote on “routine” matters, but cannot vote on “non-routine” matters. All of the proposals currently scheduled for consideration at the Desktop Metal special meeting and the Stratasys EGM are “non-routine” matters and a broker will lack the authority to vote shares at its discretion on such proposals.

Q: If my shares are held in “street name” by a broker, bank or other nominee, will my broker, bank or other nominee vote my shares for me?

- A: If your shares are held in “street name” in a stock brokerage account or by a broker, bank or other nominee, you must provide the record holder of your shares with instructions on how to vote your shares. Please follow the voting instructions provided by your broker, bank or other nominee. Please note that you may not vote shares held in “street name” by returning a proxy card directly to Desktop Metal or Stratasys or by voting in person at your respective company’s stockholder or shareholder meeting unless you obtain a “legal proxy,” which you must obtain from your broker, bank or other nominee.

Under the rules of Nasdaq and the NYSE, brokers who hold shares in “street name” for a beneficial owner of those shares typically have the authority to vote in their discretion on “routine” proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the approval of matters listed in Nasdaq Rule 2251 or NYSE Rule 452, as applicable, without specific instructions from the beneficial owner. It is expected that all proposals to be voted on at the Desktop Metal special meeting and the Stratasys EGM will be “non-routine” matters.

If you are a Desktop Metal stockholder and you do not instruct your broker, bank or other nominee on how to vote your shares your broker, bank or other nominee may not vote your shares on any Desktop Metal proposal.

If you are a Stratasys shareholder and you do not instruct your broker, bank or other nominee on how to vote your shares, your broker, bank or other nominee may not vote your shares on any Stratasys proposal.

Q: What if a Desktop Metal stockholder or Stratasys shareholder does not vote or returns a proxy or voting instruction form with an “abstain” vote?

- A: *Desktop Metal:* If you are a Desktop Metal stockholder and you fail to vote, fail to submit a proxy or fail to return a voting instruction form instructing your bank, broker or other nominee how to vote on the Desktop Metal Merger Agreement proposal, this will have the same effect as a vote cast against the Desktop Metal Merger Agreement proposal and will not count towards determining whether a quorum is present. If you are a Desktop Metal stockholder and you fail to vote, fail to submit a proxy or fail to return a voting instruction form instructing your bank, broker or other nominee how to vote on the Desktop Metal adjournment proposal or the Desktop Metal advisory compensation proposal, this will have no effect on the vote count for such proposal, and will not count towards determining whether a quorum is present. If you respond with an “abstain” vote on the Desktop Metal Merger Agreement proposal, this will have the same effect as a vote cast against the Desktop Metal Merger Agreement proposal, but will count towards determining whether a quorum is present. If you respond with an “abstain” vote on the Desktop Metal adjournment proposal or the Desktop Metal advisory compensation proposal, this will have no effect on the vote count for such proposal, but will count towards determining whether a quorum is present.

Stratasys: If you are a Stratasys shareholder and you fail to vote, fail to submit a proxy or fail to return a voting instruction form instructing your broker, bank or other nominee how to vote on any of Stratasys Proposals 1, 2, or 3 (i.e., the Stratasys Merger-related proposal, the Stratasys rights plan extension proposal, or the Stratasys share incentive plan increase proposal), this will have no effect on the vote count for those proposals, and will furthermore not count towards determining whether a quorum is present.

Q: What will happen if I sign and return my proxy card without indicating how to vote?

- A: If you sign and return your proxy card without indicating how to vote on any particular proposal (and you do not change your vote after delivering your proxy card), the shares of Desktop Metal Class A common stock represented by your proxy card will be voted for each Desktop Metal proposal in accordance with the recommendation of the Desktop Metal board of directors, or the Stratasys ordinary shares represented by your proxy card will be voted for each Stratasys proposal in accordance with the recommendation of the Stratasys board of directors.

TABLE OF CONTENTS

Q: If I am a stockholder or shareholder of record, may I change my vote after I have delivered my proxy?

A: *Desktop Metal*: Yes. If you are a Desktop Metal stockholder of record, you may revoke your proxy and change your vote:

- by submitting a duly executed proxy bearing a later date;
- by granting a subsequent proxy through the Internet or telephone;
- by giving written notice of revocation to the Secretary of Desktop Metal prior to or at the Desktop Metal special meeting; or
- by voting online at the Desktop Metal special meeting

Your most recent proxy card or Internet or telephone proxy is the one that is counted. Your attendance at the Desktop Metal special meeting by itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote online at the Desktop Metal special meeting.

Stratasys: If you are a Stratasys shareholder of record, you may change your vote or revoke a proxy before the Stratasys EGM by:

- delivering written notice to the Chief Legal Officer of Stratasys, to the below address, that is received at least four hours prior to the commencement of the Stratasys EGM stating that you have revoked your proxy:

Stratasys Ltd.
1 Holtzman Street, Science Park
P.O. Box 2496
Rehovot, Israel 76124
Attention: Vered Ben Jacob, Chief Legal Officer

- signing and returning by mail a proxy card with a later date so that it is received by Stratasys prior to the commencement of the Stratasys EGM; or
- attending the Stratasys EGM and voting in person.

Q: If I hold my shares in “street name,” can I change my voting instructions after I have submitted voting instructions to my bank, broker or other nominee?

A: If your shares are held in “street name”, i.e., held of record by a bank, broker or other nominee, and you previously provided voting instructions to your bank, broker or other nominee, you should follow the instructions provided by your bank, broker or other nominee to revoke or change your voting instructions. You may also change your vote or revoke your proxy in person at the Desktop Metal special meeting or Stratasys EGM if you obtain a signed proxy from the record holder (broker, bank or other nominee) giving you the right to vote the shares.

Q: What should I do if I receive more than one set of voting materials?

A: Desktop Metal stockholders and Stratasys shareholders may receive more than one set of voting materials, including multiple copies of this joint proxy statement/prospectus and multiple proxy cards or voting instruction forms. For example, if you hold Desktop Metal Class A common stock, or Stratasys ordinary shares, in more than one brokerage account, you will receive a separate voting instruction form for each brokerage account in which you hold such shares. If you are a holder of record of Desktop Metal Class A common stock, or Stratasys ordinary shares, and your shares are registered in more than one name, you will receive more than one proxy card. In addition, if you are a holder of both Desktop Metal Class A common stock, and Stratasys ordinary shares, you will receive one or more separate proxy cards or voting instruction forms for each company. **Please complete, sign, date and return each proxy card and voting instruction form that you receive or otherwise follow the voting instructions set forth in this joint proxy statement/prospectus to ensure that you vote every share of Desktop Metal Class A common stock and/or every Stratasys ordinary share that you own.**

Q: What if I hold shares in both Desktop Metal and Stratasys?

A: If you are both a stockholder of Desktop Metal and a shareholder of Stratasys, you will receive two separate packages of proxy materials. A vote cast as a Desktop Metal stockholder will not count as a vote cast as a

TABLE OF CONTENTS

Stratasys shareholder, and a vote cast as a Stratasys shareholder will not count as a vote cast as a Desktop Metal stockholder. **Therefore, please separately submit a proxy or voting instruction form for each of your shares of Desktop Metal Class A common stock and your Stratasys ordinary shares.**

Q: Where can I find the voting results of the Desktop Metal special meeting and the Stratasys EGM?

A: Preliminary voting results will be announced at the Desktop Metal special meeting and the Stratasys EGM and will be set forth in press releases that Desktop Metal and Stratasys intend to issue after the Desktop Metal special meeting and the Stratasys EGM, respectively. Final voting results for the Desktop Metal special meeting and the Stratasys EGM are expected to be filed by Desktop Metal and Stratasys with the SEC within four (4) business days after the Desktop Metal special meeting and the Stratasys EGM, as applicable.

Q: Are Desktop Metal stockholders or Stratasys shareholders entitled to seek appraisal rights if they do not vote in favor of the adoption of the Merger Agreement?

A: No. In accordance with the DGCL, which governs the Merger, no appraisal rights are available to Desktop Metal stockholders in connection with the Merger. Stratasys shareholders are also not entitled to appraisal rights under Israeli law in connection with the Merger or the other transactions contemplated by the Merger Agreement.

Q: What are the U.S. federal income tax consequences of the Merger to the Desktop Metal stockholders?

A: Subject to the limitations and qualifications described in the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger**” below, it is intended that the Merger shall qualify as a “reorganization” within the meaning of Section 368(a) of the Code and the Treasury Regulations promulgated thereunder, which we refer to as the Intended U.S. Tax Treatment. However, the closing of the Merger is not conditioned upon the receipt of an opinion of counsel or a ruling from the Internal Revenue Service (the “IRS”) regarding the U.S. federal income tax treatment of the Merger, and no opinion of counsel or ruling from the IRS will be requested regarding such treatment. Accordingly, there can be no assurance that the IRS will not challenge the qualification of the Merger for the Intended U.S. Tax Treatment or that a court will not sustain such a challenge by the IRS.

Assuming that the Merger qualifies for the Intended U.S. Tax Treatment, a U.S. holder (as defined below under the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders**”) that exchanges shares of Desktop Metal Class A common stock in the Merger for Stratasys ordinary shares generally should not recognize any gain or loss on such exchange, except with respect to cash received in lieu of fractional shares of Stratasys ordinary shares (as discussed below), subject to Section 367(a) of the Code discussed below.

If the Merger does not qualify for the Intended U.S. Tax Treatment (and does not otherwise qualify for tax-deferred treatment under another section of the Code), the Merger would be a taxable transaction in which a U.S. holder of Desktop Metal Class A common stock generally would recognize gain or loss in an amount equal to the difference, if any, between the fair market value as of the effective time of the Merger of the Stratasys ordinary shares received by such U.S. holder, and such U.S. holder’s adjusted tax basis in the Desktop Metal Class A common stock exchanged therefor.

In addition, Section 367(a) of the Code generally requires a U.S. holder of securities in a U.S. corporation to recognize gain (but not loss) when such securities are exchanged for stock or securities of a non-U.S. corporation in an exchange that would otherwise qualify for tax-deferred treatment unless certain conditions are met. At this time, there is significant uncertainty as to whether all of these conditions will be met with respect to the Merger. The application of Section 367(a) of the Code to the Merger is complex and depends on factors that cannot be determined until following the closing of the Merger, as well as the interpretation of legal authorities which are not entirely clear and are subject to change. Accordingly, there can be no assurance that the IRS will not take the position that Section 367(a) of the Code applies to cause U.S. holders to recognize gain (but not loss) as a result of the Merger or that a court will not agree with such a position of the IRS in the event of litigation.

Non-U.S. holders (as defined below under the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—Non-U.S. Holders**”) generally will not be subject to U.S. federal income tax or withholding tax on any gain realized upon the exchange of Desktop Metal Class A common stock for Stratasys ordinary shares, subject to the discussions and exceptions discussed below under the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—Non-U.S. Holders—The Merger**” and the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—Information Reporting and Backup Withholding.**”

TABLE OF CONTENTS

For a more complete discussion of the U.S. federal income tax considerations of the Merger, including the application of Section 367(a) of the Code, see the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger**” below.

Q: When is the Merger expected to be completed?

A: Subject to receipt of required regulatory approvals and satisfaction or waiver of the other conditions to completion of the Merger, Stratasys and Desktop Metal expect that the Merger will be completed in the fourth quarter of 2023. Neither Desktop Metal nor Stratasys can predict the actual date on which the Merger will be completed, or if the Merger will be completed at all, because completion is subject to conditions and factors outside the control of both companies. See the sections entitled “**The Merger Agreement—Reasonable Best Efforts and Regulatory Approvals**” beginning on page [156](#) and “**Risk Factors—Risks Relating to the Merger—There is no assurance when or if the Merger will be completed**” beginning on page [42](#).

Q: What are the conditions to the completion of the Merger?

A: In addition to approval of the Desktop Metal Merger Agreement proposal by Desktop Metal stockholders and approval of the Stratasys Merger proposals by Stratasys shareholders, completion of the Merger is subject to the satisfaction or waiver of a number of other conditions, including the receipt of certain regulatory clearances. See the section entitled “**The Merger Agreement—Conditions to the Closing of the Merger**” beginning on page [159](#).

Q: What effect will the Merger have on Desktop Metal and Stratasys?

A: The Merger is structured as a “reverse triangular Merger,” in which Merger Sub, a wholly owned subsidiary of Stratasys, will merge with and into Desktop Metal, with Desktop Metal surviving the Merger as a wholly owned subsidiary of Stratasys. Upon consummation of the Merger, Desktop Metal will no longer be a public company and its shares will be delisted from the NYSE, deregistered under the Exchange Act and cease to be publicly traded. Desktop Metal stockholders will receive Merger consideration consisting of Stratasys ordinary shares in the Merger. Stratasys ordinary shares will continue to be listed on Nasdaq and trade under the symbol “SSYS”, will continue to be registered under the Exchange Act, and Stratasys will continue to be subject to its reporting obligations under the Exchange Act.

Q: What happens if the Merger is not completed?

A: If the Merger is not completed, Desktop Metal stockholders will not receive any consideration for their shares of Desktop Metal Class A common stock. Instead, Desktop Metal and Stratasys will remain independent public companies and their shares of Class A common stock or ordinary shares, as applicable, will continue to be listed and traded separately on the NYSE and Nasdaq, respectively. If the Merger Agreement is terminated under specified circumstances, Desktop Metal may be required to pay Stratasys and Merger Sub a termination fee of \$18.6 million or an expense reimbursement in an amount not to exceed \$10 million, or Stratasys and Merger Sub may be required to pay Desktop Metal a termination fee of \$32.5 million or \$19 million or an expense reimbursement not to exceed \$10 million. See the section entitled “**The Merger Agreement—Termination Fees and Expense Reimbursement**” beginning on page [163](#) for a more detailed discussion of the termination fees.

Q: What respective equity stakes will Stratasys shareholders and Desktop Metal stockholders hold in the combined company immediately following the Merger?

A: Based on the number of Stratasys ordinary shares and shares of Desktop Metal Class A common stock outstanding on May 25, 2023, and the exchange ratio of 0.123 Stratasys ordinary shares per one share of Desktop Metal Class A common stock issuable in the Merger, Stratasys and Desktop Metal estimate that, immediately following completion of the Merger, former Desktop Metal stockholders and existing Stratasys shareholders will hold, in the aggregate, approximately 41% and 59%, respectively, of the shares of Stratasys on a fully-diluted basis. The exact equity stake of current Stratasys shareholders and former Desktop Metal stockholders in the combined company immediately following the Merger will depend on the number of Stratasys ordinary shares and Desktop Metal Class A common stock issued and outstanding immediately prior to the Merger.

The terms and conditions of the Merger are contained in the Merger Agreement, a copy of which is attached as [Annex A](#) to this joint proxy statement/prospectus. You are encouraged to read the Merger Agreement carefully and in its entirety, as it is the primary legal document that governs the Merger.

At the effective time, the separate existence of Merger Sub will cease, and Desktop Metal will be the surviving corporation and a wholly owned subsidiary of Stratasys. Merger Consideration (Page 90)

In the Merger, each share of Desktop Metal Class A common stock (other than excluded shares, as defined in the section entitled “**The Merger—Merger Consideration**” beginning on page 90) will be converted automatically into the right to receive 0.123 Stratasys ordinary shares, which number is referred to as the exchange ratio. The exchange ratio is fixed and will not be adjusted for changes in the market price of either Stratasys ordinary shares or Desktop Metal Class A common stock prior to completion of the Merger. No fractional Stratasys ordinary shares will be issued upon the conversion of shares of Desktop Metal Class A common stock pursuant to the Merger Agreement. Each Desktop Metal stockholder that otherwise would have been entitled to receive a fraction of a Stratasys ordinary share will be entitled to receive cash in lieu of a fractional share. At the effective time of the Merger, all excluded shares will be cancelled and will cease to exist, and no payment will be made in respect of such shares.

Stratasys shareholders will continue to own the Stratasys ordinary shares held by them immediately prior to the Merger, and such shares will not be affected by the Merger.

For more information on the exchange ratio and the Merger consideration, see the sections entitled “**The Merger—Merger Consideration**” beginning on page 90 and “**The Merger Agreement—Merger Consideration**” beginning on page 144.

Treatment of Desktop Metal Equity Awards (Page 181)

Desktop Metal Stock Options

At the effective time of the Merger, each option to purchase Desktop Metal Class A common stock, which is referred to as a Desktop Metal Option, outstanding immediately prior to the effective time will automatically be converted into an option to purchase a number of Stratasys ordinary shares on substantially the same terms and conditions (including the same vesting and exercisability terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal Option immediately prior to the effective time (but otherwise subject to the terms and conditions of the Stratasys equity plans), determined by multiplying the number of shares of Desktop Metal Class A common stock subject to such Desktop Metal Option immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares, at a per share exercise price determined by dividing the per share exercise price of such Desktop Metal Option by the exchange ratio, rounding up to the nearest whole cent.

Desktop Metal Restricted Stock Awards

At the effective time of the Merger, each restricted stock award of Desktop Metal, which is referred to as a Desktop Metal RSA, outstanding immediately prior to the effective time will automatically be converted into a grant of a restricted stock award of Stratasys, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable to the Desktop Metal RSA immediately prior to the effective time, covering a number of Stratasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by such Desktop Metal RSA immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Desktop Metal Restricted Stock Unit Awards

At the effective time of the Merger, each restricted stock unit award of Desktop Metal, which is referred to as a Desktop Metal RSU Award, outstanding immediately prior to the effective time will automatically be cancelled in exchange for the grant of a restricted stock unit award to receive, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal RSU immediately prior to the effective time (but otherwise subject to the terms and conditions of the Stratasys equity plans), a number of Stratasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by that Desktop Metal RSU Award immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Stratasys’ Reasons for the Merger (Page 110)

The Stratasys board of directors unanimously approved and declared advisable the Merger Agreement and the transactions contemplated by the Merger Agreement, including the Merger and the Stratasys share issuance. Stratasys is engaging in the Merger because Stratasys’ management and board of directors believe that the Merger will provide

significant strategic opportunities for Stratasys. There can be no assurance that any anticipated strategic opportunities will be realized. Stratasys shareholders are not required to approve the adoption of the Merger Agreement under Israeli law. Accordingly, Stratasys shareholders are not being asked to vote on the Merger or the adoption of the Merger Agreement. See the section titled “**The Merger—Recommendation of the Stratasys Board of Directors and Reasons for the Merger**” beginning on page [110](#).

Desktop Metal’s Reasons for the Merger (Page [110](#))

Desktop Metal’s board of directors unanimously recommends that Desktop Metal stockholders vote “FOR” the Desktop Metal Merger Agreement proposal (Desktop Metal Proposal 1).

The Desktop Metal board of directors, after due and careful discussion and consideration, unanimously determined that the Merger Agreement is fair to and in the best interests of Desktop Metal and its stockholders and approved the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement. In reaching its decision to approve the Merger Agreement, the Merger and the other transactions contemplated thereby and to recommend the adoption of the Merger Agreement to Desktop Metal stockholders, the Desktop Metal board of directors consulted with Desktop Metal’s senior management, as well as outside legal and financial advisors, and considered a number of factors it believed supported its decision to enter into the Merger Agreement, including without limitation those listed in the section entitled “**The Merger—Recommendation of the Desktop Metal Board of Directors and Reasons for the Merger**” beginning on page [110](#).

Opinion of Stratasys’ Financial Advisor (Page [118](#), [Annex C](#))

Stratasys retained J.P. Morgan Securities LLC, which is referred to in this joint proxy statement/prospectus as J.P. Morgan, as financial advisor to the Stratasys board of directors in connection with the proposed Merger. On May 24, 2023, J.P. Morgan rendered its oral opinion to the Stratasys board of directors, subsequently confirmed by delivery to the Stratasys board of directors of a written opinion dated May 25, 2023, that, as of such date, and based upon and subject to the various assumptions, qualifications, limitations and other matters described in its written opinion, the exchange ratio in the proposed Merger was fair, from a financial point of view, to Stratasys.

The full text of J.P. Morgan’s written opinion, dated May 25, 2023, which sets forth, among other things, the assumptions made, procedures followed, matters considered, and qualifications and limitations upon the review undertaken by J.P. Morgan in preparing its opinion, is attached to this joint proxy statement/prospectus as [Annex C](#) and is incorporated herein by reference. The summary of J.P. Morgan’s opinion contained in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of the written opinion. Stratasys’ shareholders are urged to read the opinion in its entirety. J.P. Morgan provided financial advisory services and its opinion for the information and assistance of the Stratasys board of directors (for its members’ capacity as directors and not in any other capacity) in connection with and for purposes of their consideration of the proposed Merger. J.P. Morgan did not express any opinion as to the fairness of the exchange ratio in the Merger to the holders of any class of securities, creditors or other constituencies of Stratasys or as to the underlying decision by Stratasys to engage in the proposed Merger. The issuance of J.P. Morgan’s opinion was approved by a fairness committee of J.P. Morgan. J.P. Morgan’s opinion is not a recommendation as to how any Stratasys shareholder should vote with respect to the proposed Merger or any other matter.

For additional information, see the section entitled “**The Merger—Opinion of Stratasys’ Financial Advisor**” and the full text of the written opinion of J.P. Morgan attached as [Annex C](#) to this joint proxy statement/prospectus.

Opinion of Desktop Metal’s Financial Advisor (Page [124](#), [Annex D](#))

On May 24, 2023, at a meeting of the Desktop Metal board of directors held to evaluate the Merger, Stifel, Nicolaus & Company, Incorporated, or Stifel, Desktop Metal’s financial advisor, delivered to the Desktop Metal board of directors Stifel’s oral opinion, which was confirmed by delivery to the Desktop Metal board of directors of a written opinion dated May 24, 2023, which is referred to as the Stifel Opinion, to the effect that, as of the date of the opinion and based on and subject to various assumptions and limitations described in Stifel’s written opinion, the Merger consideration to be received in the Merger by Desktop Metal stockholders was fair, from a financial point of view, to such holders.

The full text of the Stifel Opinion, dated May 24, 2023, is attached as [Annex D](#) to this joint proxy statement/prospectus and is incorporated herein by reference. This summary of the Stifel Opinion contained

in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of the Stifel Opinion. Desktop Metal stockholders are urged to read the Stifel Opinion carefully and in its entirety for a discussion of the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Stifel in connection with its opinion. Stifel's opinion speaks only as of the date of the Stifel Opinion. The Stifel Opinion was for the information of, and was directed to, the board of directors of Desktop Metal (in its capacity as such) in connection with its consideration of the financial terms of the Merger. The Stifel Opinion addressed only the fairness, from a financial point of view, to the holders of Desktop Metal Class A common stock of the exchange ratio. It did not address the underlying business decision of Desktop Metal to engage in the Merger or enter into the Merger Agreement or constitute a recommendation to the board of directors of Desktop Metal in connection with the Merger or any other matter, and it does not constitute a recommendation to any holder of Desktop Metal Class A common stock or any stockholder of any other entity as to how to vote or otherwise act in connection with the Merger or any other matter, nor does it constitute a recommendation as to whether or not any such stockholder should enter into a voting, stockholders', affiliates' or other agreement with respect to the Merger.

For additional information, see the section entitled "The Merger—Opinion of Desktop Metal's Financial Advisor" beginning on page [124](#) and the full text of the written opinion of Stifel attached as [Annex D](#) to this joint proxy statement/prospectus.

Proxy Solicitation Costs (Page [66](#) and [85](#))

Stratasys and Desktop Metal are soliciting proxies to provide an opportunity to all Stratasys shareholders and Desktop Metal stockholders to vote on agenda items at the Stratasys EGM or Desktop Metal special meeting, respectively, whether or not they are able to attend their respective shareholders or stockholders meeting or an adjournment or postponement thereof. Stratasys' and Desktop Metal's directors, officers and other employees may solicit proxies in person, by telephone, electronically, by mail or other means, but they will not be specifically compensated for doing this. Stratasys and Desktop Metal may be required to reimburse banks, brokers and other persons for expenses they incur in forwarding proxy materials to obtain voting instructions from beneficial shareholders and stockholders, respectively. Stratasys has hired Morrow Sodali LLC to assist in the solicitation of proxies, and Desktop Metal has hired DF King & Co., Inc. to assist in the solicitation of proxies. The total cost of solicitation of proxies will be borne by Stratasys and Desktop Metal. For a description of the costs and expenses to Stratasys and Desktop Metal of soliciting proxies, see "The Stratasys EGM—Proxy Solicitation Costs" beginning on page [66](#) and "The Desktop Metal Special Meeting—Proxy Solicitation Costs" beginning on page [85](#).

The Stratasys EGM (Page [63](#))

The Stratasys EGM will be held on Thursday, September 28, 2023, beginning at 3:00 p.m., Israel time/8:00 a.m., Eastern time, at Stratasys' Israeli external legal counsel's offices, Meitar Law Offices, 16 Abba Hillel Road, 10th Floor, Ramat Gan, Israel 5250608.

TABLE OF CONTENTS

- Stratasys Proposal 2 (Stratasys rights plan extension proposal): Subject to the approval of the Stratasys Merger-related proposal, approval of the extension of the expiration date of Stratasys' existing shareholder rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024; and
- Stratasys Proposal 3 (Stratasys share incentive plan increase proposal): Approval of an increase by 2,075,625, upon completion of the Stratasys EGM, and by an additional 1,065,867, upon and subject to completion of the Merger, in the number of Stratasys ordinary shares, available for issuance under Stratasys' 2022 Share Incentive Plan.

The foregoing proposals to be presented at the Stratasys EGM are referred to collectively as the Stratasys proposals.

Completion of the Merger is conditioned on the approval of the Stratasys Merger-related proposal by the required Stratasys shareholder vote.

The Stratasys board of directors unanimously recommends that Stratasys' shareholders vote "FOR" all Stratasys proposals.

Only holders of record of issued and outstanding Stratasys ordinary shares as of the close of business on August 24, 2023, the record date for the Stratasys EGM, are entitled to vote at the Stratasys EGM or any adjournment or postponement of the Stratasys EGM. Stratasys shareholders may cast one vote for each Stratasys ordinary share owned as of the record date.

Assuming a quorum is present at the Stratasys EGM, approval of each of the Stratasys proposals requires the affirmative vote of a majority of the voting power represented at the Stratasys EGM in person or by proxy and voting on the proposal. A shareholder's abstention from voting, a broker non-vote or other failure to vote (including a failure to instruct a bank, broker or other nominee to vote) will have no effect on the outcome of the vote on either proposal.

The Desktop Metal Special Meeting (Page81)

The Desktop Metal special meeting will be held virtually via live audio-only webcast at www.virtualshareholdermeeting.com/DM2023SM on September 28, 2023 at 9:00 a.m. Eastern Time. You will be able to vote your shares electronically by Internet and submit questions online during the Desktop Metal special meeting by logging in to the website listed above using the 16-digit control number included in your proxy card.

The purposes of the Desktop Metal special meeting are as follows:

- *Desktop Metal Proposal 1:* The Desktop Metal Merger Agreement Proposal. To approve the adoption of the Merger Agreement, a copy of which is attached as Annex A to this joint proxy statement/prospectus;
- *Desktop Metal Proposal 2:* The Desktop Metal Advisory Compensation Proposal: To approve, on an advisory (non-binding) basis, the Merger-related named executive officer compensation payments that will or may be paid by Desktop Metal to its named executive officers that are based on or otherwise relate to the Merger; and
- *Desktop Metal Proposal 3:* The Desktop Metal Adjournment Proposal: To approve the adjournment of the Desktop Metal special meeting to another date and place if necessary or appropriate to solicit additional votes in favor of the Desktop Metal Merger Agreement proposal or to ensure that any supplement or amendment to the accompanying joint proxy statement/prospectus is timely provided to Desktop Metal stockholders.

Completion of the Merger is conditioned on adoption of the Merger Agreement by Desktop Metal's stockholders. Approval of the advisory proposal concerning the Merger-related compensation arrangements for Desktop Metal's named executive officers is not a condition to the obligation of either Desktop Metal or Stratasys to complete the Merger.

Only holders of record of issued and outstanding shares of Desktop Metal Class A common stock as of the close of business on July 31, 2023, the record date for the Desktop Metal special meeting, are entitled to notice of, and to vote at, the Desktop Metal special meeting or any adjournment or postponement of the Desktop Metal special meeting. Desktop Metal stockholders may cast one vote for each share of Desktop Metal Class A common stock that Desktop Metal stockholders owned as of that record date.

TABLE OF CONTENTS

Assuming a quorum is present at the Desktop Metal special meeting, approval of the Desktop Metal Merger Agreement proposal requires the affirmative vote of holders of a majority in voting power of the outstanding Desktop Metal Class A common stock entitled to vote thereon. Abstentions and broker non-votes will have the same effect as a vote AGAINST the proposal.

Assuming a quorum is present at the Desktop Metal special meeting, approval of the Desktop Metal advisory compensation proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast. Abstentions and broker non-votes will have no effect on the outcome of the Desktop Metal advisory compensation proposal.

Whether or not there is a quorum, approval of the Desktop Metal adjournment proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast. Abstentions and broker non-votes will have no effect on the outcome of the Desktop Metal adjournment proposal.

Interests of Stratasys' Directors and Executive Officers in the Merger (Page 180)

In considering the recommendation of the Stratasys board of directors to vote for the Stratasys Merger-related proposal, Stratasys shareholders should be aware that Stratasys' directors and executive officers may be deemed to have interests in the Merger that are different from, or in addition to, the interests of Stratasys shareholders generally and that may create potential conflicts of interest. These interests include, following the closing of the Merger, that certain of Stratasys' directors and executive officers will continue to serve as directors or executive officers, as applicable, of the combined company. The members of the Stratasys board of directors were aware of and considered these interests, among other matters, when evaluating the Merger Agreement and the Merger and when ultimately approving the Merger Agreement and the Merger. These interests are described in more detail in the section entitled "**Interests of Stratasys' Directors and Executive Officers in the Merger**" beginning on page [180](#).

At the close of business on July 31, 2023, directors and executive officers of Stratasys beneficially owned approximately 1,132,500 Stratasys ordinary shares, of which 602,541 represent actual Stratasys ordinary shares that will be held as of the August 24, 2023 record date for the Stratasys EGM and that would therefore be entitled to vote at the Stratasys EGM, representing 0.87% of the 69,021,732 Stratasys ordinary shares outstanding on July 31, 2023. The affirmative vote of Stratasys shareholders representing more than 50% of the voting power of votes cast at the Stratasys EGM, either in person or by proxy, is required for approval of each of the Stratasys proposals. Although none of Stratasys' directors and executive officers has entered into any agreement obligating them to do so, Stratasys currently expects that all of its directors and executive officers will vote their shares "**FOR**" the Stratasys Merger-related proposal and "**FOR**" each of the other Stratasys proposals.

Interests of Desktop Metal's Directors and Executive Officers in the Merger (Page 181)

In considering the recommendation of the Desktop Metal board with respect to the Merger proposal and the non-binding advisory compensation proposal, Desktop Metal stockholders should be aware that the directors and executive officers of Desktop Metal have interests in the Merger that may be different from, or in addition to, the interests of Desktop Metal stockholders generally. These interests include the continued employment of certain executive officers by the combined company, the appointment of certain Desktop Metal directors as directors of the combined company, the treatment in the Merger of outstanding equity, equity-based and incentive awards, severance arrangements, other compensation and benefit arrangements and the right to continued indemnification of former Desktop Metal directors and officers by the combined company. The members of the Desktop Metal board were aware of and considered these interests, among other matters, in evaluating and negotiating the Merger Agreement, in approving the Merger Agreement and in determining to recommend that Desktop Metal stockholders approve the Merger Agreement proposal. These interests are described in more detail in the section entitled "**Interests of Desktop Metal's Directors and Executive Officers in the Merger**" beginning on page [181](#).

Certain Beneficial Owners of Desktop Metal Class A Common Stock (Page 219)

At the close of business on July 31, 2023, directors and executive officers of Desktop Metal beneficially owned approximately 44.6 million shares of Desktop Metal Class A common stock, collectively, of which approximately 43.9 million were outstanding shares of Desktop Metal Class A common stock entitled to vote, representing approximately 13.6% of the shares of Desktop Metal Class A common stock outstanding on July 31, 2023. The affirmative vote of Desktop Metal stockholders representing a majority in voting power of the outstanding shares of Desktop Metal Class A common stock, present either in person or by proxy, is required for approval of the Desktop

Metal Merger Agreement proposal. Desktop Metal currently expects that all of its directors and executive officers will vote their shares “**FOR**” the Desktop Metal Merger Agreement proposal, “**FOR**” the Desktop Metal compensation proposal, and “**FOR**” the Desktop Metal adjournment proposal. For more information regarding the security ownership of Desktop Metal directors and executive officers, see the information provided in the section entitled “**Certain Beneficial Owners of Desktop Metal Class A Common Stock**” beginning on page [219](#).

Reasonable Best Efforts and Regulatory Approvals (Page [156](#))

Stratasys and Desktop Metal have agreed to each use, and cause their respective subsidiaries to use, their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and to assist and cooperate with the other parties in doing all things necessary, proper or advisable under applicable law to obtain required regulatory approvals.

The completion of the Merger is subject to the receipt of antitrust clearance in the United States and may be subject to such clearance in the United Kingdom, if requested by the antitrust authority. The completion of the Merger also requires approval under the foreign direct investment regulators in Germany, which was granted on July 27, 2023. Notice filings to the Committee on Foreign Investment in the United States, or CFIUS, and pursuant to the U.S. International Traffic in Arms Regulations, or ITAR, are furthermore required for the Merger to be consummated.

In the United States, Stratasys and Desktop Metal each filed a notification and report form under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, or HSR Act, which is referred to as an HSR notification, with the Federal Trade Commission, or FTC, and the Department of Justice, or DOJ, on June 16, 2023. On July 17, 2023, Stratasys withdrew the HSR notification and on July 19, 2023, Stratasys re-filed the HSR notification. On August 18, 2023, the DOJ issued a request for additional information and documentary material to each of Stratasys and Desktop Metal (each, a “second request”) regarding the proposed transaction. Issuance of the second requests extends the waiting period imposed by the HSR Act until 30 days after Stratasys and Desktop Metal have each substantially complied with the second requests, unless the period for review is terminated earlier by the DOJ. Stratasys and Desktop Metal submitted a notice filing to CFIUS on July 28, 2023, and submitted a notice filing to the U.S. Department of State pursuant to the ITAR on August 23, 2023, in each case in accordance with the terms of the Merger Agreement.

Subject to receipt of required regulatory approvals and satisfaction or waiver of the other conditions to completion of the Merger, Stratasys and Desktop Metal expect the Merger to close in the fourth quarter of 2023.

Ownership of the Combined Company after the Merger (Page [139](#))

Based on the number of Stratasys ordinary shares and shares of Desktop Metal Class A common stock outstanding on May 24, 2023, and the exchange ratio of 0.123, Stratasys and Desktop Metal estimate that, immediately following completion of the Merger, former Desktop Metal security holders will hold, in the aggregate, approximately 41% of the ordinary shares of the combined company, and Stratasys security holders as of immediately prior to the completion of the Merger will hold, in the aggregate, approximately 59% of the ordinary shares of the combined company, in each case on a fully diluted basis.

Governance of the Combined Company after the Merger (Page [139](#))

The combined company will continue to maintain Stratasys’ current dual headquarters, in Eden Prairie, Minnesota and Rehovot, Israel. Pursuant to the Merger Agreement, following the closing of the transaction, the board of directors of the combined company will consist of 11 members, five of whom will be selected by current directors of Stratasys and five of whom will be selected by current directors of Desktop Metal, as well as Dr. Yoav Zeif, who will continue to serve as Stratasys’ Chief Executive Officer. Ric Fulop, the Chairman of the Board and Chief Executive Officer of Desktop Metal, will serve as Chairman of the Board of the combined company and Stratasys Chairman of the Board, Dov Ofer, will serve as Lead Independent Director of the board of directors of the combined company.

TABLE OF CONTENTS

The articles of association of Stratasys, which will be proposed for amendment and restatement pursuant to the Stratasys Merger-related proposal at the Stratasys EGM, will be the articles of association of the combined company after the Merger. That amendment and restatement will reflect certain arrangements agreed upon concerning the governance of the combined company during the first two years following the completion of the Merger. Such arrangements include the requirement of the approval by at least two-thirds of the directors then in office for the following actions:

- the dismissal or replacement of the combined company's Chief Executive Officer as of the effective time of the Merger,
- the dismissal or replacement of the Chairman of the Board of Directors of the combined company as of the effective time of the Merger;
- a change in the number of members serving on the board of directors of the combined company;
or
- an election by the board of directors of the combined company to once again be subject to the Israeli Companies Law requirement to appoint external directors.

Amendment of any of the foregoing arrangements under the amended and restated articles of association of the combined company would require the affirmative approval of shareholders holding at least two-thirds of the voting power of the combined company.

The amendment and restatement of the articles will also capture certain updates to Israeli law that have been made since Stratasys' existing articles of association were initially adopted, including, for example, the right of a U.S.-traded company such as Stratasys to comply with certain U.S. stock exchange board independence and board committee composition requirements in lieu of the corresponding Israeli requirements, including the obligation to appoint two external directors.

Stratasys is a foreign private issuer and, as such, is eligible for exemption from certain Nasdaq corporate governance requirements that apply to issuers that are not foreign private issuers.

Conditions to the Closing of the Merger (Page 159)

The respective obligations of each party to effect the Merger is subject to the satisfaction or waiver on or prior to the closing date of the Merger, which we refer to as the Closing Date, of the following conditions:

The obligation of each of Stratasys and Merger Sub to consummate the Merger is further subject to the following conditions:

- the performance or compliance of Desktop Metal in all material respects with the obligations and covenants required to be performed or complied with by it under the Merger Agreement at or prior to the Closing Date, and the receipt by Strasys of a certificate signed on behalf of the Chief Executive Officer or the Chief Financial Officer of Desktop Metal to such effect;
- the absence of any material adverse effect with respect to Desktop Metal after the date of the Merger Agreement that is continuing; and
- the amendment, modification or termination of certain identified agreements set forth in the Desktop Metal disclosure schedules (which are referred to as the Identified Agreements) shall have been amended, modified or terminated as provided in such disclosure schedules.

The obligations of Desktop Metal to consummate the Merger is further subject to the following conditions:

- the representation of Strasys that there has not occurred any fact, circumstance, effect, change, event or development that, individually or in the aggregate, has had or would reasonably be expected to have a material adverse effect with respect to Strasys or its subsidiaries being true and correct in all respects at and as of the Closing Date as if made at and as of such time or such fact, circumstance, effect, change, event or development giving rise to the breach of such representation and warranty shall not be continuing as of the Closing Date;
- certain of the representations and warranties of Strasys related to its subsidiaries and capitalization (in each case only with respect to Strasys and not its subsidiaries) being true and correct (other than such failures to be true and correct as are *de minimis*), in each case at and as of the Closing Date as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such earlier date);
- certain of the representations and warranties of Strasys related to organization, standing and power and brokers' fees and expenses being true and correct in all material respects at and as of the Closing Date as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such earlier date);
- certain other representations and warranties of Strasys set forth in the Merger Agreement being true and correct (without giving effect to any limitation as to "materiality" or "material adverse effect" qualifiers set forth therein) at and as of the Closing Date as if made at and as of such time (except to the extent expressly made as of an earlier date, in which case as of such earlier date), except where the failure of such

representations and warranties to be true and correct, individually or in the aggregate, has not had and would not reasonably be expected to have an material adverse effect on Stratasys, and the receipt by Desktop Metal of a certificate signed on behalf of the Chief Executive Officer or the Chief Financial Officer of Stratasys to such effect;

- the performance or compliance of Stratasys and Merger Sub in all material respects with the obligations and covenants required to be performed or complied with by it under the Merger Agreement at or prior to the Closing Date, and the receipt by Desktop Metal of a certificate signed on behalf of the Chief Executive Officer or the Chief Financial Officer of Stratasys to such effect; and

For a more complete summary of the conditions that must be satisfied or waived prior to completion of the Merger, see the section entitled “**The Merger Agreement—Conditions to the Closing of the Merger**” beginning on page [159](#).

No Solicitation; No Change of Recommendation (Page [151](#))

No Solicitation

Under the terms of the Merger Agreement, each of Stratasys and Desktop Metal has agreed that it will not, and will cause its affiliates not to, and will not authorize or permit its representatives to, directly or indirectly, and except as expressly permitted under the Merger Agreement:

- solicit, initiate, induce, facilitate, or knowingly encourage any Acquisition Proposal (as defined in the section entitled “The Merger Agreement—No Solicitation; No Change of Recommendation”) or any inquiry or proposal that may reasonably be expected to lead to an Acquisition Proposal;
- take any action to make the provisions of any takeover statute (including, with respect to Desktop Metal, any transaction under, or a third party becoming an “interested stockholder” under, Section 203 of the Delaware General Corporation Law), or any restrictive provision of any applicable anti-takeover provision in the applicable party’s governing documents, inapplicable to any transactions contemplated by an Acquisition Proposal;
- make any third party acquirer exempt from the definition of an acquiring person in the applicable party’s rights plan or redeem or waive any provision in such rights plan;
- enter into, participate in, maintain or continue any communications or negotiations regarding, or make available any non-public information with respect to, or take any other action regarding, any actual or potential Acquisition Proposal;
- resolve, propose or agree to do any of the foregoing.

Each of Stratasys and Desktop Metal agreed that promptly upon execution of the Merger Agreement, it would, and would cause its subsidiaries to, and would cause its and their respective directors and officers to immediately cease and cause to be terminated all existing discussions or negotiations with any person conducted before the date of the Merger Agreement with respect to any Acquisition Proposal, or any inquiry or proposal that may reasonably be expected to lead to an Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively, use reasonable best efforts to request the prompt return or destruction of all confidential information furnished with respect to discussions prior to the date of the Merger Agreement in respect of an Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively, to the extent that it is entitled to have such documents returned or destroyed, and promptly terminate all physical and electronic dataroom access previously granted to any such person or its representatives.

TABLE OF CONTENTS

Notwithstanding the foregoing restrictions, each of Stratasys and Desktop Metal is permitted, prior to obtaining the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, respectively, to furnish information regarding itself to, or enter into discussions and negotiations with, any person if:

- it has received from such person a bona fide written Acquisition Proposal that, after consultation with its financial advisor and outside legal counsel, its board of directors determines in good faith is, or would reasonably be expected to result in, a Superior Proposal (as defined in the section entitled "**The Merger Agreement—No Solicitation; No Change of Recommendation**") (and such proposal has not been withdrawn);
- such Acquisition Proposal was not solicited, initiated, induced, facilitated or knowingly encouraged in violation of the terms of the Merger Agreement;
- its board of directors determines in good faith, after having consulted with its outside legal counsel, that failure to take such action would reasonably be expected to constitute a breach of its duties under applicable law;
- prior to furnishing any such information or entering into such negotiations or discussions, it obtains from such person an executed confidentiality agreement containing provisions at least as favorable to Stratasys or Desktop Metal, respectively, as the provisions of the Mutual Confidentiality, Non-Disclosure and Standstill Agreement between Stratasys and Desktop Metal, dated as of November 5, 2022, as amended on December 12, 2022, as in effect immediately prior to the execution of the Merger Agreement, and provides a copy of the same to the other party; and
- concurrently with furnishing any information to such person, it provides such information to or makes such information available in an electronic data room to the other party, to the extent such information has not been previously furnished by it to the other party or made available to the other party.

No Change in the Board of Directors' Recommendation

The Merger Agreement provides that neither the board of directors of each of Stratasys or Desktop Metal, nor any committee thereof, will do any of the following, directly or indirectly:

- withhold or withdraw or qualify, modify or amend in a manner adverse to the other party (or publicly propose to do so) its board recommendation;
- fail to reaffirm or re-publish its board recommendation, within ten business days after the other party so requests in writing that such action be taken (or, if earlier, at least five Business Days prior to such party's shareholder or stockholder meeting, as applicable);
- fail to publicly announce, within ten business days after a tender offer or exchange offer relating to the Stratasys ordinary shares (in the case of Stratasys) or Desktop Metal Class A common stock (in the case of Desktop Metal) has been formally commenced or after any change in the consideration being offered thereunder, a statement disclosing that it recommends rejection of such tender or exchange offer; or
- publicly announce that it has recommended, adopted or approved any Acquisition Proposal with respect to such party.

Acquisition Proposal; Intervening Event

The Merger Agreement provides that neither the board of directors of each of Stratasys or Desktop Metal, nor any committee thereof, will do any of the following, directly or indirectly:

- withhold or withdraw or qualify, modify or amend in a manner adverse to the other party (or publicly propose to do so) its board recommendation;
- fail to reaffirm or re-publish its board recommendation, within ten business days after the other party so requests in writing that such action be taken (or, if earlier, at least five Business Days prior to such party's shareholder or stockholder meeting, as applicable);

TABLE OF CONTENTS

- fail to publicly announce, within ten business days after a tender offer or exchange offer relating to the Stratasys ordinary shares (in the case of Stratasys) or Desktop Metal Class A common stock (in the case of Desktop Metal) has been formally commenced or after any change in the consideration being offered thereunder, a statement disclosing that it recommends rejection of such tender or exchange offer; or
- publicly announce that it has recommended, adopted or approved any Acquisition Proposal with respect to such party.

Notwithstanding the foregoing restrictions or anything else in the Merger Agreement, each of the board of directors of Stratasys and Desktop Metal may, prior to obtaining the approval by such party's shareholders or stockholders, respectively, of the transactions contemplated by the Merger Agreement, effect, or cause such party to effect, as the case may be, a change in recommendation if:

- such party has not breached its obligations under the Merger Agreement in connection with the Acquisition Proposal where, after the date of the Merger Agreement, such unsolicited, bona fide, written Acquisition Proposal is made to such party and is not withdrawn;
- the board of directors of such party determines in its good faith judgment, after consulting with its outside financial advisor and outside legal counsel, that such Acquisition Proposal constitutes a Superior Proposal;
- such party has provided the other party with five business days' prior written notice advising that it intends to effect a change of recommendation and specifying, in reasonable detail, the reasons therefor, and which written notice shall include copies of all documents pertaining to such Superior Proposal;
- such party, during such five business-day period, if requested by the other party, engages in good faith negotiations to amend the Merger Agreement in such a manner that such Acquisition Proposal that was determined to constitute a Superior Proposal no longer constitutes a Superior Proposal;
- at the end of that five business-day period, such Acquisition Proposal has not been withdrawn and in the good faith reasonable judgment of such party's board continues to constitute a Superior Proposal (taking into account any changes to the terms of the Merger Agreement proposed by the other party as a result of the negotiations required by the prior bullet point or otherwise); and
- at the end of that five business-day period, the applicable board of directors determines in good faith, after having consulted with its outside legal counsel, that, in light of such Superior Proposal, a failure to change its recommendation would reasonably be expected to constitute a breach of its duties under applicable law; provided that, in the event of any material revisions to the applicable Acquisition Proposal (including any change in price or exchange ratio), such party is required to deliver a new written notice to the other party and to again comply with the foregoing requirements of the Merger Agreement with respect to such new written notice (including the five business day period referenced above).

In addition, each of the board of directors Stratasys and Desktop Metal may, prior to obtaining the approval by such party's shareholders or stockholders, as applicable, of the transactions contemplated by the Merger Agreement, effect, or cause such party to effect, as the case may be, a change in recommendation if, in connection with an Intervening Event (as defined below) relating to such party, such board determines at any time prior to approval by such party's shareholders or stockholders, as applicable, of the transactions contemplated by the Merger Agreement, after having consulted with its outside legal counsel, in light of such Intervening Event, a failure to make a change in recommendation would reasonably be expected to constitute a breach of its duties under applicable law, provided that:

- such party has provided the other party with five business days' prior written notice advising the other party that it intends to effect a change in recommendation and specifying, in reasonable detail, the reasons therefor;
- such party, during such five business day period, if requested by the other party, must negotiate in good faith with respect to any changes or modifications to the Merger Agreement which would allow the board of such party not to make such change in recommendation; and
- at the end of such five business day period, the board of such party determines in good faith, after having consulted with its outside legal counsel, that, taking into account any changes to the terms of the Merger Agreement proposed by the other party as a result of the negotiations required by the prior bullet or otherwise, a failure to make a change in recommendation would reasonably be expected to constitute a breach of the duties of such board under applicable law.

TABLE OF CONTENTS

Under the Merger Agreement, Intervening Event means a material event or development, or material change in circumstances first occurring, arising or coming to the attention of the board of directors of Stratasys or Desktop Metal, as applicable, after the date of the Merger Agreement to the extent that such event, development or change in circumstances:

- was neither known by the applicable board, nor reasonably foreseeable by the applicable board, as of or prior to the date of the Merger Agreement; and
- does not relate to an Acquisition Proposal or a Superior Proposal or any inquiry or communications relating thereto.

Notice Regarding Acquisition Proposals

Each of Stratasys and Desktop Metal must immediately, and in any event within 24 hours of the receipt thereof (unless received on a day that is not a business day, in which case within 48 hours of the receipt thereof) advise the other party orally and in writing of any:

- Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively;
- any inquiry, expression of interest, proposal, communication, request for access to non-public information relating to Stratasys or its subsidiaries, or Desktop Metal or its subsidiaries, respectively, or offer that constitutes, or would reasonably be expected to lead to, an Acquisition Proposal; and
- any other communication or notice that any person is considering making an Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively.

Any such notification by Stratasys or Desktop Metal to the other party is required to include the material terms and conditions of any such Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request (including any changes to such material terms and conditions) and a copy of, and the identity of the person making, any such Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request. Each of Stratasys and Desktop Metal, as applicable, will:

- keep the other party informed in all material respects and on a reasonably current basis of the status and details (including any material change to the terms and conditions thereof (including any change in price or exchange ratio)) of any Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request;
- provide to the other party as soon as practicable after receipt or delivery thereof (but in no event more than 24 hours) (unless received on a day that is not a business day, in which case within 48 hours of the receipt thereof) copies of all material correspondence and other written material exchanged between Stratasys or Desktop Metal, respectively, or any of their representatives, on the one hand, and any person or any of their representatives that has made an Acquisition Proposal with respect to such party, inquiry, expression of interest, proposal, offer, notice or request, on the other hand, which describes any of the terms or conditions of such Acquisition Proposal; and
- after the date of the Merger Agreement, not enter into any agreement which prohibits it from complying with its non-solicitation provisions of the Merger Agreement.

Termination of the Merger Agreement

The Merger Agreement may be terminated at any time prior to the effective time, whether before or after receipt of the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, except as specifically provided below:

- by mutual written consent of Desktop Metal and Stratasys;
- by either Desktop Metal or Stratasys, upon written notice to the other party if:
 - the Merger is not consummated on or before February 25, 2024 (which is referred to as the End Date), provided that each of Desktop Metal and Stratasys will be entitled to extend the End Date for up to two additional three-month periods if any of the required regulatory approvals have not been obtained at the applicable End Date but all of the other specified conditions to the closing of the Merger have been satisfied at such time (or are capable of being satisfied at the closing of the Merger);

TABLE OF CONTENTS

- (i) any governmental entity that must grant certain agreed-upon regulatory approval has denied approval of the Merger and such denial has become final and non-appealable; or (ii) any court or governmental Entity of competent jurisdiction shall have issued a final and non-appealable order, injunction or decree or other legal restraint or prohibition permanently enjoining or preventing the consummation of the Merger, provided, however, that this termination right is not available to any party if a breach by such party of its obligations under the Merger Agreement has been the principal cause of, or principally resulted in, such failure to obtain such required regulatory approval or the issuance of such order, injunction, decree or other legal restraint, as applicable; or
- (i) the approval of Stratasys' shareholders of the Stratasys Merger-related proposal has not been obtained following a vote taken thereon at a meeting of Stratasys shareholders (subject to valid adjournment and postponement of any such meeting) or (ii) the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal has not been obtained following a vote taken thereon at a meeting of the Desktop Metal stockholders (subject to valid adjournment and postponement of any such meeting).
- by Desktop Metal
if:
 - Stratasys or Merger Sub breaches or fails to perform any of its covenants or agreements contained in the Merger Agreement, or if any of the representations or warranties of Stratasys or Merger Sub, as applicable, contained in the Merger Agreement fails to be true and correct, which breach or failure (A) either individually or in the aggregate with all other breaches by Stratasys or Merger Sub or failure of Stratasys' and Merger Sub's representations and warranties to be true, would give rise to the failure of certain closing conditions in the Merger Agreement; and (B) if reasonably capable of being cured, has not been cured prior to the earlier of 30 days (or such fewer days as remain until the End Date) after Stratasys' receipt of written notice of such breach from Desktop Metal, and provided that Desktop Metal is not then in breach of any covenant or agreement contained in the Merger Agreement and no representation or warranty of Desktop Metal contained in the Merger Agreement then fails to be true and correct such that certain closing conditions to the Merger Agreement could not then be satisfied;
 - a change of control transaction occurs with respect to Stratasys;
or
 - prior to the approval of Stratasys' shareholders of the Stratasys Merger-related proposal, if the board of directors of Stratasys or any committee thereof has made a change in recommendation;
- by Stratasys
if:
 - Desktop Metal breaches or fails to perform any of its covenants or agreements contained in the Merger Agreement, or if any of the representations or warranties of Desktop Metal contained in the Merger Agreement fails to be true and correct, which breach or failure (A) either individually or in the aggregate with all other breaches by Desktop Metal or failure of Desktop Metal's representations and warranties to be true, would give rise to the failure of certain closing conditions in the Merger Agreement; and (B) if reasonably capable of being cured, has not been cured prior to the earlier of 30 days (or such fewer days as remain until the End Date) after Desktop Metal's receipt of written notice of such breach from Stratasys, and provided that Stratasys is not then in breach of any covenant or agreement contained in the Merger Agreement and no representation or warranty of Stratasys contained in the Merger Agreement then fails to be true and correct such that the closing conditionsto the Merger Agreement could not then be satisfied;
 - a change of control transaction occurs with respect to Desktop Metal;
 - prior to the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, the board of directors of Desktop Metal or any committee thereof has made a change in recommendation; or
 - Desktop Metal has received a written communication from or on behalf of the counterparty to any Identified Agreement (which may be made electronically) that it will not amend or terminate such agreement such that the relevant closing condition to the Merger Agreement would be satisfied on commercially reasonable terms, or the passage of 30 calendar days after the date Desktop Metal has requested in writing that such counterparty amend or terminate the Identified Agreement such that the

relevant closing condition in the Merger Agreement would be satisfied on commercially reasonable terms without the counterparty's engagement in substantive discussions relating to such request (which is referred to as a Rejection), provided that if Stratasys has failed to terminate the Merger Agreement under this termination right within 20 business days after Stratasys' receipt of written notice that Desktop Metal has received such Rejection, such termination right, together with the closing condition relating to the Identified Agreements, will each be deemed to have been irrevocably waived.

Termination Fees and Expense Reimbursement (Page 163)

Subject to the terms and conditions of the Merger Agreement, Desktop Metal will be required to pay Stratasys a termination fee of \$18.6 million (less, in the case of the first bullet, any Termination Expenses (as defined in the Merger Agreement) previously paid by Desktop Metal to Stratasys) if:

- following the date of the Merger Agreement and prior to the Desktop Metal special meeting, an Acquisition Proposal (provided, that, for the purposes of this bullet, the references to fifteen percent (15%) in the definition of Acquisition Proposal will instead refer to fifty percent (50%)) for Desktop Metal has been publicly proposed or disclosed and not withdrawn at least two business days prior to the Desktop Metal stockholder meeting, the Merger Agreement is terminated by either Desktop Metal or Stratasys as a result of the failure to obtain approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of the Desktop Metal stockholders (subject to valid adjournment and postponement of any such meeting) and within twelve months of such termination, Desktop Metal enters into a definitive agreement with respect to an Acquisition Proposal or otherwise consummates an Acquisition Proposal; or
- if Stratasys terminates the Merger Agreement as a result of a change in recommendation by Desktop Metal's board of directors or either Stratasys or Desktop Metal terminates the Merger Agreement as a result of the failure to obtain the approval of Desktop Metal stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of Desktop Metal's stockholders (subject to valid adjournment and postponement of any such meeting) and, at the time of such termination, Stratasys was entitled to terminate the Merger Agreement as a result of a change in recommendation by Desktop Metal's board of directors.

Additionally, Desktop Metal will be required to reimburse Stratasys for Stratasys' Termination Expenses (in an amount not to exceed \$10.0 million) if the Merger Agreement is terminated by either party as a result of the failure to obtain the approval of Desktop Metal stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of Desktop Metal's stockholders (subject to valid adjournment and postponement of any such meeting) and, at the time of the termination, Desktop Metal's board of directors has not made a change in recommendation (unless the approval of Stratasys' shareholders of the Stratasys Merger-related proposal has not been obtained following a vote thereon, subject to valid adjournment and postponement of any meeting therefore, at the time of the termination of the Merger Agreement).

Subject to the terms and conditions of the Merger Agreement, Stratasys will be required to pay Desktop Metal a termination fee of \$32.5 million (less, in the case of the first bullet, any Termination Expenses previously paid by Stratasys to Desktop Metal) if:

- following the date of the Merger Agreement but prior to the Stratasys shareholders' meeting, an Acquisition Proposal (provided, that, for the purposes of this bullet, the references to fifteen percent (15%) in the definition of Acquisition Proposal will instead refer to fifty percent (50%)) for Stratasys has been publicly proposed or disclosed and not withdrawn at least two business days prior to the Stratasys shareholder meeting, the Merger Agreement is terminated by either Desktop Metal or Stratasys as a result of the failure to obtain the approval of Stratasys' shareholders of the Stratasys Merger-related proposal following a vote taken thereon at a meeting of Stratasys' shareholders (subject to valid adjournment and postponement of any such meeting) and within twelve months of such termination, Stratasys enters into a definitive agreement with respect to an Acquisition Proposal or otherwise consummates an Acquisition Proposal; or
- if Desktop Metal terminates the Merger Agreement as a result of a change in recommendation by Stratasys' board of directors or either party terminates the Merger Agreement as a result of the failure to obtain the approval of Stratasys' shareholders of the Stratasys Merger-related proposal following a vote taken thereon

at a meeting of Stratasy's shareholders (subject to valid adjournment and postponement of any such meeting) and, at the time of such termination, Desktop Metal was entitled to terminate the Merger Agreement as a result of a change in recommendation by Stratasy's board of directors.

Additionally, Stratasy will be required to pay Desktop Metal a termination fee of \$19.0 million in the event that Stratasy validly terminates the Merger Agreement in connection with a Rejection relating to the Identified Agreements, but all other specified conditions to the closing of the Merger have been satisfied or waived (or are capable of being satisfied at the closing of the Merger).

Stratasy will also be required to reimburse Desktop Metal for Desktop Metal's Termination Expenses (in an amount not to exceed \$10.0 million) if the Merger Agreement is terminated by either party as a result of the failure to obtain the approval of Stratasy's shareholders of the Stratasy Merger-related proposal following a vote taken thereon at a meeting of Stratasy's shareholders (subject to valid adjournment and postponement of any such meeting) and, at the time of the termination, Stratasy's board of directors has not made a change in recommendation (unless the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal has not been obtained following a vote thereon, subject to valid adjournment and postponement of any meeting therefore, at the time of the termination of the Merger Agreement).

Accounting Treatment of the Merger (Page [141](#))

Stratasy and Desktop Metal each prepare their respective financial statements in accordance with accounting principles generally accepted in the United States, which are referred to as GAAP. The Merger will be accounted for using the acquisition method of accounting, and Stratasy will be treated as the accounting acquirer.

Certain Tax Considerations (Page [185](#) and Page [197](#))

Desktop Metal stockholders should read the section entitled "Material U.S. Federal Income Tax Considerations of the Merger" beginning on page [185](#) for a discussion of the U.S. federal income tax considerations related to the Merger, and the section entitled "Israeli Tax Considerations" beginning on page [197](#) for a discussion of Israeli tax considerations related to the Merger and holding Stratasy ordinary shares. Because individual circumstances may differ, each Desktop Metal stockholder should consult its own tax advisor as to the tax consequences of the Merger and of holding Stratasy ordinary shares.

Litigation Relating to the Merger (Page [141](#))

Each of Stratasy and Desktop Metal faces certain litigation related to the Merger.

Stratasy has been named as defendant in an action filed by Nano Dimension, in the Tel-Aviv District Court in which Nano Dimension seeks declaratory relief declaring that Stratasy's shareholder rights plan is both illegal and void, and in which Nano also requested a court order enjoining Stratasy and its directors from intervening with, or hindering in any way, the now-expired Nano Tender Offer that it launched to acquire Stratasy shares. On August 8, 2023, the court decided to stay the proceedings in that action until further decision otherwise.

On June 26, 2023 and June 27, 2023, purported stockholders Harold Weber and James Bruinsslot each sent demand letters to Desktop Metal requesting certain books and records of the company related to Desktop Metal's proposed merger with Stratasy Ltd. On June 27, 2023, June 29, 2023 and July 11, 2023, purported stockholders Donald Browning, Jeffrey D. Justice, II, Brian Warden, and Karl Cordes each sent demand letters to the Company alleging material misstatements and omissions in Desktop Metal's public disclosures made in connection with its proposed merger with Stratasy Ltd. in violation of the Exchange Act.

On June 27, 2023 and July 13, 2023, purported stockholders El Mehdi Modar and Gerald Lovoi filed two actions in the United States District Court for the Southern District of New York (Modar v. Desktop Metal, et al., Case No. 1:23-cv-05465, Lovoi v. Desktop Metal, et al., Case No. 1:23-cv-06035). The complaints make similar allegations to the demand letters, claiming that certain officers and directors of Desktop Metal violated Sections 14(a) and 20(a) of the Exchange Act by causing a materially incomplete and misleading registration statement to be filed with the SEC on June 20, 2023 in connection with Desktop Metal's proposed merger with Stratasy Ltd. Desktop Metal believes these claims are without merit and intends to vigorously defend against them.

Comparison of Stockholders'/Shareholders' Rights (Page [201](#))

Upon completion of the Merger, Desktop Metal stockholders immediately prior to the effective time of the Merger will receive Stratasy ordinary shares and become Stratasy shareholders, and their rights will be governed

[TABLE OF CONTENTS](#)

by applicable Israeli law, including the Israeli Companies Law, and by the Stratasys articles of association. Desktop Metal stockholders will have different rights once they become shareholders of the combined company due to differences between Delaware law and the governing documents of Desktop Metal, on the one hand, and Israeli law and the governing documents of Stratasys, on the other hand. These differences are described in more detail under the section entitled “**Comparison of Stockholders’/Shareholders’ Rights**” beginning on page [201](#).

Listing of Stratasys Ordinary Shares; Delisting and Deregistration of Desktop Metal Class A Common Stock (Page [143](#))

If the Merger is completed, the Stratasys ordinary shares issued as share consideration in the Merger will be listed for trading on Nasdaq. In addition, if the Merger is completed, Desktop Metal Class A common stock will be delisted from the NYSE and deregistered under the Exchange Act.

Summary of Risk Factors (Page [41](#))

In evaluating the Merger Agreement, the Merger or the issuance of Stratasys ordinary shares in the Merger, you should carefully read this joint proxy statement/prospectus and give special consideration to the factors discussed in the section entitled “**Risk Factors**” beginning on page [41](#).

SELECTED UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following tables show a summary of the unaudited pro forma condensed combined financial information that reflects the financial condition and results of operations of the combined company, after giving effect to the Merger, which were prepared using the acquisition method of accounting with Stratasys as the accounting acquirer of Desktop Metal. The unaudited pro forma condensed combined balance sheet information as of June 30, 2023 is based on the individual historical consolidated balance sheets of Stratasys and Desktop Metal, and has been prepared to reflect the Merger as if it had occurred on June 30, 2023. The unaudited pro forma condensed combined statements of operations for the year ended December 31, 2022 and the six months ended June 30, 2023 combine the historical results of operations of Stratasys and Desktop Metal and have been prepared to reflect the Merger as if it had occurred on January 1, 2022, the beginning of the earliest period presented.

The following selected unaudited pro forma condensed combined financial information has been prepared for illustrative purposes only and is not necessarily indicative of what the combined company’s operating results or financial position would actually have been had the Merger been completed as of the dates indicated. In addition, the selected unaudited pro forma condensed combined financial information includes adjustments which are preliminary and may be revised. The selected unaudited pro forma condensed combined financial information does not purport to project the future financial position or operating results of the combined company. Future results may vary significantly from the results reflected because of various factors, including those discussed in the section entitled “**Risk Factors**” beginning on page [41](#). The following selected unaudited pro forma condensed combined financial information has been developed from and should be read in conjunction with the section entitled “**Unaudited Pro Forma Condensed Combined Financial Information**” and the notes related thereto beginning on page [165](#), and with the historical consolidated financial statements of Stratasys and Desktop Metal and related notes that have been filed with the SEC, certain of which are incorporated by reference into this joint proxy statement/prospectus. The following table assumes the issuance of 39,620,008 Stratasy's ordinary shares in connection with the Merger, which is the number of shares issuable by Stratasy's in connection with the transaction based on the closing price of Stratasy's ordinary shares on August 18, 2023, and based on the number of outstanding shares of Desktop Metal common stock on May 25, 2023. The unaudited equivalent pro forma per share data of Desktop Metal shows the effect of the transaction from the perspective of a Desktop Metal stockholder. The information was calculated by multiplying the unaudited combined pro forma per share data by 0.123, the exchange ratio at which each Desktop Metal share will be converted into a Stratasy's share at closing.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This registration statement on Form F-4, of which this joint proxy statement/prospectus forms a part, and the documents to which Stratasys and Desktop Metal refer you to in this registration statement, as well as oral statements made or to be made by Stratasys and Desktop Metal, include certain “forward-looking statements” within the meaning of, and subject to the safe harbor created by, Section 27A of the Securities Act, Section 21E of the Exchange Act and the Private Securities Litigation Reform Act of 1995, which are referred to as the safe harbor provisions. These forward-looking statements generally include statements regarding the potential transaction between Stratasys and Desktop Metal, including any statements regarding the expected timetable for completing the potential transaction, the ability to complete the potential transaction, the expected benefits of the potential transaction (including anticipated synergies, projected financial information and future opportunities) and any other statements regarding Stratasys’ and Desktop Metal’s future expectations, beliefs, plans, objectives, results of operations, financial condition and cash flows, or future events or performance. These statements are often, but not always, made through the use of words or phrases such as “anticipate,” “intend,” “plan,” “believe,” “project,” “estimate,” “expect,” “may,” “should,” “will” and similar expressions. All such forward-looking statements are based on current expectations of Stratasys’ and Desktop Metal’s management and therefore involve estimates and assumptions that are subject to risks, uncertainties and other factors that could cause actual results to differ materially from the results expressed in the statements. Statements included in or incorporated by reference into this registration statement, of which this joint proxy statement/prospectus forms a part, that are not historical facts are forward-looking statements. Stratasys and Desktop Metal caution investors that any forward-looking statements are subject to risks and uncertainties that may cause actual results and future trends to differ materially from those matters expressed in, or implied or projected by, such forward-looking statements, which speak only as of the date of this joint proxy statement/prospectus. Investors are cautioned not to place undue reliance on these forward-looking statements. Key factors that could cause actual results to differ materially from those projected in the forward-looking statements include, among other things:

- the market price for Stratasys ordinary shares and Desktop Metal Class A common stock could change before the completion of the Merger, including as a result of uncertainty as to the long-term value of Stratasys ordinary shares following the Merger or as a result of broader stock market movements;
- certain restrictions during the pendency of the proposed Merger that may impact the ability of Stratasys and Desktop Metal to pursue certain business opportunities or strategic transactions;
- the failure, or unexpected delays, of Desktop Metal stockholders to adopt the Merger Agreement or of Stratasys shareholders to approve the Stratasys Merger-related proposal, or the failure of Desktop Metal or Stratasys to satisfy other conditions to the completion of the Merger;
- uncertainties related to the timing of the receipt of required regulatory approvals for the Merger and the possibility that Stratasys and Desktop Metal may be required to accept conditions that could reduce or eliminate the anticipated benefits of the Merger as a condition to obtaining regulatory approvals, or that the required regulatory approvals might not be obtained at all;
- the risk that the proposed Merger and any announcement relating to the proposed Merger could have an adverse effect on the ability of Stratasys and Desktop Metal to retain and hire key personnel or maintain relationships with customers, clients, suppliers or strategic partners, or on Stratasys’ or Desktop Metal’s operating results and businesses generally;
- the impact of potential future hostile actions that may be taken by Nano, or other third parties, that may be similar to the recently expired unsolicited coercive partial tender offer of Nano and Nano’s withdrawn attempt to remove current members of the Stratasys board of directors and replace them with its own nominees, whether such actions are taken by Nano in its role as a shareholder of Stratasys or otherwise, and the effect of such potential actions on Stratasys’ or the combined company’s businesses;
- the impact of any additional potential unsolicited proposals by 3D Systems and whether any such proposal ultimately results in a “Superior Proposal” pursuant to the terms of the Merger Agreement;
- risks that the Merger and the transactions contemplated by the Merger Agreement could disrupt current plans and operations that may harm Stratasys’ and/or Desktop Metal’s businesses;

TABLE OF CONTENTS

- the occurrence of any change, event, series of events or circumstances that could give rise to the termination of the Merger Agreement, including a termination of the Merger Agreement under circumstances that could require Desktop Metal to pay a termination fee to Stratasy's or require Stratasy's to pay a termination fee to Desktop Metal;
- the amount of any costs, fees, expenses, impairments and charges related to the Merger;
- litigation relating to the proposed Merger that has been or could be instituted against Stratasy's, Desktop Metal or their respective directors, including litigation involving Nano;
- delays in closing, or the failure to close, the Merger for any reason could negatively impact Stratasy's or Desktop Metal;
- difficulties and delays in integrating the businesses, systems and processes of Stratasy's and Desktop Metal following completion of the Merger or fully realizing the anticipated synergies and other benefits expected from the Merger;
- risks related to the diversion of the attention and time of Stratasy's' and Desktop Metal's respective management teams from ongoing business concerns;
- unknown liabilities;
- changes in laws and regulations applicable to Stratasy's and/or Desktop Metal;
- the extent of Stratasy's' and Desktop Metal's success at introducing new or improved products and solutions that gain market share;
- the extent of growth of the 3D printing market generally;
- the global macro-economic environment, including headwinds caused by inflation, rising interest rates, unfavorable currency exchange rates and potential recessionary conditions;
- the effects of industry, market, economic, political or regulatory conditions outside of Stratasy's' or Desktop Metal's control;
- the potential adverse impact that global interruptions and delays involving freight carriers and other third parties may have on Stratasy's' supply chain and distribution network and consequently, Stratasy's' and Desktop Metal's abilities to successfully sell both Stratasy's' and Desktop Metal's existing and newly-launched 3D printing products;
- infringement of Stratasy's' or Desktop Metal's intellectual property rights by others (including for replication and sale of consumables for use in Stratasy's' systems), or infringement of others' intellectual property rights by Stratasy's or Desktop Metal;
- potential cyber attacks against, or other breaches to, Stratasy's' or Desktop Metal's information technologies systems;

Stratasy's and Desktop Metal caution that the foregoing list of important factors is not exhaustive and other factors could also adversely affect the completion of the Merger and related transactions and the future results of Stratasy's, Desktop Metal and the combined company. The forward-looking statements speak only as of the date of this joint proxy statement/prospectus, in the case of forward-looking statements contained in this joint proxy statement/prospectus, or the dates of the documents incorporated by reference into this joint proxy statement/prospectus, in the case of forward-looking statements made in those incorporated documents. Readers are cautioned not to place undue reliance on forward-looking statements. Nothing in this joint proxy statement/prospectus should be construed as a profit forecast.

RISK FACTORS

Summary of Risk Factors

The following constitutes a summary of the material risks relevant to the Merger, the combined company after the Merger, and each of Stratasys' and Desktop Metal's respective businesses:

Risks Relating to the Merger

- Due to the fixed exchange ratio, Desktop Metal stockholders cannot be certain of the precise value of the Stratasys ordinary share consideration that they may receive in the Merger.
- The Merger may not be completed or completion may be delayed, and if the Merger Agreement is terminated, there may be a required payment of a significant termination fee by either side.
- Failure to complete the Merger could have material adverse effects on the business of either Stratasys and/or Desktop Metal.
- Stratasys and Desktop Metal are targets of shareholder lawsuits (including in respect of their respective shareholder/stockholder rights plans) which could result in substantial costs and may delay or prevent the Merger from being completed.
- If Nano's legal challenge to Stratasys' shareholder rights plan is successful, Nano launches and successfully completes an unsolicited tender offer that is similar to the recently-expired Nano Tender Offer, or Nano in the future succeeds at removing and replacing some or all of Stratasys' or the combined company's directors, that could result in a change of control of Stratasys which could have a material adverse impact on the parties' ability to complete the Merger, or, if occurring following the Merger, could adversely impact shareholders' investment in the combined company.
- The Merger Agreement contains provisions that could discourage a potential competing acquirer that might be willing to pay more to acquire or merge with either company.
- The unaudited financial forecasts included in this joint proxy statement/prospectus may not accurately project the actual results of operations of the constituent companies to the Merger.
- The unaudited pro forma condensed combined financial information should not be considered an accurate indication of the results of operations or financial condition had Stratasys and Desktop Metal operated as a combined entity or of the combined company following completion of the Merger.
- The Stratasys ordinary shares, as shares of an Israeli company, to be received by Desktop Metal stockholders as a result of the Merger will have rights different from the Desktop Metal Class A common stock.
- Certain Desktop Metal stockholders have agreed to vote in favor of the adoption of the Merger Agreement, regardless of how Desktop Metal's public stockholders vote, which could lead to approval of the Merger by Desktop Metal's stockholders despite public stockholder opposition to it.
- The directors and executive officers of each company have interests and arrangements that may be different from, or in addition to, the interests of Stratasys shareholders and Desktop Metal stockholders generally.
- The Merger may be a taxable transaction for U.S. federal income tax purposes to U.S. holders (as defined below under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders**") of Desktop Metal Class A common stock.

Risks Relating to the Combined Company after Completion of the Merger

- Combining the businesses of Stratasys and Desktop Metal may be more difficult, costly or time-consuming than expected and the combined company may fail to realize the anticipated benefits of the Merger, which may negatively affect the market price of the ordinary shares of the combined company following the Merger.
- Stratasys may be unable to realize anticipated cost and tax synergies of the Merger, and expects to incur substantial expenses related to the Merger.

TABLE OF CONTENTS

- The combined company may not be able to retain customers or suppliers, or attract new customers, or existing customers or suppliers may seek to modify contractual obligations with the combined company, which could have an adverse effect on the combined company's business and operations.
- Nano may continue to hold, or may acquire at a later time, a substantial interest in the combined company's voting equity, and may have substantial influence over the combined company, and the interests of Nano, as a competitor of the combined company, may not be aligned with those of combined company or its other shareholders.
- Current Stratasys shareholders and Desktop Metal stockholders will each have a reduced ownership and voting interest after the Merger and will exercise less influence over the management of the combined company.
- The market price of Stratasys ordinary shares may decline as a result of the transaction or from resales of ordinary shares following the Merger, including by Nano, which has indicated that it is considering selling its Stratasys ordinary shares.
- There may be less publicly available information concerning, and alternate governance practices for, Stratasys, as a foreign private issuer, than there are for issuers that are not foreign private issuers (such as Desktop Metal).
- It may be difficult to enforce a U.S. judgment against the combined company and its officers and directors in Israel or the United States, or to serve process on its officers and directors.
- Provisions of Israeli law may delay, prevent or otherwise impede a merger with, or an acquisition of, the combined company, which could prevent a change of control, even when the terms of such a transaction are favorable to the combined company and its shareholders.
- If a U.S. holder (as defined below under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders**") is treated as owning at least 10% of the stock of Stratasys, such holder may be subject to adverse U.S. federal income tax consequences.
- If Stratasys or any of its subsidiaries is characterized as a passive foreign investment company, referred to as a PFIC, for U.S. federal income tax purposes, U.S. holders (as defined below under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders**") may suffer adverse tax consequences.

Risks relating to the respective businesses of Stratasys and Desktop Metal are described in their respective annual reports, as specifically incorporated by reference in this joint proxy statement/prospectus.

In deciding whether to vote for the adoption of the Merger Agreement, in the case of Desktop Metal stockholders, or the approval of the Stratasys Merger-related proposal, in the case of Stratasys shareholders, you are urged to carefully read and consider all of the information included in this joint proxy statement/prospectus, including the matters addressed in the section entitled "Cautionary Statements Regarding Forward-Looking Statements," all of the information incorporated herein by reference as described in the section entitled "Where You Can Find More Information," including the risks associated with the respective businesses of Stratasys and Desktop Metal, and the following material risks relating to the Merger and the business of the combined company.

Risks Relating to the Merger

Because the exchange ratio is fixed and will not be adjusted in the event of any change in either Stratasys' share price or Desktop Metal's stock price, Desktop Metal stockholders cannot be certain of the precise value of the consideration that they may receive in the Merger.

At the effective time of the Merger of the Merger, each share of Desktop Metal Class A common stock outstanding immediately prior to the Merger, other than excluded shares (as defined in the section entitled "**The Merger Consideration**" beginning on page 20), will be converted automatically into the right to receive 0.123 Stratasys ordinary shares. This exchange ratio is fixed in the Merger Agreement and will not be adjusted for changes in the market price of either Stratasys ordinary shares or Desktop Metal Class A common stock. The market price of Stratasys ordinary shares and, as a result, the value of the consideration that Desktop Metal stockholders may receive pursuant to the Merger Agreement, has been fluctuating since the date that the Merger Agreement was executed and publicly announced and may continue to fluctuate through the date of the completion of the Merger.

TABLE OF CONTENTS

Accordingly, upon the completion of the Merger and the issuance of the Stratasys ordinary shares to the Desktop Metal stockholders, the market price of the Stratasys ordinary shares that will be issued to the Desktop Metal stockholders as the Merger consideration could be greater than, less than or the same as the market price of Stratasys ordinary shares on the date the Merger Agreement was executed, on the date of this joint proxy statement/prospectus or on the date of the stockholder/shareholder meetings. Share price changes may result from a variety of factors, including, among others, changes in Stratasys' or Desktop Metal's respective businesses, operations or prospects; legislative, regulatory and legal developments in the 3D printing and additive manufacturing industries; general market, industry and economic conditions; shareholder litigation relating to the Merger or otherwise relating to Stratasys or to Desktop Metal; and market assessments of the likelihood that the Merger will be completed. Because the value of the consideration will depend on the market price of Stratasys ordinary shares at the time the Merger is completed, Desktop Metal stockholders will not know or be able to determine at the time of the Desktop Metal stockholder meeting the market value of the Merger consideration they may receive upon completion of the Merger. Similarly, Stratasys shareholders will not know or be able to determine at the time of the Stratasys EGM the market value of the consideration to be paid to the Desktop Metal stockholders in the form of issuance of Stratasys ordinary shares pursuant to the Merger Agreement compared to the market value of the shares of Desktop Metal Class A common stock that are being exchanged. You are urged to obtain current market quotations for Stratasys ordinary shares and Desktop Metal Class A common stock in determining whether to vote for approval of the Stratasys Merger-related proposal, including the share issuance, in the case of Stratasys shareholders or for the adoption of the Merger Agreement in the case of Desktop Metal stockholders. In addition, see the section entitled "**Comparative Per Share Market Price Information**" beginning on page [37](#).

The Merger may not be completed and the Merger Agreement may be terminated in accordance with its terms.

The Merger is subject to a number of conditions that must be satisfied or waived, in each case, prior to the completion of the Merger, as specified in the Merger Agreement. These conditions are described in the section entitled "**The Merger Agreement—Conditions to the Closing of the Merger**" beginning on page [25](#). These conditions to the completion of the Merger, some of which are beyond the control of Stratasys and Desktop Metal, may not be satisfied or waived in a timely manner or at all, and, accordingly, the Merger may be delayed or not completed.

Additionally, either Stratasys or Desktop Metal may terminate the Merger Agreement under certain circumstances, including, among other reasons, if the Merger is not completed by February 25, 2024 (subject, under certain circumstances, to extension to May 25, 2024 or August 25, 2024).

If the Merger Agreement is terminated under certain circumstances specified in the Merger Agreement, Desktop Metal may be required to pay Stratasys a termination fee of \$18,600,000 or an expense reimbursement in an amount not to exceed \$10,000,000, including certain circumstances in which the Desktop Metal board of directors effects a change of recommendation (as described in the section entitled "**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**" beginning on page [153](#)) or Desktop Metal enters into an agreement with respect to an Acquisition Proposal (as defined in the section entitled "**The Merger Agreement—No Solicitation**" beginning on page [151](#)) following the termination of the Merger Agreement. In addition, if the Merger Agreement is terminated under certain circumstances specified in the Merger Agreement, Stratasys may be required to pay Desktop Metal a termination fee of \$19,000,000 or \$32,500,000 or an expense reimbursement in an amount not to exceed \$10,000,000, including certain circumstances in which the Stratasys board of directors effects a change of recommendation or Stratasys enters into an agreement with respect to an Acquisition Proposal following the termination of the Merger Agreement. See the section entitled "**The Merger Agreement—Termination of the Merger Agreement**" beginning on page [161](#) and the section entitled "**The Merger Agreement—Termination Fees and Expense Reimbursement**" beginning on page [163](#) for a more complete discussion of the circumstances under which the Merger Agreement could be terminated and when a termination fee may be payable by Stratasys or Desktop Metal.

Obtaining required approvals and satisfying closing conditions may prevent or delay completion of the Merger.

The Merger is subject to a number of conditions to closing as specified in the Merger Agreement. These closing conditions include, among others, receipt of the approval of Desktop Metal stockholders of the Desktop Metal Merger Agreement proposal and the approval of Stratasys shareholders of the Stratasys Merger-related proposal; the expiration or termination of the waiting periods applicable to the Merger under the HSR Act; obtaining all required approvals under antitrust (including, if required, from the Competition and Markets Authority of the United

TABLE OF CONTENTS

Kingdom) and foreign direct investment laws of certain jurisdictions (including, to the extent required, Germany and Italy); making certain additional regulatory filings, including with the Committee on Foreign Investment in the United States, or CFIUS, and pursuant to 22 C.F.R. Section 122.4(b) of the International Traffic in Arms Regulations; approval for listing on Nasdaq the Stratasys ordinary shares to be issued pursuant to the Merger Agreement; the effectiveness of the registration statement on Form F-4 of which this joint proxy statement/prospectus forms a part and the absence of a stop order or proceedings seeking a stop order; absence of any order, injunction (temporary or permanent) or decree or other similar legal restraint issued by any court or governmental entity of competent jurisdiction enjoining, preventing, prohibiting or making illegal the consummation of the Merger; the truth and correctness of the representations and warranties of the parties to the Merger Agreement (subject to certain materiality qualifiers); the performance or compliance in all material respects by each party with the obligations and covenants required to be performed or complied with by it under the Merger Agreement at or prior to the closing date; and the receipt by each party of a certificate signed on behalf of the Chief Executive Officer or the Chief Financial Officer of the other party certifying as to certain matters. There can be no assurance as to when these conditions will be satisfied or waived, if at all, or that other events will not intervene to delay or result in the failure to complete the transaction. No assurance can be given that the required stockholder, shareholder, governmental and regulatory consents and approvals will be obtained or that the required conditions to closing will be satisfied, and, even if all such consents and approvals are obtained and the conditions are satisfied, no assurance can be given as to the terms, conditions and timing of such consents, orders and approvals. For example, these consents, orders and approvals may impose burdensome conditions on or require divestitures relating to the divisions, operations or assets of Stratasys or Desktop Metal or may impose requirements, limitations or costs or place restrictions on the conduct of Stratasys' or Desktop Metal's businesses. Any delay in completing the Merger could cause the combined company not to realize, or to be delayed in realizing, some or all of the benefits that Stratasys and Desktop Metal expect to achieve if the Merger is successfully completed within its expected time frame. For more information, see the sections entitled "**The Merger Agreement—Reasonable Best Efforts and Regulatory Approvals**" and "**The Merger Agreement—Conditions to Completion of the Merger.**"

The Merger is subject to U.S. foreign investment regulations, which may result in conditions that are not presently anticipated or cannot be met or prevent or delay the consummation of the Merger. Such conditions or limitations could also potentially make Stratasys ordinary shares less attractive to investors or cause the combined company's future investments to be subject to U.S. foreign investment regulations.

Investments that involve the acquisition of, or investment in, a U.S. business by a non-U.S. investor may be subject to U.S. laws that regulate foreign investments in U.S. businesses and access by foreign persons to technology developed and produced in the United States. These laws include Section 721 of the Defense Production Act of 1950, as amended by the Foreign Investment Risk Review Modernization Act of 2018, and the regulations at 31 C.F.R. Parts 800 and 802, as amended, administered by CFIUS.

Whether CFIUS has jurisdiction to review an acquisition or investment transaction depends on, among other factors, the nature and structure of the transaction, including the level of beneficial ownership interest and the nature of any information or governance rights involved. For example, investments that result in "control" of a "U.S. business" by a "foreign person" (in each case, as such terms are defined in 31 C.F.R. Part 800) always are subject to CFIUS jurisdiction. Significant CFIUS reform legislation, which was fully implemented through regulations that became effective in 2020, expanded the scope of CFIUS' jurisdiction to investments that do not result in control of a U.S. business by a foreign person, but afford certain foreign investors certain information or governance rights in a U.S. business that has a nexus to "critical technologies," "covered investment critical infrastructure", and/or "sensitive personal data" (in each case, as such terms are defined in 31 C.F.R. Part 800).

CFIUS will review the Merger and could choose to review past or proposed transactions involving new or existing foreign investors in Stratasys or Desktop Metal. Any review and approval of an investment or transaction by CFIUS may have outsized impacts on transaction certainty, timing, feasibility, and cost, among other things. CFIUS policies and agency practices are rapidly evolving, and there can be no assurances that conditions imposed by CFIUS will be acceptable to the parties to the Merger or their respective investors. Among other things, CFIUS could seek to impose limitations or restrictions on, or prohibit, investments by foreign investors (including, but not limited to, limits on purchasing ordinary shares issued in the Merger, limits on information sharing with such investors, requiring a voting trust, governance modifications, or forced divestiture).

TABLE OF CONTENTS

Failure to complete the Merger could have material and adverse effects on Stratasys and Desktop Metal.

If the Merger is not completed on a timely basis, or at all, for any reason, including as a result of Stratasys shareholders failing to approve the Stratasys Merger-related proposal, including the share issuance, or Desktop Metal stockholders failing to adopt the Merger Agreement, Stratasys' and Desktop Metal's respective share and stock prices could be adversely affected, their respective ongoing businesses may be adversely affected and, without realizing any of the benefits of having completed the Merger, Stratasys and Desktop Metal would be subject to a number of risks, including the following:

- Each of Stratasys and Desktop Metal will be required to pay its respective expenses relating to the Merger, such as certain legal, accounting, financial advisory and printing fees, whether or not the Merger is completed;
- time and resources committed by Stratasys' and Desktop Metal's respective management teams to matters relating to the Merger (including integration planning) could otherwise have been devoted to their existing businesses and the pursuit of other opportunities that may have been beneficial to Stratasys or Desktop Metal, as applicable;
- the market prices of Stratasys ordinary shares or Desktop Metal Class A common stock could decline to the extent that the current market price reflects a market assumption that the Merger will be completed;
- Stratasys may face renewed hostile takeover pressure from Nano Dimension, whether via (i) a new tender offer that is similar to the recently-expired hostile Nano Tender Offer pursuant to which Nano Dimension sought to increase its holdings of Stratasys ordinary shares to approximately 46-51% of the outstanding Stratasys ordinary shares, (ii) an additional attempt to take control of the Stratasys board of directors, whether by proposing to remove current Stratasys directors and replace them with Nano's own nominees, or otherwise, or (iii) any other means, and may face protracted litigation in relation to such tactics of Nano Dimension;
- Stratasys could face hostile takeover pressure from any other third party, including other competitors in the 3D printing industry or other outside players, which could distract Stratasys from its focus on its business strategies;
- each company may experience negative reactions from its suppliers, customers, distribution channels, business partners, industry contacts and other third parties, which in turn could affect each company's marketing and sales operations or their ability to compete for new business or obtain renewals in the marketplace more broadly;
- either or both companies could experience negative reactions from market analysts, institutional shareholder groups, significant shareholders or others that could have an adverse impact on the trading price of their ordinary shares or common stock, as applicable;
- Stratasys and Desktop Metal may experience negative reactions from employees;
- Stratasys and/or Desktop Metal and/or their respective management teams could be subject to litigation related to any failure to complete the Merger or any enforcement proceeding commenced against Stratasys or Desktop Metal to perform their respective obligations under the Merger Agreement;
- Desktop Metal may be required, in certain circumstances, to pay a termination fee of \$18.6 million or an expense reimbursement in an amount not to exceed \$10.0 million to Stratasys and Merger Sub (see the section entitled "**The Merger Agreement—Termination Fees and Expense Reimbursement**" beginning on page [163](#)); and
- Stratasys may be required, in certain circumstances, to pay a termination fee of \$32.5 million (or \$19 million in certain circumstances) or an expense reimbursement in an amount not to exceed \$10.0 million to Desktop Metal (see the section entitled "**The Merger Agreement—Termination Fees and Expense Reimbursement**" beginning on page [163](#)).

In addition to the above risks, if the Merger Agreement is terminated and either party's board of directors seeks an alternative transaction, such party's shareholder or stockholders, as applicable, cannot be certain that such party will be able to find a party willing to engage in a transaction on more attractive terms than the Merger.

TABLE OF CONTENTS

If Nano's legal challenge to Stratasys' shareholder rights plan is successful, Nano launches and successfully completes an unsolicited tender offer that is similar to the recently expired Nano Tender Offer, or Nano attempts once again and succeeds at removing and replacing Stratasys' or the combined company's directors with its own nominees, that could result in a change of control of Stratasys which could prevent the Merger from being completed or, if the Merger is already complete, could have a material adverse impact on shareholders' investment in the combined company.

Stratasys is currently subject to litigation in Israel initiated by Nano in which Nano is challenging the validity, under Israeli law, of Stratasys' shareholder rights plan. The Israeli courts have not previously ruled on the legality of a shareholder rights plan or so-called "poison pill" under the Israeli Companies Law. On July 18, 2023, in the context of an interim procedural decision, the court expressed its preliminary view that: it is inclined to rule that rights plans are permissible under Israeli law; the adoption of a rights plan by a board should be viewed "with suspicion"; a board bears the burden of proving that it was informed, that it acted in good faith, that experts were consulted, and that it considered the interests of the company and its shareholders, rather than acting for the sake of entrenching itself, when adopting a shareholder rights plan. While this interim ruling opens the way for a potential final court ruling that Stratasys' shareholder rights plan was valid and validly adopted, there can be no assurance that the Israeli court will determine that the Stratasys board of directors actually met the requisite burden of proof for upholding such validity.

In addition to its legal challenge to Stratasys' shareholder rights plan, Nano may also launch, in the future, a hostile tender offer that may be similar to the Nano Tender Offer that it launched on May 25, 2023 and that expired on July 31, 2023, pursuant to which it may seek to acquire Stratasys ordinary shares which, together with any Stratasys ordinary shares that it already owns, may represent a majority or, even if less than a majority, a significant percentage of the outstanding Stratasys ordinary shares.

Nano may also utilize its rights pursuant to the provisions of the Israeli Companies Law to demand, as a greater-than 5% shareholder, to call an extraordinary general meeting of shareholders at which the removal of some or all of Stratasys' then-incumbent directors and the election of Nano's nominees in their stead would be on the agenda. The relevant majority for approval of any such proposal would be an ordinary majority of shares represented in person or by proxy and voting at a general meeting, without excluding the shares of interested shareholders. If Nano were to hold a substantial portion of Stratasys or ordinary shares of the combined company when doing so, Nano's votes in favor of such a proposal would give it an advantage in having the proposal approved.

To the extent that the Israeli court invalidates Stratasys' shareholder rights plan, declares or provides any further remedies to Nano that facilitate, and thereby allow, Nano to launch a new tender offer that is similar to the expired Nano Tender Offer, that may result in Nano having another opportunity to attempt to become a majority or significant shareholder of Stratasys or the combined company, Nano would then have significant ability to impact the operations of Stratasys or the combined company. Similarly, if Nano succeeds in the future in replacing any of Stratasys' or the combined company's directors, that would also give it significant influence over the management and policies of Stratasys or the combined company. Either or both of those outcomes would enable Nano to influence the operations of Stratasys or the combined company for its own interests, which may be to the detriment of Stratasys' or the combined company's public/minority shareholders. Nano could use its voting power, whether as a substantial (or even controlling) shareholder or on the Stratasys board, to vote against or otherwise prevent the completion of the Merger, or, if the Merger is already complete, to significantly influence the policies of the combined company in a manner that benefits Nano and adversely impacts the combined company and its results of operations in a material way. Nano's possession of a substantial or controlling interest in Stratasys or the combined company could also adversely impact trading in Stratasys' or the combined company's ordinary shares and liquidity for Stratasys' or the combined company's public/minority shareholders, potentially causing a decline in the value of public shareholders' investment in Stratasys and/or the combined company.

Until the completion of the Merger or the termination of the Merger Agreement in accordance with its terms, Stratasys and Desktop Metal are each prohibited from entering into certain transactions and taking certain actions that might otherwise be beneficial to Stratasys or Desktop Metal and their respective shareholders or stockholders.

After the date of the Merger Agreement and prior to the effective time, the Merger Agreement restricts Stratasys and Desktop Metal from taking specified actions without the consent of the other party (which consent may not be unreasonably withheld or delayed) and requires that the business of each company and its respective subsidiaries be conducted in the ordinary course consistent with past practice in all material respects. These restrictions may prevent Stratasys or Desktop Metal from making appropriate changes to their respective businesses or organizational

TABLE OF CONTENTS

structures or from pursuing attractive business opportunities that may arise prior to the completion of the Merger and could have the effect of delaying or preventing other strategic transactions. Adverse effects arising from the pendency of the Merger could be exacerbated by any delays in consummation of the Merger or termination of the Merger Agreement. See the section entitled “**The Merger Agreement—Conduct of Business Prior to the Effective Time**” beginning on page [148](#).

The Merger, and uncertainty regarding the Merger, may cause customers, suppliers or strategic partners to delay or defer decisions concerning Stratasy's and/or Desktop Metal, which could adversely affect each company's ability to effectively manage its respective businesses.

The Merger will happen only if certain conditions are met including, among other conditions, the approval of the Merger Agreement proposal by Desktop Metal stockholders, the approval of the Stratasy's Merger-related proposal by Stratasy's shareholders and the receipt of regulatory approvals. Many of the conditions are outside the control of Stratasy's and/or Desktop Metal, and both parties also have certain rights to terminate the Merger Agreement. Accordingly, there may be uncertainty regarding the completion of the Merger. This uncertainty may cause customers, suppliers, vendors, strategic partners or others that deal with Stratasy's and/or Desktop Metal to delay or defer entering into contracts with Stratasy's and/or Desktop Metal or making other decisions concerning Stratasy's and/or Desktop Metal or seek to change or cancel existing business relationships with Stratasy's and/or Desktop Metal, which could negatively affect Stratasy's' and Desktop Metal's respective businesses. Any delay or deferral of those decisions or changes in existing agreements could have a material adverse effect on the respective businesses of Stratasy's and Desktop Metal, regardless of whether the Merger is ultimately completed.

Failure to attract, motivate and retain executives and other key employees could diminish the anticipated benefits of the Merger.

The success of the Merger will depend in part on the retention of personnel critical to the business and operations of the combined company due to, for example, their technical skills or management expertise. Competition for qualified personnel can be intense.

Current and prospective employees of Stratasy's and Desktop Metal may experience uncertainty about their future role with Stratasy's and Desktop Metal until strategies with regard to these employees are announced or executed, which may impair Stratasy's' and Desktop Metal's ability to attract, retain and motivate key management, technical, business development, operational and customer-facing employees and other personnel prior to and following the Merger. If Stratasy's and Desktop Metal are unable to retain personnel, Stratasy's and Desktop Metal could face disruptions in their operations, loss of existing customers, loss of key information, expertise or know-how, and unanticipated additional recruitment and training costs. In addition, the loss of key personnel could diminish the anticipated benefits of the Merger.

If key employees of Stratasy's or Desktop Metal depart, the integration of the companies may be more difficult and the combined company's business following the Merger may be harmed. Furthermore, the combined company may have to incur significant costs in identifying, hiring and retaining replacements for departing employees and may lose significant expertise and talent relating to the business of each of Stratasy's or Desktop Metal, and the combined company's ability to realize the anticipated benefits of the Merger may be adversely affected. In addition, there could be disruptions to or distractions for the workforce and management associated with activities of labor unions or integrating employees into the combined company. Accordingly, no assurance can be given that the combined company will be able to attract or retain key employees of Stratasy's and Desktop Metal to the same extent that those companies have been able to attract or retain their own employees in the past.

The directors and executive officers of Stratasy's and Desktop Metal have interests and arrangements that may be different from, or in addition to, the interests of Stratasy's shareholders and Desktop Metal stockholders generally.

When considering the recommendations of the boards of directors of Stratasy's or Desktop Metal, as applicable, with respect to the proposals described in this joint proxy statement/prospectus, Stratasy's shareholders and Desktop Metal stockholders should be aware that certain of the directors and executive officers of each of Stratasy's and Desktop Metal may have interests in the Merger and have arrangements that are different from, or in addition to, those of Stratasy's shareholders and Desktop Metal stockholders generally. These interests and arrangements may create potential conflicts of interest.

With respect to certain directors and executive officers of Stratasy's, these interests and arrangements include the continued employment of such executive officers by Stratasy's after the Merger and the continued service of certain of such

TABLE OF CONTENTS

directors on the board of directors of Stratasys after the Merger. The Stratasys board of directors was aware of these interests and considered these interests, among other matters, when it approved and declared advisable the Merger Agreement and the transactions contemplated thereby on the terms and subject to the conditions set forth in the Merger Agreement and recommended that Stratasys shareholders approve the issuance of the Stratasys ordinary shares to the shareholders of Desktop Metal stockholders as consideration in the Merger pursuant to the terms of the Merger Agreement. The interests of certain of Stratasys' directors and executive officers are described in more detail in the section entitled "**Interests of Stratasys' Directors and Executive Officers in the Merger**" beginning on page [180](#).

With respect to directors and executive directors of Desktop Metal, these interests and arrangements include the continued employment of certain executive officers by the combined company, the appointment of certain Desktop Metal directors as directors of the combined company, the treatment in the Merger of outstanding equity, equity-based and incentive awards, severance arrangements, other compensation and benefit arrangements and the right to continued indemnification of former Desktop Metal directors and officers by the combined company. The Desktop Metal board of directors was aware of these interests and considered these interests, among other matters, when it approved and declared advisable the Merger Agreement, the Merger and the transactions contemplated thereby on the terms and subject to the conditions set forth in the Merger Agreement, determined that the Merger Agreement, the Merger and the transactions contemplated by the Merger Agreement were fair to, and in the best interests of, Desktop Metal and Desktop Metal stockholders and recommended that Desktop Metal stockholders adopt the Merger Agreement. The interests of Desktop Metal directors and executive officers are described in more detail in the section entitled "**Interests of Desktop Metal's Directors and Executive Officers in the Merger**" beginning on page [181](#).

Stratasys or Desktop Metal may waive one or more of the closing conditions without re-soliciting shareholder/stockholder approval.

Stratasys or Desktop Metal may determine to waive, in whole or part, one or more of the conditions of its obligations to consummate the Merger. Stratasys and Desktop Metal currently expect to evaluate the materiality of any waiver and its effect on Stratasys shareholders or Desktop Metal stockholders, as applicable, in light of the facts and circumstances at the time to determine whether any amendment of this joint proxy statement/prospectus or any re-solicitation of proxies or voting instruction forms is required in light of such waiver. Any determination whether to waive any condition to the Merger or as to re-soliciting stockholder approval or amending this joint proxy statement/prospectus as a result of a waiver will be made by Stratasys or Desktop Metal, as applicable, at the time of such waiver based on the facts and circumstances as they exist at that time.

The Merger Agreement contains provisions that could discourage a potential competing acquirer that might be willing to pay more to acquire or merge with either Desktop Metal or Stratasys.

The Merger Agreement contains "no shop" provisions that restrict Desktop Metal's or Stratasys' ability to, among other things (each as described under the section entitled "**The Merger Agreement—No Solicitation**" beginning on page [151](#)):

- solicit, initiate, induce, facilitate or knowingly encourage any Acquisition Proposal or any inquiry or proposal that may be reasonably be expected to lead to an Acquisition Proposal;
- enter into, participate in, maintain or continue any communications or negotiations regarding, or deliver or make available any non-public information with respect to, or take any other action regarding, any actual or potential Acquisition Proposal;
- take any action to make the provisions of any takeover statute (including, with respect to Desktop Metal, any transaction under, or a third party becoming an "interested stockholder" under, Section 203 of the Delaware General Corporation Law), or any restrictive provision of any applicable anti-takeover provision in the applicable party's governing documents, inapplicable to any transactions contemplated by an Acquisition Proposal;
- make any third party acquirer exempt from the definition of an acquiring person in the applicable party's rights plan or redeem or waive any provision in such rights plan;
- agree to, accept, approve, endorse or recommend (or publicly propose or announce any intention or desire to agree to, accept, approve, endorse or recommend) any Acquisition Proposal; or

TABLE OF CONTENTS

- enter into any letter of intent or any other contract, agreement, commitment or other written arrangement contemplating or otherwise relating to any Acquisition Proposal; or
- resolve, propose or agree to do any of the foregoing.

Furthermore, there are only limited exceptions to the requirement under the Merger Agreement that neither Desktop Metal's or Stratasys' board of directors effect a change in recommendation (as defined in the section entitled "**The Merger Agreement—Representations and Warranties**" beginning on page 146). Although each party's board of directors is permitted to effect a change of recommendation, after complying with certain procedures set forth in the Merger Agreement, in response to an Acquisition Proposal if it determines in good faith judgment, after consulting with its outside financial advisor and outside legal counsel, that such Acquisition Proposal constitutes a Superior Proposal, its doing so would entitle the other party to terminate the Merger Agreement and collect a termination fee. For more information, see the sections titled "**The Merger Agreement—Termination of the Merger Agreement**" beginning on page 161 and "**The Merger Agreement—Termination Fees and Expense Reimbursement**" beginning on page 163.

These provisions could discourage a potential competing acquirer from considering or proposing an acquisition or Merger, even if it were prepared to pay consideration with a higher value than that implied by the Merger consideration, or might result in a potential competing acquirer proposing to pay a lower per share price than it might otherwise have proposed to pay because of the added expense of the termination fee.

Stratasys and Desktop Metal will each incur significant transaction and Merger-related costs in connection with the Merger.

Stratasys and Desktop Metal have incurred and expect to incur a number of non-recurring costs associated with the Merger. These costs and expenses include fees paid to financial, legal and accounting advisors, systems consolidation costs, severance and other potential employment-related costs, including payments that may be made to certain Stratasys executives and certain Desktop Metal executives, filing fees, printing expenses and other related charges. Some of these costs are payable by Stratasys and Desktop Metal regardless of whether the Merger is completed. There are also a large number of processes, policies, procedures, operations, technologies and systems that must be integrated in connection with the Merger and the integration of the two companies' businesses. While both Stratasys and Desktop Metal have assumed that a certain level of expenses would be incurred in connection with the Merger and the other transactions contemplated by the Merger Agreement, there are many factors beyond their control that could affect the total amount or the timing of the integration and implementation expenses.

There may also be additional unanticipated significant costs in connection with the Merger that the combined company may not recoup. These costs and expenses could reduce the realization of efficiencies, strategic benefits and additional income Stratasys and Desktop Metal expect to achieve from the Merger. Although Stratasys and Desktop Metal expect that these benefits will offset the transaction expenses and implementation costs over time, this net benefit may not be achieved in the near term or at all.

The opinions rendered to Stratasys and Desktop Metal by their respective financial advisors will not reflect changes in circumstances between the dates of such opinions and the completion of the Merger.

Stratasys and Desktop Metal have received opinions from their respective financial advisors in connection with the signing of the Merger Agreement but have not obtained, nor will obtain, from their respective financial advisors updated opinions regarding the fairness, from a financial point of view, of the Merger consideration as of the date of this joint proxy statement/prospectus or prior to the completion of the Merger. Changes in the operations and prospects of Desktop Metal or Stratasys, general market and economic conditions and other factors that may be beyond the control of Desktop Metal and Stratasys, and on which Desktop Metal's and Stratasys' financial advisors' opinions were based, may significantly alter the value of Desktop Metal or Stratasys or the prices of the shares of Desktop Metal Class A common stock or the prices of the Stratasys ordinary shares by the time the Merger is completed. The financial advisors' opinions do not speak as of any date other than the respective dates of such opinions. Because Stratasys and Desktop Metal do not currently anticipate asking their respective financial advisors to update their opinions, the opinions will not address the fairness of the Merger consideration or the exchange ratio, as applicable, from a financial point of view at the time the Merger is completed. The Stratasys board of directors' recommendation that Stratasys shareholders vote "**FOR**" the Stratasys Merger-related proposal and each of the other Stratasys proposals and the Desktop Metal board of directors' recommendation that the Desktop Metal stockholders vote "**FOR**" the Desktop Metal Merger Agreement proposal, the Desktop Metal compensation proposal and the Desktop Metal adjournment proposal, however, is made as of the date of this joint proxy statement/prospectus.

The unaudited financial forecasts included in this joint proxy statement/prospectus were prepared based on various assumptions that may not be realized in full, at all, or within projected timeframes, and the combined company’s actual results of operations after the Merger may differ materially and adversely from the unaudited financial forecasts.

The unaudited financial forecasts included in this joint proxy statement/prospectus were provided by Stratasy and/or Desktop Metal to their respective boards of directors and financial advisors in connection with each party’s consideration of the Merger Agreement. Such unaudited financial forecasts were prepared based on assumptions regarding future revenues, operating cash flows, expenditures, income and other variables that may not be realized in full, at all, or within projected timeframes and the combined company’s actual results may differ materially and adversely from the unaudited financial forecasts. The unaudited financial forecasts were not prepared with a view toward public disclosure. The unaudited pro forma condensed combined financial information included in this document is presented for illustrative purposes only and should not be considered to be an indication of the results of operations or financial condition had Stratasy and Desktop Metal operated as a combined entity during the periods presented or of the combined company following completion of the Merger.

The unaudited pro forma condensed combined financial information included in this joint proxy statement/prospectus has been prepared using the consolidated historical financial statements of Stratasy and Desktop Metal, is presented for illustrative purposes only, and should not be considered to be an indication of the results of operations or financial condition of the combined company following the Merger and the other transactions contemplated by the Merger Agreement (which, together with the Merger, are referred to collectively as the transactions). In addition, the pro forma financial information included in this joint proxy statement/prospectus is based in part on certain assumptions regarding the transactions. These assumptions may not prove to be accurate, and other factors may affect the combined company’s results of operations or financial condition following the completion of the transactions. Accordingly, the historical and pro forma financial information included in this joint proxy statement/prospectus does not necessarily represent the combined company’s results of operations and financial condition had Stratasy and Desktop Metal operated as a combined entity during the periods presented, or of the combined company’s results of operations and financial condition following completion of the transactions. The combined company’s potential for future business success and operating profitability must be considered in light of the risks, uncertainties, expenses and difficulties typically encountered by recently combined companies. Third parties may terminate or alter existing contracts or relationships with Desktop Metal.

Desktop Metal has contracts with customers, suppliers, vendors, landlords, licensors and other business partners which may require Desktop Metal to obtain consent from such counterparties in connection with the Merger. If these consents cannot be obtained, the combined company may suffer a loss of potential future revenue and may lose rights that are material to its business and the business of the combined company. In addition, third parties with whom Desktop Metal currently has relationships may terminate or otherwise reduce the scope of their relationship with Desktop Metal in anticipation of the Merger. Any such disruptions could limit the combined company’s ability to achieve the anticipated benefits of the Merger. The adverse effect of such disruptions could also be exacerbated by a delay in the completion of the Merger or the termination of the Merger Agreement.

TABLE OF CONTENTS

Stratasys and Desktop Metal are targets of shareholder lawsuits which could result in substantial costs and may delay or prevent the Merger from being completed.

Shareholder lawsuits are often brought against public companies that have entered into merger agreements, and each of Stratasys and Desktop Metal has been named in shareholder lawsuits in connection with the Merger and their respective shareholder rights plans. In addition, Stratasys has been subject to litigation filed by Nano Dimension related to the recently-expired Nano Tender Offer and the validity of Stratasys' existing shareholder rights plan. As the validity of shareholders' rights plans is a matter of first impression in Israeli courts, it is difficult to predict the Israeli courts' ruling in response to a challenge of the plan's validity, and there is therefore no assurance that Stratasys' existing shareholder rights plan will be triggered in response to a potential future tender offer by Nano that may be similar to the recently-expired Nano Tender Offer. While an interim Israeli court ruling on July 18, 2023 opens the way for a potential final court ruling that Stratasys' shareholder rights plan was valid and validly adopted, there can be no assurance that the Israeli court will determine that the Stratasys board of directors actually met the requisite burden of proof for upholding such validity. Even if any of the foregoing lawsuits are determined to be without merit, defending against these claims can result in substantial costs and divert management time and resources. Additional lawsuits filed in connection with the Merger against Stratasys, Desktop Metal, Merger Sub and/or their respective directors and officers could prevent or delay the consummation of the Merger, including through an injunction, and result in additional costs to Stratasys and Desktop Metal. In addition, the costs of defending against the litigation, even if resolved in Stratasys' or Desktop Metal's favor, could be substantial, and such litigation could distract Stratasys or Desktop Metal from its focus on consummation of the Merger. An adverse ruling in any such litigation may cause the Merger to be delayed or not to be completed, which could cause Stratasys and Desktop Metal not to realize some or all of the anticipated benefits of the Merger. The results, defense or settlement of any lawsuit or claim that remains unresolved at the time the Merger is consummated may cause financial and other damage and may adversely affect the combined company's business, financial condition, results of operations and cash flows. Stratasys and Desktop Metal cannot currently predict the outcome of or reasonably estimate the possible loss or range of loss from any lawsuits or claims.

For information with respect to the foregoing lawsuits and any other existing lawsuits relating to the Merger and Nano Tender Offer, see the section entitled "**The Merger—Litigation Relating to the Merger**" beginning on page [141](#). Additional lawsuits may be filed in connection with the Merger and the Nano Tender Offer in the future.

The Stratasys ordinary shares to be received by Desktop Metal stockholders as a result of the Merger will have rights different from the Desktop Metal Class A common stock.

Upon consummation of the Merger, the rights of Desktop Metal stockholders, who will become shareholders of Stratasys, will be governed by Stratasys' amended and restated articles of association. The rights associated with Desktop Metal Class A common stock are different from the rights associated with Stratasys ordinary shares. See the section entitled "**Comparison of Stockholders'/Shareholders' Rights**" beginning on page [201](#) for a discussion of these differences.

Certain Desktop Metal stockholders have agreed to vote in favor of the adoption of the Merger Agreement, regardless of how Desktop Metal's public stockholders vote. As a result, approximately 19% of the Desktop Metal voting securities outstanding will be contractually obligated to vote in favor of the Merger, subject to the terms and conditions of each person's respective voting and support agreement.

As an inducement to Stratasys entering into the Merger Agreement, on May 25, 2023, (a) Ric Fulop, Desktop Metal's Chief Executive Officer, (b) KPCB Holdings, Inc., as nominee, Kleiner Perkins Caufield & Byers XVI, LLC, KPCB XVI Founders Fund, LLC, Kleiner Perkins Caufield & Byers XVII, LLC and KPCB XVII Founders Fund, LLC (collectively, "KPCB"), (c) Khaki Campbell Trust, (d) Bluebird Trust, (e) Jonah Myerberg, (f) Audra Myerberg, (g) Wen Hsieh and (h) Red Tailed Hawk Trust, who collectively beneficially own shares representing approximately 19% of the voting power of Desktop Metal, entered into voting and support agreements pursuant to which each has agreed to vote its shares in favor of the Merger. Accordingly, there is a higher likelihood that the necessary Desktop Metal stockholder approval of the Merger will be received regardless of how the remaining stockholders cast their votes, which could cause the Desktop Metal proposals to be approved even if they are not in the best interest of Desktop Metal's public stockholders.

Attempts for a hostile takeover that are similar to the recently expired Nano Tender Offer, or other shareholder activism, may negatively affect Stratasys' business.

In recent years, shareholder activism has increased across public companies. Specifically, shareholder activists have proposed changes in the governance, strategic direction and operations of different public companies. While

TABLE OF CONTENTS

shareholders' activism might be, in certain cases, an efficient course of action taken by financial investors in order to enhance market efficiency and financial performance, other shareholders might have hostile intentions towards a company and may provoke actions which are intended to damage its business and reputation.

Shareholder activism in general, and hostile takeover attempts in particular, including proxy contests and tender offers, divert management's and the Board's attention and resources from the business and may (1) give rise to perceived uncertainties as to Stratasys' future direction, (2) result in the loss of potential business opportunities, (3) limit its ability to raise funds, (4) make it more difficult to attract and retain qualified personnel for positions, and (5) impair Stratasys' brand and reputation, any of which may materially and adversely affect its business, financial condition and results of operations.

Stratasys may also be required to incur significant expenses, including legal fees, related to such hostile takeovers, or shareholder activism matters. Further, Stratasys' share price could be subject to significant fluctuations or otherwise be adversely affected by the events, risks and uncertainties associated with any shareholder activism in general, and hostile takeover attempts, in particular.

For additional information on the recently-expired Nano Tender Offer and certain other actions taken by Nano with respect to Stratasys, see the section entitled "**The Merger Agreement—Background of the Merger**" beginning on page [90](#).

The Merger may be a taxable transaction for U.S. federal income tax purposes to U.S. holders of Desktop Metal Class A Common Stock.

Subject to the limitations and qualifications described in the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger**" below, it is intended that the Merger shall qualify for the Intended U.S. Tax Treatment. However, if the Merger does not qualify for the Intended U.S. Tax Treatment (and does not otherwise qualify for tax-deferred treatment under another Section of the Code), the Merger would be a taxable transaction to U.S. holders (as defined below under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders**") of Desktop Metal Class a common stock. The closing of the Merger is not conditioned upon the receipt of an opinion of counsel or a ruling from the IRS regarding the U.S. federal income tax treatment of the Merger, and no opinion of counsel or ruling from the IRS will be requested regarding such treatment. Accordingly, there can be no assurance that the IRS will not challenge the qualification of the Merger for the Intended U.S. Tax Treatment or that a court will not sustain such a challenge by the IRS.

In addition, Section 367(a) of the Code generally requires a U.S. holder of securities in a U.S. corporation to recognize gain (but not loss) when such securities are exchanged for stock or securities of a non-U.S. corporation in an exchange that would otherwise qualify for tax-deferred treatment unless certain conditions are met. One such condition is that the fair market value of Stratasys equals or exceeds the fair market value of Desktop Metal, as specifically determined for purposes of Section 367(a) of the Code, as of the closing of the Merger (the "fair market value requirement"). Determining the value of Stratasys and Desktop Metal for purposes of the fair market value requirement may require certain adjustments to be made on account of transactions occurring at, before or in connection with the Merger. For example, acquisitions by Stratasys made outside of the ordinary course of business during the 36 months preceding the Merger will be disregarded for purposes of the fair market value requirement unless such acquisitions either (i) consist of interests in certain foreign corporations or partnerships or (ii) do not consist of assets (or, as applicable, the proceeds thereof) that at the time of the Merger produce, or are held for the production of, passive income (as defined in the Treasury Regulations) and are not undertaken with a principal purpose of satisfying the fair market value requirement. In addition, under Treasury Regulations, for purposes of determining the fair market value of Desktop Metal, certain distributions made by (or deemed to be made by) Desktop Metal during the 36 months preceding the Merger (including certain repurchases of Desktop Metal shares, in connection with the Merger or otherwise, that are considered to be made prior to the relevant calculation time), would generally be added back to the value of Desktop Metal. At this time, there is significant uncertainty as to whether all of the conditions required to qualify for an exception to Section 367(a) of the Code will be met, in particular the fair market value requirement. In addition, whether the fair market value requirement is met cannot be known until following the closing of the Merger. U.S. holders are cautioned that the application of Section 367(a) of the Code to the Merger is complex and depends on factors that cannot be determined until following the closing of the Merger, as well as the interpretation of legal authorities which are not entirely clear and subject to change.

TABLE OF CONTENTS

Additionally, there is limited guidance regarding the application of these requirements to facts similar to the Merger. Accordingly, there can be no assurance that the IRS will not take the position that Section 367(a) of the Code applies to cause U.S. holders to recognize gain (but not loss) as a result of the Merger or that a court will not agree with such a position of the IRS in the event of litigation.

The requirements for U.S. federal income tax deferral under the Intended U.S. Tax Treatment, and the consequences of Section 367(a) of the Code, for U.S. holders are discussed in more detail under the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders—The Merger.**” Such requirements are highly complex and subject to uncertainty. If you are a U.S. holder exchanging Desktop Metal Class a common stock in the Merger, you are urged to consult your tax advisor to determine the tax consequences thereof.

The IRS may not agree that Stratasys (i) should be treated as a non-U.S. corporation for U.S. federal income tax purposes or (ii) should not be treated as a “surrogate foreign corporation.”

A corporation is generally considered for U.S. federal income tax purposes to be a tax resident in the jurisdiction of its organization or incorporation. Accordingly, under the generally applicable U.S. federal income tax rules, Stratasys, which is incorporated under the laws of Israel, would be classified as a non-U.S. corporation (and, therefore, not a U.S. tax resident) for U.S. federal income tax purposes. Section 7874 of the Code provides an exception to this general rule under which a non-U.S. incorporated entity may, in certain circumstances, be treated as a U.S. corporation for U.S. federal income tax purposes. If Stratasys were to be treated as a U.S. corporation for U.S. federal income tax purposes, it would be liable for U.S. federal income tax on its income in the same manner as any other U.S. corporation, and the gross amount of any dividend payments to its non-U.S. holders (as defined in the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—Non-U.S. Holders**”) could be subject to U.S. withholding tax, depending on the application of any applicable income tax treaty that may apply to reduce such withholding taxes.

As more fully described in the section entitled “**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Federal Income Tax Treatment of Stratasys—Tax Residence of Stratasys for U.S. Federal Income Tax Purposes,**” Stratasys does not currently expect to be treated as a U.S. corporation for U.S. federal income tax purposes. However, the rules for determining ownership under Section 7874 of the Code are complex and subject to detailed rules and regulations (the application of which is uncertain in various respects and could be impacted by changes to applicable rules and regulations under U.S. federal income tax laws, with possible retroactive effect). In addition, whether the requirements for such treatment have been satisfied must be finally determined at the completion of the Merger, by which time there could be adverse changes to the relevant facts and circumstances. Accordingly, there can be no assurance that the IRS would not assert that Stratasys should be treated as a U.S. corporation for U.S. federal income tax purposes or that such an assertion would not be sustained by a court in the event of litigation.

If the IRS were to successfully challenge under Section 7874 of the Code Stratasys’ status as a non-U.S. corporation for U.S. federal income tax purposes, Stratasys and certain Stratasys shareholders may be subject to significant adverse tax consequences, including a higher effective corporate income tax rate on Stratasys and future withholding taxes on certain Stratasys shareholders, depending on the application of any applicable income tax treaty that may apply to reduce such withholding taxes.

In addition, even if Stratasys is not treated as a U.S. corporation pursuant to Section 7874 of the Code, Stratasys and certain of Stratasys’ affiliates and shareholders may be subject to unfavorable treatment as a “surrogate foreign corporation” in the event that ownership attributable to former Desktop Metal shareholders exceeds a threshold amount. If it were determined that Stratasys is treated as a surrogate foreign corporation for U.S. federal income tax purposes under Section 7874 of the Code, Stratasys and certain of Stratasys’ affiliates and shareholders may be subject to adverse tax consequences including, but not limited to, restrictions on the use of tax attributes with respect to “inversion gain” recognized over a 10-year period following the transaction, disqualification of dividends paid by Stratasys from preferential “qualified dividend income” rates, and the requirement that any U.S. corporation owned by Stratasys (including Desktop Metal and its subsidiaries) include as “base erosion payments” that may be subject to a minimum U.S. federal income tax any amounts that are treated as reductions in gross income if paid to certain related foreign persons. Furthermore, certain “disqualified individuals” (including officers and directors of Desktop Metal) may be subject to an excise tax on certain stock-based compensation, currently at a rate of 20%.

TABLE OF CONTENTS

Section 7874 of the Code and the Treasury Regulations promulgated thereunder are highly complex and subject to uncertainty and change. All holders are urged to consult their tax advisors regarding the application of Section 7874 of the Code and the Treasury Regulations promulgated thereunder to the Merger.

Risks Relating to the Combined Company after Completion of the Merger

Combining the businesses of Stratasy and Desktop Metal may be more difficult, costly or time-consuming than expected and the combined company may fail to realize the anticipated benefits of the Merger, which may adversely affect the combined company's business results and negatively affect the market price of the ordinary shares of the combined company following the Merger.

The success of the Merger will depend on, among other things, the ability of Stratasy and Desktop Metal to combine their businesses in a manner that facilitates growth opportunities and realizes cost savings. Stratasy and Desktop Metal have entered into the Merger Agreement because each believes that the Merger and the other transactions contemplated by the Merger Agreement are fair to and in the best interests of its shareholders or stockholders, respectively, and that combining the businesses of Stratasy and Desktop Metal will produce benefits and cost savings.

If the combined company is not able to successfully achieve these objectives, the anticipated benefits of the Merger may not be realized fully, or at all, or may take longer to realize than expected.

Inability to realize the full extent of the anticipated benefits of the Merger and the other transactions contemplated by the Merger Agreement, as well as any delays encountered in the integration process, could have an adverse effect upon the revenues, level of expenses and operating results of the combined company, which may adversely affect the value of the ordinary shares of the combined company after the completion of the Merger.

In addition, the actual integration may result in additional and unforeseen expenses, and the anticipated benefits of the integration plan may not be realized. Actual growth and cost savings, if achieved, may be lower than what Stratasy and Desktop Metal expect and may take longer to achieve than anticipated. If Stratasy and Desktop Metal are not able to adequately address integration challenges, they may be unable to successfully integrate their operations or realize the anticipated benefits of the integration of the two companies.

The failure to integrate successfully the businesses and operations of Stratasy and Desktop Metal in the expected time frame may adversely affect the combined company's future results.

Stratasy and Desktop Metal have operated and, until the completion of the Merger, will continue to operate independently. There can be no assurances that their businesses can be integrated successfully. It is possible that the integration process could result in the loss of key Stratasy employees or key Desktop Metal employees, the loss of customers, the disruption of either company's or both companies' ongoing businesses, inconsistencies in standards, controls, procedures and policies, unexpected integration issues, higher than expected integration costs and an overall post-completion integration process that takes longer than originally anticipated. In addition, due to the integration process, customers may be slow to award new business to the combined company or may not award new business to the combined company at all. Specifically, the following issues, among others, must be addressed in integrating the operations of Stratasy and Desktop Metal in order to realize the anticipated benefits of the Merger so the combined company performs as expected:

- combining the companies' operations and corporate functions;
- combining the businesses of Stratasy and Desktop Metal and meeting the capital requirements of the combined company, in a manner that permits the combined company to achieve the synergies and other benefits anticipated to result from the Merger;
- integrating personnel from the two companies;
- integrating the companies' technologies, systems and processes;
- integrating and unifying the offerings and services available to customers;
- identifying and eliminating redundant and underperforming functions and assets;
- harmonizing the companies' operating practices, employee development and compensation programs, internal controls and other policies, procedures and processes;

TABLE OF CONTENTS

- maintaining existing agreements with customers, distributors, providers and vendors and avoiding delays in entering into new agreements with prospective customers, distributors, providers and vendors;
- addressing possible differences in business backgrounds, corporate cultures and management philosophies;
- consolidating the companies' administrative and information technology infrastructure;
- coordinating distribution and sales and marketing efforts;
- coordinating geographically dispersed organizations; and
- effecting actions that may be required in connection with obtaining regulatory approvals.

In addition, at times the attention of certain members of either company's or both companies' management and resources may be focused on completion of the Merger and the integration of the businesses of the two companies and diverted from day-to-day business operations, which may disrupt each company's ongoing business and the business of the combined company.

Furthermore, the board of directors and executive leadership of the combined company will consist of former directors and executive officers from each of Stratasys and Desktop Metal. Combining the boards of directors and management teams of each company into a single board of directors and a single management team could require the reconciliation of differing priorities and philosophies.

Stratasys may be unable to realize anticipated cost and tax synergies and expects to incur substantial expenses related to the Merger.

Stratasys' ability to achieve estimated cost and tax synergies in the expected timeframe, or at all, is subject to various assumptions by Stratasys' management, which may or may not prove to be accurate, as well as the incurrence of costs in Stratasys' operations that offset all or a portion of such cost synergies. As a consequence, Stratasys may not be able to realize all of these cost and tax synergies within the timeframe expected or at all. In addition, Stratasys may incur additional or unexpected costs in order to realize these cost and tax synergies. Stratasys' ability to realize tax synergies is subject to uncertainties. See "**The IRS may not agree that Stratasys (i) should be treated as a non-U.S. corporation for U.S. federal income tax purposes or (ii) should not be treated as a 'surrogate foreign corporation.'**" Failure to achieve the expected cost and tax synergies could significantly reduce the expected benefits associated with the Merger. In addition, Stratasys has incurred and will incur substantial expenses in connection with completion of the Merger, including the costs and expenses of preparing and filing the Registration Statement on Form F-4 that contains this joint proxy statement/prospectus with the SEC. Stratasys expects to continue to incur non-recurring costs associated with consummating the Merger, combining the operations of the two companies and achieving the desired cost synergies. These fees and costs have been, and will continue to be, substantial. The substantial majority of nonrecurring expenses will consist of transaction costs related to the Merger and include, among others, fees paid to financial, legal and accounting advisors, employee benefit costs and filing fees. Such costs, as well as other unanticipated costs and expenses, could have a material adverse effect on the financial condition and operating results of Stratasys following the completion of the Merger and many of these costs will be borne by Stratasys even if the Merger is not completed.

The combined company may not be able to retain customers or suppliers, or attract new customers, or existing customers or suppliers may seek to modify contractual obligations with the combined company, which could have an adverse effect on the combined company's business and operations.

As a result of the Merger, the combined company may experience strain in relationships with customers and suppliers that may harm the combined company's business and results of operations. Certain customers or suppliers may seek to terminate or modify contractual obligations following the Merger (whether or not contractual rights are triggered as a result of the Merger) or may decline to award new business to, or renew existing contracts or enter into new long-term agreements with, the combined company. There can be no guarantee that customers and suppliers will remain with or continue to have a relationship with the combined company or do so on the same or similar contractual terms following the Merger or that the combined company will be able to attract new customers. If any of the customers or suppliers seek to terminate or modify contractual obligations or discontinue the relationship with the combined company, or if the combined company is unable to attract new customers, then the combined company's business and results of operations may be harmed.

TABLE OF CONTENTS

Current Stratasys shareholders and Desktop Metal stockholders will each have a reduced ownership and voting interest after the Merger and will exercise less influence over the management of the combined company.

Desktop Metal stockholders currently have the right to vote in the election of the Desktop Metal board of directors and on other matters affecting Desktop Metal, and Stratasys shareholders have the right to vote in the election of the Stratasys board of directors and on other matters affecting Stratasys. Upon completion of the Merger, each Stratasys shareholder and each Desktop Metal stockholder will become a shareholder of the combined company with a percentage ownership of the combined company that is smaller than such shareholder's or stockholder's percentage ownership of Stratasys or Desktop Metal, as applicable, immediately prior to the Merger. As of the date of this joint proxy statement/prospectus, based on the exchange ratio of 0.123 and the estimated number of shares of Desktop Metal Class A common stock and Stratasys ordinary shares that will be outstanding immediately prior to the completion of the Merger, it is expected that, immediately after completion of the transaction, holders of Desktop Metal Class A common stock as of immediately prior to the completion of the Merger, will own, in the aggregate, approximately 41% of the issued and outstanding ordinary shares of the combined company and holders of Stratasys ordinary shares as of immediately prior to the completion of the Merger, will own, in the aggregate, approximately 59% of the issued and outstanding ordinary shares of the combined company. Consequently, current Stratasys shareholders in the aggregate will have less influence over the management and policies of the combined company than they currently have over the management and policies of Stratasys, and Desktop Metal stockholders in the aggregate will have significantly less influence over the management and policies of the combined company than they currently have over the management and policies of Desktop Metal.

If Nano remains a significant shareholder of the combined company even after the Merger is completed, Nano will have a degree of influence over the combined company, and the interests of Nano, as a competitor of the combined company, may not be aligned with those of combined company or its other shareholders.

If Nano is successful in its litigation against Stratasys in connection with Stratasys' shareholder rights plan or otherwise succeeds at launching and completing an additional tender offer or otherwise acquiring additional ordinary shares of Stratasys or the combined company, if the Merger is successfully completed, Nano may continue to hold a substantial interest in the combined company's voting equity. As such, Nano may have a degree of influence over the combined company's business, including decisions regarding mergers, consolidations, the sale of all or substantially all of the combined company's assets, election of directors, declaration of dividends and other significant corporate actions. As a holder of a substantial portion of the combined company's ordinary shares, Nano may have influence over actions that are not in the best interests of the combined company or its other shareholders, particularly due to Nano's status as a competitor of the combined company. The interests of Nano and any of its representatives that may be nominated and elected to the combined company's board of directors may not be aligned with those of the combined company or its shareholders. Prior to the Merger, Stratasys' board of directors, after consultation with its independent financial and legal advisors, unanimously determined that the recently-expired Nano Tender Offer was not in the best interests of Stratasys' shareholders. In reaching its conclusion, the Stratasys board and its advisors reviewed and cited the terms of the tender offer, which they believed were opportunistic, coercive, and highly conditional.

After the Merger is completed, Nano may seek to maximize its own economic well-being at the potential expense of the combined company and its other shareholders. Because Nano operates in the same field as the combined company and is perceived as a competitor of Stratasys currently, there may be corporate opportunities presented to Nano's representatives (if any) on the combined company's board of directors for which those directors would have competing loyalties. If those directors do not prioritize their duty of loyalty to the combined company over their competing loyalties to Nano, the combined company may lose out on key opportunities. If any of the combined company's other shareholders objects to any improper handling of corporate opportunities by Nano's representatives (if any) on the combined company's board of directors and brings a class action against the combined company to recover any profits unrightfully usurped by Nano or its representatives, such a lawsuit may distract the combined company's board and management team, detract from the combined company's business, and have a material adverse effect on the combined company's results of operations and financial condition.

Further, Nano is presently embroiled in an internal litigation between Nano's current management and certain of Nano's shareholders who called into question the legitimacy of the current composition of Nano's board of directors and management team, and consequently, Nano's authority to have attempted the recently-expired Nano Tender Offer. Such dispute remains subject to adjudication in the Israeli courts. If Nano attempts in any way to gain control over the combined company before resolving such internal dispute, then the outcome of that litigation may

TABLE OF CONTENTS

result in a change in Nano's board of directors and/or management team that could impact the manner in which Nano treats its investment in the combined company. That, in turn, could lead to shifts in the market price of the combined company's ordinary shares, which may cause losses for the combined company's other shareholders' investments in the combined company.

If Nano were to launch and successfully complete a future tender offer for shares of the combined company, Nano could then make additional purchases of the combined company's ordinary shares on the open market, increasing its control of the combined company and leaving non-tendering shareholders with limited liquidity options.

Although unsuccessful with the recently-expired Nano Tender Offer, if Nano were to launch and succeed in completing a future tender offer and the Merger is also completed, Nano could then continue to accumulate additional ordinary shares of the combined company on the open market at depressed market prices that do not reflect a control premium, thereby taking advantage of decreasing liquidity options for the combined company's other shareholders as the combined company's public float shrinks.

The reduced public float and weaker market for the combined company's ordinary shares could also hurt the combined company's ability to conduct future financings and Nano's significant interest in the combined company could make it difficult for the combined company to lure attractive investors to finance or acquire the combined company. Even if the combined company manages to raise money in the public capital markets, the terms of any such financings could be less favorable to the combined company, given the substantial holdings of a competitor of the company.

The combined company may be exposed to additional or increased litigation or continued shareholder activism, which could have an adverse effect on the combined company's business and operations.

The combined company may be exposed to continued and or additional litigation from shareholders, customers, suppliers, consumers and other third parties due to the combination of Stratasys' business and Desktop Metal's business as a result of, and following, the Merger, including from Nano, as described above. Shareholder activism, which could take many forms or arise in a variety of situations, (including in the event that Nano remains a substantial shareholder in the combined company, regardless of whether it successfully launches and completes a future tender offer) has been increasing recently and may continue to be carried out with respect to the combined company. Such litigation, or shareholder activism, including but not limited to potential proxy contests and unsolicited tender offers, monetary and other law suits may have an adverse impact on the combined company's business and results of operations or may cause disruptions to the combined company's ordinary course of business. Stratasys and/or Desktop Metal may also be targets of securities class actions and derivative lawsuits in the future. Securities class action lawsuits and derivative lawsuits are often brought against companies that have entered into merger agreements in an effort to enjoin the merger or seek monetary relief from such companies. Even if such lawsuits are without merit, defending against these claims can result in substantial costs and divert management time and resources.

The market price for Stratasys ordinary shares may be affected by factors different from those that historically have affected the market price of shares of Desktop Metal Class A common stock.

Upon completion of the Merger, Desktop Metal stockholders who receive merger consideration will become Stratasys shareholders. Stratasys' and Desktop Metal's businesses differ and, accordingly, the financial position or results of operations and/or cash flows of Stratasys after the Merger, as well as the market price of Stratasys ordinary shares, may be affected by factors that are different from those currently affecting the financial position or results of operations and/or cash flows of Desktop Metal. Following the completion of the Merger, Desktop Metal will be part of a larger company, so decisions affecting Desktop Metal may be made in respect of the larger combined business as a whole rather than the Desktop Metal businesses individually. For a discussion of the businesses of Stratasys and Desktop Metal and of some important factors to consider in connection with those businesses, see the documents incorporated by reference in this joint proxy statement/prospectus and referred to in the section entitled "**Where You Can Find Additional Information**" beginning on page [221](#).

Resales of ordinary shares of the combined company following the Merger may cause the market price of the ordinary shares of the combined company to decline.

Based on the number of shares of Desktop Metal Class A common stock outstanding as of May 24, 2023 and the number of outstanding Desktop Metal equity awards estimated to be payable in Stratasys ordinary shares following the Merger, Stratasys expects to issue up to approximately 43,195,329 Stratasys ordinary shares (including

TABLE OF CONTENTS

shares underlying Desktop Metal RSAs, Desktop Metal RSU Awards and Desktop Metal Options that have not yet vested or that have that not yet been exercised, as applicable) in connection with the Merger. Following their receipt of ordinary shares of the combined company in the Merger, former Desktop Metal stockholders may seek to sell the ordinary shares of the combined company delivered to them, and the Merger Agreement contains no restriction on the ability of former Desktop Metal stockholders to sell such ordinary shares following completion of the Merger. Other combined company shareholders— including Nano, which has publicly announced that it is considering selling its Stratasys ordinary shares— may also seek to sell Stratasys or ordinary shares of the combined company held by them following, or in anticipation of, completion of the Merger. These sales (or the perception that these sales may occur), coupled with the increase in the outstanding number of Stratasys ordinary shares, may adversely affect the market for, and the market price of, Stratasys ordinary shares.

The market price of Stratasys ordinary shares may decline as a result of the transaction.

The market price of Stratasys ordinary shares may decline as a result of the transaction if, among other things, the combined company is unable to achieve its business and financial targets, or if the cost savings estimates in connection with the integration of Stratasys' and Desktop Metal's businesses are not realized or if the transaction costs related to the transaction are greater than expected. The market price also may decline if the combined company does not achieve the perceived benefits of the transaction as rapidly or to the extent anticipated by the market or if the effect of the transaction on the combined company's financial position, results of operations or cash flows is not consistent with the expectations of financial or industry analysts.

Stratasys does not expect to pay any cash dividends for the foreseeable future. Therefore, if its share price does not appreciate, Stratasys shareholders may not recognize a return, and could potentially suffer a loss, on their investment in Stratasys ordinary shares.

Stratasys intends to retain all available funds and any future earnings to fund the development and growth of the combined company. Therefore, Stratasys currently does not expect to declare dividends on Stratasys ordinary shares and has not done so in the past. Any determination to declare or pay dividends in the future will be at the discretion of the Stratasys board of directors, subject to relevant laws and dependent on a number of factors, including Stratasys' earnings, capital requirements and overall financial condition. Therefore, for the foreseeable future, the only opportunity for Desktop Metal stockholders, or Stratasys shareholders, to achieve a return on the Stratasys ordinary shares, including ordinary shares received as Merger consideration, may be if the market price of Stratasys ordinary shares appreciates and shares, including those received as Merger consideration, are sold at a price higher than the implied value of the Merger consideration. The market price for Stratasys ordinary shares may not appreciate and may fall below the implied value of the share consideration.

There may be less publicly available information concerning Stratasys than there is for issuers that are not foreign private issuers (such as Desktop Metal) because Stratasys, as a foreign private issuer, is exempt from a number of rules under the Exchange Act, is permitted to file less information with the SEC than issuers that are not foreign private issuers and is permitted to follow home country practice in lieu of the listing requirements of Nasdaq, subject to certain exceptions.

As a foreign private issuer under the Exchange Act, Stratasys is exempt from certain rules under the Exchange Act, and is not required to file periodic reports and financial statements with the SEC as frequently or as promptly as companies whose securities are registered under the Exchange Act but are not foreign private issuers, or to comply with Regulation FD, which restricts the selective disclosure of material non-public information. In addition, Stratasys is exempt from certain disclosure and procedural requirements applicable to proxy solicitations under Section 14 of the Exchange Act. The members of Stratasys board of directors and Stratasys' officers and principal shareholders are exempt from the reporting and "short-swing" profit recovery provisions of Section 16 of the Exchange Act. Accordingly, there may be less publicly available information concerning Stratasys than there is for companies whose securities are registered under the Exchange Act but are not foreign private issuers, and such information may not be provided as promptly as it is provided by such companies. In addition, certain information may be provided by Stratasys in accordance with Israeli law, which may differ in scope, substance or timing from such disclosure requirements under the Exchange Act.

Furthermore, as a foreign private issuer, Stratasys is also permitted, and intends to continue, to follow certain home country corporate governance practices instead of those otherwise required under the Listing Rules of the Nasdaq Stock Market for domestic U.S. issuers. Stratasys has informed Nasdaq that it follows home country practice

TABLE OF CONTENTS

in Israel with regard to, among other things, the quorum requirements for shareholder meetings (allowing for a 25% instead of a 33 and 1/3% quorum level for shareholder meetings). Following its home country governance practices as opposed to the requirements that would otherwise apply to a United States company listed on The Nasdaq Global Select Market may provide shareholders in the combined company with less protection than they would have as stockholders of Desktop Metal, as a domestic U.S. company.

Stratasys' status as a foreign private issuer is subject to an annual review and test, and will be tested again as of June 30, 2023 (the last business day of its second fiscal quarter of 2023). If it loses its status as a foreign private issuer, Stratasys will no longer be exempt from such rules. Among other things, beginning on January 1, 2024, it would be required to file periodic reports and financial statements on a periodic basis (including both an annual report in respect of 2023 and quarterly reports in respect of each of the quarters of 2024) as if we were a company incorporated in the U.S., which, among other things, would result in increased compliance and reporting costs to the combined company.

Accordingly, if Stratasys remains a foreign private issuer after the Merger, you may not have the same protections afforded to shareholders of companies that are required to comply with all of the Nasdaq corporate governance requirements. See the section entitled **"Governance of the Combined Company after the Merger—Certain exemptions from Nasdaq corporate governance requirements"** beginning on page 140 for a discussion of Stratasys' corporate governance practices that differ from those followed by issuers that are not foreign private issuers under Nasdaq listing standards.

It may be difficult to enforce a U.S. judgment against the combined company and its officers and directors in Israel or the United States, or to serve process on our officers and directors.

The combined company will be organized in Israel. A substantial portion of its officers and directors reside outside of the United States, and a substantial portion of its assets is located outside of the United States. Therefore, a judgment obtained against the combined company or any of its executive officers and directors in the United States, including one based on the civil liability provisions of the U.S. federal securities laws, may not be collectible in the United States and may be difficult to enforce (if at all) by an Israeli court. It also may be difficult for you to effect service of process on these persons in the United States or to assert U.S. securities law claims in original actions instituted in Israel. See **"Enforceability of Civil Liabilities"** on page 216 of this joint proxy statement/prospectus.

Your rights and responsibilities as a shareholder will be governed by Israeli law, which may differ in some respects from the rights and responsibilities of stockholders of U.S. companies.

Stratasys is organized under Israeli law. The rights and responsibilities of the holders of its ordinary shares are governed by its amended and restated articles of association and Israeli law. These rights and responsibilities differ in some respects from the rights and responsibilities of stockholders in typical U.S.-based corporations like Desktop Metal. In particular, a shareholder of an Israeli company has a duty to act in good faith toward the company and other shareholders and to refrain from abusing its power in the company, including, among other things, in voting at the general meeting of shareholders on matters such as amendments to a company's articles of association, increases in a company's authorized share capital, mergers and acquisitions and interested party transactions requiring shareholder approval. In addition, a shareholder who knows that it possesses the power to determine the outcome of a shareholder vote or to appoint or prevent the appointment of a director or executive officer in the company has a duty of fairness toward the company. There is limited case law available to assist us in understanding the implications of these provisions that govern shareholders' actions. These provisions may be interpreted to impose additional obligations and liabilities on holders of our ordinary shares that are not typically imposed on shareholders of U.S. corporations. See also the section entitled **"Comparison of Stockholders'/Shareholders' Rights"** beginning on page 201 for a discussion of these differences.

Provisions of Israeli law may delay, prevent or otherwise impede a merger with, or an acquisition of, the combined company, which could prevent a change of control, even when the terms of such a transaction are favorable to us and our shareholders.

Israeli corporate law regulates mergers, requires tender offers for acquisitions of shares above specified thresholds, requires special approvals for transactions involving directors, officers or significant shareholders and regulates other matters that may be relevant to such types of transactions. For example, a merger may not be consummated unless at least 50 days have passed from the date on which a merger proposal is filed by each merging company with the Israel Registrar of Companies and at least 30 days have passed from the date on which the

TABLE OF CONTENTS

shareholders of both merging companies have approved the merger. In addition, a majority of each class of securities of the target company must approve a merger. Moreover, a tender offer for all of a company's issued and outstanding shares can only be completed if the acquirer receives positive responses from the holders of at least 95% of the issued share capital. Completion of the tender offer also requires approval of a majority of the offerees that do not have a personal interest in the tender offer, unless, following consummation of the tender offer, the acquirer would hold at least 98% of the company's outstanding shares. Furthermore, the shareholders, including those who indicated their acceptance of the tender offer, may, at any time within six months following the completion of the tender offer, petition an Israeli court to alter the consideration for the acquisition, unless the acquirer stipulated in its tender offer that a shareholder that accepts the offer may not seek such appraisal rights.

Furthermore, Israeli tax considerations may make potential transactions unappealing to the combined company or to its shareholders whose country of residence does not have a tax treaty with Israel exempting such shareholders from Israeli tax. For example, Israeli tax law does not recognize tax-free share exchanges to the same extent as U.S. tax law. With respect to mergers, Israeli tax law allows for tax deferral in certain circumstances but makes the deferral contingent on the fulfillment of a number of conditions, including a holding period of two years from the date of the transaction during which sales and dispositions of shares of the participating companies are subject to certain restrictions.

Moreover, with respect to certain share swap transactions, the tax deferral is limited in time, and when such time expires, the tax becomes payable even if no disposition of the shares has occurred.

These and other similar provisions could delay, prevent or impede an acquisition of the combined company or its merger with another company, even if such an acquisition or merger would be beneficial to the combined company or to its shareholders.

If a U.S. holder is treated as owning at least 10% of the stock of Stratasys, such holder may be subject to adverse U.S. federal income tax consequences.

If a U.S. holder (as defined under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger**" below) is treated as owning (directly, indirectly or constructively) at least 10% of the value or voting power of the stock of Stratasys, such holder may be treated as a "United States shareholder" (as defined in Section 951 of the Code) with respect to each of Stratasys and its direct and indirect subsidiaries (the "Stratasys Group") that is a "controlled foreign corporation" (a "CFC"), for U.S. federal income tax purposes. Stratasys' non-U.S. subsidiaries could be treated as CFCs regardless of whether Stratasys is treated as a CFC.

Certain United States shareholders of a CFC may be required to report annually and include in their U.S. federal taxable income their pro rata share of the CFC's "Subpart F income" and, in computing their "global intangible low-taxed income," take into account their pro rata share of the CFC's "tested income", and include in their U.S. federal taxable income their pro rata share of the CFC's earnings and profits invested in certain U.S. property (including certain stock in U.S. corporations and certain tangible assets located in the United States) held by the CFC regardless of whether such CFC makes any distributions.

No assurance can be provided that Stratasys will assist holders in determining whether it or any of its non-U.S. subsidiaries is treated as a CFC or whether any holder is treated as a United States shareholder with respect to any of such CFCs or furnish to any holder information that may be necessary to comply with reporting and tax payment obligations with respect to such CFCs. U.S. holders of Stratasys ordinary shares are strongly encouraged to consult their tax advisors regarding the potential application of these rules to them.

If Stratasys or any of its subsidiaries is characterized as a passive foreign investment company, referred to as a "PFIC", for U.S. federal income tax purposes, U.S. holders may suffer adverse tax consequences.

A non-U.S. corporation generally will be treated as a PFIC, for U.S. federal income tax purposes, in any taxable year if either (1) at least 75% of its gross income for such year is passive income or (2) at least 50% of the value of its assets (generally based on an average of the quarterly values of the assets) during such year is attributable to assets that produce or are held for the production of passive income. Based on the current and projected composition of Stratasys' income and assets and the expected value of Stratasys' assets, Stratasys does not expect to be treated as a PFIC for its taxable year that includes the date of the completion of the Merger.

However, the tests for determining PFIC status are fundamentally factual in nature, depend on the application of complex U.S. federal income tax rules that are subject to differing interpretations and generally cannot be

TABLE OF CONTENTS

determined until after the close of the taxable year in question, and it is difficult to predict accurately future income and assets relevant to this determination. Such determination depends on, among other things, the composition of Stratasy's income and assets, and the market value of its and its subsidiaries' shares and/or assets (as applicable). Changes in the composition of Stratasy's income or composition of Stratasy's or any of its subsidiaries' assets may cause Stratasy to be or become a PFIC for the taxable year that includes the Merger or in any subsequent taxable years. Moreover, the application of the PFIC rules is subject to uncertainty in several respects, and there can be no assurance that the IRS will not take a contrary position or that a court will not sustain such a challenge by the IRS. Therefore, no assurances can be provided that Stratasy will not be a PFIC in the taxable year that includes the Merger or for any taxable year.

If Stratasy is a PFIC for any taxable year, a U.S. holder (as defined under the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger**") of Stratasy ordinary shares may be subject to adverse tax consequences and may incur certain information reporting obligations. For a further discussion, see the section entitled "**Material U.S. Federal Income Tax Considerations of the Merger—U.S. Holders—Ownership of Stratasy Ordinary Shares—Passive Foreign Investment Company Rules**" U.S. holders of Stratasy ordinary shares are strongly encouraged to consult their tax advisors regarding the potential application of these rules to Stratasy and the ownership of Stratasy ordinary shares.

THE STRATASYS EXTRAORDINARY GENERAL MEETING

This joint proxy statement/prospectus is being mailed on or about August 28, 2023, to holders of record of Stratasys ordinary shares as of the close of business on August 24, 2023, and constitutes notice of the Stratasys Extraordinary General Meeting, or the Stratasys EGM, in conformity with the requirements of the Israeli Companies Law and Stratasys' articles of association.

This joint proxy statement/prospectus is being provided to Stratasys shareholders as part of a solicitation of proxies by the Stratasys board of directors for use at the Stratasys EGM, and at any adjournments or postponements of the Stratasys EGM. Stratasys shareholders are encouraged to read the entire document carefully, including the annexes to and documents incorporated by reference into this document, for more detailed information regarding the Merger Agreement and the transactions contemplated by the Merger Agreement.

Date, Time and Place of the Stratasys EGM

The Stratasys EGM will be held on Thursday, September 28, 2023, beginning at 3:00 p.m., Israel time/ 8:00 a.m. Eastern time, at Stratasys' Israeli external legal counsel, Meitar Law Offices at 16 Abba Hillel Road, 10th Floor, Ramat Gan, 5250608, Israel.

Matters to be Considered at the Stratasys EGM

The agenda items to be presented at the Stratasys EGM are as follows, each as further described in this joint proxy statement/prospectus:

- Stratasys Proposal 1 (Stratasys Merger-related proposal): Approval of certain matters to be effected in connection with the Merger Agreement and the Merger, including: (i) the issuance of Stratasys ordinary shares to the stockholders of Desktop Metal in exchange for the shares of Desktop Metal Class A common stock held by them, at a ratio of 0.123 Stratasys ordinary shares per share of Desktop Metal Class A common stock, as consideration under the Merger Agreement; (ii) the adoption of amended and restated articles of association for Stratasys with effect from immediately prior to the effective time of the Merger under the Merger Agreement, which will include, among other revisions to Stratasys' existing articles of association, an increase of the authorized share capital of Stratasys from NIS 1,800,000, consisting of 180,000,000 ordinary shares, par value NIS 0.01 per share, to NIS 4,500,000, consisting of 450,000,000 ordinary shares, par value NIS 0.01 per share; and (iii) the election of a slate of five designees of Stratasys and five designees of Desktop Metal, as well as the combined company chief's executive officer, as the members of Stratasys' board of directors, each of whose term will commence upon the effective time of the Merger and expire upon the first annual general meeting of shareholders of the combined company following the one-year anniversary of, and upon the due election and qualification of each designee's respective successor, or until each respective designee's earlier resignation, replacement or removal;
- Stratasys Proposal 2 (Stratasys rights plan extension proposal): Subject to the approval of the Stratasys Merger-related proposal, approval of the extension of the expiration date of Stratasys' existing shareholder rights plan for a twelve (12)-month period from its original expiration date, i.e., until July 24, 2024; and
- Stratasys Proposal 3 (Stratasys share incentive plan increase proposal): Approval of an increase by 2,075,625, upon completion of the Stratasys EGM, and by an additional 1,065,867, upon and subject to completion of the Merger, in the number of Stratasys ordinary shares available for issuance under Stratasys' 2022 Share Incentive Plan.

The foregoing proposals to be presented at the Stratasys EGM are referred to collectively as the Stratasys proposals.

Recommendation of the Stratasys Board of Directors

After careful consideration, the Stratasys board of directors, unanimously (i) determined that the Merger Agreement and the transactions contemplated thereby are fair to, and in the best interests of, Stratasys and its shareholders, and (ii) directed that the Stratasys Merger-related proposal and other Stratasys proposal be submitted to Stratasys shareholders for their approval.

The Stratasys board of directors furthermore unanimously recommends that Stratasys shareholders vote as follows in respect of the Stratasys Merger-related proposal and the other Stratasys proposal:

- Stratasys Proposal 1 (Stratasys Merger-related proposal): **"FOR"** the Stratasys Merger-related proposal;

TABLE OF CONTENTS

- Stratasys Proposal 2 (Stratasys rights plan extension proposal): “**FOR**” the Stratasys rights plan extension proposal; and
- Stratasys Proposal 3 (Stratasys share incentive plan increase proposal): “**FOR**” the Stratasys share incentive plan increase proposal.

See also the section entitled “**The Merger—Recommendation of the Stratasys Board of Directors and Reasons for the Merger**” beginning on page [114](#).

Record Date for the Stratasys EGM and Voting Rights

The Stratasys board of directors has fixed the close of business on Thursday, August 24, 2023 as the record date of the Stratasys EGM. If you were a holder of record of Stratasys ordinary shares as of the close of business on the record date you are entitled to vote at the Stratasys EGM or any adjournments or postponements thereof. You are entitled to one vote for each Stratasys ordinary share that you owned as of the close of business on the Stratasys record date. As of the close of business on August 18, 2023, the most recent practicable date prior to this joint proxy statement/prospectus, 69,125,996 Stratasys ordinary shares were issued and outstanding.

Quorum; Abstentions and Broker Non-Votes

A quorum of shareholders is necessary to conduct the Stratasys EGM. The presence of two (2) or more shareholders (present by proxy or in person), who together possess at least 25% of the voting rights in Stratasys is necessary to constitute a quorum. Abstentions and broker non-votes will be counted as present for purposes of determining whether there is a quorum. If a quorum is not present, the Stratasys EGM will be adjourned. At the adjourned meeting, the presence of two or more shareholders, regardless of the voting power of the ordinary shares held by them, will constitute a quorum.

Under Nasdaq rules, banks, brokers and other nominees may use their discretion to vote “uninstructed” shares (i.e., shares of record held by banks, brokers or other nominees, but with respect to which the beneficial owner of such shares has not provided instructions on how to vote on a particular proposal) with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. A “broker non-vote” occurs on an item when (i) a bank, broker or other nominee has discretionary authority to vote on one or more proposals to be voted on at a meeting of shareholders, but is not permitted to vote on other proposals without instructions from the beneficial owner of the shares and (ii) the beneficial owner fails to provide the bank, broker or other nominee with such instructions. All of the proposals currently scheduled for consideration at the Stratasys EGM are “non-routine” matters for which brokers will not have discretionary authority to vote. Consequently, Stratasys expects that there will not be any broker non-votes at the Stratasys EGM. As a result, if you hold your Stratasys ordinary shares in “street name,” your shares will not be represented and will not be voted on any matter unless you affirmatively instruct your bank, broker or other nominee how to vote your shares in one of the ways indicated by your bank, broker or other nominee. It is therefore critical that you cast your vote by instructing your bank, broker or other nominee on how to vote.

If you fail to vote, fail to submit a proxy or fail to return a voting instruction form instructing your broker, bank or other nominee how to vote on any of the Stratasys proposals, that will have no effect on the vote count for such proposal but, in the case of broker non votes only, will count towards determining whether a quorum is present.

If you respond with an “abstain” vote on any of the Stratasys proposals, that will have no effect on the vote count for any such proposal, but will count towards determining whether a quorum is present. Executed but unvoted proxies will be voted in accordance with the recommendations of the Stratasys board of directors. If additional votes must be solicited to approve the Stratasys Merger proposal, which must be approved for the Merger to be completed, it is expected that the Stratasys EGM will be adjourned to solicit additional proxies.

Required Votes; Vote of Stratasys’ Directors and Executive Officers

Approval of the Stratasys proposals requires the affirmative vote of a majority of the voting power of Stratasys ordinary shares that are voted, either in person or by proxy, by shareholders entitled to vote on the Stratasys proposals at the Stratasys EGM. Because the vote required to approve each of the Stratasys proposals is based on votes properly cast at the Stratasys EGM, abstentions, along with failures to vote, will have no effect on whether such proposals are approved. The foregoing is summarized in the below table:

TABLE OF CONTENTS

<u>Stratasys Proposal</u>	<u>Vote Required</u>	<u>Effects of Abstentions and Broker Non-Votes</u>
<i>Stratasys Proposal 1: Stratasys Merger-related proposal</i>	The affirmative vote of holders of a majority in voting power of the outstanding Stratasys ordinary shares that are voted.	Abstentions and broker non-votes will have no effect.
<i>Stratasys Proposal 2: Stratasys rights plan extension proposal</i>	The affirmative vote of holders of a majority in voting power of the outstanding Stratasys ordinary shares that are voted.	Abstentions and broker non-votes will have no effect.
<i>Stratasys Proposal 3: Stratasys share incentive plan increase proposal</i>	The affirmative vote of holders of a majority in voting power of the outstanding Stratasys ordinary shares that are voted.	Abstentions and broker non-votes will have no effect.

As of July 31, 2023 (the most recent practicable date prior to the date of this joint proxy statement/prospectus and prior to the record date), Stratasys directors and executive officers, and their affiliates, as a group, beneficially owned approximately 1,132,500 Stratasys ordinary shares, of which 602,541 represent actual Stratasys ordinary shares that will be held as of the August 24, 2023 record date for the Stratasys EGM and that would therefore be entitled to vote at the Stratasys EGM, representing 0.87% of the 69,021,732 Stratasys ordinary shares outstanding on July 31, 2023. Although none of them has entered into any agreement obligating them to do so, Stratasys currently expects that all of its directors and executive officers will vote their shares “**FOR**” the Stratasys Merger-related proposal, “**FOR**” the Stratasys rights plan extension proposal and “**FOR**” the Stratasys share incentive plan increase proposal. See also the section entitled “**Interests of Stratasys’ Directors and Executive Officers in the Merger**” beginning on page [180](#).

Revocability of Proxies or Voting Instructions

If you are a shareholder of record and have submitted a proxy card, you can change your vote at any time before it is voted by sending a written and dated notice of revocation or by submitting a signed proxy bearing a later date, in either case, to Stratasys Ltd., c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717 or to Stratasys’ Chief Communications Officer and Vice President, Investor Relations at Yonah.Lloyd@stratasys.com. Any such revocation or later proxy must be received by 11:59 p.m., U.S. Eastern time, on September 27, 2023, for it to be effective. If you initially voted online or via telephone, you can follow the same instructions as you did initially in order to submit your revised vote. You may also revoke your proxy by attending the Stratasys EGM and voting in person. Attendance at the Stratasys EGM will not cause your previously granted proxy to be revoked, unless you vote again.

If you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, you can change your vote by attending the Stratasys EGM and voting in person.

Unless revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Stratasys EGM and, where a choice has been specified on the proxy card, will be voted in accordance with such specification. If a Stratasys shareholder executes and returns a proxy card but makes no specification on the proxy card as to how such Stratasys shareholder should want his, her or its Stratasys ordinary shares voted, such proxy will be voted as recommended by the Stratasys board of directors as stated in this joint proxy statement/prospectus, specifically “**FOR**” the Stratasys Merger-related proposal, “**FOR**” the Stratasys rights plan extension proposal, and “**FOR**” the Stratasys share incentive plan increase proposal.

Proxy Solicitation Costs

Stratasys is soliciting proxies to provide an opportunity to all Stratasys shareholders to vote on agenda items, whether or not the shareholders are able to attend the Stratasys EGM or an adjournment or postponement thereof. Stratasys will bear the entire cost of soliciting proxies from its shareholders. In addition to the solicitation of proxies by mail, Stratasys will ask banks, brokers and other custodians, nominees and fiduciaries to forward the proxy solicitation materials to the beneficial owners of Stratasys ordinary shares held of record by such nominee holders. Stratasys may be required to reimburse these nominee holders for their customary clerical and mailing expenses incurred in forwarding the proxy solicitation materials to the beneficial owners.

Stratasys has retained Morrow Sodali LLC, or Morrow Sodali, to assist in the solicitation process. Stratasys will pay Morrow Sodali a fee not to exceed approximately \$100,000, plus costs and expenses. Stratasys also has agreed to indemnify Morrow Sodali against various liabilities and expenses that relate to or arise out of its solicitation of proxies (subject to certain exceptions). In addition to solicitation by mail, Stratasys’ directors, officers and other employees may solicit proxies in person, by telephone, electronically, by mail or other means. These persons will not be specifically compensated for doing this.

Attending the Stratasys EGM

You are entitled to attend the Stratasys EGM only if you are a shareholder of record of Stratasys at the close of business on August 24, 2023 (the record date for the Stratasys EGM) or hold a proxy for such a shareholder. Shares

TABLE OF CONTENTS

held in “street name” may be voted in person by you only if you obtain a signed legal proxy from your bank, broker or other nominee giving you the right to vote the shares at the Stratasys EGM.

Results of the Stratasys EGM

The preliminary voting results will be announced at the Stratasys EGM. In addition, within four (4) business days following the Stratasys EGM, Stratasys intends to furnish the final voting results to the SEC in a Report of Foreign Private Issuer on Form 6-K, or Form 6-K. If the final voting results have not been certified within that four-business-day period, Stratasys will report the preliminary voting results on a Form 6-K at that time and will furnish an amendment to the Form 6-K to report the final voting results within four business days of the date on which the final results are certified.

Adjournments

If a quorum is present at the Stratasys EGM but there are not sufficient votes at the time of the Stratasys EGM to approve the Stratasys Merger-related proposal or any other Stratasys proposal, the chairman of the Stratasys EGM may adjourn the meeting. Unless otherwise determined by the chairman, the Stratasys EGM will be adjourned in such case to the same day in the following week, at the same time and at the same place as the original Stratasys EGM.

STRATASYS SHAREHOLDERS SHOULD CAREFULLY READ THIS JOINT PROXY STATEMENT/PROSPECTUS IN ITS ENTIRETY FOR MORE DETAILED INFORMATION CONCERNING THE MERGER AGREEMENT AND THE MERGER. IN PARTICULAR, STRATASYS SHAREHOLDERS ARE DIRECTED TO THE MERGER AGREEMENT, WHICH IS ATTACHED AS ANNEX A HERETO.

STRATASYS PROPOSAL 1
STRATASYS MERGER-RELATED PROPOSAL

Background

This joint proxy statement/prospectus is being furnished to you as a shareholder of Stratasys as part of the solicitation of proxies by the Stratasys board of directors for use at the Stratasys EGM, at which those matters that require approval in connection with the prospective Merger with Desktop Metal, along with certain other proposals, will be presented. A copy of the Merger Agreement is attached as [Annex A](#) to this joint proxy statement/prospectus.

The first of the approvals being sought from Stratasys shareholders at the Stratasys EGM, which we refer to as the Stratasys Merger-related proposal, is the approval of the various matters that are required to be effected pursuant to the Merger Agreement and that require shareholder approval under applicable law. Approval of this proposal is a condition to the completion of the Merger. Therefore, Stratasys and Desktop Metal will not complete the Merger unless this proposal is approved at the Stratasys EGM.

The various matters for which Stratasys shareholder approval will be sought pursuant to the Stratasys Merger-related proposal consist of the following:

*(i) Stratasys Share
Issuance:*

Pursuant to the Merger Agreement, Stratasys will issue Stratasys ordinary shares to the stockholders of Desktop Metal in exchange for the shares of Desktop Metal Class A common stock held by them, at a ratio of 0.123 Stratasys ordinary shares per share of Desktop Metal Class A common stock, as the consideration in the Merger.

Under Israeli law, the board of directors of a public company may issue new shares without shareholder approval unless the transaction pursuant to which the shares are being issued is one of a number of specific transactions enumerated in the Israeli Companies Law. The issuance of Stratasys ordinary shares to Desktop Metal stockholders in a public merger transaction, in which Stratasys itself is not merging at all (instead, Merger Sub, a wholly-owned subsidiary of Stratasys, will be merging with and into Desktop Metal), does not constitute such a transaction and does not otherwise require shareholder approval from an Israeli law perspective. However, under the Nasdaq Listing Rules, to which Stratasys is subject, Rule 5635(a) provides that the issuance of ordinary shares in connection with the acquisition of the stock or assets of another company where the number or voting power of ordinary shares to be issued is in excess of 20% of the number or voting power of ordinary shares outstanding before the issuance requires shareholder approval. It is currently estimated (based on outstanding share data and equity plan data of Desktop Metal as of May 24, 2023) that Stratasys will issue or reserve for issuance approximately 43,195,329 Stratasys ordinary shares to/for Desktop Metal stockholders and equity holders pursuant to the Merger Agreement, which will exceed the 20% threshold of Stratasys' existing outstanding share total under the Nasdaq Listing Rules. Accordingly, Stratasys shareholder approval is required prior to the issuance of Stratasys ordinary shares to Desktop Metal stockholders pursuant to the Merger Agreement.

*(ii) Stratasys Articles
Restatement:*

In connection with the Merger, Stratasys will implement certain amendments to Stratasys' existing articles of association, as reflected in the form of amended and restated articles of association that is attached as [Annex B](#) to this joint proxy statement/prospectus.

Under the Israeli Companies Law, any amendment to a public company's articles of association requires approval by the company's shareholders.

The proposed changes to Stratasys' existing articles of association reflect, among other matters, the following:

- An increase in Stratasys' authorized share capital from NIS 1,800,000, divided into 180,000,000 Stratasys ordinary shares, to NIS 4,500,000, divided into 450,000,000 Stratasys ordinary shares (as described in further detail in the section entitled "*—Increase in Authorized Share Capital under Amended and Restated Articles of Association*");

TABLE OF CONTENTS

- Certain arrangements concerning the corporate governance of the combined company during the first two years following the completion of the Merger, including the following:
 - the approval of at least two-thirds of the directors then in office (excluding, in respect of clause (i) below, Stratasys' Chief Executive Officer as of the effective time of the Merger, and in respect of clause (ii) below, the Chairman of Stratasys' board of directors as of the effective time of the Merger) is needed to implement any of the following actions:
 - (i) the dismissal or replacement of Stratasys' Chief Executive Officer as of the effective time of the Merger;
 - (ii) the dismissal or replacement of the Chairman of the Board of Stratasys as of the effective time of the Merger;
 - (iii) a change in the number of members serving on the board of directors of Stratasys as of the effective time of the Merger; or
 - (iv) an election by the board of directors of Stratasys to once again be subject to the Israeli Companies Law requirement to appoint external directors;
 - after the end of the initial two-year term following completion of the Merger, the Chairman of the Board of Stratasys will continue in his position until his dismissal or replacement by a simple majority of the members of the board of directors who are present and vote on such replacement (provided that in case of an equality of votes, the Chairman of the Board will not have a second vote, and the proposal shall be deemed to be defeated).
- During the initial two-year term following completion of the Merger, the foregoing arrangements in the articles of association may be amended only with the affirmative approval of shareholders holding at least two-thirds of the voting power of Stratasys; and
- Certain updates to Israeli law that have been made since Stratasys' existing articles of association were initially adopted, including, for example, the right of a U.S.-traded company such as Stratasys to comply with certain U.S. stock exchange board independence and board committee composition requirements in lieu of the corresponding Israeli requirements, including the obligation to appoint two external directors pursuant to the Israeli Companies Law.

Increase in Authorized Share Capital under Amended and Restated Articles of Association

Stratasys' current authorized share capital consists of NIS 1,800,000, divided into 180,000,000 Stratasys ordinary shares. As of July 31, 2023, 69,021,732 Stratasys ordinary shares were outstanding and an additional 6,050,154 ordinary shares, in the aggregate, were reserved for issuance (including pursuant to outstanding grants) under Stratasys' 2012 Omnibus Equity Incentive Plan, 2022 Share Incentive Plan and 2021 Employee Share Purchase Plan, referred to as the 2021 ESPP (including, in the case of the 2021 ESPP, shares that are expected to be issuable within the next 12 months following July 31, 2023).

Stratasys anticipates that a large number of Stratasys ordinary shares will be issued to Desktop Metal stockholders as the Merger consideration upon the closing of the Merger, and may furthermore be potentially issued to Desktop Metal employees and directors following the Merger pursuant to Desktop Metal's stock incentive plans that are being assumed by Stratasys pursuant to the Merger Agreement. In addition, at the effective time, each Desktop Metal Option and Desktop Metal RSA outstanding immediately prior to the effective time will be automatically converted into an option to purchase a number of Stratasys ordinary shares or into a restricted stock award of Stratasys, respectively, and each Desktop Metal RSU Award, outstanding immediately prior to the effective time will automatically be cancelled in exchange for the grant of a restricted stock unit award or Stratasys, all as further detailed under the caption "**Questions and Answers—What will holders of Desktop Metal equity-based awards receive in the Merger?**". The total number of Stratasys ordinary shares issuable to Desktop Metal stockholders, holders of equity-based awards and employees/directors at or following the closing of the Merger is currently estimated as 43,195,329, based on share data and equity plan data for Desktop Metal as of May 24, 2023. Those issuances alone will utilize more than the remainder of Stratasys' existing unused authorized share capital. Therefore, in order to consummate the Merger, an increase in Stratasys' authorized share capital is required, among other things.

TABLE OF CONTENTS

In addition, under the Stratasys shareholder rights plan, which is currently in effect until the Stratasys EGM, and for which an extension until the effective time of the Merger (or the earlier valid termination of the Merger Agreement in accordance with its terms) is being presented for approval pursuant to Stratasys Proposal 2 (conditioned on the approval of the Stratasys Merger-related proposal, i.e. Stratasys Proposal 1), Stratasys may potentially issue up to 69,021,732 Stratasys ordinary shares (based on outstanding Stratasys ordinary share data as of July 31, 2023). Those shares could be issued prior to the closing of the Merger even in a scenario in which the Merger is nevertheless completed.

The additional authorized share capital for the combined company will also be needed to satisfy existing contractual commitments by Stratasys to issue Stratasys ordinary shares as merger consideration or earn-out consideration to shareholders and/or employees of companies that it recently acquired— namely, Origin Laboratories, Inc., or Origin, acquired in December 2020, and Covestro AG, acquired in April 2023.

Following the Merger, the combined company will also need a sufficient reserve of shares that can be utilized for its ordinary course operations, whether under the combined company's share incentive plans and the combined company's employee share purchase plan (as noted above), or in order to support the combined company's growth. The combined company may also require additional shares available for issuance pursuant to its growth plans from time to time, for example in order to pursue potential future strategic transactions, such as acquisitions or joint ventures, for which the company may desire to issue equity consideration to contractual counter-parties. As a leading company in the 3D printing industry, the combined company will need to have at its disposal a sufficient reserve of authorized, unissued shares, which will provide it the requisite flexibility to act quickly, subject to potential shareholder approval when required under the Israeli Companies Law, the Nasdaq Listing Rules or other applicable law.

Despite the foregoing potential needs for authorized share capital, Stratasys and Desktop Metal do not have, however, as of the date of this joint proxy statement/prospectus, any definitive agreements in place for any strategic transactions, equity financings or other material arrangements that have not been publicly disclosed in accordance with their reporting requirements under the Exchange Act.

In light of the above-described need for increased authorized share capital, Stratasys and Desktop Metal have agreed, in the context of the Merger, to propose that Stratasys' shareholders approve an increase in Stratasys' authorized share capital to NIS 4,500,000, divided into 450,000,000 Stratasys ordinary shares, par value NIS 0.01 per share, from the current amount of NIS 1,800,000, divided into 180,000,000 Stratasys ordinary shares.

The above-described amendments to Stratasys' articles of association that are reflected in the amended and restated articles of association are only summaries of certain material changes to the articles of association. **You are urged to review the entirety of the proposed Stratasys amended and restated articles of association, a copy of which is attached as Annex B to this joint proxy statement/prospectus, before voting on the Stratasys Merger-related proposal.**

(iii) Election of Post-Merger Combined Company Board of Directors

Under the Companies Law, the election of directors of an Israeli company generally lies within the authority of a company's shareholders. Article 75.1 of Stratasys' amended and restated articles (both in its current form and in the form being presented for approval at the Stratasys EGM pursuant to Stratasys Proposal 1) provides that the number of directors of Stratasys shall be between seven (7) and eleven (11), as determined from time to time by the Stratasys board of directors. Stratasys' current board of directors is comprised of eight individuals— Mr. Dov Ofer (the Chairman of the Board), Mr. S. Scott Crump, Mr. John J. McEleney, Ms. Ziva Patir, Mr. David Reis, Mr. Michael Schoellhorn, Mr. Yair Seroussi and Ms. Adina Shorr.

As set forth in Section 6.12(b) of the Merger Agreement (which is appended as Annex A to this joint proxy statement/prospectus), Stratasys and Desktop Metal have agreed that effective upon the completion of the Merger, the size of the board of directors of the combined company (which will be Stratasys, as the public company entity continuing after the Merger) will consist of eleven members. In order to implement the companies' joint, strategic vision, the Merger Agreement further provides that five of those eleven directors will be designated by the Stratasys board of directors, another five of those directors will be designated by the Desktop Metal board of directors, and the final director will be Stratasys' Chief Executive Officer as of the effective time of the Merger (i.e., Dr. Yoav Zeif). In addition, the parties have agreed that Mr. S. Scott Crump will serve as an observer on the combined company board of directors, without voting authority. Pursuant to its authority under Stratasys' existing articles of association, the

TABLE OF CONTENTS

Stratasys board has adjusted the size of the Stratasys board to consist of eleven members (excluding the observer, who does not have the legal status of a director due to his not having any voting rights), effective as of (and conditioned upon) the completion of the Merger.

The combined company's board of directors intends to take advantage of its election in advance of the completion of the Merger so that it can begin to work right away following the Merger to effect value creation on behalf of the combined company's shareholders.

After considering which of its current members would be among the five Stratasys nominees to continue to serve on the combined company board following the Merger, the Stratasys board of directors has designated, and nominated, each of the following current directors for re-election at the Stratasys EGM, effective (and conditioned) upon completion of the Merger: Mr. Dov Ofer (under the Merger Agreement, Mr. Ofer will move from serving as Chairman of the Board to Lead Independent Director); Mr. John J. McEleney; Mr. David Reis; Dr. Michael Schoellhorn; and Ms. Adina Shorr. As noted above, in addition to those five Stratasys nominees, one additional current Stratasys board member, Mr. S. Scott Crump, will serve as an observer on the combined company board, without voting rights.

In addition, based on information communicated to the Stratasys board by Desktop Metal, the five designees of Desktop Metal who have been nominated by the Stratasys board for initial election at the Stratasys EGM to serve as directors on the combined company board of directors commencing at (and conditioned upon) the effective time of the Merger are the following individuals: Mr. Ric Fulop (Desktop Metal's current Chairman of the Board and Chief Executive Officer, who will serve as non-executive Chairman of the Board of the combined company); Mr. James Eisenstein; Mr. Wen Hsieh; Mr. Stephen Nigro; and Mr. Steve Papa.

As provided by the Merger Agreement, the Stratasys board has lastly nominated Dr. Yoav Zeif, who will continue as Chief Executive Officer of the combined company, for election at the Stratasys EGM to serve as the 11th member of the combined company board.

Each of the nominees for reelection or initial election, as the case may be, to the combined company's board of directors will begin to serve as a director on (and conditioned upon) the effective time of the Merger and until the first annual general meeting of shareholders of the combined company to be held after the one-year anniversary of the effective time of the Merger and the due election and qualification of his or her successor, or until his or her earlier resignation, replacement or removal.

The term of service of the current Stratasys board members (if re-elected pursuant to Proposal 4 at the Stratasys EGM) will not conclude until the effective time of the Merger, at which time the newly composed board of directors of the combined company will begin to serve until the first annual general meeting of the combined company following the one-year anniversary of the effective time of the Merger to be held after the first anniversary of the effective time of the Merger and the due election and qualification of each designee's respective successor, or until each respective designee's earlier resignation, replacement or removal. The duration of Mr. Crump's service as an observer on the combined company's board of directors will be subject to the determination of the combined company board of directors.

Each designee of Desktop Metal (consisting of Mr. Fulop, Mr. Eisenstein, Mr. Hsieh, Mr. Nigro and Mr. Papa) who has been nominated for election to the combined company board would be commencing his or her initial service as a director of Stratasys upon completion of the Merger. Likewise, Dr. Zeif would be joining the Stratasys board for the first time upon completion of the Merger. Of Stratasys' existing directors who have been nominated for reelection at the Stratasys EGM, Mr. Ofer was initially elected as a director at the Stratasys 2017 annual general meeting of shareholders, on July 18, 2017.

The following table sets forth information regarding the individuals nominated by the Stratasys board for election or re-election (as appropriate) by Stratasys' shareholders at the Stratasys EGM for service on the combined company board of directors commencing upon (and subject to) effectiveness of the Merger:

Board Recommendation

THE STRATASYS BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT ALL STRATASYS SHAREHOLDERS VOTE "FOR" THE FOREGOING RESOLUTION APPROVING THE STRATASYS MERGER-RELATED PROPOSAL (STRATASYS PROPOSAL 1).

STRATASYS PROPOSAL 2
STRATASYS RIGHTS PLAN EXTENSION PROPOSAL

Background

On July 24, 2022, the Stratasys board of directors approved the issuance of one special purchase right, referred to as a Right, for each Stratasys ordinary share outstanding at the close of business on August 4, 2022, to Stratasys' shareholders of record on that date, and adopted a shareholder rights plan, or the Rights Plan, as set forth in the rights agreement dated as of July 25, 2022, which is referred to as the Rights Agreement, by and between Stratasys and Continental Stock Transfer & Trust Company, as rights agent, which is referred to as the Rights Agent.

The purpose of the Rights Plan is to protect the interests of Stratasys' shareholders. The Rights Plan, if triggered, will significantly dilute the ownership of any Acquiring Person, which refers to a person or group that obtains beneficial ownership of 15% or more of Stratasys' outstanding ordinary shares or begins a tender or exchange offer which, if completed, would result in that person or group becoming an Acquiring Person (subject to certain parameters and exceptions described in the Rights Agreement, such as if such person or group has become an Acquiring Person pursuant to an offer approved by the majority of the Stratasys board).

The Stratasys board of directors believes the Rights Plan is an effective course of action for the board of directors to fulfill its fiduciary duties to Stratasys and its shareholders and to enable shareholders to realize the long-term value of their investment. The Rights Plan was adopted following a careful evaluation and consultation with Stratasys' external legal advisors.

The adoption of the Rights Plan was not intended to prevent or interfere with any action with respect to Stratasys that the Stratasys board determines to be in the best interests of Stratasys and its shareholders. Instead, it will position the board to fulfill its fiduciary duties on behalf of all Stratasys shareholders by ensuring that the board has sufficient time to make informed judgments about any attempts to control or significantly influence Stratasys. The Rights Plan encourages anyone seeking to gain a significant interest in Stratasys to negotiate directly with the Stratasys board prior to attempting to control or significantly influence Stratasys. Further to those goals, the Rights (as defined below) may cause substantial dilution to a person or group that acquires 15% or more of Stratasys ordinary shares, or any then-existing holder of 15% or more of Stratasys ordinary shares that acquires any additional ordinary shares.

On May 25, 2023, in connection with the execution and delivery of the Merger Agreement, Stratasys entered into the First Amendment to Rights Agreement with the Rights Agent, which we refer to as the First Amendment.

The First Amendment, which was approved by the Stratasys board, extended the expiration date of the Rights Agreement to the later of (a) July 24, 2023 and (b) the conclusion of the Stratasys EGM (unless the Stratasys EGM has been validly adjourned or postponed, in which case at the final adjournment or postponement thereof) or such time as the Merger Agreement has been terminated in accordance with its terms. The Rights are in all respects subject to and governed by the provisions of the Rights Agreement, as amended by the First Amendment, which was included as Exhibit 4.1 to Stratasys' Report of Foreign Private Issuer on Form 6-K furnished to the SEC on May 25, 2023. The foregoing descriptions of the Rights Agreement (as amended), the First Amendment and the Rights are qualified entirely by reference to such report and exhibit.

The First Amendment was intended to ensure that during the pendency of the Merger, Stratasys would be able to arrive at a shareholder vote on the matters required under the Merger Agreement.

In the period leading up to the date of this joint proxy statement/prospectus, the Stratasys board of directors determined that it would be in the best interests of Stratasys and its shareholders to adopt a second amendment to the Rights Agreement, which we refer to as the Second Amendment, to extend the expiration of the Rights Plan to July 24, 2024, which is the one-year anniversary of the initial expiration date under the Rights Agreement prior to the First Amendment. While not legally required to do so, Stratasys has included a proposal to approve this additional extension in the agenda for the Stratasys EGM as a means to obtain Stratasys' shareholders' endorsement of the extension.

There has been significant market volatility with respect to the Stratasys ordinary shares in recent months, due to, among other matters, the following developments:

- the signing of the Merger Agreement for the prospective Merger;
- the Nano Tender Offer, which has recently expired;

TABLE OF CONTENTS

- Nano’s recent attempt to gain control of the Stratasys board via nomination of its affiliates for election as directors in place of Stratasys’ current directors at Stratasys’ 2023 annual general meeting of shareholders; and
- 3D Systems’ unsolicited proposals for a merger transaction with Stratasys.

Given such market volatility and given the potential for any party—including, but not limited to, Nano, which still holds approximately 14.1% of the outstanding Stratasys ordinary shares as of the date of this proxy statement/prospectus—to employ coercive tactics similar to those recently employed by Nano, the Second Amendment is intended to provide the Stratasys board of directors the ability to protect Stratasys shareholders from coercive attempts to acquire control of Stratasys. Nano or another third party could launch an additional hostile partial tender offer similar to the Nano Tender Offer, which, like the Nano Tender Offer, could be a partial tender offer and/or may be inadequate and substantially undervalue Stratasys. Any such partial tender offer, if successful, could enable Nano or other third party to purchase the shares held by the remaining shareholders at a significant discount to the price offered in such partial tender offer, resulting in substantially reduced liquidity for such remaining shareholders.

These potential adverse impacts of a hostile partial tender offer were not limited to the expired Nano Tender Offer and could be repeated by Nano, regardless of the public statements Nano has made that suggest that it may dispose of its investment in Stratasys. In the recent past, Nano claimed that its public statements regarding its withdrawal of its nominees for the Stratasys board of directors at Stratasys’ 2023 annual general meeting of shareholders, held on August 8, 2023, were not binding on it. Such tactics could also be attempted by other third parties. In order to enable the Stratasys board of directors to protect shareholders from such tactics (even after consummation of the Merger), the Stratasys board of directors encourages Stratasys shareholders to approve the Second Amendment, extending the Rights Plan pursuant to this Stratasys rights plan extension proposal.

The proposed extension to the Rights Plan will require the approval of the Second Amendment to the Rights Agreement in order to extend the agreement’s effectiveness beyond the Stratasys EGM. That Second Amendment to the Rights Agreement has been filed as an exhibit to the registration statement on Form F-4 of which this joint proxy statement/prospectus forms a part.

Approval of this Stratasys rights plan extension proposal is not a condition to the completion of the Merger. Therefore, Stratasys and Desktop Metal may proceed with the Merger regardless of whether this proposal is approved at the Stratasys EGM.

The presentation of the Stratasys rights plan extension proposal for a vote at the Stratasys EGM will be conditioned on the approval of the Stratasys Merger-related proposal. Therefore, if the Stratasys Merger-related proposal is not approved, a vote will not be held on the Stratasys rights plan extension proposal at the Stratasys EGM.

Proposed Resolution

Stratasys’ board of directors unanimously recommends the adoption by Stratasys’ shareholders of the following resolution pursuant to Stratasys Proposal 2 at the Stratasys EGM, which will only be presented for approval if the Stratasys Merger-related proposal (Stratasys Proposal 1) is approved at the Stratasys EGM:

“RESOLVED, that Stratasys’ entry into a second amendment to the Rights Agreement, dated as of July 25, 2022, by and between Stratasys and Continental Stock Transfer & Trust Company, as rights agent, as amended, to extend the expiration date of the Rights Plan by twelve (12) months from its original termination date, i.e., until July 24, 2024, be, and hereby is, approved in all respects.”

Required Vote

The approval of the Stratasys rights plan extension proposal at the Stratasys EGM requires the affirmative vote of Stratasys shareholders present in person or by proxy and holding Stratasys ordinary shares representing a majority of the votes cast with respect to this proposal (which excludes abstentions and broker non-votes). A Stratasys shareholder’s abstention or a broker non-vote or other failure to vote will have no effect on the outcome of the vote on this proposal.

STRATASYS PROPOSAL 3
STRATASYS SHARE INCENTIVE PLAN INCREASE PROPOSAL

Background

Stratasys' 2022 Share Incentive Plan, or the Stratasys 2022 Plan, was initially adopted by Stratasys' shareholders at Stratasys 2022 annual general meeting of shareholders in August 2022, under which 1,574,000 Stratasys ordinary shares were initially reserved and available for issuance to Stratasys' employees, officers and directors, consisting of 1,296,494 newly authorized shares and 277,506 shares that were initially rolled over from Stratasys' then-expiring 2012 Omnibus Equity Incentive Plan, or the Stratasys 2012 Plan. In addition, up to an additional 5,432,789 Stratasys ordinary shares then underlying outstanding awards under the Stratasys 2012 Plan (and which were also already approved for issuance under the Stratasys 2012 Plan by Stratasys' shareholders at previous Stratasys annual general meetings of shareholders) could become available for issuance under the Stratasys 2022 Plan (i) if the related award expires or is canceled, terminated, forfeited, repurchased or settled in cash in lieu of issuance of shares, for any reason, without having been exercised, or (ii) if permitted by Stratasys, if the underlying shares were tendered to pay (x) the exercise price of an award or (y) withholding tax obligations.

By adopting the Stratasys 2022 Plan and reserving the above-described number of shares for issuance under it (including shares that may be carried over from the Stratasys 2012 Plan), Stratasys indicated that it would have the flexibility to continue to provide equity incentives to employees, officers and directors in amounts determined appropriate by the Stratasys compensation committee, Stratasys board of directors, and Stratasys management, for an anticipated period of approximately one year. After that time, Stratasys indicated that it would request shareholder approval for further reservation of shares under the Stratasys 2022 Plan. That initial size of the pool under the 2022 Plan did not exceed 10% of the total of the outstanding number of Stratasys ordinary shares on a fully diluted basis (as of the time at which the plan was adopted in August 2022), thereby staying within the limit recommended by institutional shareholder groups and proxy advisory groups.

Given the limited size of the initial pool of Stratasys ordinary shares available under the Stratasys 2022 Plan, Stratasys is in need of additional Stratasys ordinary shares for the pool under the Stratasys 2022 Plan in order to maintain flexibility to continue to provide equity incentives to employees, officers and directors in amounts determined appropriate by Stratasys' compensation committee, board of directors and management. The amount needed for the pool (as well as the number of outstanding Stratasys ordinary shares) would be significantly larger to the extent the Merger is completed, given the much larger number of employees of the combined company. In order to enable the approval of the Stratasys share incentive plan increase proposal regardless of whether the Stratasys Merger-related proposal is approved and regardless of whether the Merger is completed, Stratasys is asking that its shareholders approve a two-staged increase in the pool under the Stratasys 2022 Plan:

- initially, at the conclusion of the Stratasys EGM, the size of the pool under the Stratasys 2022 Plan would increase by 2,075,625 Stratasys ordinary shares; and
- upon, and subject to, the completion of the Merger, the size of the pool under the Stratasys 2022 Plan would increase by an additional 1,065,867 Stratasys ordinary shares.

Based upon the 69,021,732 outstanding Stratasys ordinary shares as of July 31, 2023, the initial increase of the pool under the Stratasys 2022 Plan by 2,075,625 Stratasys ordinary shares upon the conclusion of the Stratasys EGM would result in an aggregate of 7,625,779 Stratasys ordinary shares reserved for issuance under the pool, consisting of 5,096,492 shares underlying outstanding awards, 2,529,287 shares reserved for issuance under future potential awards, including shares that may be rolled over from the Stratasys 2012 Plan, which total pool size of 7,625,779 shares would not exceed 10% of the total number of outstanding Stratasys ordinary shares on a fully diluted basis (76,656,082 Stratasys ordinary shares), thereby staying within the limit recommended by institutional shareholder groups and proxy advisory groups.

Similarly, upon completion of the Merger, there are expected to be 108,713,817 outstanding ordinary shares of the combined company. After increasing the pool under the Stratasys 2022 Plan by an additional 1,065,867 ordinary shares of the combined company upon, and subject to, the completion of the Merger (in addition to the 2,075,625 Stratasys ordinary shares by which the pool would increase upon the conclusion of the Stratasys EGM), there would be an aggregate of 8,691,646 ordinary shares of the combined company reserved for issuance under the pool for the Stratasys 2022 Plan, consisting of 5,096,492 shares underlying outstanding awards (assuming, for these purposes, no further grants under the Stratasys 2022 Plan from the current time through the completion of the Merger), and 3,595,154 shares reserved for issuance under future potential awards, including shares that may be

TABLE OF CONTENTS

rolled over from the Stratasys 2012 Plan. That total potential size pool under the Stratasys 2022 Plan, when taken together with an aggregate of 3,385,723 combined company ordinary shares that will be issuable under the Desktop Metal 2020 Incentive Award Plan to be assumed by Stratasys from Desktop Merger pursuant to the Merger (which is based upon 27,526,199 shares of Desktop Metal Class A common stock issuable under the Desktop Metal 2020 Incentive Award Plan as of August 3, 2023, multiplied by the 0.123 exchange ratio in the Merger), yields 12,077,369 shares total, which would not exceed 10% of the total number of outstanding ordinary shares of the combined company on a fully diluted basis (120,791,186 ordinary shares of the combined company), thereby staying within the limit recommended by institutional shareholder groups and proxy advisory groups.

If this proposal is not approved by Stratasys' shareholders, Stratasys anticipates that it may not have enough shares available to fund awards under the Stratasys 2022 Plan over the next year, especially if the Merger is successfully completed.

The proposed increase in the number of Stratasys ordinary shares reserved for issuance under the Stratasys 2022 Plan will require an amendment to Section 5.1 of the Stratasys 2022 Plan, which states the number of shares included in the pool under the plan (besides shares that may be rolled over from the Stratasys 2012 Plan, which is provided for in Section 5.2 of the Stratasys 2022 Plan). That amendment to the Stratasys 2022 Plan has been filed as an exhibit to the registration statement on Form F-4 of which this joint proxy statement/prospectus forms a part.

Approval of this Stratasys share incentive plan increase proposal is not a condition to the completion of the Merger. Therefore, Stratasys and Desktop Metal may proceed with the Merger regardless of whether this proposal is approved at the Stratasys EGM.

Proposed Resolutions

Stratasys' board of directors unanimously recommends the adoption by Stratasys' shareholders of the following resolutions pursuant to Stratasys Proposal 3 at the Stratasys EGM:

"RESOLVED, that effective as of the date of adoption by Stratasys' shareholders of this resolution, the references to the current maximum aggregate number of Stratasys ordinary shares reserved for issuance in the first sentence of Section 5.1 of the Stratasys Ltd. 2022 Share Incentive Plan, and to the total number of Stratasys ordinary shares that may be issued pursuant to Incentive Stock Options granted under the 2022 Share Incentive Plan in the second sentence of Section 5.1 of that plan, be, and each hereby is, amended to insert "3,649,625" in lieu of "1,574,000";" and be it

"FURTHER RESOLVED, that effective as of, and subject to the completion of, the Merger, the references to the maximum aggregate number of Stratasys ordinary shares reserved for issuance in the first sentence of Section 5.1 of the Stratasys Ltd. 2022 Share Incentive Plan, and to the total number of Stratasys ordinary shares that may be issued pursuant to Incentive Stock Options granted under the 2022 Share Incentive Plan in the second sentence of Section 5.1 of that plan, be, and each hereby is, further amended to insert "4,715,492" in lieu of "3,649,625"."

Required Vote

The approval of the Stratasys share incentive plan increase proposal at the Stratasys EGM requires the affirmative vote of Stratasys shareholders present in person or by proxy and holding Stratasys ordinary shares representing a majority of the votes cast with respect to this proposal (which excludes abstentions and broker non-votes). A Stratasys shareholder's abstention or a broker non-vote or other failure to vote will have no effect on the outcome of the vote on this proposal.

Board Recommendation

THE STRATASYS BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT ALL STRATASYS SHAREHOLDERS VOTE "FOR" THE FOREGOING RESOLUTIONS APPROVING THE STRATASYS SHARE INCENTIVE PLAN INCREASE PROPOSAL (STRATASYS PROPOSAL 3).

and approved the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement. The Desktop Metal board of directors accordingly unanimously recommends that the Desktop Metal stockholders vote “FOR” the Desktop Metal Merger Agreement proposal, “FOR” the Desktop Metal advisory compensation Proposal and “FOR” the Desktop Metal adjournment proposal.

See also the section entitled “The Merger—Recommendation of the Desktop Metal Board of Directors and Reasons for the Merger” beginning on page [110](#).

Record Date for the Desktop Metal Special Meeting and Voting Rights

The Desktop Metal board of directors has fixed the close of business on July 31, 2023 as the record date of the Desktop Metal special meeting. If you were a holder of record of shares of Desktop Metal Class A common stock as of the close of business on the record date you are entitled to receive notice of and to vote at the Desktop Metal special meeting or any adjournments or postponements thereof. You are entitled to one vote for each share of Desktop Metal Class A common stock that you owned as of the close of business on the Desktop Metal record date. As of the close of business on the Desktop Metal record date, 322,892,034 shares of Desktop Metal Class A common stock were outstanding and entitled to vote at the Desktop Metal special meeting.

Quorum; Abstentions and Broker Non-Votes

A quorum of stockholders is necessary to conduct the Desktop Metal special meeting. The holders of record of a majority of the voting power of the issued and outstanding shares of capital stock entitled to vote must be present in person or virtually or represented by proxy to constitute a quorum for the Desktop Metal special meeting. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares represented by “broker non-votes” (as described below) are counted as present and entitled to vote for purposes of determining a quorum. The proposals for consideration at the Desktop Metal special meeting are considered “non-routine” matters under NYSE Rule 452, and, therefore, shares of Desktop Metal special meeting held in “street name” through a bank, broker or other nominee will not be counted as present for the purpose of determining the existence of a quorum if no instructions have been provided to such entity on how to vote on any such proposals.

Under the rules of the NYSE, banks, brokers and other nominees who hold shares in “street name” for a beneficial owner of those shares typically have the authority to vote in their discretion on “routine” proposals when they have not received instructions from beneficial owners. However, banks, brokers and other nominees are not allowed to exercise their voting discretion with respect to the approval of matters that are “non-routine.” Generally, broker non-votes occur when shares held by a broker in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on non-routine matters. All of the proposals currently scheduled for consideration at the Desktop Metal special meeting are “non-routine” matters and a broker will lack the authority to vote shares at its discretion on such proposals. If you are a Desktop Metal Stockholder and you do not instruct your bank, broker or other nominee on how to vote your shares, your bank, broker or other nominee may not vote your shares on any of the Desktop Metal Proposals, and your shares will not be represented and will not be voted on any matter. It is therefore critical that you cast your vote by instructing your bank, broker or other nominee on how to vote.

If you are a Desktop Metal stockholder and you fail to vote, fail to submit a proxy or fail to return a voting instruction card instructing your bank, broker or other nominee how to vote on the Desktop Metal Merger Agreement proposal, this will have the same effect as a vote cast against the Desktop Metal Merger Agreement Proposal and will not count towards determining whether a quorum is present. If you are a Desktop Metal stockholder and you fail to vote, fail to submit a proxy or fail to return a voting instruction card instructing your bank, broker or other nominee how to vote on the Desktop Metal adjournment proposal or the Desktop Metal advisory compensation proposal, this will have no effect on the vote count for such proposal, and will not count towards determining whether a quorum is present. If you respond with an “abstain” vote on the Desktop Metal Merger Agreement proposal, this will have the same effect as a vote cast against the Desktop Metal Merger Agreement proposal, but will count towards determining whether a quorum is present. If you respond with an “abstain” vote on the Desktop Metal adjournment proposal or the Desktop Metal advisory compensation proposal, this will have no effect on the vote count for such proposal, but will count towards determining whether a quorum is present.

TABLE OF CONTENTS

If you are a Desktop Metal stockholder of record, if you sign and return your proxy card without indicating how to vote on any particular proposal (and you do not change your vote after delivering your proxy card), the shares of Desktop Metal represented by your proxy card will be voted for each Desktop Metal proposal in accordance with the recommendation of the Desktop Metal board of directors.

Required Votes; Vote of Desktop Metal’s Directors and Executive Officers

Except for the Desktop Metal adjournment proposal, the vote required to approve all of the Desktop Metal Proposals listed below assumes the presence of a quorum.

<u>Proposal</u>	<u>Votes Required</u>	<u>Effects of Abstentions and Broker Non-Votes</u>
<i>Desktop Metal Proposal 1: Desktop Metal Merger Agreement proposal</i>	The affirmative vote of holders of a majority in voting power of the outstanding Desktop Metal Class A common stock entitled to vote thereon.	Abstentions and broker non-votes will have the same effect as a vote AGAINST the proposal.
<i>Desktop Metal Proposal 2: Desktop Metal advisory compensation proposal</i>	The affirmative vote of the holders of a majority in voting power of the votes cast.	Abstentions and broker non-votes will have no effect.
<i>Desktop Metal Proposal 3: Desktop Metal adjournment proposal</i>	The affirmative vote of the holders of a majority in voting power of the votes cast.	Abstentions and broker non-votes will have no effect.

- by granting a subsequent proxy through the Internet or telephone;
- by giving written notice of revocation to the Secretary of Desktop Metal prior to or at the Desktop Metal special meeting; or
- by voting online at the Desktop Metal special meeting.

Your most recent proxy card or Internet or telephone proxy is the one that is counted. Your attendance at the Desktop Metal special meeting by itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote online at the Desktop Metal special meeting.

Execution or revocation of a proxy will not in any way affect the stockholder's right to attend and vote at the virtual stockholder meeting.

Written notices of revocation and other communications with respect to the revocation of proxies should be addressed to:

Desktop Metal, Inc.
Attention: Secretary
63 3rd Avenue
Burlington, MA 01803

Proxy Solicitation Costs

Desktop Metal is soliciting proxies to provide an opportunity to all Desktop Metal stockholders to vote on the agenda items, whether or not the stockholders are able to attend the Desktop Metal special meeting or an adjournment or postponement thereof. Desktop Metal will bear the entire cost of soliciting proxies from its stockholders.

Desktop Metal has engaged DF King to assist in the solicitation of proxies for the Desktop Metal special meeting. Desktop Metal estimates that it will pay DF King a fee of approximately \$25,000, plus reimbursement for certain fees and expenses. Desktop Metal has agreed to indemnify DF King against various liabilities and expenses that relate to or arise out of its solicitation of proxies (subject to certain exceptions).

Desktop Metal also may be required to reimburse banks, brokers and other custodians, nominees and fiduciaries or their respective agents for their expenses in forwarding proxy materials to beneficial owners of Desktop Metal Class A common stock.

Desktop Metal’s directors, officers and employees also may solicit proxies by telephone, by electronic means or in person. They will not be paid any additional amounts for soliciting proxies.

Voting your proxy by the Internet, telephone or mail will not limit your right to vote at the Desktop Metal special meeting if you later decide to attend virtually. If you own your shares of Desktop Metal Class A common stock in “street name” and wish to vote at the Desktop Metal special meeting, you must obtain a signed legal proxy from your bank, broker or other nominee giving you the right to vote the shares.

The SEC's rules permit us to deliver a single set of proxy materials to one address shared by two or more of our stockholders. This delivery method is referred to as "householding" and can result in significant cost savings. To take advantage of this opportunity, we have delivered only one set of proxy materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the proxy materials, as requested, to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the proxy materials, contact Broadridge Financial Solutions, Inc. at 1-866-540-7095, or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

Adjournments

If a quorum is present at the Desktop Metal special meeting but there are not sufficient votes at the time of the Desktop Metal special meeting in favor of adoption of the Merger Agreement, then Desktop Metal special meeting may be adjourned to provide more time to solicit additional proxies in favor of adoption of the Merger Agreement if sufficient votes are cast in favor of the Desktop Metal adjournment proposal.

Any adjournment or postponement of the Desktop Metal special meeting will allow Desktop Metal stockholders who have already sent in their proxies to revoke them at any time before their use at the Desktop Metal special meeting that was adjourned or postponed. If the adjournment is for more than 30 days, or if after the adjournment a new record date is set for the adjourned meeting, a notice of the adjourned meeting must be given to each Desktop Metal stockholder of record entitled to vote at the Desktop Metal special meeting.

DESKTOP METAL STOCKHOLDERS SHOULD CAREFULLY READ THIS JOINT PROXY STATEMENT/PROSPECTUS IN ITS ENTIRETY FOR MORE DETAILED INFORMATION CONCERNING THE MERGER AGREEMENT AND THE MERGER. IN PARTICULAR, DESKTOP METAL STOCKHOLDERS ARE DIRECTED TO THE MERGER AGREEMENT, WHICH IS ATTACHED AS ANNEX A HERETO.

**DESKTOP METAL PROPOSAL 1
ADOPTION OF THE MERGER AGREEMENT**

This joint proxy statement/prospectus is being furnished to you as a stockholder of Desktop Metal as part of the solicitation of proxies by the Desktop Metal board of directors for use at the Desktop Metal special meeting to consider and vote upon a proposal to adopt the Merger Agreement, which is attached as [Annex A](#) to this joint proxy statement/prospectus. At the Desktop Metal special meeting, Desktop Metal will ask the Desktop Metal stockholders to vote on the adoption of the Merger Agreement.

The Desktop Metal board of directors, after due and careful discussion and consideration, unanimously determined that the Merger Agreement is fair to and in the best interests of Desktop Metal and its stockholders and approved the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement.

The Desktop Metal board of directors accordingly unanimously recommends that Desktop Metal stockholders approve the Merger Agreement and the transactions it contemplates, including the Merger, as disclosed in this joint proxy statement/prospectus and particularly the related narrative disclosures in the sections of this joint proxy statement/prospectus entitled “**The Merger**” beginning on page [90](#) and “**The Merger Agreement**” beginning on page [144](#) and as attached as [Annex A](#) to this joint proxy statement/prospectus.

The Merger between Merger Sub and Desktop Metal cannot be completed without approval of the Desktop Metal Merger Agreement proposal. Approval of the Desktop Metal Merger Agreement proposal requires the affirmative vote of holders of a majority in voting power of the outstanding Desktop Metal Class A common stock entitled to vote thereon. A failure to vote, a broker non-vote or an abstention will have the same effect as a vote “**AGAINST**” the proposal to adopt the Merger Agreement.

IF YOU ARE A DESKTOP METAL STOCKHOLDER, THE DESKTOP METAL BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE DESKTOP MERGER AGREEMENT PROPOSAL (DESKTOP METAL PROPOSAL 1)

TABLE OF CONTENTS

DESKTOP METAL PROPOSAL 2: ADVISORY (NON-BINDING) VOTE ON MERGER-RELATED COMPENSATION FOR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A of the Exchange Act and the applicable SEC rules issued thereunder, Desktop Metal is seeking a non-binding, advisory stockholder approval of the compensation of Desktop Metal's named executive officers that is based on or otherwise relates to the Merger as disclosed in the section entitled "**Interests of Desktop Metal's Directors and Executive Officers in the Merger—Merger-Related Compensation—Golden Parachute Compensation**" beginning on page [183](#).

Approval of the Desktop Metal advisory compensation proposal is not a condition to completion of the Merger and is a vote separate and apart from the vote to adopt the Merger Agreement. Accordingly, if you are a Desktop Metal stockholder, you may vote to approve the Desktop Metal Merger Agreement proposal, and vote not to approve the Desktop Metal advisory compensation proposal, and vice versa. If the Merger is completed, the Merger-related compensation may be paid to Desktop Metal's named executive officers to the extent payable in accordance with the terms of the compensation agreements and arrangements even if Desktop Metal stockholders fail to approve the advisory vote regarding Merger-related compensation. However, Desktop Metal seeks the support of its stockholders and believes that stockholder support is appropriate as the executive compensation programs are designed to incentivize executives to successfully execute a transaction such as that contemplated by the Merger proposal from its early stages until consummation.

Accordingly, Desktop Metal is asking Desktop Metal stockholders to vote "FOR" the adoption of the following resolution, on a non-binding, advisory basis:

"RESOLVED, that the compensation that will or may be paid or become payable to Desktop Metal's named executive officers that is based on or otherwise relates to the Merger, and the agreements or understandings pursuant to which such compensation will or may be paid or become payable, in each case as disclosed pursuant to Item 402(t) of Regulation S-K in "**Interests of Desktop Metal's Directors and Executive Officers in the Merger—Merger-Related Compensation—Golden Parachute Compensation**" is hereby APPROVED."

Approval of the Desktop Metal advisory compensation proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast (excluding abstentions and broker non-votes) at the Desktop Metal special meeting. A stockholder's abstention from voting and a broker non-vote or other failure to vote (including a failure to instruct your bank, broker or other nominee to vote) will have no effect on the outcome of the proposal.

IF YOU ARE A DESKTOP METAL STOCKHOLDER, THE DESKTOP BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE DESKTOP METAL ADVISORY COMPENSATION PROPOSAL (DESKTOP METAL PROPOSAL 2)

[TABLE OF CONTENTS](#)

**DESKTOP METAL PROPOSAL 3:
ADJOURNMENT OF THE DESKTOP METAL SPECIAL MEETING**

The Desktop Metal special meeting may be adjourned to another time and place if necessary to permit solicitation of additional proxies if there are not sufficient votes to approve the Desktop Metal Merger Agreement proposal or to ensure that any supplement or amendment to this joint proxy statement/prospectus is timely provided to the Desktop Metal stockholders.

Desktop Metal is asking its stockholders to authorize the holder of any proxy solicited by the Desktop Metal board of directors to vote in favor of any adjournment of the Desktop Metal special meeting to solicit additional proxies if there are not sufficient votes to approve the Desktop Metal Merger Agreement proposal or to ensure that any supplement or amendment to this joint proxy statement/prospectus is timely provided to Desktop Metal stockholders.

The Desktop Metal board of directors unanimously recommends that Desktop Metal stockholders approve the proposal to adjourn the Desktop Metal special meeting, if necessary.

Whether or not there is a quorum, approval of the Desktop Metal adjournment proposal requires the affirmative vote of the holders of a majority in voting power of the votes cast (excluding abstentions and broker non-votes) at the Desktop Metal special meeting. A stockholder's abstention from voting and a broker non-vote or other failure to vote (including a failure to instruct your bank, broker or other nominee to vote) will have no effect on the outcome of the proposal.

Under the Desktop Metal bylaws, the chairperson of the Desktop Metal special meeting may adjourn the Desktop Metal special meeting if no quorum is present.

**IF YOU ARE A DESKTOP METAL STOCKHOLDER, THE DESKTOP METAL BOARD OF
DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE DESKTOP METAL
ADJOURNMENT PROPOSAL (DESKTOP METAL PROPOSAL 3)**

THE MERGER

The following is a description of the material aspects of the Merger. While Stratasy and Desktop Metal believe that the following description covers the material terms of the Merger, the description may not contain all of the information that is important to you. You are encouraged to read carefully this entire joint proxy statement/prospectus, including the text of the Merger Agreement attached to this joint proxy statement/prospectus as [Annex A](#), for a more complete understanding of the Merger. In addition, important business and financial information about each of Stratasy and Desktop Metal is included in or incorporated by reference into this joint proxy statement/prospectus. See “[Where You Can Find More Information](#)” beginning on page [221](#).

General

Stratasy and Desktop Metal have entered into the Merger Agreement, which provides for the Merger of Merger Sub, a Delaware corporation and a wholly owned subsidiary of Stratasy, with and into Desktop Metal. As a result of the Merger, the separate existence of Merger Sub will cease, Desktop Metal will continue as the surviving corporation and Desktop Metal will be a wholly owned subsidiary of Stratasy.

Merger Consideration

At the effective time of the Merger, by virtue of the Merger and without any action on the part of the parties, or the holder of any shares of capital stock of Merger Sub or Desktop Metal, each share of Desktop Metal Class A common stock issued and outstanding immediately prior to the effective time (other than excluded shares, which refers to (i) shares of Desktop Metal Class A common stock owned by Desktop Metal as treasury stock (ii) shares of Desktop Metal Class A common stock owned by a direct or indirect wholly-owned subsidiary of Desktop Metal and (iii) shares of Desktop Metal Class A common stock owned by Stratasy or Merger Sub) will be automatically converted into the right to receive, subject to the Merger Agreement, 0.123 fully paid and nonassessable Stratasy ordinary shares, referred to as the Merger consideration.

No fractional Stratasy ordinary shares will be issued in connection with the Merger, and no certificates or scrip for any such fractional shares will be issued. Any holder of shares of Desktop Metal Class A common stock who would otherwise be entitled to receive a fraction of a Stratasy ordinary share (after aggregating all Stratasy ordinary shares issuable to such holder) will, in lieu of such fraction of a share, receive cash in the dollar amount (rounded to the nearest whole sent), without interest, determined by multiplying such fraction by the closing price of a share of Stratasy ordinary shares on the last trading day before the Merger becomes effective.

Because Stratasy will issue a fixed number of Stratasy ordinary shares in exchange for each share of Desktop Metal Class A common stock, the value of the Merger consideration that Desktop Metal stockholders will receive in the Merger will depend on the market price of Stratasy ordinary shares at the time the Merger is completed. The market price of Stratasy ordinary shares when Desktop Metal stockholders receive the Merger consideration could be greater than, less than or the same as the market price of Stratasy ordinary shares on the date of this joint proxy statement/prospectus or at the time of the stockholder/shareholder meetings. Accordingly, you should obtain current stock price quotations for Stratasy ordinary shares and Desktop Metal Class A common stock before deciding how to vote with respect to the approval of the Stratasy Merger-related proposal, in the case of Stratasy shareholders, or the adoption of the Merger Agreement, in the case of Desktop Metal stockholders. Stratasy ordinary shares are traded on the Nasdaq Global Select Market, which is referred to as Nasdaq, under the symbol “SSYS.” Desktop Metal Class A common stock is traded on the New York Stock Exchange, referred to as the NYSE, under the symbol “DM”.

At the effective time of the Merger, all excluded shares will be cancelled and will cease to exist, and no payment will be made in respect of such shares.

Background of the Merger

Stratasy evaluates, on an ongoing basis and including with its outside financial and legal advisors, its business strategy, capital allocation and potential strategic alternatives in an effort to drive shareholder value. This evaluation is dynamic and takes into account the perspectives of the Stratasy shareholders, whose views are actively sought through Stratasy’s shareholder engagement efforts. In connection with its evaluations, the Stratasy board of directors has considered, and engaged in discussions with many industry participants regarding, various strategic and financial initiatives, including the possibility of business combinations and acquisitions. As a result of these evaluations, over

the course of the last eight years, Stratasys' senior management and the Stratasys board of directors became generally familiar with Desktop Metal, its business and its management team, as well as with other potential transaction partners, and came to believe that a potential combination of Stratasys and Desktop Metal on appropriate terms would be an attractive opportunity to enhance shareholder value.

Desktop Metal, as part of its business strategy, seeks to identify companies, patents, technologies, products and services to acquire or engage with to develop its businesses and enhance value for its stockholders. The Desktop Metal board of directors, in consultation with members of its management team and its outside financial and legal advisors, periodically reviews such strategic opportunities and seeks to consummate acquisitions and business combinations on favorable terms. As part of this process, Desktop Metal's management team periodically reviewed and evaluated Stratasys as a potential business combination partner.

During 2015 and 2016, Stratasys participated in Desktop Metal's Series A and Series B investment rounds. In connection with its initial investment, Stratasys was granted contractual observer and information rights, pursuant to which S. Scott Crump, who was then serving as Chairman of the Executive Committee of the Stratasys Board and its Chief Innovation Officer, was appointed to Desktop Metal's board of directors.

During 2017 Stratasys and Desktop Metal also entered into a collaboration agreement pursuant to which Stratasys and Desktop Metal agreed to collaborate with respect to the marketing and distribution of Desktop Metal's product lines, as well as potential co-marketing and co-development arrangements with respect to their respective products.

During 2020 and 2021, Dr. Yoav Zeif, Chief Executive Officer of Stratasys and Mr. Ric Fulop, the Chief Executive Officer of Desktop Metal, held a number of discussions regarding potential collaborations between Stratasys and Desktop Metal.

On January 13, 2021 and January 15, 2021, Dr. Zeif and Mr. Fulop met telephonically to further discuss potential collaborations between Stratasys and Desktop Metal. These discussions related to each company's technologies and businesses, and no specific transaction terms with respect to a potential combination of Stratasys and Desktop Metal were proposed or discussed at these meetings.

On January 17, 2021, the Stratasys board of directors received an unsolicited non-binding indicative proposal from 3D Systems Corporation, or 3D Systems, to acquire Stratasys in a stock-for-stock transaction at an implied value of Stratasys of \$47.28 per Stratasys ordinary share, pursuant to which Stratasys shareholders and 3D Systems stockholders would own approximately 42% and 58% of the combined company, respectively, which we refer to as the Initial 3D Proposal.

On January 18, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management team, as well as representatives of J.P. Morgan, Stratasys' financial advisor, or J.P. Morgan, and Meitar Law Offices, Stratasys' legal advisors, or Meitar, which included, among other matters, a preliminary discussion with respect to the Initial 3D Proposal.

On January 19, 2021, Dr. Jeffrey A. Graves, Chief Executive Officer of 3D Systems, met with Dr. Zeif telephonically, during which Dr. Graves provided further information in support of the Initial 3D Proposal.

On January 26, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management team, as well as representatives of J.P. Morgan, Meitar and Wachtell, Lipton, Rosen & Katz, or Wachtell Lipton, Stratasys' legal advisors, to further discuss the Initial 3D Proposal. At this meeting, representatives of J.P. Morgan presented its preliminary financial analysis of the Initial 3D Proposal.

On January 28, 2021, the Stratasys board of directors held a further meeting with members of Stratasys' management team, as well as representatives of J.P. Morgan, Meitar and Wachtell Lipton, to continue the discussion with respect to the Initial 3D Proposal. At this meeting, representatives of Meitar provided an overview of the Stratasys board of directors' duties in connection with its evaluation of the Initial 3D Proposal. Following discussion with the members of Stratasys' management and the advisors present, the Stratasys board of directors concluded that the Initial 3D Proposal undervalued Stratasys in light of its standalone growth plan and did not reflect the fundamentals of the businesses of the two companies and the then-current stock market conditions, and was not in the best interests of Stratasys and its shareholders, and unanimously determined to reject the Initial 3D Proposal.

On January 31, 2021, Dr. Zeif and Mr. Fulop met telephonically to discuss generally the merits of a potential combination of Stratasys and Desktop Metal.

TABLE OF CONTENTS

On February 3, 2021, Dr. Zeif contacted Dr. Graves to convey that, after careful review and deliberation the Stratasys board of directors had unanimously rejected the Initial 3D Proposal.

On February 9, 2021, Mr. Fulop delivered to Stratasys a letter containing a non-binding, preliminary indication of interest of Desktop Metal to acquire Stratasys in a stock-for-stock transaction on the basis of \$60.00 per Stratasys ordinary share and stated that the proposal represented a 27.8% premium to the 15-trading day volume-weighted average price as of the date of the letter, which we refer to as the Initial DM Proposal.

On February 15, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management, as well as representatives of J.P. Morgan, Meitar and Wachtell Lipton, to discuss the Initial DM Proposal. The Stratasys board of directors instructed Dr. Zeif to continue discussions with Mr. Fulop regarding the Initial DM Proposal and the potential combination with Desktop Metal.

On February 19, 2021, Dr. Zeif, Mr. Fulop and Mr. Crump met telephonically to discuss the Initial DM Proposal and to further discuss the respective businesses of Desktop Metal and Stratasys, potential value creation collaborations, and the potential combination of the two companies.

On February 23 and 24, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management, as well as representatives of J.P. Morgan, Meitar and Wachtell Lipton, to further discuss the Initial DM Proposal as well as to receive an update on discussions held between Dr. Zeif, Mr. Crump and Mr. Fulop. At this meeting, representatives of J.P. Morgan presented its preliminary financial analysis of the Initial DM Proposal and the Stratasys board of directors discussed such financial analysis, along with the timing of the Initial DM Proposal, among other relevant factors, taking into account Stratasys' current business strategy and other potential strategic alternatives, and representatives of Meitar provided an overview of the Stratasys board of directors' duties in connection with its evaluation of the Initial DM Proposal. Following such discussion, the Stratasys board of directors concluded that the Initial DM Proposal undervalued Stratasys in light of its standalone prospects and was therefore not in the best interests of Stratasys and its shareholders, and unanimously determined to reject the Initial DM Proposal.

On February 24, 2021, Dr. Zeif met with Mr. Fulop to convey that, after careful review and deliberation, the Stratasys board of directors had unanimously rejected the Initial DM Proposal. Thereafter, Dr. Zeif and Mr. Fulop continued to periodically discuss potential collaborations between the two companies.

At this meeting, Dr. Graves described the terms and potential benefits of an acquisition of Stratasys by 3D Systems, and the terms being considered by 3D Systems with respect to a potential transaction.

On March 11, 2021, the Stratasys board of directors received a revised proposal from 3D Systems to acquire Stratasys for 1.547 shares of common stock of 3D Systems per ordinary share of Stratasys, pursuant to which Stratasys shareholders would own approximately 45% of the combined company, which we refer to as the Second 3D Proposal.

On March 17, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management team, as well as representatives of J.P. Morgan, Meitar and Wachtell Lipton. At this meeting, representatives of J.P. Morgan presented its preliminary financial analysis of the Second 3D Proposal. Following discussion with the members of Stratasys' management and advisors present, the Stratasys board of directors unanimously determined that the Second 3D Proposal continued to undervalue Stratasys in light of its standalone growth plan and was therefore not in the best interests of Stratasys and its shareholders, and instructed Dr. Zeif to communicate to 3D Systems that the Stratasys board of directors had unanimously rejected the Second 3D Proposal.

On March 19, 2021, Dr. Zeif met with Dr. Graves to convey that, after careful review and deliberation, the Stratasys board of directors had unanimously rejected the Second 3D Proposal.

On November 19, 2021, Dr. Zeif and Dr. Graves met telephonically to further discuss a potential transaction between Stratasys and 3D Systems. At this meeting, Dr. Graves described the updated terms being considered by 3D Systems with respect to a potential business combination transaction between Stratasys and 3D Systems.

On November 24, 2021, Stratasys received a revised non-binding proposal from 3D Systems to acquire Stratasys for \$10.00 in cash and 1.125 shares of common stock of the combined company for each ordinary share of Stratasys, pursuant to which Stratasys shareholders would own approximately 37% of the combined company, which we refer to as the Third 3D Proposal.

TABLE OF CONTENTS

On December 8, 2021, the Stratasys board of directors held a meeting with members of Stratasys' management, as well as representatives of J.P. Morgan, Meitar and Wachtell Lipton, to discuss the Third 3D Proposal. Representatives of J.P. Morgan presented its preliminary financial analysis of the Third 3D Proposal. The Stratasys board of directors discussed such financial analysis, along with the timing of the proposal in light of the conditions of the stock market and Stratasys' industry, and unanimously determined that the transaction contemplated by the Third 3D Proposal was not in the best interests of Stratasys and its shareholders.

The rights issuable under the Rights Plan are exercisable only if a person or group acquires beneficial ownership of 15% or more of the outstanding Stratasys ordinary shares, subject to certain exceptions.

On April 3, 2023, Stratasys publicly announced the Stratasys Board's unanimous rejection of the Second Nano Proposal. Stratasys' press release included clarifications with respect to certain statements previously made by Mr. Stern, including the following:

- *“Contrary to statements made by Mr. Stern, Stratasys' CEO Dr. Yoav Zeif has met with Mr. Stern only once, on March 9, 2023. This meeting was at Mr. Stern's request. Dr. Zeif did not indicate any support for the proposal and made it clear that Stratasys would respond once the Board's review of Nano's proposal was completed. - *“Contrary to what was implied by Mr. Stern, Dr. Zeif fully agrees with the Board's decision.”*
- *“Contrary to claims made by Mr. Stern, Stratasys directors receive the majority of their board compensation (which is approved by the Stratasys shareholders) in Stratasys equity and are aligned with the interests of Stratasys shareholders.”*

In its press release, Stratasys also questioned the composition and authority of Nano Dimension's board and management to submit and proceed with a bona fide acquisition proposal due to the approval by Nano Dimension shareholders of the removal of Mr. Stern and three other Nano Dimension directors at the disputed special general meeting of Nano Dimension shareholders called by Murchinson Ltd., or Murchinson, and held on March 20, 2023, or the Disputed Nano Shareholder Meeting, and the pending Israeli court proceeding on the validity of the Disputed Nano Shareholder Meeting.

Nano Dimension publicly announced the Third Nano Proposal on April 3, 2023 and noted in its press release that the Third Nano Proposal was its “best and final” offer and that it intended to consider other options, including commencing a tender offer, if the Stratasys board of directors rejected the Third Nano Proposal.

TABLE OF CONTENTS

On April 4, 2023, Stratasys issued a press release confirming that it had received the Third Nano Proposal and announcing that the Stratasys board of directors would review and evaluate the Third Nano Proposal.

On April 5, 2023, Nano Dimension issued a press release announcing that it was preparing a special tender offer for at least 51% of the outstanding Stratasys ordinary shares for \$18.00 per share in cash in the event that the Stratasys board of directors was unwilling to engage with Nano Dimension on the Third Nano Proposal. Nano Dimension also stated in the press release its intent to seek relief from an Israeli court providing that the Rights Plan could not be triggered under the Companies Law in response to such special tender offer.

On April 12, 2023, the Stratasys board of directors held a meeting to discuss and review the Third Nano Proposal and the potential special tender offer with members of Stratasys' management team and its advisors, including representatives of J.P. Morgan, Meitar, Wachtell Lipton and Joele Frank, Wilkinson Brimmer Katcher, referred to as Joele Frank. Representatives of Meitar provided a further overview of the Stratasys board of directors' duties in connection with its evaluation of the Third Nano Proposal. The Stratasys board of directors discussed the Third Nano Proposal and the potential special tender offer. Following consultation with its financial and legal advisors, the Stratasys board of directors unanimously determined that the Third Nano Proposal continued to substantially undervalue Stratasys in light of its standalone prospects and was not in the best interests of Stratasys and its shareholders and unanimously rejected the Third Nano Proposal.

On April 13, 2023, Stratasys publicly announced the Stratasys board of directors' rejection of the Third Nano Proposal and reiterated its concerns regarding the uncertainty of the composition and authority of Nano Dimension's board and management, including its authority to submit and follow through on a bona fide acquisition proposal regarding Stratasys.

Also on April 13, 2023, the Stratasys Board received a letter from a representative of Sullivan & Worcester LLP, or Sullivan, Nano Dimension's legal counsel, on behalf of Nano Dimension, referred to as the Sullivan Letter. In the Sullivan Letter, Nano Dimension restated its intent to commence a special tender offer and claimed that the Rights Plan could not be triggered in connection with such special tender offer in accordance with the Companies Law, and that triggering the Rights Plan would represent a stark departure from standard business practices. Nano Dimension demanded that the Stratasys Board, by the next business day, April 16, 2023, at 17:00, "approve...that they will act accordingly and as required by their fiduciary duties and the Companies Law, and will avoid any wrongful interference in a case of a Special Tender Offer made by Nano Dimension and will take the necessary actions vis-à-vis the Poison Pill, in order to abolish and prevent it from being triggered in this case."

On April 18, 2023, a representative of Meitar, acting on behalf of Stratasys, delivered a letter to a representative of Sullivan reiterating that the Israeli court had made clear that "Nano is currently acting with a board of directors as to which 'there is doubt as to its legality'" (quoting the April 16, 2023 decision of the Israeli court) and accordingly, there is at least a reasonable likelihood that the Israeli court will determine that the Disputed Nano Shareholder Meeting was valid. The letter also stated that "under these circumstances it is clearly improper for the members of the board of directors of Nano and certain officers of Nano, acting in what may soon be found to be ultra vires, to plunge Nano, Stratasys, and Stratasys' shareholders into a hostile take-over bid, rather than wait three to four months, until Nano's governance is clarified and resolved. It may also be inconsistent with Nano's board members' fiduciary duties to Nano and its shareholders."

On April 18, 2023, Stratasys issued a press release commenting on the illegitimacy and unclear legality of Nano Dimension's ongoing campaign against Stratasys in light of the interim decision given by the District Court for the Central District on April 16, 2023 in respect of the proceedings brought by Murchinson against Nano Dimension, in which the court required that two observers be appointed by Murchinson to Nano Dimension's board of directors. The press release also highlighted Nano Dimension's omission of the key fact that these court-ordered temporary observers are to be Murchinson's dissident director candidates.

On April 19, 2023, Nano Dimension issued a press release alleging that it has clear and full authority to take actions that are not in the ordinary course of business, including a transaction with Stratasys, and that any claim made to the contrary by Stratasys is false and misleading. The press release also claimed that Nano Dimension would continue to proceed with an all-cash special tender offer at \$18.00 per ordinary share of Stratasys.

During April 2023, Dr. Zeif and Mr. Fulop continued to meet and further discuss the terms of a potential combination of Stratasys and Desktop Metal, including potential transaction structures, ownership percentages for their respective shareholders in the combined company and governance terms.

TABLE OF CONTENTS

On April 25, 2023, Nano Dimension filed an application in the District Court in Tel Aviv for an urgent grant of a temporary injunction against Stratasys to prohibit Stratasys from taking any action to prevent or to unlawfully intervene in any potential tender offer that may be commenced by Nano Dimension, referred to as the Nano Application. Later that day, the court rejected the application for an urgent grant and stated that the Nano Application would be addressed within the usual timetable. The court scheduled a hearing on the Nano Application to be held on May 15, 2023, and set a deadline of May 11, 2023 for Stratasys to respond.

On April 30, 2023, the Stratasys board of directors held a meeting to discuss, among other matters, the status of the potential Nano Dimension tender offer, the Rights Plan, the status of discussions with Desktop Metal and with respect to other potential strategic transactions, with members of Stratasys' management team and its advisors, including representatives of J.P. Morgan, Meitar and Wachtell Lipton. Following consultation with its financial and legal advisors, the Stratasys board of directors adopted resolutions to provide that, in respect of any tender or exchange offer commenced for Stratasys ordinary shares, the rights will become exercisable only on the close of business on the tenth day after the public announcement or public disclosure by Stratasys that a person or group has become a beneficial owner of 15% or more of Stratasys ordinary shares pursuant to such tender or exchange offer. Stratasys filed a Report of Foreign Private Issuers on Form 6-K with the SEC on May 1, 2023 announcing the adoption of such resolutions. At this meeting, Dr. Zeif provided an update on his most recent discussion with Mr. Fulop, including that the two executives had discussed a "merger of equals" transaction and potential governance and leadership terms. Following this discussion, the Stratasys board of directors unanimously supported continuing discussions with Desktop Metal.

On May 1, 2023, Stratasys also filed an application in the District Court in Tel Aviv for a motion for summary dismissal of the Nano Application. On May 2, 2023, the court rejected the application for a motion for summary dismissal, preserving Stratasys' arguments for the hearing scheduled for May 15, 2023 with respect to the Nano Application.

On May 2, 2023, the Stratasys board of directors held a meeting with members of Stratasys' management team and representatives of J.P. Morgan, Meitar and Wachtell Lipton. At this meeting, Dr. Zeif updated the Stratasys board of directors on the status of discussions with Desktop Metal and provided an overview of the latest framework of proposed transaction terms, including a "merger of equals" transaction structure pursuant to which Stratasys would remain as the surviving company, with a Stratasys-led executive team and board of directors, in which Mr. Fulop would become the chairman of the board of the combined company, Mr. Ofer would become the Lead Independent Director and Dr. Zeif would continue as Chief Executive Officer. Following the discussion, the Stratasys board of directors unanimously supported members of Stratasys' management team continuing to discuss these terms with Desktop Metal.

On May 3, 2023, Stratasys delivered a non-binding indication of interest to representatives of Desktop Metal to combine Stratasys and Desktop Metal in a stock-for-stock merger transaction pursuant to which Desktop Metal would merge with Stratasys (through a merger into a wholly owned subsidiary of Stratasys) and stockholders of Desktop Metal would receive ordinary shares of Stratasys at an exchange ratio to be determined, referred to as the Stratasys DM Proposal. The Stratasys DM Proposal provided that the board of directors of the combined company would consist of ten members, including the Chief Executive Officer of Stratasys, five directors nominated by the current Stratasys board of directors and four directors nominated by the Desktop Metal board of directors. The Stratasys DM Proposal also stated that Mr. Fulop would serve as the non-executive Chairman of the board of directors, Mr. Ofer would serve as Lead Independent Director and Dr. Zeif would serve as Chief Executive Officer of the combined company.

On May 5, 2023, the Desktop Metal board of directors met, together with members of Desktop Metal's management team and its advisors, including representatives of Stifel and Latham, to discuss the Stratasys DM Proposal. Following consultation with its financial and legal advisors, the Desktop Metal board of directors unanimously supported pursuing a potential business combination with Stratasys on revised terms as set forth in the following paragraph.

On May 5, 2023, Desktop Metal delivered to representatives of Stratasys a revised version of the Stratasys DM Proposal, or the Third DM Proposal, that proposed, among other terms, (a) an exchange ratio of 0.151x, (b) equal representation of Desktop Metal and Stratasys nominees on the board of directors of the combined company, (c) a

supermajority requirement to replace the chairman or chief executive officer, (d) the right for each company to nominate an equal number of chairs of the committees of the board of directors, and (e) termination fees to be payable by each party that were stated in the Third DM Proposal to be “customary,” including upon a vote against the transaction by Stratasy’s shareholders.

On May 6, 2023, Dr. Zeif and Mr. Fulop met to discuss the Third DM Proposal and further negotiate the terms of a potential combination, including mutual termination fees, board composition and calculation of the exchange ratio.

On May 7, the Desktop Metal board of directors met, together with members of Desktop Metal’s management team and its advisors, including representatives of Stifel and Latham, to discuss Stratasy’s response to the Third DM Proposal. The Desktop Metal board of directors authorized Desktop Metal’s management team to continue negotiating with Stratasy and agreed on key terms for a revised proposal, as discussed in the paragraph immediately below.

Later on May 7, 2023, Mr. Fulop communicated to Dr. Zeif that the Desktop Metal board of directors had authorized further revisions to the Third DM Proposal to provide for, among other things, (a) an exchange ratio range of 0.123x – 0.144x (with the final exchange ratio to be determined based on market prices shortly before signing), (b) an 11-member board of directors, including the Stratasy Chief Executive Officer, five directors designated by Stratasy and five directors designated by Desktop Metal and (c) further negotiation of the applicable triggering events for payment of termination fees payable by Desktop Metal and Stratasy, and which would be of an amount of no less than 2%.

Throughout May 7, 2023, Mr. Fulop and Dr. Zeif further discussed Stratasy’s and Desktop Metal’s respective positions on the exchange ratio and termination fees.

On May 8, 2023, the Stratasy board of directors held a meeting with members of Stratasy’s management team and representatives of Meitar, Wachtell Lipton and J.P. Morgan to discuss the potential terms of a potential transaction with Desktop Metal, including the exchange ratio range, governance terms, termination fees, regulatory matters and tax structure. Following such discussion, the Stratasy board of directors approved the continuation of discussions with respect to the transaction with Desktop Metal on the basis of a 0.123x-0.144x exchange ratio range, termination fees to be determined on market standard terms for similar “merger of equals” transactions (but excluding payment of a full termination fee solely on account of a failure to obtain shareholder approval) and an 11-member board of directors consisting of five directors designated by Stratasy, five directors designated by Desktop Metal, and the Chief Executive Officer of Stratasy.

Also on May 8, 2023, Mr. Fulop communicated with the Desktop Metal board of directors regarding the continuation of discussions with respect to the transaction with Stratasy on the basis of a 0.123x-0.144x exchange ratio range. Later on May 8, 2023, Mr. Fulop communicated to Dr. Zeif that the Desktop Metal board of directors had authorized an exchange ratio range of 0.123x – 0.144x, subject to further due diligence.

Stratasy filed a motion arguing

that the hearing should not be postponed and that the expert report submitted by Nano Dimension was inadmissible and improper as it addressed and offered legal conclusions under Israeli law. The court ruled that the hearing would be held as originally scheduled on May 15, 2023, without ruling on the admissibility of the expert report filed by Nano Dimension.

Also on May 14, 2023, the Stratasys board of directors held a meeting with representatives of J.P. Morgan, Meitar and Wachtell Lipton to discuss the potential transaction with Desktop Metal, including the key terms thereof and potential next steps, the status of the potential tender offer by Nano Dimension, as well as Stratasys' financial results in the first quarter of 2023. On May 19, 2023, Wachtell Lipton delivered an initial draft of a merger agreement to Latham. The draft merger agreement provided for substantially reciprocal representations, warranties and covenants, included the governance framework that had been discussed between the parties (particularly that the board of directors of the combined company would consist of 11 members, five of whom would be designated by Stratasys, five of whom would be designated by Desktop Metal and one of whom would be the Chief Executive Officer of Stratasys) and included other customary and reciprocal no-shop, fiduciary-out and termination provisions and termination fee triggers, but did not specify the amount of termination fees. The draft merger agreement also referred to Stratasys' expectation that Desktop Metal would adopt a shareholder rights plan upon execution of the merger agreement.

On May 20, 2023, the Desktop Metal board of directors met, together with the members of the Desktop Metal management team and its advisors, including representatives of Stifel, Latham and Desktop Metal's Israeli counsel, Shibolet & Co., or Shibolet, to discuss the status of the negotiations and the current deal structure, including the triggering events to, and size of, contemplated termination fees. Shibolet provided a summary of the litigation between Nano Dimension and Stratasys. The Desktop Metal board of directors and its advisors discussed concerns regarding the prospect of Stratasys undergoing a change of control during the interim period between the execution of the merger agreement and the closing of the proposed business combination. Following these discussions, the Desktop Metal board of directors authorized Desktop Metal's management and its advisors to continue discussions with Stratasys and directed them to mitigate the risk of a termination of the merger agreement by securing a termination fee payable in certain customary circumstances of at least 3.25% of Stratasys' equity value and mitigating the risk of change of control of Stratasys by obtaining a termination right with respect thereto.

On May 21, 2023, Wachtell Lipton, Meitar, Latham and Shibolet, held a negotiation call to discuss the key open issues in the merger agreement, and during this discussion it was agreed that, subject to confirmation by each party's board of directors, a termination fee of 3.25% of the applicable party's equity value would be payable in customary circumstances for the payment of a full termination fee, while expenses (to a cap of 1%) would be reimbursed by the applicable party in the event that shareholders of such party voted to reject the proposed transaction. During these meetings, management and Desktop Metal's advisers updated the Desktop Metal board of directors with respect to the latest developments and negotiations between the parties, including the requirement from Stratasys that Desktop Metal adopt a shareholder rights plan in connection with the execution of the merger agreement. Following such discussion, the Desktop Metal board of directors determined that adopting a shareholder rights plan in connection with the execution of the merger agreement in exchange for receiving more favorable terms with respect to other negotiation points in the transaction was in the best interests of Desktop Metal and its shareholders, particularly in light of Nano Dimension's hostile tender offer for Stratasys and the possibility that Nano Dimension may make a similar hostile tender offer for Desktop Metal, and unanimously authorized Desktop Metal's management and advisors to agree to a covenant obligating Desktop Metal to adopt a shareholder rights plan in connection with the execution of the merger agreement.

On May 23, 2023, the Stratasys board of directors met, together with members of Stratasys' management team and its advisors, including representatives of J.P. Morgan, Meitar and Wachtell Lipton. Representatives of Latham provided an overview of the Desktop Metal board of directors' fiduciary duties in connection with its evaluation of the transaction with Stratasys, summarized the terms of the transaction with Stratasys and summarized the resolutions proposed for the board's approval, and updated the Desktop Metal board of directors regarding the addition of a provision in the merger agreement allowing Stratasys to terminate the merger agreement or decline to consummate the transactions contemplated thereby if certain commercial agreements with third parties were not amended, modified or terminated on commercially reasonable terms prior to the closing, subject to a payment of a termination fee. At the same meeting, representatives of J.P. Morgan described their financial analysis with respect to the Sixth 3D Proposal. The Stratasys board of directors discussed and considered J.P. Morgan's financial analysis with respect to the Sixth 3D Proposal, as well as the transactions contemplated by the Merger Agreement and Stratasys' other prospects, and unanimously determined that the Sixth 3D Proposal did not constitute, and would not reasonably be expected to result in, a "Superior Proposal" pursuant to the terms of the Merger Agreement and did not provide a basis upon which to enter into discussions with 3D Systems.

On June 30, 2023, Stratasys issued a press release announcing the Stratasys board of directors' recommendation that Stratasys shareholders reject the Nano Offer, not tender any of their Stratasys ordinary shares to Nano pursuant to the Nano Offer and deliver a Notice of Objection against the Nano Offer. That same day, Stratasys also issued a press release announcing the Stratasys board of directors' rejection of the Sixth 3D Proposal and sent a letter to its employees regarding the rejection of both the Nano Offer and the Sixth 3D Proposal.

On July 4, 2023, Stratasys issued a press release announcing that it would hold its 2023 Annual General Meeting of Shareholders (the "2023 AGM") on August 8, 2023 to, among other things, re-elect or elect, as applicable, to the Stratasys board of directors, either (a) eight individuals nominated by the Stratasys board of directors, consisting of current members of the Stratasys board of directors, or (b) seven individuals nominated by Nano (the "Nano Director Nominees").

On July 10, 2023, Nano issued a press release announcing that it had increased the consideration in the Nano Offer from \$20.05 to \$24.00 per ordinary share in cash, less any required withholding taxes and without interest. Later that day, Stratasys issued a press release noting that the Stratasys board of directors would review the revised Nano Offer and intended to advise Stratasys shareholders of its position regarding the revised Nano Offer within 10 business days.

On July 12, 2023, Stratasys filed with the SEC a proxy statement in connection with the 2023 AGM and mailed a letter to its shareholders highlighting Stratasys' track record of strong performance and its strategy for value creation.

On July 13, 2023, Stratasys received an updated unsolicited non-binding proposal from 3D Systems, pursuant to which 3D Systems would acquire Stratasys for \$7.50 in cash and 1.5444 newly issued shares of common stock of 3D Systems per Stratasys ordinary share, including proposed forms of a merger agreement (the "3D Proposed Merger Agreement") and 3D Systems' disclosure schedules to the 3D Proposed Merger Agreement (collectively, the "Seventh 3D Proposal"). Under the Seventh 3D Proposal, Stratasys shareholders would own approximately 44% of the combined company. Among other terms, the 3D Proposed Merger Agreement, which was filed as an exhibit to 3D Systems' Current Report on Form 8-K filed on July 13, 2023, provided that each Stratasys shareholder would have the right to elect to receive (a) the mix of cash and stock consideration noted above, (b) consideration consisting of only cash or (c) consideration consisting of only stock, subject to the election and proration mechanisms set forth in the 3D Proposed Merger Agreement, and that 3D Systems would pay the full amount of any termination fee payable to Desktop Metal under the Merger Agreement on Stratasys' behalf, subject to Stratasys' obligation to refund

such fee under certain circumstances as set forth in the 3D Proposed Merger Agreement. The Seventh 3D Proposal did not include a proposal with respect to governance terms, did not specify all of the required regulatory approvals that would be required, contemplated a 18-month ultimate outside date and did not contemplate a regulatory reverse termination fee.

In accordance with the terms of the Merger Agreement, Stratasys notified Desktop Metal that Stratasys had received the Seventh 3D Proposal and provided Desktop Metal with copies of the Seventh 3D Proposal, the 3D Proposed Merger Agreement and accompanying documents.

Later that day, Stratasys issued a press release confirming its receipt of the Seventh 3D Proposal and noting that the Stratasys board of directors would review the proposal in consultation with its independent financial and legal advisors and in accordance with its duties under applicable law and its obligations under the Merger Agreement.

On July 16, 2023, the Stratasys board of directors held a meeting with certain members of Stratasys' management team and advisors, including representatives of J.P. Morgan, Meitar, Wachtell Lipton and Joele Frank, to discuss and evaluate the revised Nano Offer and the increase of the offer consideration to \$24.00 per share. At that meeting, J.P. Morgan rendered for the benefit of the Stratasys board of directors its oral opinion, subsequently confirmed in writing, that as of such date based upon and subject to the various assumptions, qualifications, limitations and other matters described in such written opinion, the consideration proposed to be paid to the holders (other than Nano and any of its affiliates) of Stratasys ordinary shares pursuant to the Nano Offer was inadequate from a financial point of view to such holders. The Stratasys board of directors, following its discussion and evaluation of the revised Nano Offer and the increase of the offer consideration to \$24.00 per share, taking into consideration the opinion rendered by J.P. Morgan, and the matters previously considered by the Stratasys Board in connection with the rejection of Nano's prior offer, and the continuing applicability and relevance of those matters to the Nano Offer, at the revised offer consideration and noting the partial nature of the Nano Offer, unanimously determined that the Nano Offer continued to be inadequate and substantially undervalued Stratasys' industry-leading position and growth opportunities, was highly opportunistic, coercive and self-interested, and if consummated (particularly taking into account the Nano Director Nominees), would pose significant risks for Stratasys' remaining shareholders in a Nano-controlled company (which could include Stratasys shareholders who tendered their shares as part of the Nano Offer), and was accordingly not in the best interests of Stratasys and its shareholders taken as a whole and did not constitute, and would not reasonably be expected to result in, a "Superior Proposal" under the terms of the Merger Agreement.

At the same meeting, representatives of J.P. Morgan described their financial analysis with respect to the Seventh 3D Proposal. The Stratasys Board discussed and considered J.P. Morgan's financial analysis with respect to the Seventh 3D Proposal, as well as the transactions contemplated by the Merger Agreement and Stratasys' other prospects, and unanimously determined that the Seventh 3D Proposal would reasonably be expected to result in a "Superior Proposal" pursuant to the terms of the Merger Agreement and authorized Stratasys management to enter into discussions with 3D Systems with respect to the Seventh 3D Proposal, subject to the requirements of the Merger Agreement.

On July 17, 2023, Stratasys issued a press release announcing the Stratasys board of directors' recommendation that Stratasys shareholders reject the Nano Offer, not tender any of their Stratasys ordinary shares to Nano pursuant to the Nano Offer and deliver a Notice of Objection against the Nano Offer.

That same day, Stratasys also issued a press release announcing the Stratasys board of directors' determination that the Seventh 3D Proposal would reasonably be expected to result in a "Superior Proposal" pursuant to the terms of the Merger Agreement and Stratasys' intention to engage in discussions with 3D Systems with respect to the Seventh 3D Proposal, subject to the requirements of the Merger Agreement.

On July 18, 2023, Nano issued a press release announcing that it had (a) increased the consideration in the Nano Offer from \$24.00 to \$25.00 per ordinary share in cash, less any required withholding taxes and without interest and (b) extended the expiration date of the Nano Offer to 5:00 p.m. New York Time on July 31, 2023, unless further extended or earlier terminated. On July 19, 2023, Nano further extended the expiration date of the Nano Offer to 11:59 p.m. New York Time on July 31, 2023.

Later on July 18, 2023, the Stratasys Board held a meeting with certain members of Stratasys' management team and advisors, including representatives of J.P. Morgan, Meitar, Wachtell Lipton and Joele Frank, to discuss and evaluate the revised Nano Offer and the increase of the offer consideration to \$25.00 per share. The Stratasys board

of directors, following its discussion and evaluation of the revised Nano Offer and the increase of the offer consideration to \$25.00 per share, taking into the matters previously considered by the Stratasys board of directors in connection with the rejection of Nano's prior offer, and the continuing applicability and relevance of those matters to the Nano Offer, at the revised offer consideration and noting the partial nature of the Nano Offer, unanimously determined that the Nano Offer continued to be inadequate and substantially undervalued Stratasys' industry-leading position and growth opportunities, was highly opportunistic, coercive and self-interested, and if consummated (particularly taking into account the Nano Director Nominees), would pose significant risks for Stratasys' remaining shareholders in a Nano-controlled company (which could include Stratasys shareholders who tendered their shares as part of the Nano Offer), and was accordingly not in the best interests of Stratasys and its shareholders taken as a whole and did not constitute, and would not reasonably be expected to result in, a "Superior Proposal" under the terms of the Merger Agreement.

On July 19, 2023, Stratasys issued a press release announcing the Stratasys board of directors' recommendation that Stratasys shareholders reject the Nano Offer, not tender any of their Stratasys ordinary shares to Nano pursuant to the Nano Offer and deliver a Notice of Objection against the Nano Offer, and sent a letter to its employees regarding the rejection of the Nano Offer.

Later on July 19, 2023, Stratasys issued a press release announcing that the judge presiding over the legal proceeding in the Israeli court relating to the Nano Application had indicated on a preliminary basis that shareholder rights plans are valid under Israeli law.

Also on July 19, 2023, Stratasys and 3D Systems entered into a Mutual Confidentiality and Nondisclosure Agreement (the "Stratasys-3D Systems NDA") on substantially the same terms as the Stratasys-Desktop Metal NDA, in accordance with the terms of the Merger Agreement, to facilitate due diligence between the two companies. The Stratasys-3D Systems NDA did not include a full standstill provision, but did include a mutual restriction on both parties from buying shares of the other party until August 31, 2023.

Following the execution of the Stratasys-3D Systems NDA, each of the parties provided access to the other to a virtual data room, and each party and its management and advisors engaged in reciprocal due diligence review of the other party, including management meetings and due diligence calls.

On July 27, 2023, 3D Systems issued a press release stating that the merger consideration proposed under the Seventh 3D Proposal was 3D Systems' best and final proposal and noting that 3D Systems was targeting August 4, 2023 for the completion of due diligence and merger agreement discussions.

On July 28, 2023, Stratasys issued a press release in response to 3D Systems' July 27 press release, clarifying that, contrary to 3D Systems' statements in its press release, 3D Systems had not provided repeatedly requested information necessary to substantiate its cost synergy claims, as well as other important information critical to the due diligence process. In the press release, Stratasys also noted that 3D Systems' July 27 press release was the first indication that the Seventh 3D Proposal was 3D Systems' "best and final proposal" as to the form and amount of merger consideration.

Following the Stratasys July 28 press release, Stratasys, 3D Systems and their respective members of management and advisors continued to engage in reciprocal due diligence, management meetings and due diligence calls.

Also on July 28, 2023, Nano issued a press release announcing that it did not intend to further extend the expiration date of the Nano Offer and would withdraw the nominations of the Nano Director Nominees to the Stratasys board of directors.

On July 31, 2023, at 11:59 p.m. New York time, the Nano Offer expired and no Stratasys ordinary shares were purchased by Nano in the Nano Offer.

On August 22, 2023, representatives of management and the board of directors of Stratasys and 3D Systems met, and the Stratasys representatives provided feedback in regards to the latest 3D Systems proposal, including in regards to the results of the due diligence review of 3D Systems undertaken by Stratasys. The Stratasys representatives conveyed to the 3D Systems representatives particular areas of concern with respect to the proposed transaction and combined company, based on the results of the due diligence review undertaken by Stratasys, following the execution of the Stratasys-3D Systems NDA. These concerns related to the amount and form of consideration proposed by 3D Systems (including in light of the significant decline in the stock price of 3D Systems), closing certainty of the

proposed transaction and management of the combined company. Based on these factors and on Stratasys' evaluation of the latest 3D Systems proposal and a possible transaction with 3D Systems, representatives of Stratasys conveyed to the 3D Systems representatives that the latest 3D Systems proposal was not itself a transaction which Stratasys would be prepared to enter into. While Stratasys, 3D Systems and their respective management teams and advisors may engage in discussions, as of the date of this joint proxy statement/prospectus, the Stratasys board of directors has not determined that the latest 3D Systems proposal constitutes a "Superior Proposal" pursuant to the terms of the Merger Agreement and the Stratasys board has not changed its unanimous approval, recommendation and declaration of advisability of the Merger with Desktop Metal. **The Stratasys board of directors strongly encourages you to vote in favor of the Stratasys Merger-related proposal at the Stratasys EGM, and to thereby enable the value-adding Merger with Desktop Metal.**

Recommendation of the Desktop Metal Board of Directors and Reasons for the Merger

On May 24, 2023, the Desktop Metal board of directors unanimously determined that it was fair to and in the best interests of Desktop Metal and its stockholders, and declared it advisable, for Desktop Metal to enter into the Merger Agreement, and approved the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger. **The Desktop Metal board of directors unanimously recommends that Desktop Metal stockholders vote "FOR" the Desktop Metal Merger Agreement Proposal.**

In evaluating the Merger, the Desktop Metal board of directors consulted with Desktop Metal management, as well as Desktop Metal's legal and financial advisors, and considered a number of factors, weighing both perceived benefits of the Merger as well as potential risks and uncertainties of the Merger.

In the course of its deliberations, the Desktop Metal board of directors considered a variety of factors and information that it believes support its determinations and recommendations, including the following (which are not necessarily presented in order of relative importance):

- Desktop Metal's belief that the increased size, scale and financial strength of the combined company following the Merger will result in one of the largest companies in the additive manufacturing industry, to serve customers and grow sales, targeting \$1.1 billion in annual revenue by 2025 and an improved profitability creating sustained value for all stakeholders.
- Desktop Metal's expectations that the combined company will have a broad product portfolio with little overlap to Stratasys and attractive positions across multiple additive manufacturing technologies and solutions with the ability to offer customers end-to-end solutions from designing, prototyping and tooling to mass production and aftermarket operations across the entire manufacturing lifecycle.
- Desktop Metal's expectation that the Merger will combine two complementary intellectual property portfolios with more than 3,400 patents and pending patent applications and one of the largest R&D and engineering teams in the industry, with over 800 scientists and engineers focused on driving innovation across technologies and across a differentiated materials library.
- Desktop Metal's expectation that the Merger brings together complementary products and technologies that cover a wide range of industry verticals and use cases with superior global go-to-market capabilities with enhanced market access for recognizable brands, backed up by premier customer support capabilities. With more than 27,000 industrial customers, Desktop Metal expects the combined company to have a large customer base across industries, materials and applications to drive significant recurring revenue from consumables.
- Desktop Metal's view that Stratasys' executive leaders are aligned with and share a similar conviction about the efficacy and appeal of the value proposition of the combined company.
- Desktop Metal's belief that both Stratasys and Desktop Metal have exceptional technical teams with complementary skill sets, which will facilitate the integration of the two companies and deliver expected strong results from the combined company.
- Desktop Metal's expectation that, by 2025, the Merger will generate approximately \$50 million of revenue synergies as a result of existing customers benefitting from the broad and complementary products and services provided by the combined company, enabling cross-selling, as well as an additional amount of approximately \$50 million in annual run-rate cost synergies by 2025 as a result of cost reductions in sales, general and administrative expenses, supply chain management and optimization of operational processes.

The Desktop Metal board of directors considered all of these factors as a whole and unanimously determined that the Merger Agreement and the transactions contemplated thereby it were fair to and in the best interests of Desktop Metal and its stockholders, and declared it advisable, for Desktop Metal to enter into the Merger Agreement, and approved the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger. The foregoing discussion of the information and factors considered by the Desktop Metal board of directors in reaching its conclusions and recommendation includes the principal factors considered by the Desktop Metal board of directors, but is not intended to be exhaustive and may not include all of the factors considered by the Desktop Metal board of directors. In view of the wide variety of factors considered by the Desktop Metal board of directors in connection with its evaluation of the Merger and the complexity of these matters, the Desktop Metal board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative or specific weights to the specific factors that it considered in reaching its decision. Rather, the Desktop Metal board viewed its decisions as being based on the totality of the factors and information it considered. In considering the factors described above and any other factors, individual members of the Desktop Metal board of directors may have viewed factors differently or given different weight or merit to different factors.

The foregoing discussion of the information and factors considered by the Desktop Metal board of directors is forward-looking in nature and should be read in light of the factors described in the section entitled “**Cautionary Statement Regarding Forward-Looking Statements**”

Morgan's written opinion, dated May 25, 2023, to the Stratasys board of directors, and attached to this joint proxy statement/prospectus as Annex C, to the effect that, as of such date, and based upon and subject to the various assumptions, qualifications, limitations and other matters described in its written opinion, the exchange ratio in the proposed Merger was fair, from a financial point of view, to Stratasys; for additional information, see the section entitled "*The Merger—Opinion of Stratasys' Financial Advisor*" and the full text of the written opinion of J.P. Morgan attached as Annex C to this joint proxy statement/prospectus.
- Stratasys' belief that the restrictions imposed on Stratasys' business and operations during the pendency of the Merger are reasonable and not unduly burdensome.
- That the exchange ratio is fixed and will not fluctuate in the event that the market price of Desktop Metal Class A common stock increases relative to the market price of Stratasys ordinary shares between the date of the Merger Agreement and the completion of the Merger.
- The likelihood of consummation of the Merger and the Stratasys board of directors' evaluation of the likely time period necessary to close the Merger.
- Stratasys' expectation that Stratasys will continue to be led by a strong, experienced Stratasys management team, with the current Chief Executive Officer of Stratasys, Mr. Yoav Zeif, continuing to serve as Chief Executive Officer of the combined company following the Merger, and Mr. Dov Ofer, Stratasys' current Chairman, serving as Lead Independent Director of the combined company following the Merger.
- That the Stratasys shareholders will have the opportunity to vote on the Stratasys Merger-related proposal, the approval of which is a condition precedent to the closing of the Merger.

TABLE OF CONTENTS

- The representations, warranties, covenants and conditions contained in the Merger Agreement, including the following (which are not necessarily presented in order of relative importance):
 - That Stratasys has the ability, in specified circumstances and subject to the limitations provided for therein, to provide information to and to engage in discussions or negotiations with a third party that makes an unsolicited acquisition proposal, as further described in the sections entitled “**The Merger Agreement—No Solicitation**” and “**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**”
 - That the Stratasys board of directors has the ability, in specified circumstances, to change its recommendation to Stratasys shareholders in favor of the Stratasys Merger-related proposal, as further described in the sections entitled “**The Merger Agreement—No Solicitation**” and “**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**”
 - That there are limited circumstances in which the Desktop Metal board may terminate the Merger Agreement or change its recommendation that Desktop Metal stockholders approve the Desktop Metal Merger Agreement proposal, and if the Merger Agreement is terminated under specified circumstances, including by Stratasys as a result of a change in recommendation of the Desktop Metal board, then Desktop Metal has agreed to pay Stratasys a termination fee of \$18.6 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
 - That if the Merger Agreement is terminated by either party because (a) prior to the Desktop Metal special meeting, an acquisition proposal with respect to Desktop Metal is publicly proposed or disclosed (and not withdrawn at least two business days prior to the Desktop Metal special meeting), (b) either party has terminated the Merger Agreement for failure to obtain Desktop Metal stockholders’ approval of the Desktop Metal Merger Agreement proposal and (c) within 12 months of termination, an acquisition proposal for 50% or more of Desktop Metal is consummated or a definitive agreement providing for such an acquisition proposal is entered into, then Desktop Metal has agreed to pay Stratasys a termination fee of \$18.6 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
 - That if the Merger Agreement is terminated by either party because Desktop Metal stockholders have not approved the Desktop Metal Merger Agreement proposal and at the time of the termination, the Desktop Metal board has not made a change in recommendation, then Desktop Metal has agreed to reimburse Stratasys for Stratasys’ Termination Expenses in an amount not to exceed \$10 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
 - The requirement that Desktop Metal hold a stockholder vote on the approval of the Desktop Metal Merger Agreement proposal, even if the Desktop Metal board has withdrawn or changed its recommendation in favor of that proposal, and the inability of Desktop Metal to terminate the Merger Agreement in connection with an acquisition proposal. For additional information, see the section entitled “**The Merger Agreement—No Solicitation**” and “**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**”

In the course of its deliberations, the Stratasys board of directors also considered a variety of risks, uncertainties and other potentially negative factors, including the following (which are not necessarily presented in order of relative importance):

- That the Merger may not be completed in a timely manner or at all and the potential consequences of non-completion or delays in completion.
- The effect that the length of time from announcement of the Merger until completion of the Merger could have on the market price of Stratasys ordinary shares, Stratasys’ operating results and Stratasys’ relationship with its employees, shareholders and industry contacts and others who do business with Stratasys.
- That the integration of Stratasys and Desktop Metal may not be as successful as expected and that the anticipated benefits of the Merger may not be realized in full or in part, including the risk that revenue or cost synergies may not be achieved or not achieved in the expected time frame.

TABLE OF CONTENTS

- That the attention of Stratasys’ senior management may be diverted from other strategic priorities to focus on implementing the Merger, including making arrangements for the integration of Desktop Metal’s and Stratasys’ operations, assets and employees following the Merger.
- That Desktop Metal stockholders may not approve the Desktop Metal Merger Agreement proposal or that Stratasys shareholders may not approve the Stratasys Merger-related proposal.
- That the exchange ratio is fixed and will not fluctuate in the event that the market price of Stratasys common stock increases relative to the market price of Desktop Metal Class A common stock between the date of the Merger Agreement and the completion of the Merger.
- That the Merger Agreement imposes restrictions on Stratasys’ ability to solicit alternative transactions and make certain acquisitions, which are described in the sections entitled “**The Merger Agreement—Interim Operations of Desktop Metal and Stratasys Pending the Merger**”, “**The Merger Agreement—No Solicitation**” and “**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**”
- That there are limited circumstances in which the Stratasys board of directors may terminate the Merger Agreement or change its recommendation that Stratasys shareholders approve the Stratasys Merger-related proposal, and if the Merger Agreement is terminated under specified circumstances, including by Desktop Metal as a result of a change in recommendation of the Stratasys board of directors, then Stratasys has agreed to pay Desktop Metal a termination fee of \$32.5 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
- That if (a) prior to the Stratasys EGM, an acquisition proposal with respect to Stratasys is publicly proposed or disclosed (and not withdrawn at least two business days prior to the Stratasys EGM), (b) either party has terminated the Merger Agreement for failure to obtain shareholders’ approval of the Stratasys Merger-related proposals and (c) within 12 months of termination, an acquisition proposal for 50% or more of Stratasys is consummated or a definitive agreement providing for such an acquisition proposal is entered into, then Stratasys has agreed to pay Desktop Metal a termination fee of \$32.5 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
- That if the Merger Agreement is terminated by either party because Stratasys shareholders have not approved the Stratasys Merger proposals and at the time of the termination, the Stratasys board of directors has not made a change in recommendation, then Stratasys has agreed to reimburse Desktop Metal for Desktop Metal’s Termination Expenses in an amount not to exceed \$10 million. For additional information, see the section entitled “**The Merger Agreement—Termination.**”
- The requirement that Stratasys hold a shareholder vote on the approval of the Stratasys Merger proposals, even if the Stratasys board of directors has withdrawn or changed its recommendation in favor of the Stratasys Merger proposals, and the inability of Stratasys to terminate the Merger Agreement in connection with an acquisition proposal. For additional information, see the sections entitled “**The Merger Agreement—No Solicitation**” and “**The Merger Agreement—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal**”
- The transaction costs to be incurred by Stratasys in connection with the Merger.
- The likelihood of lawsuits being brought against Stratasys, Desktop Metal or their respective boards in connection with the Merger or in connection with any alternative transaction.
- The risks associated with the occurrence of events that may materially and adversely affect the financial condition, properties, assets, liabilities, business or results of operations of Desktop Metal and its subsidiaries but that will not entitle Stratasys to terminate the Merger Agreement.
- The risk that a change of control may occur with respect to Stratasys prior to closing that would entitle Desktop Metal to terminate the Merger Agreement.
- The potential impact on the market price of Stratasys ordinary shares as a result of the issuance of the merger consideration to holders of eligible shares of Desktop Class A common stock.
- Various other risks described in the section entitled “**Risk Factors**” beginning on page [41](#).

TABLE OF CONTENTS

The Stratasys board of directors considered all of these factors as a whole and unanimously determined that the Merger Agreement and the transactions contemplated thereby, including the issuance of Stratasys ordinary shares in connection with the Merger, were fair to and in the best interests of Stratasys and its shareholders and declared it advisable, for Stratasys to enter into the Merger Agreement, and approved the execution, delivery and performance of the Merger Agreement and the transactions contemplated thereby, including the Merger. The foregoing discussion of the information and factors considered by the Stratasys board of directors in reaching its conclusions and recommendation includes the principal factors considered by the Stratasys board of directors, but is not intended to be exhaustive and may not include all of the factors considered by the Stratasys board of directors. In view of the wide variety of factors considered by the Stratasys board of directors in connection with its evaluation of the Merger and the complexity of these matters, the Stratasys board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign relative or specific weights to the specific factors that it considered in reaching its decision. Rather, the Stratasys board viewed its decisions as being based on the totality of the factors and information it considered. In considering the factors described above and any other factors, individual members of the Stratasys board of directors may have viewed factors differently or given different weight or merit to different factors.

The foregoing discussion of the information and factors considered by the Stratasys board of directors is forward-looking in nature and should be read in light of the factors described in the section entitled “**Cautionary Statement Regarding Forward-Looking Statements**”

Opinion of Stratasys’ Financial Advisor

Pursuant to an engagement letter, Stratasys retained J.P. Morgan as its financial advisor in connection with the proposed Merger.

At the meeting of the Stratasys board of directors on May 24, 2023, J.P. Morgan rendered its oral opinion to the Stratasys board of directors that, as of such date and based upon and subject to the factors and assumptions set forth in its opinion, the exchange ratio in the proposed Merger was fair, from a financial point of view, to Stratasys. J.P. Morgan has confirmed its May 24 2023 oral opinion by delivering its written opinion to the Stratasys board of directors, dated May 25, 2023, that, as of such date, the exchange ratio in the proposed Merger was fair, from a financial point of view, to Stratasys.

The full text of the written opinion of J.P. Morgan dated May 25, 2023, which sets forth, among other things, the assumptions made, matters considered and limits on the review undertaken, is attached as Annex C to this joint proxy statement/prospectus and is incorporated herein by reference. The summary of the opinion of J.P. Morgan set forth in this proxy statement is qualified in its entirety by reference to the full text of such opinion. Stratasys’ shareholders are urged to read the opinion in its entirety. J.P. Morgan’s written opinion was addressed to the Stratasys board of directors (in its capacity as such) in connection with and for the purposes of its evaluation of the proposed Merger, was directed only to the exchange ratio in the Merger and did not address any other aspect of the Merger. J.P. Morgan expressed no opinion as to the fairness of the exchange ratio to the holders of any class of securities, creditors or other constituencies of Stratasys or as to the underlying decision by Stratasys to engage in the proposed Merger. The issuance of J.P. Morgan’s opinion was approved by a fairness committee of J.P. Morgan. The summary of the opinion of J.P. Morgan set forth in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of such opinion. The opinion does not constitute a recommendation to any shareholder of Stratasys as to how such shareholder should vote with respect to the proposed Merger or any other matter.

In arriving at its opinion, J.P. Morgan, among other things:

- reviewed the Merger Agreement;
- reviewed certain publicly available business and financial information concerning Desktop Metal and Stratasys and the industries in which they operate;
- compared the financial and operating performance of Desktop Metal and Stratasys with publicly available information concerning certain other companies J.P. Morgan deemed relevant and reviewed the current and historical market prices of Desktop Metal Class A common stock and Stratasys ordinary shares and certain publicly traded securities of such other companies;

TABLE OF CONTENTS

- reviewed certain internal financial analyses and forecasts prepared by the management of Stratasys relating to Stratasys' businesses, and certain internal financial analyses and forecasts prepared by the management of Desktop Metal relating to Desktop Metal's businesses and adjusted by the management of Stratasys, as well as the estimated amount and timing of the synergies, cost savings and related expenses expected to result from the Merger, or the Synergies; and
- performed such other financial studies and analyses and considered such other information as J.P. Morgan deemed appropriate for the purposes of its opinion.

In addition, J.P. Morgan held discussions with certain members of the management of Desktop Metal and Stratasys with respect to certain aspects of the Merger, and the past and current business operations of Desktop Metal and Stratasys, the financial condition and future prospects and operations of Desktop Metal and Stratasys, the effects of the Merger on the financial condition and future prospects of Stratasys, and certain other matters J.P. Morgan believed necessary or appropriate to its inquiry.

In giving its opinion, J.P. Morgan relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with J.P. Morgan by Desktop Metal and Stratasys or otherwise reviewed by or for J.P. Morgan, and J.P. Morgan did not independently verify any such information or its accuracy or completeness and, pursuant to its engagement letter with Stratasys, J.P. Morgan did not assume any obligation to undertake any such independent verification. J.P. Morgan did not conduct or was not provided with any valuation or appraisal of any assets or liabilities, nor did J.P. Morgan evaluate the solvency of Desktop Metal or Stratasys under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to J.P. Morgan or derived therefrom, including the Synergies, J.P. Morgan assumed that they were reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of Desktop Metal and Stratasys to which such analyses or forecasts relate. J.P. Morgan expressed no view as to such analyses or forecasts (including the Synergies) or the assumptions on which they were based. J.P. Morgan also assumed that the Merger and other transactions contemplated by the Merger Agreement will qualify as a tax-free reorganization for United States federal income tax purposes and will be consummated as described in the Merger Agreement. J.P. Morgan also assumed that the representations and warranties made by Stratasys and Desktop Metal in the Merger Agreement and the related agreements were and will be true and correct in all respects material to its analysis. J.P. Morgan is not a legal, regulatory or tax expert and relied on the assessments made by advisors to Stratasys with respect to such issues. J.P. Morgan further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Merger will be obtained without any adverse effect on Desktop Metal or Stratasys or on the contemplated benefits of the Merger.

The projections furnished to J.P. Morgan were prepared by the management of Stratasys and the management of Desktop Metal (as adjusted by the management of Stratasys), which in each case were discussed with, and approved for J.P. Morgan's use by the Stratasys board of directors in connection with J.P. Morgan's financial analyses. Stratasys and Desktop Metal do not publicly disclose internal management projections of the type provided to J.P. Morgan in connection with J.P. Morgan's analysis of the proposed Merger, and such projections were not prepared with a view toward public disclosure. These projections were based on numerous variables and assumptions that are inherently uncertain and may be beyond the control of the managements of Stratasys and Desktop Metal, including, without limitation, factors related to general economic and competitive conditions and prevailing interest rates. Accordingly, actual results could vary significantly from those set forth in such projections. For more information regarding the use of projections and other forward-looking statements, please refer to the sections entitled "**Stratasys Unaudited Financial Forecasts**" and "**Desktop Metal Unaudited Financial Forecasts**".

J.P. Morgan's opinion was necessarily based on economic, market and other conditions as in effect on, and the information made available to J.P. Morgan as of, the date of such opinion. J.P. Morgan's opinion noted that subsequent developments may affect J.P. Morgan's opinion, and that J.P. Morgan does not have any obligation to update, revise, or reaffirm such opinion. J.P. Morgan's opinion is limited to the fairness, from a financial point of view, to Stratasys of the exchange ratio in the proposed Merger, and J.P. Morgan has expressed no opinion as to the fairness of the exchange ratio to the holders of any class of securities, creditors or other constituencies of Stratasys or the underlying decision by Stratasys to engage in the Merger. Furthermore, J.P. Morgan expressed no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the

TABLE OF CONTENTS

Merger, or any class of such persons relative to the exchange ratio in the Merger or with respect to the fairness of any such compensation. J.P. Morgan expressed no opinion as to the price at which Desktop Metal's Class A common stock or Stratasys' ordinary shares will trade at any future time.

The terms of the Merger Agreement, including the exchange ratio, were determined through arm's length negotiations between Stratasys and Desktop Metal, and the decision to enter into the Merger Agreement was solely that of Stratasys' board of directors. J.P. Morgan's opinion and financial analyses were only one of the many factors considered by Stratasys' board of directors in its evaluation of the proposed Merger and should not be viewed as determinative of the views of Stratasys' board of directors or management with respect to the proposed Merger or the exchange ratio.

In accordance with customary investment banking practice, J.P. Morgan employed generally accepted valuation methodology in rendering its opinion to Stratasys' board of directors on May 24, 2023 and contained in the presentation delivered to Stratasys' board of directors on such date in connection with the rendering of such opinion and does not purport to be a complete description of the analyses or data presented by J.P. Morgan. Some of the summaries of the financial analyses include information presented in tabular format. The tables are not intended to stand alone, and in order to more fully understand the financial analyses used by J.P. Morgan, the tables must be read together with the full text of each summary. Considering the data set forth below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of J.P. Morgan's analyses.

Desktop Metal Financial Analyses

Public Trading Multiples

Using publicly available information, J.P. Morgan compared selected financial data of Desktop Metal with similar data for selected publicly traded companies engaged in businesses which J.P. Morgan judged to be analogous to Desktop Metal. The companies selected by J.P. Morgan were 3D Systems Corporation, Proto Labs, Inc. and Materialise NV. These companies were selected, among other reasons, because they are publicly traded companies with operations and businesses that, for the purposes of J.P. Morgan's analysis, may be considered similar to those of Desktop Metal. However, certain of these companies may have characteristics that are materially different from those of Desktop Metal. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the selected companies differently than they would affect Desktop Metal.

Using publicly available information, J.P. Morgan calculated firm value, which is calculated as the market value of the relevant company's ordinary shares/common stock on a fully diluted basis (based on the treasury stock method and net share settled method for convertible debt), plus any debt, non-controlling interest, contingent consideration liabilities, preferred equity and adjusted for cash paid for acquisitions after the latest financial quarter end date, less cash, cash equivalents and long-term investments, which is referred to in this section entitled "**Opinion of Stratasys' Financial Advisor**" as "FV", for each of the selected publicly traded companies as of March 31, 2023, as a multiple of revenue estimates of calendar year 2023 and 2024, which are referred to in this section entitled "**Opinion of Stratasys' Financial Advisor**" as "2023 FV/Revenue" and "2024 FV/Revenue", respectively, for the applicable company.

Based on the results of this analysis, J.P. Morgan selected a multiple reference range of 1.7x to 2.8x for 2023 FV/Revenue and a multiple range of 1.5x to 2.5x for 2024 FV/Revenue, and J.P. Morgan then applied these reference ranges to Desktop Metals' estimated revenue for calendar year 2023 and 2024, respectively (each as set forth in Desktop Metal's standalone projections, as more fully described in the section entitled "**Desktop Metal Unaudited Financial Forecasts**").

The analysis indicated the following ranges of implied equity value per share for Desktop Metal's Class A common stock, rounded to the nearest \$0.05 per share, which J.P. Morgan compared to the price per share of Desktop Metal's Class A common stock of \$1.84 on May 23, 2023:

	Implied Equity Value Per Share of Desktop Metal Class A Common Stock	
	Low	High
2023 FV/Revenue	\$1.25	\$1.95
2024 FV/Revenue	\$1.40	\$2.20

TABLE OF CONTENTS

Discounted Cash Flow Analysis

J.P. Morgan conducted a discounted cash flow analysis for the purpose of determining the fully diluted equity value per share (based on the treasury stock method and net share settled method for convertible debt) for Desktop Metal's Class A common stock. J.P. Morgan calculated the unlevered free cash flows that Desktop Metal is expected to generate during calendar years 2023 through 2032 based upon financial projections prepared by the management of Desktop Metal and adjusted by the management of Stratasys (as more fully described in the section entitled "**Desktop Metal Unaudited Financial Forecasts**"). J.P. Morgan also calculated a range of terminal values of Desktop Metal at the end of this period by applying a perpetual growth rate ranging from 4.5% to 5.5% of the estimated unlevered free cash flow of Desktop Metal at the end of calendar year 2032. The unlevered free cash flows and the range of terminal values were then discounted to present values using a range of discount rates from 12.5% to 14.0%, which were chosen by J.P. Morgan based upon an analysis of the weighted average cost of capital of Desktop Metal. The present value of the unlevered free cash flows and the range of terminal values were then adjusted for Desktop Metal's estimated net cash and present value of net operating losses (subject to the Internal Revenue Code Section 382 limitation) as of March 31, 2023.

J.P. Morgan also conducted a discounted cash flow analysis for the purpose of determining the fully diluted (based on the treasury stock method and net share settled method for convertible debt) equity value per share for Desktop Metal's Class A common stock using the above parameters, but also factoring in a range cost synergies of approximately \$534 million to \$688 million per Stratasys' management, which are referred to in this section entitled "*Opinion of Financial Advisor*" as the "Cost Synergies".

Based on the foregoing, this analysis indicated the following range of implied per share equity values for Desktop Metal's Class A common stock, rounded to the nearest \$0.05 per share, which J.P. Morgan compared to the price per share of Desktop Metal's Class A common stock of \$1.84 on May 23, 2023.

	Implied Equity Value Per Share of Desktop Metal Class A Common Stock	
	Low	High
Discounted Cash Flow Analysis (before Cost Synergies)	\$2.45	\$3.35
Discounted Cash Flow Analysis (with Cost Synergies)	\$3.70	\$5.00

Other Information

J.P. Morgan also reviewed and presented other information, solely for informational purposes, including:

- the historical range of trading prices of Desktop Metal's Class A common stock for the 52-week period ending May 23, 2023, which indicated low to high closing trading prices during such period ranging from \$1.13 to \$3.65; and
- analyst share price targets for Desktop Metal's Class A common stock in recently published, publicly available research analysts' reports, with share price targets ranging from \$1.60 to \$2.00.

Stratasys Financial Analyses

Public Trading Multiples

Using publicly available information, J.P. Morgan compared selected financial data of Stratasys with similar data for selected publicly traded companies engaged in businesses which J.P. Morgan judged to be analogous to Stratasys. The companies selected by J.P. Morgan were 3D Systems Corporation, Proto Labs, Inc. and Materialise NV. These companies were selected, among other reasons, because they are publicly traded companies with operations and businesses that, for the purposes of J.P. Morgan's analysis, may be considered similar to those of Stratasys. However, certain of these companies may have characteristics that are materially different from those of Stratasys. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the selected companies differently than they would affect Stratasys.

Using publicly available information, J.P. Morgan calculated for each of the selected publicly traded companies (i) the 2023 FV/Revenue and 2024 FV/Revenue and (ii) the FV of each of the publicly traded companies as of March 31, 2023 as a multiple of earnings calculated before interest, taxes, depreciation, amortization and stock-based-compensation for the calendar year 2024, which is referred to in this section entitled "*Opinion of Financial Advisor*" as "2024 FV/EBITDA Pre-SBC".

TABLE OF CONTENTS

Based on the results of this analysis, J.P. Morgan selected a multiple reference range of 1.2x to 2.0x for 2023 FV/Revenue, a multiple range of 1.1x to 1.9x for 2024 FV/Revenue and a multiple range of 10x to 13x for 2024 FV/EBITDA Pre-SBC, and J.P. Morgan then applied these reference ranges to Stratasys' (i) estimated revenue for calendar year 2023 and 2024 and (ii) estimated earnings calculated before interest, taxes, depreciation, amortization and stock-based-compensation for the calendar year 2024, respectively (each as set forth in Stratasys' standalone projections, as more fully described in the section entitled "**Stratasys Unaudited Financial Forecasts**").

The analysis indicated the following ranges of implied equity value per share for Stratasys' ordinary shares, rounded to the nearest \$0.10 per share, which J.P. Morgan compared to the price per share of Stratasys' ordinary shares of \$15.26 on May 23, 2023:

	Implied Equity Value Per Share of Stratasys Ordinary Shares	
	Low	High
2023 FV/Revenue	\$15.70	\$23.00
2024 FV/Revenue	\$16.60	\$25.20
2024 FV/EBITDA (pre-SBC)	\$17.10	\$20.80

Discounted Cash Flow Analysis

J.P. Morgan conducted a discounted cash flow analysis for the purpose of determining the fully diluted equity value per share (based on the treasury stock method and net share settled method for convertible debt) for Stratasys' ordinary shares. J.P. Morgan calculated the unlevered free cash flows that Stratasys is expected to generate during calendar years 2023 through 2032 based upon financial projections prepared by the management of Stratasys (as more fully described in the section entitled "**Stratasys Unaudited Financial Forecasts**"). J.P. Morgan also calculated a range of terminal values of Stratasys at the end of this period by applying a perpetual growth rate ranging from 2.5% to 3.5% of the estimated unlevered free cash flow of Stratasys at the end of fiscal year 2032, as provided in Stratasys' projections. The unlevered free cash flows and the range of terminal values were then discounted to present values using a range of discount rates from 12.0% to 13.50%, which were chosen by J.P. Morgan based upon an analysis of the weighted average cost of capital of Stratasys. The present value of the unlevered free cash flows and the range of terminal asset values were then adjusted for Stratasys' estimated net cash, long-term investments, contingent consideration liabilities, cash paid for acquisitions after the latest financial quarter end date and present value of net operating losses as of March 31, 2023.

Based on the foregoing, this analysis indicated the following range of implied per share equity values for Stratasys' ordinary shares, rounded to the nearest \$0.10 per share, which J.P. Morgan compared to the price per share of Stratasys' ordinary shares of \$15.26 on May 23, 2023.

	Implied Equity Value Per Share of Stratasys Ordinary Shares	
	Low	High
Discounted Cash Flow Analysis	\$23.60	\$29.40

Relative Value Analysis

J.P. Morgan compared the results for Stratasys to the results for Desktop Metal with respect to the analyses referenced in the table below. J.P. Morgan compared the highest equity value per share for Stratasys to the lowest equity value per share for Desktop Metal to derive the range of exchange ratios implied by each pair of estimates. J.P. Morgan also compared the lowest equity value per share for Stratasys to the highest equity value per share for Desktop Metal to derive the range of exchange ratios implied by each pair of estimates. The implied exchange ratios resulting from this analysis were:

	Implied Exchange Ratio	
	Low	High
Public Trading Multiples Analysis		
2023 FV/Revenue	0.054x	0.124x
2024 FV/Revenue	0.056x	0.133x

TABLE OF CONTENTS

With Cost Synergies	0.126x	0.212x
Historical Trading Exchange Ratio Range ⁽¹⁾		
52-Week Period	0.099x	0.213x

(1) Reference only.

The ranges of implied exchange ratios for Stratasys and Desktop Metal resulting from the foregoing analysis were compared to the exchange ratio of 0.123x, as contemplated by the Merger Agreement. However, J.P. Morgan noted that the relative implied exchange ratio analysis based on the 52-week historical trading exchange ratio range is not a valuation methodology and was presented for reference purposes only and not as a component of its fairness analysis.

Intrinsic Value Creation Analysis

J.P. Morgan conducted an illustrative implied intrinsic value creation analysis, based upon the financial projections of Stratasys prepared by the management of Stratasys and the financial projections of Desktop Metal prepared by the management of Desktop Metal (as adjusted by the management of Stratasys) (as more fully described in the section entitled “**Stratasys Unaudited Financial Forecasts**”), that compared the implied equity value of Stratasys ordinary shares derived from a discounted cash flow valuation on a stand-alone basis to the implied equity value attributable to the existing holders of Stratasys ordinary shares in the pro forma combined company.

J.P. Morgan determined the implied total equity value attributable to the existing holders of Stratasys ordinary shares in the pro forma combined company, which is referred to in this section entitled “—*Intrinsic Value Creation Analysis*” as the implied value to holders of Stratasys ordinary shares, by calculating (A) the sum of (i) the implied equity value of Stratasys using the midpoint value determined pursuant to J.P. Morgan’s discounted cash flow analysis of Stratasys described above, plus (ii) the implied equity value of Desktop Metal using the midpoint value determined pursuant to J.P. Morgan’s discounted cash flow analysis of Desktop Metal described above, plus (iii) the estimated present value of the estimated cost synergies resulting from the Merger, net of estimated costs required to achieve the cost synergies and transaction expenses, as provided by the management of Stratasys, multiplied by (B) the equity ownership percentage (based on the treasury stock method) of the pro forma combined company attributable to the existing holders of Stratasys ordinary shares pursuant to the Merger. The analysis indicated that, on an illustrative basis, the Merger created hypothetical incremental implied value of approximately 15% to holders of Stratasys ordinary shares.

J.P. Morgan also reviewed and presented other information, solely for informational purposes, including:

- the historical range of trading prices of Stratasys’ ordinary shares for the 52-week period ending May 23, 2023, which indicated low to high closing trading prices during such period ranging from \$11.04 to \$21.44; and

Miscellaneous

The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by J.P. Morgan. The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. J.P. Morgan believes that the foregoing summary and its analyses must be considered as a whole and that selecting portions of the foregoing summary and these analyses, without considering all of its analyses as a whole, could create an incomplete view of the processes underlying the analyses and its opinion. As a result, the ranges of valuations resulting from any particular analysis or combination of analyses described above were merely utilized to create points of reference for analytical purposes and should not be taken to be the view of J.P. Morgan with respect to the actual value of Stratasys or Desktop Metal.

TABLE OF CONTENTS

The order of analyses described does not represent the relative importance or weight given to those analyses by J.P. Morgan. In arriving at its opinion, J.P. Morgan did not attribute any particular weight to any analyses or factors considered by it and did not form an opinion as to whether any individual analysis or factor (positive or negative), considered in isolation, supported or failed to support its opinion. Rather, J.P. Morgan considered the totality of the factors and analyses performed in determining its opinion.

Analyses based upon forecasts of future results are inherently uncertain, as they are subject to numerous factors or events beyond the control of the parties and their advisors. Accordingly, forecasts and analyses used or made by J.P. Morgan are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by those analyses. Moreover, J.P. Morgan's analyses are not and do not purport to be appraisals or otherwise reflective of the prices at which businesses actually could be acquired or sold. None of the selected companies reviewed as described in the above summary is identical to Stratasys or Desktop Metal. However, the companies selected were chosen because they are publicly traded companies with operations and businesses that, for purposes of J.P. Morgan's analysis, may be considered similar to those of Stratasys and Desktop Metal. The analyses necessarily involve complex considerations and judgments concerning differences in financial and operational characteristics of the companies involved and other factors that could affect the companies compared to Stratasys and Desktop Metal.

As a part of its investment banking business, J.P. Morgan and its affiliates are continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, investments for passive and control purposes, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements, and valuations for corporate and other purposes. J.P. Morgan was selected to advise Stratasys with respect to the Merger and deliver an opinion to Stratasys' board of directors with respect to the Merger on the basis of, among other things, such experience and its qualifications and reputation in connection with such matters and its familiarity with Stratasys, Desktop Metal and the industries in which they operate.

For financial advisory services rendered in connection with the Merger, Stratasys has agreed to pay J.P. Morgan a fee of \$12.5 million, \$2.0 million of which became payable to J.P. Morgan at the time J.P. Morgan delivered its opinion and the remainder of which is contingent and payable upon the consummation of the Merger. In addition, Stratasys has agreed to reimburse J.P. Morgan for its reasonable costs and expenses incurred in connection with its services, including the fees and disbursements of counsel, and will indemnify J.P. Morgan against certain liabilities arising out of J.P. Morgan's engagement. During the two years preceding the date of J.P. Morgan's opinion, J.P. Morgan and its affiliates have had commercial or investment banking relationships with Stratasys and Desktop Metal for which J.P. Morgan and such affiliates have received customary compensation. Such services during such period have included acting as financial advisor to Stratasys in connection with matters proposed by Nano, and acting as joint lead bookrunner on an offering of Desktop Metal's convertible notes in May 2022. In addition, J.P. Morgan is acting as financial advisor to Stratasys in connection with the Nano Tender Offer. Furthermore, J.P. Morgan and its affiliates hold, on a proprietary basis, less than 1% of the outstanding ordinary shares and common stock of each of Stratasys and Desktop Metal, respectively. During the two year period preceding the date of J.P. Morgan's opinion, the aggregate fees recognized by J.P. Morgan from Stratasys were approximately \$3 million and from Desktop Metal were approximately \$2 million. In the ordinary course of their businesses, J.P. Morgan and its affiliates may actively trade the debt and equity securities or financial instruments (including derivatives, bank loans or other obligations) of Stratasys or Desktop Metal for their own accounts or for the accounts of customers and, accordingly, they may at any time hold long or short positions in such securities or other financial instruments.

Opinion of Desktop Metal's Financial Advisor

Desktop Metal engaged Stifel to act as financial advisor to Desktop Metal in connection with the Merger. As part of that engagement, the board of directors of Desktop Metal requested Stifel's opinion, as investment bankers, as to the fairness, from a financial point of view and as of the date of such opinion, of the exchange ratio in the Merger pursuant to the Merger Agreement. At a meeting of the board of directors of Desktop Metal held on May 24, 2023, Stifel delivered to the board of directors of Desktop Metal its oral opinion, which opinion was confirmed by the delivery of a written opinion, dated May 24, 2023, which is referred to as the Stifel Opinion, that, as of the date of the Stifel Opinion and subject to and based on the assumptions made, procedures followed, matters considered, limitations of the review undertaken and qualifications contained in the Stifel Opinion, the exchange ratio was fair, from a financial point of view, to the holders of Desktop Metal Class A common stock, excluding any Desktop Metal Class A common stock that is owned by Desktop Metal as treasury stock, owned by a direct or indirect wholly-owned subsidiary of Desktop Metal or owned by Stratasys or Merger Sub.

TABLE OF CONTENTS

The full text of the Stifel Opinion, dated May 24, 2023, is attached as Annex D to this joint proxy statement/prospectus and is incorporated herein by reference. This summary of the Stifel Opinion contained in this joint proxy statement/prospectus is qualified in its entirety by reference to the full text of the Stifel Opinion. Desktop Metal stockholders are urged to read the Stifel Opinion carefully and in its entirety for a discussion of the procedures followed, assumptions made, matters considered, and qualifications and limitations on the review undertaken by Stifel in connection with its opinion. Stifel's opinion speaks only as of the date of the Stifel Opinion. The Stifel Opinion was for the information of, and was directed to, the board of directors of Desktop Metal (in its capacity as such) in connection with its consideration of the financial terms of the Merger. The Stifel Opinion addressed only the fairness, from a financial point of view, to the holders of Desktop Metal Class A common stock of the exchange ratio. It did not address the underlying business decision of Desktop Metal to engage in the Merger or enter into the Merger Agreement or constitute a recommendation to the board of directors of Desktop Metal in connection with the Merger or any other matter, and it does not constitute a recommendation to any holder of Desktop Metal Class A common stock or any stockholder of any other entity as to how to vote or otherwise act in connection with the Merger or any other matter, nor does it constitute a recommendation as to whether or not any such stockholder should enter into a voting, stockholders', affiliates' or other agreement with respect to the Merger.

The Stifel Opinion was reviewed and approved by Stifel's Fairness Opinion Committee. In rendering its opinion, Stifel, among other things:

- (i) discussed the Merger and related matters with Desktop Metal and Desktop Metal's counsel and reviewed a draft dated May 24, 2023 of the Merger Agreement;

- (vii) reviewed certain non-publicly available information concerning Stratasys, including internal financial analyses and forecasts prepared by and provided to Stifel by Desktop Metal's management and, based on assumptions approved by Desktop Metal's management, certain extrapolations thereto approved by Desktop Metal's management, which is referred to, collectively, as the Stratasys Projections, and which, together with the Desktop Metal Projections, are referred to as the Projections, and utilized per instruction of Desktop Metal, and held discussion with Stratasys' senior management regarding recent developments;

TABLE OF CONTENTS

- (x) participated in certain discussions and negotiations between representatives of Desktop Metal and Stratasys;
- (xi) reviewed the reported prices and trading activity of Desktop Metal Class A common stock and Stratasys ordinary shares;
- (xii) reviewed and analyzed, based on the Desktop Metal Projections and the Stratasys Projections, the cash flows generated by Desktop Metal and Stratasys, as applicable, on a stand-alone basis to determine the present value of Desktop Metal's and Stratasys' respective discounted cash flows;
- (xiii) reviewed the relative financial contributions of Desktop Metal and Stratasys to the future financial performance of the combined company on a pro forma basis;
- (xiv) considered the results of Stifel's efforts, at the direction of Desktop Metal, to solicit indications of interest from selected third parties with respect to a merger or other transaction with Desktop Metal;
- (xv) conducted such other financial studies, analyses and investigations and considered such other information as Stifel deemed necessary or appropriate for purposes of the Stifel Opinion; and
- (xvi) took into account Stifel's assessment of general economic, market and financial conditions and Stifel's experience in other transactions, as well as Stifel's experience in securities valuations and knowledge of Desktop Metal's industry generally.

In rendering the Stifel Opinion, Stifel relied upon and assumed, without independent verification, the accuracy and completeness of all of the financial and other information that was provided to Stifel by or on behalf of Desktop Metal or Stratasys, or that was otherwise reviewed by Stifel, and Stifel has not assumed any responsibility for independently verifying any of such information. With respect to the financial forecasts and projections supplied to Stifel or otherwise approved by Desktop Metal (including, without limitation, the Desktop Metal Projections, the Stratasys Projections, the potential cost savings and revenue and operating synergies and the pro forma financial impact of the Merger on Stratasys), Stifel assumed, at the direction of Desktop Metal, that they were reasonably prepared on the basis reflecting the best currently available estimates and judgments of the management of Desktop Metal as to the future operating and financial performance of Desktop Metal and Stratasys, as applicable, and that they provided a reasonable basis upon which Stifel could form its opinion. Such forecasts and projections were not prepared with the expectation of public disclosure. All such forecasted or projected financial information was based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and, in particular, the widespread disruption, extraordinary uncertainty and unusual volatility arising from global tensions and political unrest, economic uncertainty, inflation, rising interest rates, the COVID-19 pandemic and recent actual or threatened regional bank failures, including the effect of evolving governmental interventions and non-interventions. Accordingly, actual results could vary significantly from those set forth in such projected financial information. Stifel relied on this forecasted and projected information without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof. Stifel expressed no opinion as to any such forecasted or projected information or the assumptions on which they were made.

Stifel also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either Desktop Metal or Stratasys since the date of the last financial statements of each company made available to Stifel. Stifel did not make or obtain any independent evaluation, appraisal or physical inspection of either the Desktop Metal's or Stratasys' assets or liabilities, the collateral securing any of such assets or liabilities, or the collectability of any such assets, nor has Stifel been furnished with any such evaluation or appraisal. Stifel assumed the value of future contingent earn out payments to be made by Desktop Metal, as instructed by Desktop Metal, and included such estimates as an obligation of Stratasys after the Merger. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, Stifel assumes no responsibility for their accuracy.

Stifel assumed that there are no factors that would delay or subject to any adverse conditions any necessary regulatory or governmental approval and that all conditions to the Merger will be satisfied and not waived. In addition, Stifel assumed that the definitive Merger Agreement will not differ materially from the draft Stifel reviewed. Stifel also assumed that the Merger will be consummated substantially on the terms and conditions described in the Merger Agreement and as further described to Stifel by management of Desktop Metal, without any waiver of

TABLE OF CONTENTS

material terms or conditions by Desktop Metal or any other party and without any anti-dilution or other adjustment to the exchange ratio, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Merger will not have an adverse effect on Desktop Metal, Stratasys or the Merger. Stifel assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable foreign, federal and state statutes, rules and regulations. Stifel further assumed that Desktop Metal had relied upon the advice of its counsel, independent accountants and other advisors (other than Stifel) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to Desktop Metal, Stratasys, the Merger and the Merger Agreement.

Stifel's Opinion is limited to whether the exchange ratio is fair to the holders of Desktop Metal Class A common stock, from a financial point of view, as of the date thereof, and does not address any other terms, aspects or implications of the Merger, including, without limitation, the form or structure of the Merger, any consequences of the Merger on Desktop Metal, its stockholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, stockholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Stifel's Opinion also does not consider, address or include: (i) any other strategic alternatives currently (or which have been or may be) contemplated by Desktop Metal's board of directors or Desktop Metal; (ii) the legal, tax or accounting consequences of the Merger on Desktop Metal or the holders of Desktop Metal Class A common stock including, without limitation, whether or not the Merger will qualify as a tax-free reorganization pursuant to Section 368 of the Internal Revenue Code; (iii) the fairness of the amount or nature of any compensation to any of Desktop Metal's officers, directors or employees, or class of such persons, relative to the compensation to the holders of Desktop Metal's securities or otherwise; (iv) the effect of the Merger on, or the fairness of the consideration to be received by, holders of any class of securities of Desktop Metal other than the Desktop Metal Class A common stock, or any class of securities of any other party to any transaction contemplated by the Merger Agreement; or (v) the treatment of, or effect of the Merger on, the Desktop Metal convertible notes, Desktop Metal Stock Options, Desktop Metal RSAs and Desktop Metal RSU Awards. Furthermore, Stifel did not express any opinion as to the prices, trading range or volume at which Desktop Metal's or Stratasys' securities will trade following public announcement or consummation of the Merger or at any other time.

Stifel's Opinion is necessarily based on economic, market, financial and other conditions as they existed on, and on the information made available to Stifel by or on behalf of Desktop Metal or its advisors, or information otherwise reviewed by Stifel, as of the date of the Stifel Opinion. It is understood that subsequent developments may affect the conclusion reached in the Stifel Opinion and that Stifel does not have any obligation to update, revise or reaffirm the Stifel Opinion, except in accordance with the terms and conditions of Stifel's engagement letter agreement with Desktop Metal. Further, as the board of directors of Desktop Metal was aware, the credit, financial and stock markets have been experiencing unusual volatility and Stifel expressed no opinion or view as to any potential effects of such volatility on Desktop Metal, Stratasys or the Merger. Further, Stifel expressed no opinion or view as to any potential effects of any existing or other proposal made by Nano Dimension on Desktop Metal, Stratasys or the Merger. Stifel's Opinion was for the information of, and directed to, the board of directors of Desktop Metal, in its capacity as such, for its information and assistance in connection with its consideration of the financial terms of the Merger. Stifel's Opinion does not constitute a recommendation to the board of directors of Desktop Metal as to how the board of directors of Desktop Metal should vote on or otherwise act with respect to the Merger or any other matter or to any stockholder of Desktop Metal or shareholder of Stratasys as to how any such stockholder or shareholder should act with respect to the Merger or any other matter, including without limitation how to vote at any stockholder meeting or shareholders' meeting at which the Merger is considered, or whether or not any stockholder of Desktop Metal should exercise any dissenters' or appraisal rights that may be available to such stockholder. In addition, the Stifel Opinion does not compare the relative merits of the Merger with any other alternative transactions or business strategies which may have been available to Desktop Metal and does not address the underlying business decision of Desktop Metal's board of directors or Desktop Metal to proceed with or effect the Merger.

Stifel is not a legal, tax, regulatory or bankruptcy advisor. Stifel did not consider any potential legislative or regulatory changes currently being considered or recently enacted by the United States Congress, the various federal banking agencies, the SEC, or any other regulatory bodies, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the SEC or the Financial Accounting Standards Board, or any changes in regulatory accounting principles that may be adopted by any or all of the federal banking agencies. The Stifel Opinion is not a solvency opinion and does not in any way address the solvency or financial condition of Desktop Metal, Stratasys or any other person either before or after the Merger.

TABLE OF CONTENTS

The Stifel Opinion was provided to the board of directors of Desktop Metal in connection with its evaluation of the Merger and was only one of many factors considered by the board of directors of Desktop Metal in evaluating the Merger. Neither Stifel's opinion nor its analyses were determinative of the exchange ratio or of the views of the Desktop Metal's board of directors or Desktop Metal management with respect to the Merger. The exchange ratio was determined through negotiation between Desktop Metal and Stratasys, and the decision to enter into the Merger was solely that of the board of directors of Desktop Metal.

Summary of Material Financial Analyses

The following is a summary of the material financial analyses performed by Stifel in arriving at its opinion. These summaries of financial analyses alone do not constitute a complete description of the financial analyses Stifel employed in reaching its conclusions. None of the analyses performed by Stifel were assigned a greater significance by Stifel than any other, nor does the order of analyses described represent the relative importance or weight given to those analyses by Stifel. Some of the summaries of the financial analyses performed by Stifel include information presented in tabular format. In order to understand the financial analyses performed by Stifel more fully, you should read the tables together with the text of each summary. The tables alone do not constitute a complete description of Stifel's financial analyses, including the methodologies and assumptions underlying the analyses, and if viewed in isolation could create a misleading or incomplete view of the financial analyses performed by Stifel. The summary data set forth below does not represent and should not be viewed by anyone as constituting conclusions reached by Stifel with respect to any of the analyses performed by it in connection with its opinion. Rather, Stifel made its determination as to the fairness, from a financial point of view, to the holders of Desktop Metal Class A common stock of the exchange ratio on the basis of its experience and professional judgment after considering the results of all of the analyses performed. Accordingly, the data presented and the corresponding imputed ranges of values for Desktop Metal and Stratasys should be considered as a whole and in the context of the full narrative description of all of the financial analyses set forth in the following pages, including the assumptions underlying these analyses.

Except as otherwise noted, the information utilized by Stifel in its analyses, to the extent that it was based on market data, is based on market data as it existed on or before May 24, 2023 and is not necessarily indicative of current market conditions. The analyses described below do not purport to be indicative of actual future results, or to reflect the prices at which any securities may trade in the public markets, which may vary depending upon various factors, including changes in interest rates, dividend rates, market conditions, economic conditions and other factors that influence the price of securities.

Selected Public Companies Analysis

In order to assess how the public market values shares of selected publicly traded companies and to provide a range of relative implied equity values per share of Desktop Metal Class A common stock and per share of Stratasys ordinary shares by reference to those companies, which could then be used to calculate implied exchange ratio ranges, Stifel reviewed and compared specific financial and operating data relating to Desktop Metal and Stratasys, respectively, with selected publicly-traded additive manufacturing companies that Stifel deemed to be relevant based on their business profiles to Desktop Metal and Stratasys, respectively. The selected comparable companies with respect to Desktop Metal and Stratasys were:

- 3D Systems Corporation;
- Kornit Digital Ltd.;
- Nano Dimension Ltd.;
- Velo3D, Inc.;
- Markforged Holding Corporation;
- Prodways Group SA; and
- voxeljet AG.

Stifel calculated and compared financial multiples for the selected public companies of enterprise value, which is referred to as EV, which Stifel defined as fully-diluted equity value using the treasury stock method, plus debt, preferred stock and minority interests, less cash and cash equivalents, to actual revenue for the last twelve months, which is referred to as LTM, and estimated revenue for each of calendar years 2023 and 2024. Financial data for the

TABLE OF CONTENTS

selected public companies were based on publicly available data obtained from SEC filings, Wall Street research analyst consensus estimates and other data sources and closing prices, as of May 23, 2023, the last trading day prior to the delivery of the Stifel Opinion.

The results of this selected public companies analysis are summarized below:

Multiple:	1st Quartile	Median	Mean	3rd Quartile
LTM EV/Revenue	1.0x	1.7x	2.0x	3.1x
CY 2023E EV/Revenue	1.0x	1.6x	1.8x	2.5x
CY 2024E EV/Revenue	0.9x	1.5x	1.5x	1.9x

Stifel applied the first and third quartile multiples of the selected public companies to the corresponding LTM, calendar year 2023 and calendar year 2024 revenue per the Desktop Metal Projections and the Stratasys Projections to calculate a range of implied prices per share of Desktop Metal Class A common stock and Stratasys ordinary shares. Stifel then calculated (i) the ratio of the lowest implied value per share for Desktop Metal derived from the selected public companies analysis to the highest implied value per share for Stratasys derived from the selected public companies analysis and (ii) the ratio of the highest implied value per share for Desktop Metal derived from the selected public companies analysis to the lowest implied value per share for Stratasys derived from the selected public companies analysis to calculate the following implied exchange ratio ranges:

	1st to 3rd Quartile Multiple Range	Implied Value Per Share Ranges of Desktop Metal Class A Common Stock	Implied Value Per Share Ranges of Stratasys ordinary shares	Implied Range of Exchange Ratios
LTM EV/Revenue	1.0x – 3.1x	\$0.84 – \$1.90	\$11.24 – \$29.73	0.028x – 0.169x
CY 2023E EV/Revenue	1.0x – 2.5x	\$0.93 – \$1.85	\$11.66 – \$26.07	0.036x – 0.159x
CY 2024E EV/Revenue	0.9x – 1.9x	\$1.10 – \$2.00	\$12.21 – \$23.79	0.046x – 0.164x

The implied exchange ratio ranges can be compared to the exchange ratio in the Merger of 0.123x.

No company utilized in the selected public companies analysis is identical to Desktop Metal or Stratasys. In evaluating the selected companies, Stifel made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond Desktop Metal's and Stratasys' control, such as the impact of competition on its business and the industry generally, industry growth and the absence of any adverse material change in Desktop Metal's or Stratasys' financial condition and prospects or the industry or in the financial markets in general. Mathematical analysis (such as determining the 1st and 3rd quartiles) is not in itself a meaningful method of using peer group data.

Discounted Cash Flow Analysis

For each of Desktop Metal and Stratasys, Stifel performed a discounted cash flow analysis, which is designed to provide insight into a company's future cash flow projections by discounting them to arrive at the net present value of these cash flows. In conducting this analysis, Stifel assumed that Desktop Metal and Stratasys would perform in accordance with the Desktop Metal Projections and the Stratasys Projections, respectively.

Desktop Metal Standalone Discounted Cash Flow Analysis. Stifel used the Desktop Metal Projections to calculate the net present value of Desktop Metal's projected unlevered free cash flows utilizing two methods for determining the terminal value – the Terminal Multiple method and the Perpetuity Growth method.

The Terminal Multiple method utilized the Desktop Metal Projections for the period from April 1, 2023 through December 31, 2023 and for the calendar years 2024 through 2027. Stifel estimated the terminal value by selecting a range of terminal value multiples, which is referred to as the Terminal Multiple method, based on next twelve months, which is referred to as NTM, revenue exit multiples for the fiscal year ending December 31, 2027 of 1.0x to 3.0x, which range was derived by Stifel utilizing its professional judgement and experience, taking into account the Desktop Metal Projections, market expectations and selected public companies, and applying such range to the Desktop Metal Projections.

The Perpetuity Growth method utilized the Desktop Metal Projections for the period from April 1, 2023 through December 31, 2023 and for the calendar years 2024 through 2037. Stifel estimated the terminal value by selecting a range of perpetuity growth rates, which is referred to as the Perpetuity Growth method, for the fiscal year ending

TABLE OF CONTENTS

December 31, 2037 of 2.0% to 4.0%, which range was derived by Stifel utilizing its professional judgement and experience, taking into account the Desktop Metal Projections, market expectations and selected public companies, and applying such range to the Desktop Metal Projections.

For both the Terminal Multiple and the Perpetuity Growth methods, Stifel calculated the net present value of Desktop Metal's projected unlevered free cash flows using the mid-year convention and discounted these cash flows and the terminal value back to March 31, 2023 using discount rates of 13.0% to 17.0%, based on Desktop Metal's weighted average cost of capital, which is referred to as WACC, using the Capital Asset Pricing Model, which is referred to as CAPM. Stifel then adjusted the resulting ranges of implied enterprise values for Desktop Metal's net debt as of March 31, 2023 to derive ranges of implied equity values.

Stifel then divided these ranges of implied equity values by the number of fully-diluted outstanding shares of Desktop Metal Class A common stock, determined using the treasury stock method, as of April 30, 2023 as provided by Desktop Metal management, to derive a range of implied equity values per share of Desktop Metal Class A common stock of \$1.66 to \$4.45 using the Terminal Multiple method and \$2.20 to \$3.43 using the Perpetuity Growth method.

Stratasys Standalone Discounted Cash Flow Analysis. Stifel used the Stratasys Projections to calculate the net present value of Stratasys' projected unlevered free cash flows utilizing two methods for determining the terminal value – the Terminal Multiple method and the Perpetuity Growth method.

The Terminal Multiple method utilized the Stratasys Projections for the period from April 1, 2023 through December 31, 2023 and for the calendar years 2024 through 2027. Stifel estimated the terminal value by selecting a range of terminal value multiples based on NTM revenue exit multiples for the fiscal year ending December 31, 2027 of 1.0x to 3.0x, which range was derived by Stifel utilizing its professional judgement and experience, taking into account the Stratasys Projections, market expectations and selected public companies, and applying such range to the Stratasys Projections.

The Perpetuity Growth method utilized the Stratasys Projections for the period from April 1, 2023 through December 31, 2023 and for the calendar years 2024 through 2037. Stifel estimated the terminal value by selecting a range of perpetuity growth rates for the fiscal year ending December 31, 2037 of 2.0% to 4.0%, which range was derived by Stifel utilizing its professional judgement and experience, taking into account the Stratasys Projections, market expectations and selected public companies, and applying such range to the Stratasys Projections.

For both the Terminal Multiple and the Perpetuity Growth methods, Stifel calculated the net present value of Stratasys' projected unlevered free cash flows using the mid-year convention and discounted these cash flows and the terminal value back to March 31, 2023 using discount rates of 13.0% to 17.0%, based on Stratasys' WACC using the CAPM. Stifel then adjusted the resulting ranges of implied enterprise values for Stratasys' net debt as of March 31, 2023, as provided by Stratasys management to Desktop Metal management, to derive ranges of implied equity values.

Stifel then divided these ranges of implied equity values by the number of fully-diluted outstanding Stratasys ordinary shares, determined using the treasury stock method, as of April 30, 2023 as provided by Stratasys to Desktop Metal management, to derive a range of implied equity values per share of Stratasys ordinary shares of \$13.29 to \$36.62 using the Terminal Multiple method and \$14.28 to \$23.75 using the Perpetuity Growth method.

Based on the ranges of implied equity values per share calculated in the Desktop Metal standalone discounted cash flow analysis and the Stratasys standalone discounted cash flow analysis, Stifel then calculated (i) the ratio of the lowest implied value per share for Desktop Metal derived from the Desktop Metal standalone discounted cash flow analysis to the highest implied value per share for Stratasys derived from the Stratasys standalone discounted cash flow analysis and (ii) the ratio of the highest implied value per share for Desktop Metal derived from the Desktop Metal standalone discounted cash flow analysis to the lowest implied value per share for Stratasys derived from the Stratasys standalone discounted cash flow analysis to calculate the following implied exchange ratio ranges:

Methodology:	Range	Implied Value Per Share Ranges of Desktop Metal Class A Common Stock	Implied Value Per Share Ranges of Stratasys ordinary shares	Implied Range of Exchange Ratios
Terminal Multiple	1.0x – 3.0x	\$1.66 – \$4.45	\$13.29 – \$36.62	0.045x – 0.335x
Perpetuity Growth	2.0% – 4.0%	\$2.20 – \$3.43	\$14.28 – \$23.75	0.093x – 0.240x

The implied exchange ratio ranges can be compared to the exchange ratio in the Merger of 0.123x.

Contribution Analysis

Stifel performed a relative contribution analysis of Desktop Metal and Stratasys, in which Stifel reviewed selected operational data based on the Desktop Metal Projections and the Stratasys Projections, respectively, and historical financial information for each of Desktop Metal and Stratasys to determine Desktop Metal's and Stratasys' relative contribution to the operations of the combined company following the Merger. In particular, Stifel analyzed the relative contributions to revenue and gross profit, in each case for the LTM period ending March 31, 2023, calendar year 2023 and calendar year 2024. The following table reflects the results of this analysis:

	Relative Contribution		Implied Exchange Ratio
	Stratasys	Desktop Metal

Miscellaneous

Desktop Metal paid Stifel a fee, which is referred to in this joint proxy statement/prospectus as the opinion fee, of \$1,500,000 for providing the Stifel Opinion to the board of directors of Desktop Metal (not contingent upon the consummation of the Merger). consummation of the Merger. In addition, Desktop Metal agreed to reimburse Stifel for certain expenses in connection with its engagement, subject to certain limitations, and to indemnify Stifel for certain liabilities arising out of its engagement. In August 2022, Stifel acted as financial advisor to Stratasys in connection with the merger of Stratasys' subsidiary, Makerbot, with Ultimaker, which is referred to as the Makerbot Transaction. Other than the Makerbot Transaction, there are no material relationships that existed during the two years prior to the date of the Stifel Opinion or that as of such date were mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel and any party to the Merger.

Stifel may seek to provide investment banking services to Desktop Metal, Stratasys or their respective affiliates in the future, for which Stifel would seek customary compensation. In the ordinary course of its business, Stifel, its affiliates and their respective clients may transact in the securities of each of Desktop Metal or Stratasys and may at any time hold a long or short position in such securities.

Stratasys Unaudited Financial Forecasts

Stratasys does not, as a matter of course, publicly disclose forecasts or projections as to future performance, earnings or other results due to the inherent unpredictability of projections and their underlying assumptions and estimates. However, in connection with the discussions regarding the proposed Merger, each of Stratasys and Desktop Metal supplied the other with certain unaudited business and financial information that was not publicly available. Stratasys' management provided its board of directors and J.P. Morgan with certain financial forecasts for Stratasys for calendar years 2023 through 2027, and with extrapolations by Stratasys management of certain forecasts for calendar years 2028 through 2032. Such extrapolations (and other extrapolations referred to below) were created to reflect moderation of the growth rates in the longer term and normalization of the respective cash flows. Stratasys' management also prepared certain financial forecasts for Stratasys reflecting different sensitivities/cases for the calendar years 2023 through 2027 and provided its board of directors and J.P. Morgan with select financial datapoints from those sensitivities/cases, but advised its board of directors and J.P. Morgan to only use one case of financial forecasts and extrapolations, which case is referred to as the Stratasys Forecast – Base case and is summarized below under the heading “Stratasys Forecast - Base case”. The Stratasys Forecast – Base case for calendar years 2023 through 2027 was provided to Desktop Metal and to Stifel, which were directed by Desktop Metal management to use and rely upon such Stratasys Forecasts for purposes of their respective financial analyses and opinions (and when used by Desktop Metal or Desktop Metal's financial advisors, Stratasys Forecast – Base case means the Stratasys Forecast – Base case for calendar years 2023 through 2027). Stratasys' management also provided its board of directors and J.P. Morgan with certain financial forecasts for Desktop Metal prepared by Desktop Metal's management and adjusted and extrapolated by Stratasys' management, which are referred to as the Stratasys-Adjusted Desktop Metal Forecasts – Base case and are summarized below under the heading Stratasys-Adjusted Desktop Metal Forecast- Base case. The Stratasys Forecast – Base case and the Stratasys-Adjusted Desktop Metal Forecasts – Base case are referred to in this section collectively as the Stratasys management forecasts. The Stratasys management forecasts were prepared by treating each of Stratasys and Desktop Metal on a stand-alone basis, without giving effect to the Merger, including the impact of negotiating or executing the Merger, the expenses that may be incurred in connection with consummating the Merger, the impact on the combined company as a result of the Merger and the effect of any business or strategic action that would be taken as a result of the Merger Agreement having been executed. The Stratasys management forecasts were provided to J.P. Morgan by Stratasys management for J.P. Morgan's use and reliance in connection with its financial analysis and opinion (as more fully described in the section of this joint proxy statement/prospectus entitled “**The Merger— Opinion of J.P. Morgan, Stratasys' Financial Advisor**”). Stratasys management also prepared other forecast sensitivities, among them Stratasys Forecast – Downside case and Stratasys-Adjusted Desktop Metal Forecast – Downside case, which were provided to the Stratasys board of directors and J.P. Morgan, however, Stratasys management directed J.P. Morgan to only use the Stratasys management forecasts for purposes of its financial analyses and opinion and not to use the other forecast sensitivities prepared by Stratasys management, including the Stratasys Forecast – Downside case and Stratasys-Adjusted Desktop Metal Forecast – Downside case, for these purposes.

The Stratasys management forecasts and the other forecasts described herein were not prepared with a view toward public disclosure and, accordingly, do not necessarily comply with published guidelines of the SEC, the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of financial forecasts or GAAP, but, in the view of Stratasys' management, were prepared on a reasonable basis, reflected the best available estimates and judgments at the time of preparation and presented as of the time of preparation, to the best of Stratasys management's knowledge and belief (and, in the case of the Stratasys-Adjusted

TABLE OF CONTENTS

Desktop Metal Forecast, based in part on inputs from and discussions with Desktop Metal's management), the reasonable projections of the future financial performance of Stratasys and Desktop Metal. The Stratasys management forecasts and the other forecasts of Stratasys described herein and included in this document have been prepared by and are the responsibility of Stratasys' management. Neither Stratasys' independent registered public accounting firm, Kesselman & Kesselman, Certified Public Accountants (Isr.), a member firm of PricewaterhouseCoopers International Limited (which is referred to as Kesselman & Kesselman) nor Desktop Metal's independent registered public accounting firm, Deloitte & Touche LLP (which is referred to as Deloitte & Touche), have audited, reviewed, compiled or performed any procedures with respect to such forecasts or expressed any opinion or any form of assurance related thereto. Accordingly, neither Kesselman & Kesselman nor Deloitte & Touche express any opinion or any form of assurance related thereto. The Kesselman & Kesselman report incorporated by reference in this document relates to Stratasys' previously issued financial statements. It does not extend to the Stratasys management forecasts or the other forecasts described herein, and should not be read to do so. The summary of the forecasts is included in this joint proxy statement/prospectus solely to give Stratasys shareholders access to certain financial forecasts that were made available to the Stratasys board of directors, J.P. Morgan, Desktop Metal and Desktop Metal's financial advisors, and is not being included in this joint proxy statement/prospectus to influence any Stratasys shareholder's decision whether to vote for the Stratasys Merger-related proposal.

The Stratasys management forecasts and the other forecasts described herein, while presented with numerical specificity, necessarily were based on numerous variables and assumptions that are inherently uncertain and many of which are beyond the control of Stratasys' management. Because the forecasts cover multiple years, by their nature, they also become subject to greater uncertainty with each successive year. Please consider carefully the discussion entitled "**Cautionary Statement Regarding Forward-Looking Statements**" beginning on page 38. There can be no assurance that the forecasts will be realized, and actual results may vary materially from those shown.

The inclusion of the forecasts in this joint proxy statement/prospectus should not be regarded as an indication that Stratasys or any of its affiliates, advisors, officers, directors or representatives considered or considers the forecasts to be predictive of actual future events, and such forecasts should not be relied upon as such. Neither Stratasys nor Desktop Metal nor any of their respective affiliates, advisors, officers, directors or representatives has made or makes any representation to any of Stratasys' shareholders or any other person regarding the ultimate performance of Stratasys or Desktop Metal compared to the information contained in the forecasts or can give any assurance that actual results will not differ materially from the forecasts, and none of them undertakes any obligation to update or otherwise revise or reconcile any of these forecasts. Stratasys does not intend to make publicly available any update or other revision to the Stratasys management forecasts or any of the other forecasts described herein, except as otherwise required by law.

Certain of the forecasted financial information set forth herein may be considered non-GAAP financial measures. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as used by Stratasys may not be comparable to similarly titled amounts used by other companies. No reconciliation of non-GAAP financial measures in the forecasts to GAAP measures was created or used in connection with preparing such forecasts or relied upon by J.P. Morgan for purposes of its financial analyses or opinion.

In light of the foregoing factors and the uncertainties inherent in the Stratasys management forecasts and the other forecasts described herein, Stratasys' shareholders are cautioned not to place undue, if any, reliance on such forecasts.

As noted above, the Stratasys management forecasts and the other forecasts described herein were prepared treating each of Stratasys and Desktop Metal on a stand-alone basis, without giving effect to the Merger. The Stratasys management forecasts and the other forecasts described herein accordingly do not reflect estimated annual run-rate cost synergies of \$50 million as well as additional \$50 million of run-rate revenue synergies, which are anticipated to be realized in approximately two years, or the estimated benefit from using net operating loss carry forwards of either company. J.P. Morgan and Stifel were directed by Stratasys and Desktop Metal management respectively to use such cost-synergies and net operating loss carry forwards for purposes of their respective financial analyses and opinions. There can be no assurance that anticipated synergies or savings will be realized in full or at all or in the time frame anticipated. See “**Risk Factors—Risks Relating to the Combined Company after Completion of the Merger—Stratasys may be unable to realize anticipated cost synergies and expects to incur substantial expenses related to the Merger**” beginning on page 55 and “**Risk Factors—Risks Relating to the Merger—The IRS may not agree that Stratasys (i) should be treated as a non-U.S. corporation for U.S. federal income tax purposes or (ii) should not be treated as a “surrogate foreign corporation”**” beginning on page 54.

Desktop Metal Unaudited Financial Forecasts

Desktop Metal does not as a matter of course publicly disclose long-term projections as to future performance, earnings, or other results due to the inherent unpredictability and subjectivity of the underlying assumptions and estimates. However, in connection with the discussions regarding the proposed Merger, each of Desktop Metal and Stratasys supplied the other with certain unaudited business and financial information that was not publicly available. Desktop Metal provided its board of directors, Stifel and Stratasys with certain financial forecasts which were prepared by and are the responsibility of, the management of Desktop Metal, which are referred to in this section as the financial forecasts by Desktop Metal. Stifel was directed by Desktop Metal management to use and rely upon the financial forecasts by Desktop Metal for purposes of its financial analysis and fairness opinion. The financial forecasts by Desktop Metal were prepared in May

TABLE OF CONTENTS

2023 treating Desktop Metal on a stand-alone basis, without giving effect to, and as if Desktop Metal never contemplated, the Merger including the expenses that may be incurred in connection with negotiating and consummating the Merger, the potential synergies that may be achieved by the combined company as a result of the Merger, the effect of any business or strategic decision or action that has been or will be taken as a result of the Merger Agreement having been executed, or the effect of any business or strategic decisions or actions which would likely have been taken if the Merger Agreement had not been executed but which were instead altered, accelerated, postponed or not taken in anticipation of the Merger.

The accompanying financial forecasts by Desktop Metal were not prepared with a view toward public disclosure or with a view toward compliance with the published guidelines established by the SEC or the American Institute of Certified Public Accountants for preparation or presentation of prospective financial information, or U.S. GAAP, but, in the view of Desktop Metal's management, were prepared on a reasonable basis, reflected the best available estimates and judgments at the time of preparation, and presented as of the time of preparation, to the best of Desktop Metal management's knowledge and belief, the reasonable projections of the future financial performance of Desktop Metal. However, this information is not factual and should not be relied upon as being necessarily indicative of future results, and readers of this joint proxy statement/prospectus are cautioned not to place undue reliance on the financial forecasts by Desktop Metal. Although Desktop Metal's management believes there is a reasonable basis for the financial forecasts by Desktop Metal, Desktop Metal cautions Desktop Metal stockholders that future results could be materially different from the financial forecasts by Desktop Metal. The summary of the financial forecasts by Desktop Metal is not being included in this joint proxy statement/prospectus to influence your decision whether to vote for the Desktop Metal Merger Agreement proposal, but because these financial forecasts by Desktop Metal were shared between Desktop Metal and Stratasy's and provided to Desktop Metal's and Stratasy's respective boards of directors for purposes of considering and evaluating the Merger and the Merger Agreement and financial advisors for their use in their respective financial analyses. The financial forecasts of Desktop Metal and Stratasy's included in this joint proxy statement/prospectus have been prepared by, and are the responsibility of Desktop Metal management or Stratasy's management, as applicable. Deloitte & Touche, Desktop Metal's independent registered public accounting firm, Kesselman & Kesselman, Certified Public Accountants (Isr.), a member firm of PricewaterhouseCoopers International Limited, Stratasy's independent registered public accounting firm, or any other audit firm has not audited, reviewed, examined, compiled nor applied any procedures with respect to the accompanying financial projections and, accordingly, Deloitte & Touche and Kesselman & Kesselman do not express any opinion or any other form of assurance with respect thereto, or its achievability, and they assume no responsibility for, and disclaim any association with, the prospective financial information. The reports of Deloitte & Touche and Kesselman & Kesselman incorporated by reference in this joint proxy statement/prospectus relate to Desktop Metal's and Stratasy's previously issued financial statements. They do not extend to the accompanying financial projections and should not be read to do so.

The financial forecasts by Desktop Metal are subject to estimates and assumptions in many respects and, as a result, subject to interpretation. While presented with numerical specificity, the financial forecasts by Desktop Metal are based upon a variety of estimates and assumptions that are inherently uncertain, though considered reasonable by Desktop Metal's management as of the date of their preparation. These estimates and assumptions may prove to be inaccurate for any number of reasons, including general economic conditions, competition, and the risks discussed in this joint proxy statement/prospectus under the sections entitled "Cautionary Statement Regarding Forward-Looking Statements" and "Risk Factors" beginning on pages [38](#) and [41](#), respectively. The financial forecasts by Desktop Metal also reflect assumptions as to certain business decisions that are subject to change. Because the financial forecasts by Desktop Metal were developed for Desktop Metal on a stand-alone basis without giving effect to the Merger, they do not reflect any divestitures or other restrictions that may be imposed in connection with the receipt of any necessary governmental or regulatory approvals, any synergies that may be realized as a result of the Merger or any changes to Desktop Metal's operations or strategy that may be implemented after completion of the Merger. There can be no assurance that the projections will be realized, and actual results may differ materially from those shown. Generally, the further out the period to which financial forecasts by Desktop Metal relate, the more unreliable the information becomes.

Desktop Metal uses a variety of financial measures that are not in accordance with U.S. GAAP for forecasting, budgeting and measuring operating performance, including Non-GAAP Cost of Sales, Non-GAAP Gross Profit, Non-GAAP Operating Expenses, Non-GAAP Net Operating Income/(Loss), Adjusted EBITDA and Non-GAAP Gross Margin (as described below). While Desktop Metal believes that these non-GAAP financial measures provide meaningful information to help investors understand the operating results and to analyze Desktop Metal's financial business trends, there are limitations associated with the use of these non-GAAP financial measures. These

TABLE OF CONTENTS

non-GAAP financial measures are not prepared in accordance with GAAP and may not be directly comparable to similarly titled measures of Desktop Metal's competitors (or Stratasys) due to potential differences in the exact method of calculation. Further, these non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures.

Financial measures included in forecasts (including the financial forecasts by Desktop Metal) provided to a financial advisor are excluded from the definition of "non-GAAP financial measures" under the rules of the SEC if and to the extent such financial measures are included in the forecasts provided to the financial advisor for the purpose of rendering an opinion that is materially related to a business combination transaction and the forecasts are being disclosed in order to comply with the SEC rules or requirements under state or foreign law, including case law regarding disclosure of the financial advisor's analyses. Therefore the financial forecasts by Desktop Metal are not subject to the SEC rules regarding disclosures of non-GAAP financial measures, which would otherwise require a reconciliation of a non-GAAP financial measure to a GAAP financial measure. Reconciliations of non-GAAP financial measures were not relied upon by either of Stifel or J.P. Morgan for purposes of their respective opinions to the Desktop Metal board of directors and the Stratasys board of directors, as applicable, as described above in the sections entitled "The Merger—Opinion of Stratasys' Financial Advisor" or "The Merger—Opinion of Desktop Metal's Financial Advisor" beginning on pages 118 and 124, respectively, or by the Desktop Metal board of directors in connection with its consideration of the Merger. Accordingly, no reconciliation of the financial measures included in the financial forecasts by Desktop Metal is provided.

None of Desktop Metal, Stratasys, the combined company, their respective financial advisors, or their respective affiliates, advisors, officers, directors or other representatives can provide any assurance that actual results will not differ from the financial forecasts by Desktop Metal, and none of them undertakes any obligation to update, or otherwise revise or reconcile, the financial forecasts by Desktop Metal. Except as required by applicable securities laws, Desktop Metal does not intend to make publicly available any update or other revision to the financial forecasts by Desktop Metal, even in the event that any or all assumptions are shown to be in error. None of Desktop Metal, its financial advisor or their respective affiliates, advisors, officers, directors or other representatives has made or makes any representation to any Desktop Metal stockholder or other person regarding Desktop Metal's ultimate performance compared to the information contained in the financial forecasts by Desktop Metal or that forecasted results will be achieved. Desktop Metal has made no representation to Stratasys, in the Merger Agreement or otherwise, concerning the financial forecasts by Desktop Metal.

"EBITDA" is net loss plus net interest income, provision for income taxes, depreciation, and amortization expense.

The financial forecasts by Desktop Metal were based on numerous variables and assumptions, including the following key assumptions:

- Significant growth opportunities in 2024 in its dental business due to the Desktop Health partnership with Align Technology, an increase in Flexcera resin sales through new supply contracts recently signed with additional printer companies, IP DLP royalties from competitors, an increased adoption of our best in class Einstein chair-side printers and continued dental labs growing adoption of category leading Flexcera resins and our new Pro XL systems. Desktop Metal forecasts these would result in an increase in revenue of approximately \$30 million in 2024 over 2023.
- An increase in sales of industrial binder jet systems including S-Max Pro, S-Max Flex, Shop, 25 Pro, P-50 and X160Pro systems in 2023 and 2024, which Desktop Metal forecasted to increase revenue by approximately \$20 million year over year.
- An increase in consumable consumption due to the increase in systems active with customers in the field, which Desktop Metal has projected to grow 30% to 40% per year.
- Additional growth opportunities are available from scale-up of printable foam materials and Xtreme8K systems as well as adoption of Figur digital sheet metal fabrication systems.
- Projected gross profit is driven by estimates of contribution margin per product, previously announced cost reductions plans, and improved absorption of global fixed production overhead costs.
- Other key assumptions impacting profitability projections include expectations for future investment in research and development projects targeted at materials and machine development activities as well as improved absorption of general and administrative expenses.

Closing and Effective Time of the Merger

The closing of the Merger will take place on the fifth (5th) business day following the satisfaction or (to the extent permitted by law), waiver of all conditions for completion of the Merger contained in the Merger Agreement (other than those conditions that by their nature are to be satisfied at the closing, but subject to the satisfaction or (to the extent permitted by law) waiver of such conditions), or at such other date and time as Stratasys and Desktop Metal may mutually agree in writing. Subject to the satisfaction or waiver of the conditions to the closing described in the

TABLE OF CONTENTS

section entitled “**The Merger Agreement—Conditions to the Closing of the Merger**” beginning on page [159](#), including the adoption of the Merger Agreement by Desktop Metal stockholders at the Desktop Metal special meeting and approval of the share issuance and other Stratasys Merger-related proposals by Stratasys shareholders at the Stratasys EGM, it is anticipated that the Merger will close in the fourth quarter of 2023. However, neither Stratasys nor Desktop Metal can predict the actual date on which the Merger will be completed, or if the completion will occur at all, because completion is subject to conditions and factors outside the control of both companies. It is possible that factors outside the control of both companies could result in the Merger being completed at a different time, or not at all.

Subject to the provisions of the Merger Agreement, as soon as practicable on the closing date, Stratasys and Desktop Metal will file with the Secretary of State of the State of Delaware a certificate of merger relating to the Merger, which is referred to as the certificate of merger, executed and filed with the Secretary of State of the State of Delaware as provided in Section 251 of the DGCL. The Merger will become effective at the time when the certificate of merger has been duly filed with the Secretary of State of the State of Delaware or at such later date and time as Stratasys and Desktop Metal may agree and specify in the certificate of merger.

Regulatory Approvals

General

Stratasys, Merger Sub and Desktop Metal have agreed to cooperate with each other and use their respective reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and assist and cooperate with the other parties in doing all things necessary, proper or advisable to consummate and make effective, as soon as reasonably possible, the Merger and the other transactions contemplated by the Merger Agreement, including using reasonable best efforts to (i) make or cause to be made any filing required under the HSR Act relating to the Merger, (ii) prepare and file a draft CFIUS notice, and, after receipt of confirmation reasonably acceptable to both Stratasys and Desktop Metal, submit the CFIUS notice, (iii) prepare and file other necessary and advisable registrations, declarations, notices, petitions, applications and filings relating to the Merger, including the notice required under 22 C.F.R. section 122.4(b) of the International Traffic in Arms Regulations, with other governmental entities under antitrust, competition, foreign direct investment, trade regulation or similar law as soon as reasonably practicable or where the ability to control timing of the registration, declaration, notice, petition, application or filing is not within the control of the submitting party, commence pre-submission consultation procedures for, any registrations, declarations, notices, petitions, applications and filings with such governmental entities (and thereafter make any other required submissions and respond as promptly as reasonably practicable to any requests for additional information or documentary material); (iv) obtain all consents or nonactions from any governmental entity or other person which are required to be obtained under any other antitrust, competition, foreign direct investment, trade regulation or similar law in connection with the consummation of the Merger and the other transactions contemplated by the Merger Agreement, including the CFIUS approval, (v) seek to avoid or prevent the initiation of any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding by or before any governmental entity challenging the Merger or the consummation of the other transactions contemplated by the Merger Agreement, and (vi) furnish to the other all assistance, cooperation and information required for any such registration, declaration, notice or filing in order to achieve the effects set forth in the foregoing sub-clauses (i) and (v).

Requisite Regulatory Approvals

With respect to the United States, under the HSR Act and the rules promulgated thereunder, the Merger may not be completed until notification and report forms have been filed with the FTC and the DOJ, and the applicable waiting period (or any extensions thereof) has expired or been terminated. Stratasys and Desktop Metal each filed an HSR notification with the FTC and the DOJ on June 16, 2023. On July 17, 2023, Stratasys withdrew the HSR notification and on July 19, 2023, Stratasys re-filed the HSR notification. On August 18, 2023, the DOJ issued a request for additional information and documentary material to each of Stratasys and Desktop Metal (each, a “second request”) regarding the proposed transaction. Issuance of the second requests extends the waiting period imposed by the HSR Act until 30 days after Stratasys and Desktop Metal have each substantially complied with the second requests, unless the period for review is terminated earlier by the DOJ. Stratasys and Desktop Metal may furthermore be required to obtain antitrust clearance in the United Kingdom, if requested by the antitrust authority there.

At any time before or after consummation of the Merger, notwithstanding the termination of the waiting period under the HSR Act, the DOJ or the FTC, or any state or some foreign governmental entities, could take such action

under the antitrust laws as each deems necessary or desirable in the public interest, including seeking to enjoin the completion of the Merger or seeking divestiture of substantial assets of Desktop Metal and Stratasys. Private parties also may seek to take legal action under the antitrust laws under certain circumstances.

There can be no assurance that the DOJ, the FTC or any other governmental entity or any private party will not attempt to challenge the Merger on antitrust or competition grounds, and, if such a challenge is made, there can be no assurance as to its result.

Stratasys and Desktop Metal submitted a notice filing to CFIUS on July 28, 2023, and submitted a notice filing to the U.S. Department of State pursuant to the ITAR on August 23, 2023, in each case in accordance with the terms of the Merger Agreement.

The parties requested approval by the foreign direct investment regulator in Germany in accordance with the terms of the Merger Agreement on June 29, 2023. The foreign direct investment regulator in Germany granted unconditional clearance on July 27, 2023.

As of the date of this joint proxy statement/prospectus, subject to receipt of required regulatory approvals and satisfaction or waiver of the other conditions to completion of the Merger, Stratasys and Desktop Metal anticipate that the Merger will close in the fourth quarter of 2023.

For a description of the parties' obligations with respect to regulatory approvals related to the Merger, see the section entitled "**The Merger Agreement—Reasonable Best Efforts and Regulatory Approvals**" beginning on page [156](#).

Ownership of the Combined Company after the Merger

Based on the number of Stratasys ordinary shares and Desktop Metal Class A common stock outstanding as of May 31, 2023, and the exchange ratio of 0.123, Stratasys and Desktop Metal estimate that, immediately following completion of the Merger, former Desktop Metal stockholders and holders of Desktop Metal equity awards will hold, in the aggregate, approximately 41% of the ordinary shares of the combined company, and Stratasys shareholders and equity award holders as of immediately prior to the completion of the Merger will hold, in the aggregate, approximately 59% of the ordinary shares of the combined company, on a fully-diluted basis.

Governance of the Combined Company after the Merger

Articles of Association

The amended and restated articles of association of Stratasys that are subject to approval at the Stratasys EGM pursuant to Stratasys Proposal 3 (the Stratasys articles restatement proposal) will, upon approval, be the articles of association of Stratasys after the Merger, unless thereafter amended. Most provisions of the prospective Stratasys amended and restated articles of association, referred to as the Stratasys prospective articles, may be amended by an ordinary majority of Stratasys' shareholders present and voting at a general meeting of shareholders. The special corporate governance provisions for the combined company during the initial two-year period following completion of the Merger, which are contained in Article 86 of the Stratasys prospective articles and for which the approval by a two-thirds majority of the directors then in office is required to effect a change, may only be amended if such amendment is affirmatively approved by shareholders holding at least two-thirds of the voting power of the combined company. The full text of the proposed amended and restated articles of association of Stratasys is attached to this joint proxy statement/prospectus as [Annex B](#).

Management; Board of Directors

The combined company will maintain Stratasys' current dual headquarters— in Eden Prairie, Minnesota and Rehovot, Israel. Dr. Yoav Zeif, Chief Executive Officer of Stratasys, will serve as Chief Executive Officer of the combined company. Ric Fulop, Chairman and Chief Executive Officer of Desktop Metal, will serve as the non-executive Chairman of the Board of Directors of the combined company.

The Stratasys prospective articles provide that the number of directors shall be set by the Stratasys board from time to time, but shall be not less than seven (7) nor greater than eleven (11). Under the Merger Agreement, the initial members of the combined company board of directors shall consist of (subject to their election pursuant to Proposal 1 at the Stratasys EGM): five individuals designated by Stratasys (one of whom shall be Dov Ofer, as Lead Independent

TABLE OF CONTENTS

Director); five individuals designated by Desktop Metal (one of whom shall be Ric Fulop, as non-executive Chairman of the Board of Directors); and Stratasys' current Chief Executive Officer, Dr. Yoav Zeif. In the case of an equality of votes of the Board of Directors, the Chairman of the Board of Directors shall not have a second or casting vote, and the proposal shall be deemed to be defeated.

Under the Merger Agreement, the combined company's board of directors shall not, for a period of two years from the effective time of the Merger, make any change to the board's election in May 2016 to be governed by an exemption under the Israeli Companies Law regulations that exempts Stratasys from (i) appointing "external directors", as defined under the Israeli Companies Law, and (ii) complying with the Israeli Companies Law requirements related to the composition of the audit committee and compensation committee of the board of directors.

Under the prospective articles, any of the following decisions that would change the agreed-upon governance scheme for the combined company during the initial two year term following completion of the Merger requires approval by two-thirds of the directors then in office (excluding, in respect of (i) below, the combined company's Chief Executive Officer as of the effective time of the Merger, and in respect of (ii) below, the Chairman of the Board as of the effective time of the Merger):

- (i) the dismissal or replacement of the Chief Executive Officer as of the effective time;
- (ii) the dismissal or replacement of the Chairman of the Board as of the effective time;
- (iii) a change in the number of directors serving on the combined company board;
or
- (iv) an election by the board to once again be subject to the Israeli Companies Law requirement to appoint external directors.

During the initial two-year term following the Merger, any change to the special board approval required for any of the matters described in (i) through (iv) above may be amended only with the affirmative approval of shareholders holding at least two-thirds of the voting power of the combined company.

After the end of the initial two-year term following the Merger, the Chairman of the Board may be dismissed or removed from that position by a simple majority of the members of the board of directors who are lawfully entitled to participate in the meeting and vote thereon and present when such a board resolution is put to a vote and voting thereon.

Committees of Board of Directors

Under the Merger Agreement, the nomination and governance committee of the combined company board of directors, which will be newly formed upon completion of the Merger, will be comprised of three directors, two of whom will be designated by Stratasys and one of whom will be designated by Desktop Metal. The chairman of the nomination and governance committee will be a designee of Stratasys and shall initially be Dov Ofer.

The audit committee of the combined company board will be comprised of three directors, two of whom will be designated by Stratasys and one of whom will be designated by Desktop Metal. The chairman of the audit committee of the combined company Board will be designated by Stratasys.

The compensation committee of the combined company board will be comprised of three directors, two of whom will be designated by Desktop Metal and one of whom will be designated by Stratasys. The chairman of the compensation committee of the combined company board will be designated by Desktop Metal.

Certain exemptions from Nasdaq corporate governance requirements

As a foreign private issuer, Stratasys is eligible for exemption from certain Nasdaq corporate governance requirements that apply to U.S. domestic issuers if, among other reasons, those standards are contrary to the corresponding law, rule or regulation of a public authority exercising jurisdiction over Stratasys or contrary to generally accepted business practices in Stratasys' home country of domicile, provided that Stratasys properly notifies Nasdaq and makes the required disclosure, except to the extent that such exemptions would be contrary to United States federal securities laws.

Upon the effectiveness of the Merger, the updated list of exemptions from Nasdaq corporate governance requirements that Stratasys expects to rely upon consists of the following:

TABLE OF CONTENTS

- **Quorum:** Stratasys is exempt from provisions set forth in Nasdaq Rule 5620(c), which requires each issuer (other than limited partnerships) to provide for a quorum in its by-laws for any meeting of the holders of common stock, which shall in no case be less than 33.33% of the outstanding shares of the issuer's common voting stock. As permitted under the Israeli Companies Law, Stratasys' articles of association provide that a quorum required for an ordinary meeting of shareholders consists of at least two shareholders present in person, by proxy or by other voting instrument, who hold at least 25% of the voting power of its ordinary shares (and in an adjourned meeting, with some exceptions, two shareholders, regardless of the voting power associated with their shares).
- **Executive Sessions of Independent Directors:** Under the Israeli Companies Law, Stratasys' independent directors (as defined under the Nasdaq Listing Rules) do not need to meet regularly in sessions at which only they are present, as is required of U.S. domestic issuers under Nasdaq Listing Rule 5605(b)(2). Instead, the various board committees described above under "Committees of Board of Directors", which will meet from time to time, will consist solely of independent directors (under the Nasdaq definition).
- **Shareholder Approval:** Pursuant to Israeli law, Stratasys will seek shareholder approval for all corporate actions requiring such approval under the requirements of the Israeli Companies Law, which are different from, or in addition to, the requirements for seeking shareholder approval under Nasdaq Listing Rule 5635.

U.S. Federal Securities Law

Pending the effectiveness of the registration statement on Form F-4, of which this joint proxy statement/prospectus forms a part, Stratasys ordinary shares issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act or the Exchange Act, except for Stratasys ordinary shares issued to any Desktop Metal stockholder who may be deemed an "affiliate" of Stratasys after the completion of the Merger. This joint proxy statement/prospectus does not cover resales of Stratasys ordinary shares received by any person upon the completion of the Merger, and no person is authorized to make any use of this joint proxy statement/prospectus in connection with any resale of Stratasys ordinary shares.

Accounting Treatment of the Merger

Stratasys and Desktop Metal prepare their respective financial statements in accordance with GAAP. The Merger will be accounted for using the acquisition method of accounting, and Stratasys will be treated as the accounting acquirer. In identifying Stratasys as the acquiring entity for accounting purposes, Stratasys and Desktop Metal took into account a number of factors as of the date of this joint proxy statement/prospectus, including the estimate of the relative voting rights of all equity instruments in the combined company, the expected composition of senior management of the combined company and the expected corporate governance structure of the combined company. No single factor was the sole determinant in the overall conclusion that Stratasys is the acquirer for accounting purposes; rather, all factors were considered in arriving at such conclusion.

Litigation Relating to the Merger

Litigation of Stratasys with Nano Dimension Ltd.

Stratasys has been named as a defendant in an action brought by its shareholder, Nano, related to Stratasys' shareholder rights plan and the Nano Tender Offer. A summary of that litigation is provided below:

On April 25, 2023, Nano filed an urgent motion, referred to as the motion, for an interim order against Stratasys and its board members, collectively referred to as the Respondents, at the Economic Department of the Tel Aviv District Court. In the motion, Nano requested an injunction against the Respondents from any improper action or unlawful involvement in Nano's potential tender offer for Stratasys ordinary shares, including by triggering Stratasys' shareholder rights plan. Nano further requested any other relief as the court sees fit.

On May 7, 2023, Nano filed (within the same proceedings before the Tel-Aviv District Court) a Statement of Claim in which it seeks a declaratory relief declaring that Stratasys' shareholder rights plan is both illegal and void as well as a court order ordering Stratasys and its directors not to intervene with, nor hinder in any way, the special tender offer it intended (as of that time) to make to acquire Stratasys ordinary shares.

On May 11, 2023, Stratasys filed its response to Nano's motion for temporary relief, stating, among other things, that Nano's claims are in bad faith and that Nano withheld material information from the court; as well as that Nano is estopped from arguing against Stratasys' shareholder rights plan; and that the adoption of such a rights plan is both lawful and proper. A preliminary hearing on the matter was held on May 15, 2023.

TABLE OF CONTENTS

On June 8, 2023, Stratasys submitted its Statement of Defense, in which Stratasys rejected all of Nano's claims, stating, among other things, that there was a substantial change of circumstance since the claim was filed due to the signing of the Merger Agreement with Desktop Metal on May 25, 2023 and the launch of the Nano Tender Offer on May 25, 2023. Neither the Merger nor the Nano Tender Offer was included in the Statement of Claim filed by Nano, rendering it irrelevant. Additionally, Stratasys argued that the shareholder rights plan is legal under Israeli law, and that due to the many flaws and unlawful conditions of the Nano Tender Offer and Nano's conduct and circumstances, the Stratasys board is obligated to get involved and protect Stratasys and its shareholders.

Along with its Statement of Defense, Stratasys submitted a counterclaim, seeking an order restraining Nano from completing the Nano Tender Offer until a final decision on the Nano board's composition legality is rendered and until it receives all necessary regulatory approvals (including CFIUS). Additionally, Stratasys requested that the court order Nano to amend its tender offer, to allow observers to supervise the counting of the votes and to set up a system which will allow shareholders to submit their objections.

On June 18, 2023, Nano responded to Stratasys' Statement of Defense and filed its own Statement of Defense to Stratasys' counterclaim. In doing so, Nano reiterated certain arguments from its claim, and asserted, among other things, that: Stratasys' proposed Merger with Desktop Metal is a worse option for Stratasys shareholders than the Nano Tender Offer and Stratasys' shareholders should have the full ability to choose between the two; and Nano's conduct is irrelevant to Nano's legal claim. Nano furthermore rejected Stratasys' counterclaim, arguing, among other things, that: Stratasys has no standing regarding the Nano Tender Offer and its flaws; Stratasys' counterclaim constitutes unlawful involvement of the Stratasys board in the Nano Tender Offer; and the conditions of the Nano Tender Offer are in line with the applicable laws and regulations.

On June 21, 2023, Stratasys filed its Response to Nano's Statement of Defense in the counterclaim; the witness statements of both Nano and Stratasys as plaintiffs in the claim and counterclaim were submitted on June 28, 2023; and the witness statements of both parties as defendants in the claim and counterclaim were submitted on July 6, 2023. An evidentiary hearing took place on July 13, 2023, at the Tel Aviv District Court.

On July 18, 2023, in the context of an interim procedural decision pertaining to the schedule for summations—the Israeli court took the opportunity to express its preliminary view on the legality of shareholder rights plans. The court disclosed that it is inclined to rule that rights plans are permissible under Israeli law; that the adoption of a rights plan by a board should be subject to enhanced scrutiny; that the board would bear the burden of proving that it was informed, that it acted in good faith, that experts were consulted, and that it considered the interests of the company and its shareholders, rather than acting for the sake of entrenching itself. The preliminary decision further addressed a list of valid considerations that the board may take into account in adopting and preserving a rights plan.

On August 1, 2023, Nano announced the expiration of the Nano Tender Offer. On August 8, 2023, the Tel Aviv District Court decided to stay the proceedings until further decision otherwise.

In a separate action, on July 13, 2023, Nano filed a motion in an Israeli court pursuant to Regulation 54 of the Civil Procedure Regulations (a procedural mechanism for written motions which can also be used, in certain circumstances, for initiating an action without filing a Statement of Claim), requesting the court to order, *inter alia*, Stratasys to correct the agenda sent out to its shareholders in advance of a general shareholder meeting scheduled for August 8, 2023, so that it would include Nano's individual director nominees for Stratasys' board, and to order Stratasys to issue a new proxy statement and proxy card.

On July 28, 2023, Nano issued a press release in which it announced that it intended to withdraw its nominees for Stratasys' board, which Nano reiterated in a press release that it issued on August 1, 2023. On August 8, 2023, the Israeli court decided to stay the proceedings until further decision.

Litigation Relating to the Merger

On June 26, 2023 and June 27, 2023, purported stockholders Harold Weber and James Bruinslot each sent demand letters to Desktop Metal requesting certain books and records of the company related to Desktop Metal's proposed merger with Stratasys Ltd. On June 27, 2023, June 29, 2023 and July 11, 2023, purported stockholders Donald Browning, Jeffrey D. Justice, II, Brian Warden, and Karl Cordes each sent demand letters to the Company alleging material misstatements and omissions in Desktop Metal's public disclosures made in connection with its proposed merger with Stratasys Ltd. in violation of the Exchange Act.

On June 27, 2023 and July 13, 2023, purported stockholders El Mehdi Modar and Gerald Lovoi filed two actions in the United States District Court for the Southern District of New York (Modar v. Desktop Metal, et al., Case

TABLE OF CONTENTS

No. 1:23-cv-05465, Lovoi v. Desktop Metal, et al., Case No. 1:23-cv-06035). The complaints make similar allegations to the demand letters, claiming that certain officers and directors of Desktop Metal violated Sections 14(a) and 20(a) of the Exchange Act by causing a materially incomplete and misleading registration statement to be filed with the SEC on June 20, 2023 in connection with Desktop Metal's proposed merger with Stratasys Ltd. Desktop Metal believes these claims are without merit and intends to vigorously defend against them.

It is possible that additional lawsuits may be filed between the date of this joint proxy statement/prospectus and consummation of the Merger.

Exchange of Shares

Prior to the effective time, Stratasys will engage an exchange agent reasonably acceptable to Desktop Metal in connection with the Merger. At or prior to the effective time, Stratasys will deposit, or cause to be deposited, with the exchange agent, (i) certificates or, at Stratasys' option, evidence in book-entry form, representing the Stratasys ordinary shares to be issued as Merger consideration and (ii) an amount of cash sufficient to fund the payment in lieu of fractional Stratasys ordinary shares payable pursuant to the terms of the Merger Agreement. All such Stratasys ordinary shares and any cash deposited with the exchange agent are referred to as the "exchange fund."

Subject to the terms and conditions set forth in the Merger Agreement, at the effective time, each share of Desktop Metal Class A common stock issued and outstanding immediately prior to the effective time (other than shares of Desktop Metal Class A common stock owned or held (x) in treasury or otherwise owned by Desktop Metal or any of its subsidiaries or (y) by Stratasys or Merger Sub), will be converted into the right to receive 0.123 of one Stratasys ordinary share.

As promptly as practicable after the effective time, Stratasys will cause the exchange agent to mail to each holder of certificates representing shares of Desktop Metal Class A common stock, or Desktop Metal certificates, which at the effective time were converted into the right to receive the Merger consideration, a form of letter of transmittal specifying that delivery will be effected, and risk of loss and title to the Desktop Metal certificates will pass, only upon proper delivery of such certificate (or affidavits of loss in lieu thereof) to the exchange agent and will be in such form and have such provisions as Stratasys may specify subject to Desktop Metal's reasonable approval), together with instructions thereto. Any holder of any non-certificated outstanding share of Desktop Metal Class A common stock represented by book entry, referred to as Desktop Metal book entry shares, whose shares of Desktop Metal Class A common stock were converted pursuant to the terms of the Merger Agreement into the right to receive the Merger consideration will not be required to deliver a Desktop Metal certificate (nor an affidavit of loss in lieu thereof nor an indemnity bond) or an executed letter of transmittal to the exchange agent to receive Merger consideration.

Upon (i) the surrender of the Desktop Metal certificates for cancellation to the exchange agent (together with a duly, completely and validly executed letter of transmittal, and such other documents as may reasonably be required by the exchange agent), or (ii) in the case of Desktop Metal book entry shares, the receipt of an "agent's message" by the exchange agent, the holders of such shares of Desktop Metal Class A common stock will be entitled to receive the Merger consideration into which such shares have been converted (which may be in book-entry or uncertificated form), and any dividends or other distributions which the holder has the right to receive pursuant to the terms of the Merger Agreement. Subject to applicable law and withholding, following surrender of any Desktop Metal certificates, the holder of the Stratasys ordinary shares issued in exchange therefor will be paid the amount of dividends or other distributions which had become payable after the effective time with respect to the Stratasys ordinary shares constituting the applicable Merger consideration, without interest.

More information can be found in the section entitled "**The Merger Agreement—Exchange of Shares**" beginning on page [145](#).

Listing of Stratasys Ordinary Shares; Delisting and Deregistration of Desktop Metal Class A Common Stock

The Stratasys ordinary shares to be issued in the Merger will be listed for trading on the Nasdaq Global Select Market.

If the Merger is completed, Desktop Metal Class A common stock will be delisted from the NYSE and deregistered under the Exchange Act, and following that delisting and deregistration, Desktop Metal will no longer be required to file periodic reports with the SEC with respect to Desktop Metal Class A common stock.

THE MERGER AGREEMENT

The following summary describes certain material provisions of the Merger Agreement. This summary does not purport to be complete and may not contain all of the information about the Merger Agreement that is important to you. This summary is subject to, and qualified in its entirety by reference to, the Merger Agreement, which is annexed as [Annex A](#) to this joint proxy statement/prospectus and is incorporated by reference herein. You are urged to read the Merger Agreement carefully and in its entirety, as it is the legal document governing the Merger.

The following summary of the Merger Agreement is included in this joint proxy statement/prospectus only to provide you with information regarding the terms and conditions of the Merger Agreement, and not to provide any other factual information regarding Stratasys, Desktop Metal or their respective businesses. Accordingly, the representations and warranties and other provisions of the Merger Agreement should not be read alone, but instead should be read only in conjunction with the information provided elsewhere in this joint proxy statement/prospectus and in the documents incorporated by reference herein.

The representations, warranties and covenants contained in the Merger Agreement and described in this joint proxy statement/prospectus were made only for purposes of the Merger Agreement and as of specific dates and may be subject to more recent developments. These representations, warranties and covenants were made solely for the benefit of the parties to the Merger Agreement and may be subject to limitations agreed upon by the contracting parties, including being qualified by reference to certain information Stratasys and Desktop Metal filed with the SEC prior to the date of the Merger Agreement, as well as by confidential disclosure letters that the parties prepared and delivered in connection with the execution of the Merger Agreement, for the purposes of allocating risk between parties to the Merger Agreement instead of establishing these matters as facts, and may apply standards of materiality in a way that is different from what may be viewed as material by you or by other investors. Accordingly, these representations and warranties alone may not describe the actual state of affairs as of the date they were made or at any other time. The representations and warranties contained in the Merger Agreement do not survive the effective time of the Merger. Information concerning the subject matter of the representations, warranties and covenants may change after the date of the Merger Agreement, which subsequent information may or may not be fully reflected in public disclosures by Stratasys and Desktop Metal. Shareholders of Stratasys and stockholders of Desktop Metal should rely only upon the information presented in this joint proxy statement/prospectus and information filed with the SEC and incorporated herein by reference in evaluating the Merger and determining their vote at the Stratasys extraordinary general meeting or Desktop Metal special meeting, as applicable.

All shares of Desktop Metal Class A common stock, when converted, will no longer be outstanding and will automatically be canceled and will cease to exist, and each holder of Desktop Metal certificates and each holder of Desktop Metal book entry shares), will cease to have any rights with respect thereto, except the right to receive the Merger consideration to be issued in consideration therefor and any dividends or other distributions to which holders become entitled upon the surrender of such Desktop Metal certificate or Desktop Metal book entry shares in accordance with the terms of the Merger Agreement, in each case without interest. Any holder of Desktop Metal Class A common stock who would otherwise be entitled to receive a fraction of a Stratasys ordinary share (after aggregating all fractional Stratasys ordinary shares issuable to such holder) will, in lieu of such fraction of a share and upon surrender of such holder's Desktop Metal certificates or Desktop Metal book entry shares, be paid in cash the dollar amount (rounded to the nearest whole cent), without interest, determined by multiplying such fraction by the closing price of a Stratasys ordinary share on the last trading day before the Merger becomes effective.

Exchange of Shares

Prior to the effective time, Stratasys will engage an exchange agent reasonably acceptable to Desktop Metal in connection with the Merger. At or prior to the effective time, Stratasys will deposit, or cause to be deposited, with the exchange agent, (i) certificates or, at Stratasys' option, evidence in book-entry form, representing the Stratasys ordinary shares to be issued as Merger consideration and (ii) an amount of cash sufficient to fund the payment of cash in lieu of fractional Stratasys ordinary shares payable pursuant to the terms of the Merger Agreement. All such Stratasys ordinary shares and any cash deposited with the exchange agent are referred to as the “exchange fund.”

TABLE OF CONTENTS

As promptly as practicable after the effective time, Stratasys will cause the exchange agent to mail to each holder of Desktop Metal certificates, which at the effective time were converted into the right to receive the Merger consideration, a form of letter of transmittal specifying that delivery will be effected, and risk of loss and title to the Desktop Metal certificates will pass, only upon proper delivery of such certificate (or affidavits of loss in lieu thereof) to the exchange agent and will be in such form and have such provisions as Stratasys may specify subject to Desktop Metal's reasonable approval), together with instructions thereto. Any holder of any Desktop Metal book entry shares whose shares of Desktop Metal Class A common stock were converted pursuant to the terms of the Merger Agreement into the right to receive the Merger consideration will not be required to deliver a Desktop Metal certificate (nor an affidavit of loss in lieu thereof nor an indemnity bond) or an executed letter of transmittal to the exchange agent to receive the Merger consideration.

Upon (i) the surrender of the Desktop Metal certificates for cancellation to the exchange agent (together with a duly, completely and validly executed letter of transmittal, and such other documents as may reasonably be required by the exchange agent), or (ii) in the case of Desktop Metal book entry shares, the receipt of an "agent's message" by the exchange agent, the holders of such shares of Desktop Metal Class A common stock will be entitled to receive the Merger consideration into which such shares have been converted (which may be in book-entry or uncertificated form), and any dividends or other distributions which the holder has the right to receive pursuant to the terms of the Merger Agreement. Subject to applicable law and withholding, following surrender of any Desktop Metal certificates, the holder of the Stratasys ordinary shares issued in exchange therefor will be paid the amount of dividends or other distributions with a record date after the effective time with respect to the Stratasys ordinary shares constituting the applicable Merger consideration, without interest.

Termination of Exchange Fund

Any portion of the exchange fund (including any interest received) that remains undistributed to the holders of Desktop Metal Class A common stock for twelve (12) months after the effective time will be delivered to Stratasys, upon demand, and any holder of Desktop Metal Class A common stock who has not before that time complied with the terms of the Merger Agreement will thereafter look only to Stratasys for payment of its claim for Merger consideration and distributions to which such holder is entitled pursuant to the terms of the Merger Agreement, in each case without interest.

In addition, under the Merger Agreement, any portion of the exchange fund which remains unclaimed by the holders of Desktop Metal certificates or the holders of evidence of Desktop Metal book entry shares for five (5) years after the effective time (or immediately prior to such earlier date on which the exchange fund would otherwise escheat to, or become property of, any governmental authority) will become, to the extent permitted by applicable law, the property of Stratasys, free and clear of any claim or interest of any person previously entitled thereto.

Employment Matters

The Merger Agreement provides that, for a period of one year following the effective time (or if shorter, during the period of employment), Stratasys will, or will cause its subsidiaries to, provide to each Desktop Metal employee who continues to be employed after the effective time at least the same annual base salary or wage rate, as applicable, as provided to such continuing employee immediately prior to the effective time, except that in the event there is a reduction of base salaries or wage rates that affects substantially all employees of Stratasys after the effective time, the annual base salary or wage rate of the similarly situated continuing employees may be commensurately reduced. Stratasys and Desktop Metal will cooperate in good faith in reviewing, evaluating and analyzing the benefit plans of Stratasys and Desktop Metal with a view towards developing appropriate new benefit plans (or selecting existing benefit plans), referred to as the new benefit plans, that will apply to Stratasys employees (including the Desktop Metal continuing employees) after the effective time. The new benefit plans will, to the extent permitted by applicable law, and among other things, treat similarly situated employees on a substantially equivalent basis, taking into account all relevant factors, including duties, geographic, location, tenure, qualifications and abilities, and will not discriminate between employees who were covered by Stratasys benefit plans, on the one hand, and those covered by Desktop Metal benefit plans, on the other hand, at the effective time.

The Merger Agreement also provides that, for purposes of eligibility, participation, vesting and benefit accrual (except (i) for purposes of benefit accruals under any defined benefit pension plan or retiree medical plan, (ii) to the extent such credit would result in a duplication of benefits or (iii) under any grandfathered or frozen plan), under the new benefit plans, service with or credited by Stratasys or Desktop Metal, as applicable, to each employee who continues to be employed after the effective time will be treated as service with Stratasys to the same extent such service was taken into account under the analogous Stratasys benefit plan or Desktop Metal benefit plan prior to the effective time. With respect to any new benefit plan in which any continuing employee first becomes eligible to participate on or after the effective time, Stratasys will (a) waive all preexisting conditions, exclusions and waiting periods with respect to participation and coverage requirements applicable to such employees and their eligible dependents, except to the extent such pre-existing conditions, exclusions or waiting periods would apply under the analogous Stratasys or Desktop Metal benefit plan, as applicable, and (b) provide such employees and their eligible dependents with credit for any copayments and deductibles paid prior to the effective time (or, if later, prior to the time such employee commenced participation in the new benefit plan) under a Stratasys or Desktop Metal benefit plan, as applicable (to the same extent such credit was given under the analogous Stratasys or Desktop Metal benefit plan) in satisfying any applicable deductible or out-of-pocket requirements under any new benefit plan.

Nothing in the Merger Agreement or this proxy statement/prospectus will (i) be construed as an amendment or other modification of, or the termination of, any employee benefit plan or arrangement, (ii) limit the right of Stratasys, Desktop Metal or any of their respective subsidiaries to amend, terminate or otherwise modify any employee benefit plan or arrangement, (iii) be construed to create any third party beneficiary rights in any continuing employee, or any other current or former employee or service provider or any of their respective beneficiaries, or (iv) be construed to limit the right of Stratasys, Desktop Metal or their respective subsidiaries to terminate the employment of any employee or service provider in accordance with applicable law.

Certain Additional Covenants

The Merger Agreement also contains additional covenants, including, among others, with respect to (a) access to information and confidentiality; (b) actions to be taken by Stratasys with respect to the listing on Nasdaq of the Stratasys ordinary shares to be issued in connection with the merger and actions to be taken by Stratasys and Desktop Metal regarding the delisting of Desktop Metal Class A common stock from the NYSE and deregistration of the Desktop Metal Class A common stock under the Exchange Act; (c) coordination with respect to litigation relating to the Merger; (d) public statements with respect to the transactions contemplated by the Merger Agreement; (e) the treatment of Desktop Metal's indenture; and (f) notification of certain events between the date of the Merger Agreement and the closing of the Merger.

Each of Stratasys and Desktop Metal has agreed, to take all action necessary in accordance with (i) applicable law and (ii) (x) in the case of Stratasys, its articles of association and (y) in the case of Desktop Metal, its organizational documents, to duly call, give notice of, convene and hold a meeting of its shareholders or stockholders, as applicable, for the purpose of seeking the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, as applicable, as soon as practicable after the Registration Statement becomes effective. Subject to the terms of the Merger Agreement, each of Stratasys and Desktop Metal has agreed, through its board, to recommend to its shareholders or stockholders, as applicable, that they give the approval of the Stratasys Merger-related proposal or approval of the Desktop Metal Merger Agreement proposal, as applicable, and to include such recommendation in this joint proxy statement/prospectus. Each of Stratasys and Desktop Metal have agreed, subject to the terms of the Merger Agreement, to use its reasonable best efforts to solicit sufficient proxies from its shareholders or stockholders, respectively, in favor of the Stratasys Merger-related proposal or Desktop Metal Merger Agreement proposal, respectively, and to take all other actions necessary or advisable to secure the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, respectively.

Each of the Stratasys board of directors and the Desktop Metal board of directors has unanimously recommended that the Stratasys shareholders and the Desktop Metal stockholders, respectively, vote "FOR" the approval of the shareholder and stockholder resolutions required for the consummation of the transactions contemplated by the Merger Agreement, including as set forth in the other proposals included in this joint proxy statement/prospectus. However, each of the board of directors of Stratasys and Desktop Metal may withhold, withdraw, qualify, modify or amend its recommendation in a manner adverse to the other party or recommend a Superior Proposal under certain specified circumstances as discussed below under "—No Solicitation" and "—Changes in Recommendation of the Board of Directors of Stratasys or Desktop Metal ."

No Solicitation

No Solicitation by Stratasys

Except as otherwise permitted by the Merger Agreement, Stratasys has agreed that it will not, and will cause its subsidiaries and its and their respective directors and officers not to, and will use reasonable best efforts to cause its other representatives not to, directly or indirectly:

- solicit, initiate, induce, facilitate, or knowingly encourage any Acquisition Proposal with respect to Stratasys or any inquiry or proposal that may reasonably be expected to lead to such an Acquisition Proposal;
- enter into, participate in, maintain or continue any communications or negotiations regarding, or deliver or make available to any person any non-public information with respect to, or take any other action regarding, any inquiry, expression of interest, proposal or offer that constitutes, or could reasonably be expected to lead to, an Acquisition Proposal with respect to Stratasys;

- take any action to make the provisions of any takeover statute (including approving any transaction under, or a third party becoming an "interested stockholder" under, Section 203 of the Delaware General Corporation Law) inapplicable to any transaction contemplated by an Acquisition Proposal with respect to Desktop Metal;

TABLE OF CONTENTS

- enter into, participate in, maintain or continue any communications or negotiations regarding, or deliver or make available to any person any non-public information with respect to, or take any other action regarding, any inquiry, expression of interest, proposal or offer that constitutes, or could reasonably be expected to lead to, an Acquisition Proposal with respect to Desktop Metal;
- enter into any letter of intent or any other contract, agreement, commitment or other written arrangement contemplating or otherwise relating to any Acquisition Proposal with respect to Desktop Metal; or
- resolve, propose or agree to do any of the foregoing.

Each of Stratasys and Desktop Metal agreed that promptly upon execution of the Merger Agreement, it would, and would cause its subsidiaries to, and would cause its and their respective directors and officers, and would use reasonable best efforts to cause its other representatives to, immediately cease and cause to be terminated all existing discussions or negotiations with any person conducted before the date of the Merger Agreement with respect to any Acquisition Proposal, or any inquiry or proposal that may reasonably be expected to lead to an Acquisition Proposal with respect to it, use reasonable best efforts to request the prompt return or destruction of all confidential information furnished with respect to discussions prior to the date of the Merger Agreement in respect of an Acquisition Proposal with respect to it, to the extent that it is entitled to have such documents returned or destroyed, and promptly terminate all physical and electronic dataroom access previously granted to any such person or its representatives.

The foregoing restrictions do not prohibit each of Stratasys and Desktop Metal, prior to obtaining the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, respectively, from furnishing information regarding itself to, or entering into discussions and negotiations with, any person if:

- it has received from such person a bona fide written Acquisition Proposal that, after consultation with its financial advisor and outside legal counsel, its board of directors determines in good faith is, or would reasonably be expected to result in, a Superior Proposal (and such proposal has not been withdrawn);
- such Acquisition Proposal was not solicited, initiated, induced, facilitated or knowingly encouraged in violation of the terms of the Merger Agreement;
- its board of directors determines in good faith, after having consulted with its outside legal counsel, that failure to take such action would reasonably be expected to constitute a breach of its duties under applicable law;
- prior to furnishing any such information or entering into such negotiations or discussions, it obtains from such person an executed confidentiality agreement containing provisions (including nondisclosure provisions and use restrictions) at least as favorable to Stratasys or Desktop Metal, respectively, as the provisions of the Mutual Confidentiality, Non-Disclosure and Standstill Agreement between Stratasys and Desktop Metal, dated as of November 5, 2022, as amended on December 12, 2022, as in effect immediately prior to the execution of the Merger Agreement, and provides a copy of the same to the other party; and
- concurrently with furnishing any information to such person, it furnishes such information to or makes such information available in an electronic data room to the other party, to the extent such information has not been previously furnished by it to the other party or made available to the other party.

Each of Stratasys and Desktop Metal must immediately, and in any event within 24 hours of the receipt thereof (unless received on a day that is not a business day, in which case within 48 hours of the receipt thereof) advise the other party orally and in writing of any:

- Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively;
- any inquiry, expression of interest, proposal, communication, request for access to non-public information relating to Stratasys or its subsidiaries, or Desktop Metal or its subsidiaries, respectively, or offer that constitutes, or would reasonably be expected to lead to, an Acquisition Proposal;
- any other communication or notice that any person is considering making an Acquisition Proposal with respect to Stratasys or Desktop Metal, respectively.

TABLE OF CONTENTS

Any such notification by Strasys or Desktop Metal to the other party is required to include the material terms and conditions of any such Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request (including any changes to such material terms and conditions) and a copy of, and the identity of the person making, any such Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request. Each of Strasys and Desktop Metal, as applicable, will:

- keep the other party informed in all material respects and on a reasonably current basis of the status and details (including any material change to the terms and conditions thereof (including any change in price or exchange ratio)) of any Acquisition Proposal, inquiry, expression of interest, proposal, offer, notice or request;
- provide to the other party as soon as practicable after receipt or delivery thereof (but in no event more than 24 hours of the receipt thereof) (unless received on a day that is not a business day, in which case within 48 hours of the receipt thereof) copies of all material correspondence and other written material exchanged between it or its subsidiaries, or any of their representatives, on the one hand, and any person or any of their representatives that has made an Acquisition Proposal with respect to it, inquiry, expression of interest, proposal, offer, notice or request, on the other hand, which describes any of the terms or conditions of such Acquisition Proposal; and
- after the date of the Merger Agreement, not enter into any agreement which prohibits it from complying with its non-solicitation obligations of the Merger Agreement.

Under the Merger Agreement, Acquisition Proposal means, with respect to any person, any bona fide proposal, offer or inquiry, whether or not in writing, for any transaction or series of transactions (other than the transactions contemplated by the Merger Agreement) involving (i) the direct or indirect acquisition, exclusive license or purchase of a business or assets that constitutes 15% or more of the consolidated net revenues, net income or the assets (based on the fair market value thereof) of such person and its subsidiaries, taken as a whole, by any other person or group of persons (other than a party to the Merger Agreement or any of its subsidiaries); (ii) direct or indirect acquisition or purchase of equity securities or capital stock of such party or any of its subsidiaries whose business constitutes 15% or more of the consolidated net revenues, net income or assets of such person and its subsidiaries, taken as a whole, by any other person or group of persons (other than a party to the Merger Agreement or any of its subsidiaries), following which such person or group of persons would hold 15% or more of such class of equity securities; or (iii) merger, consolidation, restructuring, transfer of assets or other business combination, sale of shares or capital stock, tender offer, share exchange, exchange offer, recapitalization, stock repurchase program or other similar transaction that if consummated would result in any person or group of persons (other than a party to the Merger Agreement or any of its subsidiaries) beneficially owning 15% or more of any class of equity securities of such party or any of its subsidiaries whose business constitutes 15% or more of the consolidated net revenues, net income or assets of such person and its subsidiaries, taken as a whole.

Under the Merger Agreement, Superior Proposal means, with respect to any person, any bona fide written Acquisition Proposal (with references in the definition of Acquisition Proposal to 15% being deemed to be replaced with references to 50%) with respect to such party on terms which the board of directors of such party determines in good faith (after consultation with such party's financial advisors and outside legal counsel, and after taking into account all legal, regulatory, financial and other aspects of such Acquisition Proposal and the identity of the person making such Acquisition Proposal), to be (x) more favorable from a financial point of view to such party's shareholders or stockholders, as applicable, than the Merger and (y) reasonably likely to be irrevocably consummated (if accepted) on a timely basis in accordance with its terms and taking into account all relevant financial, legal and regulatory aspects of such Acquisition Proposal (including the identity of the person making such Acquisition Proposal).

Changes in Recommendation of the Board of Directors of Strasys or Desktop Metal

On May 25, 2023, the Strasys board of directors adopted a resolution recommending that the Strasys shareholders vote to approve the transactions contemplated by the Merger Agreement, including the issuance of the Strasys ordinary shares issuable upon Closing, and on May 24, 2023, the Desktop Metal board of directors adopted a resolution recommending that the Desktop Metal stockholders vote to adopt the Merger Agreement and approve the other transactions contemplated by the Merger Agreement.

TABLE OF CONTENTS

The Merger Agreement provides that neither the board of directors of each of Stratasys or Desktop Metal, nor any committee thereof, will do any of the following, directly or indirectly:

- withhold or withdraw or qualify, modify or amend in a manner adverse to the other party (or publicly propose to do so) its board recommendation;
- fail to reaffirm or re-publish its board recommendation, within ten business days after the other party so requests in writing that such action be taken (or, if earlier, at least five Business Days prior to such party's shareholder or stockholder meeting, as applicable);
- fail to publicly announce, within ten business days after a tender offer or exchange offer relating to the Stratasys ordinary shares (in the case of Stratasys) or Desktop Metal Class A common stock (in the case of Desktop Metal) has been formally commenced or after any change in the consideration being offered thereunder, a statement disclosing that such board recommends rejection of such tender or exchange offer; or
- publicly announce that the board of such party has recommended, adopted or approved any Acquisition Proposal with respect to such party.

Notwithstanding the foregoing restrictions or anything else in the Merger Agreement, each of the boards of directors of Stratasys or Desktop Metal may, at any time prior to obtaining the approval of Stratasys' shareholders of the Stratasys Merger-related proposal or the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, respectively, effect, or cause such party to effect, as the case may be, a change in recommendation if:

- such party has not breached its obligations under the Merger Agreement in connection with the Acquisition Proposal where, after the date of the Merger Agreement, such unsolicited, bona fide, written Acquisition Proposal is made to such party and is not withdrawn;
- the board of directors of such party determines in its good faith judgment, after consulting with its outside financial advisor and outside legal counsel, that such Acquisition Proposal constitutes a Superior Proposal;
- such party has provided the other party with five business days' prior written notice advising that it intends to effect a change of recommendation and specifying, in reasonable detail, the reasons therefor, and which written notice shall include copies of all documents pertaining to such Superior Proposal;
- such party, during such five business-day period, if requested by the other party, engages in good faith negotiations to amend the Merger Agreement in such a manner that such Acquisition Proposal that was determined to constitute a Superior Proposal no longer constitutes a Superior Proposal;
- at the end of that five business-day period, such Acquisition Proposal has not been withdrawn and in the good faith reasonable judgment of such party's board continues to constitute a Superior Proposal (taking into account any changes to the terms of the Merger Agreement proposed by the other party as a result of the negotiations required by the prior bullet point or otherwise); and
- at the end of that five business-day period, such party's board of directors determines in good faith, after having consulted with its outside legal counsel, that, in light of such Superior Proposal, a failure to change its recommendation would reasonably be expected to constitute a breach of its duties under applicable law; provided that, in the event of any material revisions to the applicable Acquisition Proposal (including any change in price or exchange ratio), such party is required to deliver a new written notice to the other party and to again comply with the foregoing requirements of the Merger Agreement with respect to such new written notice (including the five business day period referenced above).

In addition, each of the boards of directors of Stratasys and Desktop Metal may, prior to obtaining the approval by such party's shareholders or stockholders, as applicable, of the transactions contemplated by the Merger Agreement, effect, or cause such party to effect, as the case may be, a change in recommendation if, in connection with an Intervening Event (as defined below) relating to such party, such board determines at any time prior to approval of Stratasys' shareholders of the Stratasys Merger-related proposal or approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal, respectively, after having consulted with its outside legal counsel, in light of such Intervening Event, a failure to make a change in recommendation would reasonably be expected to constitute a breach of its duties under applicable law, provided that:

- such party has have provided the other party with five business days' prior written notice advising the other party that it intends to effect a change in recommendation and specifying, in reasonable detail, the reasons therefor;

TABLE OF CONTENTS

- such party, during such five business day period, if requested by the other party, must negotiate in good faith with respect to any changes or modifications to the Merger Agreement which would allow the board of such party not to make such change in recommendation; and
- at the end of such five business day period, the board of such party determines in good faith, after having consulted with its outside legal counsel, that, taking into account any changes to the terms of the Merger Agreement proposed by the other party as a result of the negotiations required by the prior bullet or otherwise, a failure to make a change in recommendation would reasonably be expected to constitute a breach of the duties of such board under applicable law.

Under the Merger Agreement, Intervening Event means a material event or development, or material change in circumstances first occurring, arising or coming to the attention of the board of directors of Stratasys or Desktop Metal, as applicable, after the date of the Merger Agreement to the extent that such event, development or change in circumstances:

- was neither known by the applicable board, nor reasonably foreseeable by the applicable board, as of or prior to the date of the Merger Agreement; and
- does not relate to an Acquisition Proposal or a Superior Proposal or any inquiry or communications relating thereto.

Proxy Statement and Registration Statement

Each of Stratasys and Desktop Metal have agreed to use reasonable best efforts to cause the Registration Statement and this joint proxy statement/prospectus (which forms a part of the Registration Statement) to comply with the applicable rules and regulations promulgated by the SEC and to respond promptly to any comments of the SEC or its staff. Stratasys has agreed to use its reasonable best efforts to cause the Registration Statement to become effective under the Securities Act as soon after its filing as reasonably practicable, and promptly thereafter Stratasys and Desktop Metal have agreed to mail this joint proxy statement/prospectus to Stratasys' shareholders and Desktop Metal's stockholders, as applicable. Each of Stratasys and Desktop Metal have agreed to advise the other promptly after it receives any request by the SEC for amendment of this joint proxy statement/prospectus or the Registration Statement or comments thereon and responses thereto or any request by the SEC for additional information. Stratasys and Desktop Metal have agreed to jointly prepare promptly and Stratasys has agreed to file any response to such comments or requests, and each of Stratasys and Desktop Metal have agreed to permit the other party (in each case, to the extent practicable), and their respective outside counsels, to participate in all meetings and conferences with the SEC with respect to this Joint Proxy Statement or the Registration Statement. Stratasys and Desktop Metal have agreed to make all necessary filings with respect to the Merger and the transactions contemplated by the Merger Agreement under the Securities Act and the Exchange Act and applicable blue sky laws and the rules and regulations thereunder. Each party will advise the other, promptly after it receives notice thereof, of the time when the Registration Statement has become effective or any supplement or amendment has been filed, the issuance of any stop order, the suspension of the qualification of the Stratasys ordinary shares issuable in connection with the Merger for offering or sale in any jurisdiction. Each of Stratasys and Desktop Metal will use reasonable best efforts to have any such stop order or suspension lifted, reversed or otherwise terminated.

If at any time prior to the effective time, any event occurs with respect to Stratasys or Desktop Metal, or any change occurs with respect to information supplied by Stratasys or Desktop Metal for inclusion in the Registration Statement or this Joint Proxy Statement, or any information relating to Stratasys or Desktop Metal, or any of their respective affiliates, officers or directors, should be discovered by Stratasys or Desktop Metal, which is required to be described or that should be set forth in an amendment or supplement to the Registration Statement or this Joint Proxy Statement, so that such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party with respect to which such event occurs or which discovers such information will promptly notify the other party and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by applicable law, disseminated to Stratasys' shareholders and Desktop Metal's stockholders.

Stratasys and Desktop Metal have agreed to cooperate with each other and, subject to the terms and limitations of the Merger Agreement, use their respective reasonable best efforts to take, cause to be taken, all actions, and do, or cause to be done, and assist and cooperate with the other parties in doing, all things necessary, proper or advisable, to consummate and make effective, as soon as reasonably possible, the Merger and the other transactions contemplated by the Merger Agreement, including using reasonable best efforts to:

- (i) make or cause to be made, in consultation and cooperation with the other and as promptly as practicable after the date of the Merger Agreement (but in no event later than 15 business days after the date of the Merger Agreement, unless otherwise agreed by counsel for the parties), any filing with the DOJ and the FTC required under the HSR Act relating to the Merger;
- (ii) prepare and file a draft CFIUS Notice, and, after receipt of confirmation reasonably acceptable to both Stratasys and Desktop Metal that CFIUS has no further comments or inquiries related to the draft CFIUS Notice, Stratasys and Desktop Metal shall, as promptly as practicable after such receipt, submit the CFIUS Notice;
- (iii) prepare and file other necessary and advisable registrations, declarations, notices, petitions, applications and filings relating to the Merger, including the notice required under 22 C.F.R. section 122.4(b) of the International Traffic in Arms Regulations, with other governmental entities under antitrust, competition, foreign direct investment, trade regulation or similar law as soon as reasonably practicable or where the ability to control timing of the registration, declaration, notice, petition, application or filing is not within the control of the submitting party, commence pre-submission consultation procedures for, any registrations, declarations, notices, petitions, applications and filings with such governmental entities (and thereafter make any other required submissions and respond as promptly as reasonably practicable to any requests for additional information or documentary material);
- (iv) obtain all consents or nonactions from any governmental entity or other person which are required to be obtained under any other antitrust, competition, foreign direct investment, trade regulation or similar law in connection with the consummation of the Merger and the other transactions contemplated hereby, including the CFIUS Approval;
- (v) seek to avoid or prevent the initiation of any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding by or before any governmental entity challenging the Merger or the consummation of the other transactions contemplated by the Merger Agreement; and
- (vi) furnish to the other all assistance, cooperation and information required for any such registration, declaration, notice or filing in order to achieve the effects set forth in the foregoing bullets (i) and (v).

Actions in Connection with Required Regulatory Approvals

Each of the parties to the Merger Agreement has agreed to use its reasonable best efforts to resolve any objection that may be asserted by any governmental entity with respect to the Merger and the other transactions contemplated by the Merger Agreement. Without limiting the generality of the foregoing, in furtherance of the parties' reasonable best efforts, each of Desktop Metal and its subsidiaries and Stratasys and its subsidiaries, as applicable, to the extent required in order to obtain the required regulatory approvals or any necessary approvals of any other governmental entity (including the CFIUS Approval) required for the transactions contemplated hereby as promptly as reasonably practicable or to avoid certain regulatory consequences or otherwise in connection with the required regulatory approvals (including the CFIUS Approval), has agreed to:

- (i) propose, negotiate or offer to effect, or consent or commit to, any sale, leasing, licensing, transfer, disposal, divestiture or other encumbrance, or holding separate, of any assets, licenses, operations, rights, product lines, businesses or interest therein (which is referred to as a Divestiture); and
- (ii) take or agree to take any other action, agree or consent to, make any concession in respect of, or permit or suffer to exist any condition or requirement setting forth, any limitations or restrictions on freedom of actions with respect to, or its ability to retain, or make changes in, any assets, licenses, operations, rights, product lines, businesses or interest therein (which are referred to collectively as a Remedy), provided that, notwithstanding anything in the Merger Agreement to the contrary, neither Desktop Metal nor Stratasys,

TABLE OF CONTENTS

nor its respective subsidiaries, will be required to take any of the actions referred to above with respect to a Divestiture or Remedy unless the effectiveness thereof is conditioned on the occurrence of the effective time, and provided, further, that, notwithstanding anything in the Merger Agreement to the contrary, nothing shall require either party to, and neither party will without the consent of the other party, agree or consent to a Divestiture or Remedy that would result in or would reasonably be expected to result in a material adverse effect on the business of Stratasy's and its subsidiaries (including Desktop Metal and its subsidiaries), collectively, immediately after giving effect to the Merger.

The parties to the Merger Agreement have agreed to use reasonable best efforts to:

- (1) oppose or defend against any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding by any governmental entity to prevent or enjoin the consummation of the Merger; and
- (2) overturn any regulatory order by any such governmental entity to prevent consummation of the Merger, including by defending any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding brought by any such governmental entity in order to avoid the entry of, or to have vacated, overturned, terminated or appealed any order that would otherwise have the effect of preventing or materially delaying the consummation of the Merger or the consummation of the other transactions contemplated by the Merger Agreement.

Requests from Regulatory Authorities

If either of Stratasy's or Desktop Metal or any of their respective subsidiaries receives a request for information or documentary material from any governmental entity with respect to the Merger or any of the transactions contemplated by the Merger Agreement, then such party has agreed to respond promptly, as soon as reasonably practicable and after consultation with the other party (to the extent permitted under applicable law), to such request, in all cases within the amount of time allowed by the governmental entity. The parties will consult with each other in good faith prior to pulling and refiling or agreeing to pull and refile any HSR filing, the CFIUS Notice or other filing, or agreeing with any governmental entity not to consummate the merger for any period of time, or agreeing to any timing agreement with the FTC, DOJ or any other governmental entity.

Coordination and Information Sharing

Each party to the Merger Agreement has agreed to:

- (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry relating to the Merger or the transactions contemplated by the Merger Agreement;
- (ii) promptly notify the other party of any material communication it or any of its affiliates (or their respective representatives) receives from any governmental entity relating to the Merger or the transactions contemplated by the Merger Agreement and keep the other parties informed as to the status of any such request, inquiry, investigation, or communication;
- (iii) subject to applicable law, and to the extent practicable, permit the other party to review in advance, and consider in good faith the other party's comments to, any proposed material communication, filing or submission by such party to any governmental entity;
- (iv) not agree to participate in any meeting or discussion with any governmental entity in respect of any filing, investigation or inquiry concerning the Merger Agreement or the Merger or transactions contemplated by the Merger Agreement unless it consults with the other party in advance and, to the extent not prohibited by such governmental entity, gives the other party the opportunity to attend; and
- (v) furnish the other party with copies of all material correspondence, filings and written communications between them and their Affiliates and their respective representatives on one hand, and any such governmental entity or its staff on the other hand, with respect to the Merger Agreement or the Merger or the transactions contemplated by the Merger Agreement.

Materials required to be provided pursuant to the foregoing regulatory efforts and cooperation covenants may be redacted or withheld as necessary to (i) remove references concerning the valuation of the parties, (ii) as necessary to comply with contractual arrangements; and (iii) as necessary to preserve attorney-client or other legal

privilege. Each party to the Merger Agreement, as each deems advisable and necessary, may designate any competitively sensitive material provided to the other pursuant to the foregoing covenants as “outside counsel only.” Such materials and the information contained therein shall be given only to the outside counsel of the recipient unless express written permission is obtained in advance from the party that has so designated such materials.

Frustrating Actions

Desktop Metal will not, and will cause its subsidiaries not to, and Stratasys will not, and will cause its subsidiaries not to, acquire or agree to acquire, by merging with or into or consolidating with, or by purchasing part or all of the assets of or equity of, in any business or any corporation, partnership, association or other business organization or division thereof, or take any other similar action, if the entry into of an agreement relating to, or the consummation of such acquisition, merger or consolidation, or the taking of any other similar action, would reasonably be expected to (i) impose any material delay in the obtaining of, or materially increase the risk of not obtaining, the required regulatory approvals; (ii) increase, in any material respect, the risk of any governmental entity entering an order prohibiting the consummation of the Merger or the transactions contemplated by the Merger Agreement; (iii) increase the risk, in any material respect, of not being able to remove any such order on appeal or otherwise; or (iv) prevent or materially delay the consummation of the Merger or the transactions contemplated by the Merger Agreement.

Insurance and Indemnification

Stratasys has agreed that all rights to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the effective time existing in favor of the current or former directors or officers of Desktop Metal and its subsidiaries to the fullest extent provided by their respective certificates of incorporation or bylaws (or comparable organizational documents) and any indemnification or other similar agreements of Desktop Metal or any of its subsidiaries as in effect as of the date of the Merger Agreement will survive the Merger and continue in full force and effect in accordance with their terms.

In addition, the Merger Agreement provides that, for a period of six (6) years from the effective time, Stratasys will procure that Desktop Metal, as the surviving entity in the Merger, will maintain in effect the exculpation, indemnification and advancement of expenses equivalent to the provisions of the certificate of incorporation of Desktop Metal with respect to acts or omissions occurring prior to the effective time and will not amend, repeal or otherwise modify any such provisions in any manner that would adversely affect the rights thereunder of any indemnified person.

Prior to or at the effective time, Desktop Metal will purchase a six (6) year prepaid “tail” policy, with terms, conditions, retentions and limits of liability that are substantially equivalent to the coverage provided under Desktop Metal’s existing policies of directors’ and officers’ liability insurance and fiduciary liability insurance, with respect to matters arising on or before the effective time (including in connection with the Merger Agreement and the transactions or actions contemplated by Merger Agreement), and Stratasys shall cause such policy to be maintained in full force and effect, for its full term, and cause all obligations thereunder to be honored by Desktop Metal, as the surviving entity in the Merger; provided, however, that Desktop Metal will not pay or agree to pay, and Desktop Metal, as the surviving entity in the Merger, will not be required to pay, in the aggregate in excess of 300% of the last annual premium paid by Desktop Metal prior to the date of the Merger Agreement in respect of such “tail” policy, and if the cost of such “tail” policy would otherwise exceed such maximum amount, Desktop Metal shall purchase as much coverage as reasonably practicable up to such maximum amount.

The foregoing will survive consummation of the Merger and is intended to be for the benefit of, and will be enforceable by, each current or former director or officer of Desktop Metal, his or her heirs and his or her representatives and are in addition to, and not in substitution for, any other rights to indemnification or contribution that any such person may have by contract or otherwise.

Termination Fees and Expense Reimbursement

Subject to the terms and conditions of the Merger Agreement, Desktop Metal will be required to pay Stratasys a termination fee of \$18.6 million (less, in the case of the first bullet, any Termination Expenses previously paid by Desktop Metal to Stratasys) if:

- following the date of the Merger Agreement and prior to the Desktop Metal special meeting, an Acquisition Proposal (provided, that, for the purposes of this bullet, the references to fifteen percent (15%) in the definition of Acquisition Proposal will instead refer to fifty percent (50%)) for Desktop Metal has been publicly proposed or disclosed and not withdrawn at least two business days prior to the Desktop Metal stockholder meeting, the Merger Agreement is terminated by either Desktop Metal or Stratasys as a result of the failure to obtain approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of the Desktop Metal stockholders (subject to valid adjournment and postponement of any such meeting) and within twelve months of such termination, Desktop Metal enters into a definitive agreement with respect to an Acquisition Proposal or otherwise consummates an Acquisition Proposal; or
- if Stratasys terminates the Merger Agreement as a result of a change in recommendation by Desktop Metal's board of directors or either Stratasys or Desktop Metal terminates the Merger Agreement as a result of the failure to obtain the approval of Desktop Metal stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of Desktop Metal's stockholders (subject to valid adjournment and postponement of any such meeting) and, at the time of such termination, Stratasys was entitled to terminate the Merger Agreement as a result of a change in recommendation by Desktop Metal's board of directors.

Additionally, Desktop Metal will be required to reimburse Stratasys for Stratasys' Termination Expenses (in an amount not to exceed \$10.0 million) if the Merger Agreement is terminated by either party as a result of the failure to obtain the approval of Desktop Metal stockholders of the Desktop Metal Merger Agreement proposal following a vote taken thereon at a meeting of Desktop Metal's stockholders (subject to valid adjournment and postponement of any such meeting) and, at the time of the termination, Desktop Metal's board of directors has not made a change in recommendation (unless the approval of Stratasys' shareholders of the Stratasys Merger-related proposal has not been obtained following a vote thereon, subject to valid adjournment and postponement of any meeting therefore, at the time of the termination of the Merger Agreement).

Subject to the terms and conditions of the Merger Agreement, Stratasys will be required to pay Desktop Metal a termination fee of \$32.5 million (less, in the case of the first bullet, any Termination Expenses previously paid by Stratasys to Desktop Metal) if:

- following the date of the Merger Agreement but prior to the Stratasys shareholders' meeting, an Acquisition Proposal (provided, that, for the purposes of this bullet, the references to fifteen percent (15%) in the definition of Acquisition Proposal will instead refer to fifty percent (50%)) for Stratasys has been publicly proposed or disclosed and not withdrawn at least two business days prior to the Stratasys shareholder meeting, the Merger Agreement is terminated by either Desktop Metal or Stratasys as a result of the failure to obtain the approval of Stratasys' shareholders of the Stratasys Merger-related proposal following a vote taken thereon at a meeting of Stratasys' shareholders (subject to valid adjournment and postponement of any such meeting) and within twelve months of such termination, Stratasys enters into a definitive agreement with respect to an Acquisition Proposal or otherwise consummates an Acquisition Proposal; or
- if Desktop Metal terminates the Merger Agreement as a result of a change in recommendation by Stratasys' board of directors or either party terminates the Merger Agreement as a result of the failure to obtain the approval of Stratasys' shareholders of the Stratasys Merger-related proposal following a vote taken thereon at a meeting of Stratasys' shareholders (subject to valid adjournment and postponement of any such meeting) and, at the time of such termination, Desktop Metal was entitled to terminate the Merger Agreement as a result of a change in recommendation by Stratasys' board of directors.

Additionally, Stratasys will be required to pay Desktop Metal a termination fee of \$19.0 million in the event that Stratasys validly terminates the Merger Agreement in connection with a Rejection relating to the Identified Agreements, but all other specified conditions to the closing of the Merger have been satisfied or waived (or are capable of being satisfied at the closing of the Merger).

TABLE OF CONTENTS

Stratasys will also be required to reimburse Desktop Metal for Desktop Metal's Termination Expenses (in an amount not to exceed \$10.0 million) if the Merger Agreement is terminated by either party as a result of the failure to obtain the approval of Stratasys' shareholders of the Stratasys Merger-related proposal following a vote taken thereon at a meeting of Stratasys' shareholders (subject to valid adjournment and postponement of any such meeting) and, at the time of the termination, Stratasys' board of directors has not made a change in recommendation (unless the approval of Desktop Metal's stockholders of the Desktop Metal Merger Agreement proposal has not been obtained following a vote thereon, subject to valid adjournment and postponement of any meeting therefore, at the time of the termination of the Merger Agreement).

Governing Law

The Merger Agreement is governed by the laws of the State of Delaware.

Third-Party Beneficiaries

The Merger Agreement is not intended to confer upon any person other than Stratasys, Merger Sub and Desktop Metal any rights remedies, other than the rights to insurance and indemnification of certain Stratasys and Desktop Metal directors and officers, as described above.

Enforcement

Stratasys, Merger Sub and Desktop Metal have agreed that irreparable damage would occur in the event that any provision of the Merger Agreement were not performed in accordance with its specific terms or were otherwise breached, and that monetary damages, even if available, would not be an adequate remedy therefor. Accordingly, prior to the termination of the Merger Agreement, each of Stratasys, Merger Sub and Desktop Metal will be entitled to an injunction or injunctions to prevent breaches of the Merger Agreement and to enforce specifically the performance of terms and provisions of the Merger Agreement as provided for therein, without proof of actual damages (and have waived any requirement for the securing or posting of any bond in connection with such remedy), this being in addition to any other remedy to which they are entitled at law or in equity. The parties to the Merger Agreement have further agreed not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy for any such breach.

VOTING AND SUPPORT AGREEMENTS

As an inducement to Stratasys entering into the Merger Agreement, on May 25, 2023, (a) Ric Fulop, Desktop Metal's Chief Executive Officer, (b) KPCB Holdings, Inc., as nominee, Kleiner Perkins Caufield & Byers XVI, LLC, KPCB XVI Founders Fund, LLC, Kleiner Perkins Caufield & Byers XVII, LLC and KPCB XVII Founders Fund, LLC, which are collectively referred to as KPCB, (c) Khaki Campbell Trust, (d) Bluebird Trust, (e) Jonah Myerberg, (f) Audra Myerberg, (g) Wen Hsieh and (h) Red Tailed Hawk Trust ((a) through (h) are collectively referred to as the Stockholders), who collectively beneficially own shares representing approximately 19% of the voting power of Desktop Metal's Class A common stock, entered into Voting and Support Agreements with Stratasys, which are collectively referred to as the Voting Agreements, pursuant to which the Stockholders have agreed to, among other things, vote their shares (i) in favor of the approval and adoption of the Merger Agreement, (ii) against any Acquisition Proposal (as defined in the Merger Agreement), (iii) against any amendment to Desktop Metal's certificate of incorporation or bylaws that would reasonably be expected to prevent, impede or materially delay the consummation of the Merger and (iv) against any action, agreement, transaction or proposal that would reasonably be expected to result in a material breach of any representation, warranty, covenant, agreement or other obligation of Desktop Metal under the Merger Agreement or that would reasonably be expected to prevent, impede or materially delay the consummation of the Merger, subject to the terms and conditions set forth in the Voting Agreements. The form of the Voting Agreements is attached to this joint proxy statement/prospectus as Annex E and is incorporated herein by reference.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

On May 25, 2023, Stratasys entered into the Merger Agreement with Desktop Metal and Merger Sub pursuant to which, subject to the terms and conditions of the Merger agreement, Merger Sub will merge with and into Desktop Metal, with Desktop Metal surviving the Merger as a wholly-owned subsidiary of Stratasys. The following unaudited pro forma condensed combined financial information of Stratasys and Desktop Metal is presented to illustrate the estimated effects of the Merger, which estimated effects are collectively referred to as adjustments or transaction accounting adjustments. The following unaudited pro forma condensed combined financial information of Stratasys and Desktop Metal does not give effect to any other transactions discussed in this registration statement on Form F-4 such as the proposed transaction with Stratasys being proposed by 3D Systems.

The below Unaudited Pro Forma Condensed Combined Balance Sheet as of June 30, 2023, combines the historical consolidated balance sheet of Stratasys and Desktop Metal as if the Merger had occurred on June 30, 2023. The below unaudited Pro Forma Condensed Combined Statements of Operations for the year ended December 31, 2022, and for the six months ended June 30, 2023, combine the historical results of operations of Stratasys and Desktop Metal and have been prepared to reflect the Merger as if it had occurred on January 1, 2022, the beginning of the earliest period presented. The Unaudited Pro Forma Condensed Combined Statements of Operations and Unaudited Pro Forma Condensed Combined Balance Sheet are collectively referred to as the unaudited pro forma financial information.

The unaudited pro forma financial information is based on the historical consolidated financial statements of Stratasys and Desktop Metal and should be read in conjunction with the assumptions and adjustments set forth in the accompanying explanatory notes.

The unaudited pro forma financial information for the Merger has been developed from and should be read in conjunction with the following documents which are incorporated by reference into this joint proxy statement/prospectus:

- Audited consolidated financial statements of Stratasys as of and for the year ended December 31, 2022, included in Stratasys' Annual Report on Form 20-F for the year ended December 31, 2022, filed with the SEC on March 3, 2023;
- Unaudited condensed consolidated financial statements of Stratasys as of and for the six months ended June 30, 2023, included in Stratasys' Report of Foreign Private Issuer on Form 6-K furnished to the SEC on August 9, 2023;
- Audited consolidated financial statements of Desktop Metal included in Desktop Metal's Annual Report on Form 10-K for the year ended December 31, 2022, filed with the SEC on March 1, 2023; and
- Unaudited condensed consolidated financial information of Desktop Metal as of and for the six months ended June 30, 2023, included in Desktop Metal's Quarterly Report on Form 10-Q filed with the SEC on August 3, 2023.

The unaudited pro forma financial information is provided for informational purposes only and is based on available information and assumptions that Stratasys believes are reasonable. It does not purport to represent what the actual consolidated results of operations or the consolidated financial position of the combined entity would have been had the Merger occurred on the dates indicated, nor is it necessarily indicative of future consolidated results of operations or consolidated financial position. The actual financial position and results of operations could differ significantly, from the pro forma amounts reflected herein due to a variety of factors, including access to additional information, changes in value not currently identified and changes in operating results following the date of the pro forma financial information.

For the purposes of developing the unaudited pro forma financial information, Stratasys allocated the estimated purchase price for the Merger with Desktop Metal using its best estimates of fair value. To the extent there are changes to the business of Desktop Metal or we obtain additional or more complete information related to the underlying assets and liabilities acquired, the assumptions and estimates herein could change significantly. The allocation of the purchase price is dependent upon certain valuations and other studies that are not yet finalized. Accordingly, the pro forma acquisition adjustments are preliminary, and subject to further adjustments, as additional information becomes available, and as additional analyses are performed. There can be no assurance that the final valuation will not result in material changes to the unaudited pro forma financial information.

TABLE OF CONTENTS

In addition, the unaudited pro forma financial information does not reflect any cost savings (or the associated costs to achieve such savings), operating synergies or revenue enhancements that the combined company may achieve following the Merger between Stratasys and Desktop Metal.

Furthermore, the combined company could have additional expenses as a result of post-closing restructuring activities. The unaudited pro forma financial information does not reflect such potential expenses, which could be significant.

Upon closing of the Merger, each share of Desktop Metal Class A common stock will be converted into the right to receive 0.123 of one Stratasys ordinary shares, which is referred to as the exchange ratio. This exchange ratio will not be adjusted for changes in the market price or number of shares outstanding of either Stratasys ordinary shares or Desktop Metal Class A common stock between the date of signing the Merger Agreement and completion of the Merger.

For the purposes of this unaudited pro forma financial information, after giving effect to the exchange ratio described above, the estimated aggregate consideration to complete the Merger would have been \$593.7 million. This amount was derived based on the 322.1 million shares of Desktop Metal Class A common stock outstanding (including vested equity awards) on May 25, 2023, the exchange ratio and a per share price of \$14.85, which represents the closing price of Stratasys ordinary shares on August 18, 2023. The purchase price also includes the estimated fair value of \$5.6 million for Desktop Metal vested equity awards held by employees and directors of Desktop Metal that will be exchanged for Stratasys equity awards.

The accounting standards require that the consideration transferred be measured at the date the Merger is completed at the then-current market price. This requirement will likely result in a total consideration that is different from the amount presented in this unaudited pro forma financial information. Based on the 322.1 million shares of Desktop Metal Class A common stock outstanding (including vested equity awards) as of May 25, 2023 and the exchange ratio, a 10% increase/(decrease) in the per share price of Stratasys ordinary shares as of August 18, 2023 would result in approximately \$59 million increase/(decrease) in the total consideration for the Merger, substantially all of which Stratasys expects would be recorded as an increase/(decrease) in the amount of goodwill. The number of outstanding shares of Desktop Metal Class A common stock will change prior to the closing of the Merger due to transactions in the normal course of business, including the vesting and/or exercise of outstanding Desktop Metal equity awards. This change is not expected to have a material impact on this unaudited pro forma financial information.

Accounting treatment

The Merger will be accounted for using the acquisition method of accounting in accordance with Accounting Standards Codification (which is referred to as ASC) Topic 805, "Business Combinations" with Stratasys considered the accounting acquirer of Desktop Metal. Stratasys will record assets acquired, including identifiable intangible assets, and liabilities assumed from Desktop Metal at their respective fair values at the date of completion of the Merger. Any excess of the purchase price (as described under Note 3. Preliminary Purchase Consideration to the unaudited pro forma financial information) over the net fair value of such assets and liabilities will be recorded as goodwill.

TABLE OF CONTENTS

1. General

On May 25, 2023, Stratasys entered into the Merger Agreement with Desktop Metal and Merger Sub. Upon the terms and subject to the conditions of the Merger Agreement, Merger Sub will merge with and into Desktop Metal, with Desktop Metal surviving the Merger as a wholly-owned subsidiary of Stratasys.

Pursuant to the Merger Agreement, at the effective time of the Merger, referred to as the effective time, each share of Desktop Metal Class A common stock issued and outstanding immediately prior to the effective time (other than any excluded shares (as defined in the section entitled “**The Merger Consideration**” beginning on page 90)), will be automatically converted into the right to receive 0.123 fully paid and nonassessable Stratasys ordinary shares, referred to as the Merger consideration.

On August 31, 2022, Stratasys completed the merger of MakerBot (previously, a wholly owned subsidiary) with Ultimaker, which together formed a new entity under the name Ultimaker. Stratasys recognized a net gain of \$39.1 million from the deconsolidation of MakerBot and accounts for the investments in the combine entity under the equity method of accounting in a total amount of \$105.6 million comprised of the assumed fair value of the MakerBot shares and additional amount invested in cash by Stratasys, representing a share of 46.5% in the new entity. Accordingly, the transaction is already reflected in the Unaudited Pro Forma Condensed Combined Balance Sheet. Amounts related to MakerBot operations for the period prior to the deconsolidation of MakerBot and the recognition of an equity method investment in Ultimaker were not material and are not adjusted in the Unaudited Pro Forma Condensed Combined Statements of Operations.

On August 8, 2022, Stratasys announced that it signed a definitive agreement to acquire the additive manufacturing materials business of Covestro AG. On April 3, 2023 Stratasys completed the acquisition of Covestro. The purchase price was approximately \$46.7 million (Euro 43 million) in cash (which is subject to adjustment), as well as 317,505 newly issued Stratasys ordinary shares as the consideration for the purchased assets. Under the terms of the Covestro asset purchase agreement, Covestro may also earn up to an additional Euro 37 million of consideration, subject to the achievement of specified performance metrics, which will be payable via the issuance of additional Stratasys ordinary shares. The transaction is already reflected in the Unaudited Pro Forma Condensed Combined Balance Sheet. Amounts related to the transaction for the period prior to the acquisition were considered to be immaterial. Accordingly, they are not adjusted in the Unaudited Pro Forma Condensed Combined Statements of Operations.

The cumulative impact of the above transactions by Stratasys, which are not presented in the pro forma financial statements, was considered to be immaterial.

2. Basis of Presentation

The unaudited pro forma financial information was prepared by accounting for the Merger using the acquisition method of accounting in accordance with ASC Topic 805, “Business Combinations,” which is referred to as ASC 805, and is derived from the historical financial statements of Stratasys and Desktop Metal.

The unaudited pro forma financial information has been prepared by Stratasys in accordance with SEC Regulation S-X Article 11, as amended by SEC Final Rule Release No. 33-10786, Amendments to Financial Disclosures About Acquired and Disposed Businesses. The unaudited pro forma financial information is not necessarily indicative of what Stratasys’ consolidated statements of operations or consolidated balance sheet would have been had the Merger been completed as of the dates indicated or will be for any future periods. The unaudited pro forma financial information does not purport to project the future financial position or results of operations of Stratasys following the completion of the Merger. The unaudited pro forma financial information reflects transaction adjustments management believes are necessary to present fairly Stratasys’ pro forma results of operations and financial position following the closing of the Merger as of and for the periods indicated. The transaction adjustments are based on currently available information and assumptions management believes are, under the circumstances and given the information available at this time, reasonable, and reflective of adjustments necessary to report Stratasys’ financial condition and results of operations as if the Merger was completed.

The acquisition method of accounting uses the fair value concepts defined in ASC 820, “Fair Value Measurements and Disclosures,” which is referred to as ASC 820. Fair value is defined in ASC 820 as “the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.” Fair value measurements can be highly subjective and can involve a high degree of estimation.

TABLE OF CONTENTS

The determination of the fair value of the identifiable assets of Desktop Metal and the allocation of the estimated consideration to these identifiable assets and liabilities is preliminary and is pending finalization of various estimates, inputs and analyses. Since this unaudited pro forma financial information has been prepared based on preliminary estimates of consideration and fair values attributable to the Merger, the actual amounts eventually recorded for the purchase accounting, including the identifiable intangibles and goodwill, may differ materially from the information presented.

The initial allocation of the preliminary estimated consideration in this unaudited pro forma financial information is based upon the estimated value of the Merger consideration.

At this preliminary stage, the estimated identifiable intangible assets include developed technology, in process research & development, customer relationships and tradenames. In addition, Stratasys included an adjustment to the estimated fair value of the convertible notes issued by Desktop Metal. Goodwill represents the excess of the estimated purchase price over the estimated fair value of Desktop Metal's identifiable assets and liabilities, including the fair value of the estimated identifiable finite assets and liabilities described above. Goodwill will not be amortized but will be subject to periodic impairment testing. The goodwill balance shown in the unaudited pro forma financial information is preliminary and subject to change as a result of the same factors affecting both the estimated consideration and the estimated fair value of identifiable assets and liabilities acquired. The goodwill balance represents the combined company's expectations of the strategic opportunities available to it as a result of the Merger, as well as other synergies that will be derived from the Merger.

Upon consummation of the Merger and the completion of a formal valuation study, the estimated fair value of the employee equity awards replaced, and fair value of the acquired assets and liabilities will be updated, including the estimated fair value and useful lives of the identifiable intangible assets and allocation of the excess purchase price, if any, to goodwill. The calculation of goodwill and other identifiable intangible assets could be materially impacted by changing fair value measurements caused by the volatility in the current market environment. Under ASC 805, transaction costs related to the Merger are expensed in the period they are incurred. Total transaction related costs expected to be incurred by Stratasys in connection with the Merger are estimated to be approximately \$30.0 million. The estimated transaction costs by Stratasys are reflected in the Unaudited Pro Forma Condensed Combined Balance Sheet as additional liability with a corresponding increase to accumulated deficit. The total transaction costs related amount is reflected as an expense in the Unaudited Condensed Combined Statement of Operations for the year ended December 31, 2022. These costs are non-recurring. No tax effect was recorded for these costs as their deductibility has not been assessed and is not expected to be material.

The unaudited pro forma financial information does not reflect the following items:

- the impact of any potential revenues, benefits or synergies that may be achievable in connection with the Merger or related costs that may be required to achieve such revenues, benefits or synergies;
- changes in cost structure or any restructuring activities as such changes, if any, have yet to be determined;
- expenses related to those employees and executives who may not be retained in the same roles after the Merger, where such agreements have not been reached at the date of this joint proxy statement/prospectus. These expenses may include both cash and equity payments, and which amounts could be substantial. These amounts will be reflected once agreements are reached with those employees or executives.

Reclassifications and conforming accounting policies

Following the acquisition, the combined company will conduct a review of the accounting policies of Desktop Metal in an effort to determine if differences in accounting policies require restatement or reclassification of results of operations or reclassification of assets or liabilities to conform to Stratasys' accounting policies and classifications. As a result of that review, the combined company may identify differences among the accounting policies of Stratasys and Desktop Metal that, when conformed, could have a material impact on this unaudited pro forma financial information. During the preparation of this unaudited pro forma financial information and based on a preliminary assessment, Stratasys was not aware of any material differences between accounting policies of Stratasys and Desktop Metal, and accordingly, this unaudited pro forma financial information assumes there are no differences in accounting policies between Stratasys and Desktop Metal.

TABLE OF CONTENTS

3. Preliminary Purchase Consideration

The fair value of the Merger consideration, or the purchase price, in the unaudited pro forma financial information is estimated to be approximately \$593.7 million. This amount was based on the 322.1 million shares of Desktop Metal Class A common stock outstanding on May 25, 2023 (including vested equity awards), the exchange ratio and a per share price of \$14.85, which represents the closing price of Strataysys ordinary shares on August 18, 2023. The actual number of Strataysys ordinary shares issued to Desktop Metal stockholders upon closing of the Merger will be based on the actual number of shares of Desktop Metal Class A common stock outstanding when the Merger closes. In accordance with ASC 805, the fair value of equity securities issued as part of the consideration transferred will be measured on the closing date of the Merger at the then-current market price. This requirement will likely result in a per share price different from the \$14.85 as of August 18, 2023 assumed in these unaudited pro forma financial information and that difference may be material, refer also below for sensitivity analysis. Under Desktop Metal's director compensation program for non-employee directors, in the event of a change of control, the Desktop Metal RSU Awards held by non-employee directors will vest in full immediately prior to the occurrence of a change of control. Accordingly, 559,132 Desktop Metal RSU Award held by Desktop Metal's non-employee directors will vest immediately prior to the closing of the transaction and will be converted into an assumed RSU and be settled in 68,773 Strataysys ordinary shares shortly after the closing of the transaction. Desktop Metal equity awards outstanding whether or not vested or exercisable will be converted into Strataysys equity awards after giving effect to the exchange ratio. The terms of these awards, including vesting provisions, will be consistent to those of the historical Desktop Metal equity awards. The fair value of Desktop Metal equity awards attributable to pre-combination service that will be assumed by Strataysys upon completion of the Merger will be considered part of the purchase price. Accordingly, the purchase price includes estimated fair values for Desktop Metal equity awards of \$5.6 million.

The estimated preliminary purchase price is calculated as follows (all amounts in USD millions, except per share data):

Outstanding shares of Desktop Metal Class A common stock as of May 25, 2023 (shares in millions)	321.55
Desktop Metal non-employee directors RSU award	0.56
Total of Outstanding shares of Desktop Metal Class A common stock as of May 25, 2023 (shares in millions including vested equity awards)	322.11
Exchange ratio	0.123
Strataysys ordinary shares to be issued (shares in millions)	39.62
Price per share as of August 18, 2023	<u>\$ 14.85</u>
Fair value of Strataysys ordinary shares to be issued (\$'millions)	<u>\$ 588.1</u>
Fair value of Desktop Metal equity awards attributable to pre-combination service	<u>\$ 5.6</u>
Merger consideration (\$'millions)	<u>\$ 593.7</u>

An increase of 10% in the price of Strataysys ordinary shares would result in approximately \$59 million increase in the estimated value of the consideration, and correspondingly, in the estimated value of goodwill. A decrease of 10% in the price of Strataysys ordinary shares would result in approximately \$59 million decrease in the estimated value of the consideration, and correspondingly, in the estimated value of goodwill.

Merger-related Transaction Adjustments

The unaudited pro forma financial information reflects the following adjustments related to the Merger:

4. Pro Forma Unaudited Condensed Combined Balance Sheet as of June 30, 2023

The following summarizes the pro forma adjustments in connection with the Merger with Desktop Metal to give effect to the Merger as if it had occurred on June 30, 2023 for purposes of the unaudited pro forma balance sheet.

TABLE OF CONTENTS

Assuming a Merger date of June 30, 2023, the following is a preliminary estimate of the assets to be acquired and the liabilities to be assumed by Stratasys in connection with the Merger with Desktop Metal, reconciled to the estimated purchase price:

Purchase consideration	Note	Amount (\$ in thousands)
Fair value of total Merger consideration transferred	(3)	<u>593,673</u>
Recognized amount of identifiable assets acquired and liabilities assumed		
Book value of net assets	4(a)	444,459
Elimination of Desktop Metal historical intangibles	4(b)	(199,609)
Elimination of Desktop Metal historical deferred tax liabilities on intangibles	4(e)	56,794
Valuation allowance of Desktop Metal historical deferred tax assets	4(e)	(56,794)
Elimination of Desktop Metal historical goodwill	4(b)	<u>(112,741)</u>
		132,109
Preliminary estimate of fair value adjustments of net assets acquired		
Inventories step-up	4(c)	15,000
Convertible notes adjustment	4(d)	(43,000)
Intangible assets, net	4(b)	318,000
Deferred tax liabilities on intangibles	4(e)	69,900
Reversal of valuation allowance on deferred tax assets of Desktop Metal	4(e)	<u>(69,900)</u>
Net assets to be acquired		290,000
Goodwill	4(b)	<u>171,564</u>
Total Merger consideration		<u>593,673</u>

Upon completion of the fair value assessment following the Merger, Stratasys anticipates the finalized fair values of the net assets acquired will differ from the preliminary assessment outlined above. Generally, changes to the initial estimates of the fair value of the assets acquired and liabilities assumed within a one year measurement period from the acquisition date will be recorded as adjustments to those assets and liabilities and residual amounts will be allocated to goodwill, which could be material.

4a. Book value of net assets

Reflects the acquisition of net assets of Desktop Metal having a historical book value of \$444.5 million as of June 30, 2023. With the exception of the fair value adjustments detailed below, the fair value of assets acquired and liabilities assumed is deemed to equal Desktop Metal's historical carrying value due to either the liquid nature or short duration of the asset or liability, or based upon overall immateriality to the purchase price allocation.

Stratasys has assumed that the net book value of Desktop Metal's historical property, plant and equipment which is referred to as PP&E, and operating right of use assets and liabilities, which is referred to as ROU, approximates fair value for these assets for purposes of these unaudited pro forma financial statements. Stratasy's assumptions as to the fair value adjustment of Desktop Metal's PP&E and ROU may change as it conducts, with the assistance of a third-party appraiser, a valuation of Desktop Metal's PP&E and ROU following the completion of the Merger. There can be no assurance that these changes will not be material.

[TABLE OF CONTENTS](#)

4b. Intangible assets and goodwill

	Stratasys Historical	Desktop Metal Historical	Transaction accounting adjustments	Notes	Pro forma combined
	\$'000	\$'000	\$'000		\$'000
Intangible assets	148,613	199,609	118,391	(i), (ii)	466,613
Goodwill	92,946	112,741	58,823	(iii)	264,510

- i. Reflects the elimination of the historical Desktop Metal's intangible assets of \$199.6 million and the recognition of the fair value estimate for identifiable intangible assets of \$318.0 million. As part of the preliminary valuation analysis, Stratasys identified intangible assets, including developed technology, IPR&D, tradenames and customer relationships. The fair value of developed technology assets is determined primarily using the "income approach," which requires a forecast of all of the expected future cash flows. The fair value of the tradenames assets is determined using a "Relief-from-Royalty" approach. Since all information required to perform a detailed valuation analysis of Desktop Metal's intangible assets could not be obtained as of the date of this filing, for purposes of these unaudited pro forma condensed combined financial statements, Stratasys used certain assumptions based on publicly available transaction data for the industry to determine the fair value of the customer relationships and IPR&D.
- ii. The following table summarizes the estimated fair values of Desktop Metal's identifiable intangible assets and their estimated useful lives. Stratasys uses a straight-line method of amortization:

Intangible Assets	Estimated fair value	Estimated useful life in years	Annual amortization expense
	\$'000	(years)	\$'000
Developed technology	215,000	8	26,875
Customer Relationships	72,000	10	7,200
Tradenames	17,000	10	1,700
IPR&D	14,000		
Amortization expense			35,775

- iii. Reflects adjustment to eliminate Desktop Metal's historical goodwill of \$112.7 million and record goodwill resulting from the Merger of \$171.6 million. The condensed combined unaudited pro forma statement of operations for the year ended December 31, 2022 include goodwill impairment at the amount of \$498.8 million in respect of Desktop Metal's historical goodwill balance. The goodwill balance recorded following the Merger is not subject to this historical impairment.

Acquired IPR&D assets are initially recognized at fair value and are classified as indefinite-lived assets until the successful completion or abandonment of the associated research and development efforts. Accordingly, during the development period after the date of the Merger with Desktop Metal, these assets will not be amortized into earnings. Instead, they will be subject to periodic impairment testing. Upon successful completion of the development process for an acquired IPR&D project, a determination as to the useful life of the asset will be made. At that point in time, the asset would then be considered a finite-lived intangible asset and amortization of the asset into earnings would commence. The impact on earnings can be significant. If an IPR&D project was not successfully developed, it may result in an impairment charge.

4c. Inventory

Reflects a preliminary fair value adjustment of \$15.0 million, which has been assigned to inventories to be acquired. The pro forma fair value adjustment is based on Desktop Metal's inventories as of June 30, 2023, adjusted as follows, based on third-party appraiser estimates, using the following methods:

- i. Finished goods at estimated selling prices less the sum of costs of disposal and a reasonable profit allowance for the selling effort of a market participant;
- ii. Work in process at estimated selling prices of finished goods less the sum of costs to complete, costs of disposal, and a reasonable profit allowance for the completing and selling effort of a market participant based on profit for similar finished goods; and

Stratasys' assumptions as to the fair value adjustment of Desktop Metal's inventories may change as it conducts, with full access to Desktop Metal's detailed data and the assistance of a third-party appraiser, a valuation of Desktop Metal's inventories at the completion of the Merger. There can be no assurance that these changes will not be material.

4d. Convertible notes

In May 2022, Desktop Metal issued an aggregate of \$115.0 million principal amount of convertible senior notes due in 2027. The convertible notes accrue interest at a rate of 6.0% per annum, payable semi-annually. The

TABLE OF CONTENTS

convertible notes will mature on May 15, 2027, unless earlier repurchased, redeemed or converted in accordance with their terms prior to such date. Following the Merger, each convertible notes holder's right to convert convertible notes for shares of Desktop Metal Class A common stock will be changed into a right to convert convertible notes for shares of Stratasys based on the Exchange Ratio.

The convertible notes are redeemable by the holders upon the occurrence of certain defined events. Stratasys believes the structure of the Merger does not trigger the redemption of the convertible notes.

The convertible notes are convertible, before November 15, 2026, only upon the occurrence of certain events and during specified periods. Stratasys believes the structure of the Merger triggers the ability of the holder to convert the convertible notes. Under the terms of the convertible notes, upon conversion, the convertible notes principal of \$115.0 million is settled in cash and the balance of conversion value will be settled in cash or shares at the option of the combined company.

As part of the preliminary purchase price, the convertible notes book value was adjusted by \$43.0 million to fair value based on market price in recent transactions in the secondary market. The preliminary fair value adjustment is subject to changes based on the market price of the convertible notes in the secondary market at the time of closing the transaction and such changes can be material. Stratasys believes, based on the current market pricing of the convertible notes in comparison to the conversion value, that the convertible note will not be converted upon the closing of the Merger, however, there can be no assurance for that. In addition, the convertible notes will become convertible at the option of the holder and as the principal of the notes is payable in cash, the convertible notes are classified into short term liability as part of the Merger related transaction adjustments.

4e. Deferred Income Taxes

Adjustments to eliminate the historical deferred income tax liability (\$56,794 thousand) related to intangible assets. As these deferred tax liabilities were considered a source of taxable income their elimination resulted also in the recording of valuation allowance in respect of deferred tax assets at the same amount.

Adjustments to record the deferred income tax impact of acquisition accounting adjustments primarily related to intangible assets, step-up in inventory and change in fair value of Desktop Metal's convertible notes. No adjustment was recorded for deferred income taxes in respect of goodwill as it is not expected to be deductible for tax purposes.

The fair value adjustments of inventory, intangible assets and convertible notes of \$290.0 million resulted in the recognition of additional net deferred tax liabilities of \$69.6 million. This deferred tax liability is considered a source of taxable income for the purpose of deferred tax assets created in connection with net operating losses. Accordingly, a valuation allowance in respect of deferred tax assets amounting to \$69.6 million was released and a deferred tax asset for \$69.6 million was recognized. The deferred tax liability is presented net of the related deferred tax assets.

The incremental deferred income tax liabilities or assets in respect of the inventory, intangible assets and convertible notes were calculated based on the income tax effect of the step-up in book basis of the net assets of Desktop Metal, excluding the amount attributable to goodwill, using an estimated statutory tax rate of 24%.

4f. Shareholders' equity

Transaction adjustments to shareholders' equity reflects the following:

- i. the issuance of 39.62 million Stratasys ordinary shares to Desktop Metal shareholders with a fair value of \$593.7 million. Such amount includes the estimated fair value of \$5.6 million of Desktop Metal equity awards exchanged for Stratasys equity awards attributable to pre-combination service;
- ii. the elimination of the historical equity balances of Desktop Metal including share capital, additional paid-in capital, accumulated deficit, accumulated other comprehensive loss and retained earnings;
- iii. the pro forma reduction in retained earnings of \$24.3 million to reflect the estimated Merger related fees and expenses expected to be incurred by Stratasys upon completion of the Merger.

TABLE OF CONTENTS

5. Pro Forma Unaudited Condensed Combined Pro Forma Statements of Operations Adjustments

The following summarizes the pro forma adjustments in the accompanying unaudited pro forma statements of operations in connection with the Merger with Desktop Metal to give effect to the Merger as if it had occurred on January 1, 2022 for purposes of the unaudited pro forma statements of operations:

5a. Inventory step up

Stratasys will reflect the fair value adjustment of \$15.00 million of Desktop Metal's inventory as the acquired inventory is sold, which for purposes of this unaudited pro forma financial information is assumed to occur within the first year after closing.

5b. Transaction accounting adjustments to amortization

A decrease in amortization expense associated with fair value adjustments to the carrying value of intangible assets for the six months ended June 30, 2023 and the year ended December 31, 2022. See also 4b. above.

	Stratasys Historical	Desktop Metal Historical	Transaction accounting adjustments	Pro forma combined
	\$'000	\$'000	\$'000	\$'000
Amortization expense year ended December 31, 2022	37,100	38,662	(2,887)	72,875
Amortization expense six months ended June 30, 2023	13,300	20,899	(3,012)	31,187

These preliminary estimates of fair value and estimated useful lives will likely differ from final amounts Stratasys will calculate after completing a detailed valuation analysis, and the difference could have a material effect on the accompanying unaudited pro forma condensed combined financial statements. A 10% change in the valuation of intangible assets would result in a corresponding increase or decrease in the balance of goodwill and annual amortization expense of approximately \$3.4 million, assuming an overall weighted average useful life of 9.36 years.

5c. Merger related costs

It has been estimated that total transaction and related costs of \$30.0 million will be incurred by Stratasys in connection with the transaction, which include advisory, legal, regulatory, valuation and other professional fees. Stratasys incurred \$5.7 million of these costs through June 30, 2023. As a result, an adjustment of \$24.3 million has been presented in the Unaudited Pro Forma Condensed Statement of Operations within selling, general and administrative expenses and in the Unaudited Pro Forma Condensed Combined Balance Sheet within other liabilities with a corresponding adjustment to accumulated deficit. No tax effect was recorded for these costs as their deductibility has not been assessed and is not expected to be material. These non-recurring costs will not have a continuing impact on the results of the combined company.

5d. Finance expense

The adjustment to fair value of the convertible notes of \$43 million will be treated as a debt premium for accounting purposes, which will be amortized into interest income using the effective interest rate method over the term of the convertible notes.

5e. Income Taxes

At this preliminary stage, no adjustment was recorded for income tax expense impact of the transaction adjustments, due to either the ability to deduct such adjustments for tax purposes or the significant net operating losses with valuation allowance of Desktop Metal, which effectively offset such expenses.

The income tax expense impact of the transaction adjustments will be determined by tax effecting the expected tax treatment of the individual elements of the transaction adjustments in the jurisdictions they are expected to be incurred in, at the estimated statutory tax rate in those jurisdictions. The tax adjustments could change based upon Stratasys' final determination of the tax treatment of the individual items and the statutory tax rate in the jurisdictions where the fair values are expected to occur and/or as a result of any changes in legislation prior to closing.

TABLE OF CONTENTS

5f. Earnings/(loss) per share

The pro forma combined basic and diluted earnings / (loss) per share for the year ended December 31, 2022 and the six months period ended June 30, 2023, are calculated as follows (in thousands, except per share data):

	Six months ended June 30, 2023	Year ended December 31, 2022
	(in \$'thousands)	(in \$'thousands)
Net loss attributable to the combined company ⁽¹⁾	(155,924)	(806,445)
Historical weighted average Stratasys shares outstanding	68,107	66,491
Desktop Metal shares converted to Stratasys shares ⁽²⁾	39,620	39,620
Pro forma basic weighted average shares outstanding	107,727	106,111
Pro forma basic net loss per share	(1.45)	(7.60)
Pro forma diluted net loss per share ⁽³⁾	(1.45)	(7.60)

(1) Net loss attributable to the combined company reflects the loss as presented in the Unaudited Pro Forma Condensed Combined Statement of Operations for the combined company, including the transaction adjustments.

(2) Represents the estimated number of Stratasys ordinary shares to be issued to Desktop Metal stockholders after giving effect to the exchange ratio.

(3) The unaudited pro forma diluted earnings per share for the year ended December 2022 and six month ended June 30, 2023 is equal to the unaudited pro forma basic earnings per share due to the pro forma net loss for the combined company, which would cause the impact of share-based awards to be anti-dilutive.

The following equity awards were excluded from the pro forma combined diluted net loss per share computation as their inclusion would have been anti-dilutive due to the reporting of a pro forma net loss for the combined company:

	Six months ended June 30, 2023	Year ended December 31, 2022
Stratasys equity awards	3,298	5,116
Desktop Metal equity awards converted to Stratasys equity awards	17,933	17,693
Total equity awards excluded from diluted earnings/ (loss) per share computation	21,231	22,809

The weighted average number of Stratasys ordinary shares used in computing basic earnings per share has been calculated using the historical weighted average number of Stratasys ordinary shares issued and outstanding during the related periods and the number of Stratasys' shares to be issued to Desktop Metal shareholders in the transaction per the Merger Agreement. For the year ended December 31, 2022 and for the six months ended June 30, 2023, the Stratasys pro forma basic earnings per share was calculated using 106.111 million and 107.727 million, respectively weighted average shares, which reflects the 66.491 million and 68.107 million weighted average of Stratasys ordinary shares issued and outstanding for each of the respective periods and the 39.62 million of Stratasys ordinary shares to be issued to Desktop Metal shareholders per the Merger Agreement.

The combined company will maintain Stratasys' current dual headquarters— in Eden Prairie, Minnesota and Rehovot, Israel. Following completion of the Merger, Dr. Yoav Zeif, the current Chief Executive Officer of Stratasys, will continue to serve as Chief Executive Officer of Stratasys.

Board of Directors of the Combined Company

Assuming the approval of the Stratasys articles restatement proposal (as part of Stratasys Proposal 1), as required under the Merger Agreement, Stratasys' articles of association upon the effective time of the Merger will provide that the number of directors shall be set by the board from time to time, but shall be not less than seven (7) nor more than eleven (11). Under the Merger Agreement, the size of the post-Merger board will be initially set as eleven (11) directors, of whom (as provided in Stratasys Proposal 1): five individuals will be designated by Stratasys; five individuals will be designated by Desktop Metal; and the final director will be Stratasys' current Chief Executive Officer, Dr. Yoav Zeif.

Stratasys' board of directors is comprised of eight (8) directors as of the date of this joint proxy statement/prospectus. Of those current directors, Dov Ofer, the current Chairman of the Board of Directors of Stratasys, will continue to serve on the board following the effective time of the Merger, and will have the roles of Lead Independent Director and chairman of the nomination and governance committee of the board. In addition, each of John J. McEleney, David Reis, Michael Schoellhorn and Adina Shorr will continue on as a director of the combined company. Furthermore, as provided under the Merger Agreement, Stratasys' current Chief Executive Officer, Dr. Yoav Zeif, will be added as the 11th member of the combined company board. Mr. S. Scott Crump, an additional current member of the Stratasys board of directors, will serve as an observer on the board of directors of the combined company.

Voting by Stratasys' Directors and Executive Officers

At the close of business on July 31, 2023, directors and executive officers of Stratasys beneficially owned approximately 1,132,500 Stratasys ordinary shares, of which 602,541 represent actual Stratasys ordinary shares that will be held as of the August 24, 2023 record date for the Stratasys EGM and that would therefore be entitled to vote at the Stratasys EGM, representing 0.87% of the 69,021,732 Stratasys ordinary shares outstanding on July 31, 2023. Although none of the directors and executive officers has entered into any agreement obligating them to do so, Stratasys currently expects that all of its directors and executive officers will vote their shares "FOR" the Stratasys Merger-related proposal and "FOR" each of the other Stratasys proposals.

For more information regarding the security ownership of Stratasys directors and executive officers, please see Item 6 in the Stratasys 2022 Form 20-F, which was filed with the SEC on May 3, 2023, which is incorporated into this joint proxy statement/prospectus by reference.

TABLE OF CONTENTS

INTERESTS OF DESKTOP METAL'S DIRECTORS AND EXECUTIVE OFFICERS IN THE MERGER

In considering the recommendation of the Desktop Metal Board with respect to the Desktop Metal Merger Agreement Proposal and the Desktop Metal Advisory Compensation Proposal, Desktop Metal stockholders should be aware that the directors and executive officers of Desktop Metal have interests in the Merger that may be different from, or in addition to, the interests of Desktop Metal stockholders generally. The members of the Desktop Metal Board were aware of and considered these interests, among other matters, in evaluating and negotiating the Merger Agreement, in approving the Merger Agreement and in determining to recommend that Desktop Metal stockholders approve the Merger proposal.

Treatment of Desktop Metal Equity Awards

Stock Options.

At the effective time of the Merger, each Desktop Metal Option outstanding immediately prior to the effective time will be automatically converted into an option to purchase a number of Stratasys ordinary shares on substantially the same terms and conditions (including the same vesting and exercisability terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal Option immediately prior to the effective time (but otherwise subject to the terms and conditions of the Stratasys equity plans), determined by multiplying the number of shares of Desktop Metal Class A common stock subject to such Desktop Metal Option immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares, at a per share exercise price determined by dividing the per share exercise price of such Desktop Metal Option by the exchange ratio, rounding up to the nearest whole cent.

Restricted Stock Awards.

At the effective time of the Merger, each Desktop Metal RSA outstanding immediately prior to the effective time will automatically be converted into a restricted stock award of Stratasys, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal RSA immediately prior to the effective time (but otherwise subject to the terms and conditions of the Stratasys equity plans), covering a number of Stratasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by such Desktop Metal RSA immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Restricted Stock Unit Awards.

At the effective time of the Merger, each Desktop Metal RSU Award outstanding immediately prior to the effective time will automatically be cancelled in exchange for the grant of a restricted stock unit award to receive, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the incentive award plan of Desktop Metal relating to such Desktop Metal RSU Award immediately prior to the effective time (but otherwise subject to the terms and conditions of the Stratasys equity plans), a number of Stratasys ordinary shares determined by multiplying the number of shares of Desktop Metal Class A common stock covered by such Desktop Metal RSU Award immediately prior to the effective time by the exchange ratio, rounding down to the nearest whole number of shares.

Double Trigger Accelerated Vesting of Certain Desktop Metal Equity Awards.

Pursuant to the terms of the Severance Plan described below, the Desktop Metal Options and Desktop Metal RSU Awards held by Desktop Metal's executive officers would fully vest if the executive officer's employment is terminated by Desktop Metal without "cause" or due to the executive officer's resignation for "good reason," in each case, on or within 12 months following a change of control of Desktop Metal. These "double trigger" vesting provisions applicable to Desktop Metal equity awards held by executive officers will continue to apply to such awards after such awards are assumed by Stratasys at the effective time of the Merger.

2021 Founder Restricted Stock Unit Awards.

In October 2021, Desktop Metal granted 2021 Founder Restricted Stock Unit Awards to Ric Fulop and Jonah Myerberg (the "2021 Founder Awards") that vest upon achievement of market capitalization goals. As of July 31, 2023, no market capitalization goals have been achieved, and Desktop Metal does not anticipate any market capitalization goals to be achieved before the completion of the Merger. Accordingly, Desktop Metal expects that the 2021 Founder Awards will be forfeited upon the completion of the Merger, and there is no expected payout with respect to the awards.

TABLE OF CONTENTS

Quantification of Outstanding Equity Awards for Desktop Metal’s Directors and Executive Officers

For an estimate of the amounts that would be payable to each of Desktop Metal’s named executive officers on settlement of their unvested Desktop Metal awards, see the section entitled “—**Golden Parachute Compensation**” below. Desktop Metal does not have any executive officers who are not named executive officers.

Under Desktop Metal’s director compensation program for non-employee directors, in the event of a change of control, the Desktop Metal RSU Awards held by non-employee directors will vest in full immediately prior to the occurrence of a change of control. Accordingly, each Desktop Metal RSU Award held by Desktop Metal’s non-employee directors will vest immediately prior to the effective time of the Merger and, at the effective time, be converted into an assumed RSU, and be settled in Stratasys ordinary shares shortly after the effective time. The value of the unvested Desktop Metal RSU Awards held by Desktop Metal’s non-employee directors as a group is \$1,031,906, assuming the closing price of a share of Desktop Metal Class A common stock on the completion of the Merger is \$1.88 (which represents the average closing market price of Desktop Metal Class A common stock over the first five (5) business days following the first public announcement of the transaction). The total number of Stratasys ordinary shares payable to Desktop Metal’s non-employee directors as a group with respect to their unvested Desktop Metal RSU Awards is 67,512.

The Desktop Metal Options held by Desktop Metal’s non-employee directors will, at the effective time, be converted into assumed options to purchase Stratasys ordinary shares and will continue to vest (with respect to the unvested portion of such options) to the extent that the non-employee director continues to provide services to the combined company, and will remain exercisable (to the extent vested) in accordance with their terms.

Desktop Metal Severance Plan

On May 13, 2023, Desktop Metal’s executive officers became participants in Desktop Metal’s Severance Plan.

The Severance Plan provides that if the employment of an officer designated as a “c-suite executive” is terminated by Desktop Metal without cause, or if an officer designated as a “c-suite executive” resigns for good reason, the officer will be eligible to receive: (i) continued payment of the officer’s base salary for a period of nine months; and (ii) COBRA premiums for a period of nine months.

The Severance Plan provides that if the employment of an officer designated as a “c-suite executive” is terminated by Desktop Metal without cause, or if an officer designated as a “c-suite executive” resigns for good reason, within 12 months following a change of control, the officer will be eligible to receive: (i) a lump sum payment equal to 12 months of the officer’s base salary; (ii) a lump sum payment equal to the officer’s target bonus; (iii) COBRA premiums for a period of 12 months; (iv) accelerated vesting of all time-based equity awards held by the officer; and (v) unless the award agreement provides for more favorable vesting terms, vesting of all performance-based equity awards held by the officer at the target level of performance. Any severance payments or benefits under the Severance Plan will be subject to a Section 280G “best net” cutback in which such payments or benefits will be reduced only to the extent it results in a better tax position for the officer.

All of Desktop Metal’s currently-serving executive officers are considered “c-suite executives” for purposes of the Severance Plan. The terms of the Severance Plan will not apply to the 2021 Founder Awards held by Mr. Fulop and Mr. Myerberg. As described above, the 2021 Founder Awards vest upon the occurrence of a change of control only to the extent the market capitalization goals have been satisfied on the date of the change of control and Desktop Metal does not anticipate any market capitalization goals to be achieved before the completion of the Merger.

All payments and benefits under the Severance Plan are contingent upon the officer’s execution and non-revocation of a release of claims in favor of the Company (which may contain, among other terms, non-competition obligations for a period of up to 12 months) and continued compliance with certain restrictive covenants. All of the named executive officers have entered into restrictive covenant agreements with Desktop Metal that generally contain 12-month post-employment non-competition and non-solicitation covenants. The Severance Plan provides that the officers are not eligible for cash severance or termination benefits from Desktop Metal under their employment agreements.

For an estimate of the value of the payments and benefits described above that would be payable to Desktop Metal’s named executive officers upon a qualifying termination in connection with the Merger, see the section entitled “—**Golden Parachute Compensation**” below.

No Section 280G Golden Parachute Excise Tax Gross-Ups

Neither the executives' employment agreements, nor any other Desktop Metal plan, policy, agreement or arrangement provides any employee, officer or director with the right to a tax "gross-up" payment in connection with any "golden parachute" or other tax liability triggered in connection with the Merger.

Indemnification and Insurance

Pursuant to the terms of the Merger Agreement, Desktop Metal's directors and executive officers will be entitled to certain ongoing indemnification and insurance coverage for a period of six years following the effective time of the Merger under directors' and officers' liability insurance policies from the surviving corporation. This indemnification and insurance coverage is further described in the section entitled "**The Merger Agreement—Insurance and Indemnification**" beginning on page [158](#).

Continuing Directorship

Pursuant to the Merger Agreement, following the closing of the transaction, the Board of Directors of Stratasys will consist of 11 members, five of whom will be selected by current directors of Stratasys and five of whom will be selected by current directors of Desktop Metal. The Merger Agreement provides that the Chief Executive Officer of the combined company, Dr. Yoav Zeif, will be the eleventh director and will serve as Chairman of the Stratasys Board of Directors. See the section entitled "**The Merger—Governance of the Combined Company After the Merger**" beginning on page [139](#).

Golden Parachute Compensation

This section sets forth the information required by Item 402(t) of Regulation S-K regarding the compensation of each of Desktop Metal's named executive officers, that is based on or otherwise relates to the Merger and that will or may become payable to the named executive officers at the completion of the Merger or on a qualifying termination of employment upon or following the consummation of the Merger. This compensation is referred to as "golden parachute" compensation by the applicable SEC disclosure rules, and in this section Desktop Metal uses such term to describe the Merger-related compensation payable to the Desktop Metal named executive officers. The "golden parachute" compensation payable to these individuals is subject to a non-binding advisory vote of Desktop Metal stockholders.

The table below sets forth, for the purposes of this golden parachute disclosure, the amount of payments and benefits (on a pre-tax basis) that each of Desktop Metal's named executive officers would receive based on the following assumptions: (i) the effective time of the Merger occurs on July 31, 2023, (ii) each named executive officer experiences a qualifying termination at such time in a manner that entitles such named executive officer to receive severance payments and benefits under Desktop Metal's Severance Plan, (iii) the closing price of a share of Desktop Metal Class A common stock on the completion of the Merger is \$1.88 (which represents the average closing market price of Desktop Metal Class A common stock over the first five business days following the first public announcement of the transaction) and (vi) each named executive officer has properly executed any required releases and complied with all requirements (including any applicable restrictive covenants) necessary in order to receive the payments and benefits. The amounts indicated below are estimates based on multiple assumptions (including the assumptions described in this paragraph) that may or may not actually occur or be accurate on the relevant date, and do not reflect certain compensation actions that may occur before completion of the transaction. Accordingly, the actual amounts received by our named executive officers may differ materially from the estimates set forth below. Additional detail regarding the named executive officers' interests in the Merger is provided above.

Name	Cash (\$)⁽¹⁾	Equity (\$)⁽²⁾	Benefits (\$)⁽³⁾	Total (\$)
Ric Fulop	1,073,000	—	24,090	1,097,090
Jason Cole	1,100,000	2,820,000	14,498	3,934,498
James Haley ⁽⁴⁾	—	—	—	—
Jonah Myerberg	700,000	1,024,629	24,090	1,748,719
Thomas Nogueira	640,000	1,374,547	24,090	2,038,637
Arjun Aggarwal ⁽⁴⁾	—	—	—	—
Michael Jafar ⁽⁴⁾	—	—	—	—

- (1) The amount shown consists of a lump sum cash severance payment equal to one times the sum of the applicable named executive officer's annual base salary and target bonus for the 2023 calendar year. Such severance payment is considered to be a "double-trigger" payment, which means that both a change of control, such as the Merger, and a qualifying termination of employment (on or within 12 months following the Merger) must occur prior to any payment being provided to such named executive officer.

TABLE OF CONTENTS

- (2) The amount shown reflects the potential value that the applicable named executive officer could receive in connection with accelerated vesting and settlement of the Desktop Metal equity awards. The accelerated vesting of the Desktop Metal Options, Desktop Metal RSUs and performance-based RSU awards is considered to be a “double-trigger” benefit, because both a change of control, such as the Merger, and a qualifying termination of employment (within the 12 months following the Merger) must occur for such accelerated vesting to be provided to the named executive officer. The estimated value of the benefit with respect to each type of award is set forth in the table below:

Name	Value of Desktop Options (\$)	Value of Desktop Restricted Stock Awards (\$)	Value of Desktop RSU Awards (\$)	Value of Desktop Performance-Based RSU Awards (\$)*	Total (\$)
Ric Fulop	—	—	—	—	—
Jason Cole	—	—	2,820,000	—	2,820,000
Jonah Myerberg	2,891	—	1,021,739	—	1,024,629
Thomas Nogueira	13,227	—	1,361,319	—	1,374,547

* The 2021 Founder Awards vest upon a termination without cause or resignation for good reason following a change of control provided that the market capitalization goal applicable to the award has been achieved as of the date of the change of control. As of July 31, 2023, no market capitalization goals have been achieved, and Desktop Metal does not anticipate any market goals to be achieved before the completion of the Merger. Accordingly, Desktop Metal expects that the 2021 Founder Awards will be forfeited upon the completion of the Merger, and there is no expected payout with respect to the awards.

- (3) The amounts shown in this column represent the value of COBRA premiums for continued group health, dental and vision benefits for 12 months for the applicable named executive officer. Like the severance payments, these COBRA benefits would be considered “double-trigger” benefits.
- (4) Mr. Haley, Mr. Jafar and Mr. Aggarwal each terminated employment with Desktop Metal in 2022. Each such named executive officer’s separation was not in connection with the Merger and none of them will be entitled to any Merger-related compensation.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS OF THE MERGER

This section describes the material U.S. federal income tax considerations for holders of Desktop Metal Common Stock that exchange, pursuant to the Merger, their Desktop Metal Class A common stock for Stratasys ordinary shares. This section is limited to U.S. federal income tax consequences and does not address any other tax considerations (such as U.S. federal estate, gift or other non-income tax consequences) or any consequences arising under the tax laws of any state, local or non-U.S. jurisdiction. With respect to the tax consequences of holding Stratasys ordinary shares, this discussion is limited to holders who acquire such Stratasys ordinary shares pursuant to the Merger. This discussion applies only to Desktop Metal stockholders who hold Desktop Metal Class A common stock as a “capital asset” for U.S. federal income tax purposes (generally, property held for investment) and does not discuss all aspects of U.S. federal income taxation that might be relevant to holders in light of their particular circumstances or status, including alternative minimum tax and Medicare contribution tax consequences, or holders who are subject to special rules, including:

- brokers and dealers or traders in securities subject to a mark-to-market method of accounting;
- mutual funds;
- tax-exempt organizations, qualified retirement plans, individual retirement accounts or other tax deferred accounts or governmental agencies, instrumentalities or other governmental organizations;
- banks or other financial institutions, underwriters, insurance companies, real estate investment trusts or regulated investment companies;
- U.S. expatriates or former citizens or long-term residents of the United States;
- persons that own (directly, indirectly or by attribution) 5% or more (by vote or value) of the stock of Desktop Metal prior to the Merger or of Stratasys after the Merger (except as specifically addressed herein);
- partnerships, other entities or arrangements classified as partnerships for U.S. federal income tax purposes, “S corporations” or other pass-through entities or arrangements for U.S. federal income tax purposes or beneficial owners of such entities or arrangements;
- persons holding Desktop Metal Class A common stock or Stratasys ordinary shares as part of a straddle, hedging or conversion transaction, constructive sale or other integrated or conversion transaction or other arrangement involving more than one position;
- persons subject to special tax accounting rules as a result of any item of income relating to Desktop Metal Class A common stock or Stratasys ordinary shares being recognized on an applicable financial statement;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- U.S. holders that hold Desktop Metal Class A common stock or Stratasys ordinary shares in connection with a trade or business conducted outside the United States;
- persons that hold or received Desktop Metal Class A common stock or Stratasys ordinary shares pursuant to the exercise of any employee stock option or otherwise as compensation for services;
- grantor trusts; and
- controlled foreign corporations, passive foreign investment companies, expatriated entities subject to Section 7874 of the Code and corporations that accumulate earnings to avoid U.S. federal income tax.

If an entity or arrangement that is classified as a partnership for U.S. federal income tax purposes owns Desktop Metal Class A common stock or Stratasys ordinary shares, the U.S. federal income tax treatment of a partner will generally depend on the status of the partner, the status and activities of the partnership, and certain determinations made at the partner level. Partnerships owning Desktop Metal Class A common stock or Stratasys ordinary shares and partners in such partnerships should consult their tax advisors as to the particular U.S. federal income tax consequences of the Merger and of acquiring, owning and disposing of Stratasys ordinary shares.

This discussion is based on the Code, its legislative history, existing and proposed Treasury regulations promulgated under the Code (referred to as the Treasury Regulations), published rulings by the IRS and court decisions, all as in effect as of the date hereof and all of which are subject to change and differing interpretations, possibly on a retroactive basis. Any such change or differing interpretation could affect the accuracy of the statements

TABLE OF CONTENTS

and conclusions set forth in this discussion. This discussion is necessarily general and does not address all aspects of U.S. federal income taxation. Neither Desktop Metal nor Stratasys has sought or intends to seek any rulings from the IRS or opinions of counsel regarding the Merger, nor is the Merger conditioned on the receipt of any rulings from the IRS or opinions of counsel. There is no assurance the IRS will not take positions concerning the tax consequences of the Merger that are different from those discussed below, or that any such different positions would not be sustained by a court.

Under Section 367(a) of the Code and the Treasury Regulations thereunder, special rules (the “special 5% holder rules”) may apply to a U.S. holder, as defined below, that actually or constructively owns 5% or more, by vote or value, of the issued and outstanding stock of Stratasys immediately after the Merger. Such U.S. holders are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the Merger in light of their particular circumstances.

THIS DISCUSSION IS NOT TAX ADVICE. ALL HOLDERS OF DESKTOP CLASS A COMMON STOCK SHOULD CONSULT THEIR TAX ADVISORS REGARDING THE TAX CONSEQUENCES OF THE MERGER AND CONSIDERATIONS RELATING TO THE OWNERSHIP AND DISPOSITION OF STRATASYS ORDINARY SHARES, INCLUDING THE EFFECTS OF U.S. FEDERAL, STATE AND LOCAL AND NON-U.S. TAX LAWS.

U.S. Federal Income Tax Treatment of Stratasys

Tax Residence of Stratasys for U.S. Federal Income Tax Purposes

A corporation is generally considered for U.S. federal income tax purposes to be a tax resident in the jurisdiction of its organization or incorporation. Accordingly, under the generally applicable U.S. federal income tax rules, Stratasys, which is incorporated under the laws of Israel, would be classified as a non-U.S. corporation (and, therefore, not a U.S. tax resident) for U.S. federal income tax purposes. Section 7874 of the Code provides an exception to this general rule (more fully discussed below), under which a non-U.S. incorporated entity may, in certain circumstances, be treated as a U.S. corporation for U.S. federal income tax purposes (or may be subject to certain other adverse U.S. tax consequences). These rules are complex and there is limited guidance regarding their application.

Under Section 7874 of the Code, a corporation created or organized outside the United States (*i.e.*, a non-U.S. corporation) will nevertheless be treated as a U.S. corporation for U.S. federal income tax purposes (and, therefore, as a U.S. tax resident subject to U.S. federal income tax on its worldwide income) if each of the following three conditions are met: (i) the non-U.S. corporation, directly or indirectly, acquires substantially all of the properties held directly or indirectly by a U.S. corporation (including through the acquisition of the outstanding shares of the U.S. corporation); (ii) the non-U.S. corporation’s “expanded affiliated group” does not have “substantial business activities” in the non-U.S. corporation’s country of organization or incorporation and tax residence (the “relevant foreign country”) relative to the expanded affiliated group’s worldwide activities (this test is referred to as the “substantial business activities test”); and (iii) after the acquisition, the percentage of the shares of the non-U.S. acquiring corporation that former shareholders of the acquired U.S. corporation hold by reason of holding shares in the U.S. acquired corporation (taking into account the receipt of the non-U.S. corporation’s shares in exchange for the U.S. corporation’s shares) is at least 80% (or in certain circumstances, which are not applicable to the Merger, 60%), by either vote or value, as determined for purposes of Section 7874 of the Code (this percentage is referred to as the “Section 7874 ownership percentage,” and this test is referred to as the “ownership test”). In order to satisfy the substantial business activities test, at least 25% of the employees (by headcount and compensation), real and tangible assets and gross income of the foreign acquiring corporation’s “expanded affiliated group” must be based, located and derived from ordinary course business transaction with unrelated customers located in the relevant foreign country.

Stratasys will indirectly acquire all of the properties of Desktop Metal through the Merger. It is unclear whether Stratasys, including its “expanded affiliated group,” will satisfy the substantial business activities test upon closing of the Merger. As a result, whether Section 7874 of the Code will apply to cause Stratasys to be treated as a U.S. corporation for U.S. federal income tax purposes following the Merger will depend upon the satisfaction of the ownership test.

Based upon the terms of the Merger, the rules for determining the Section 7874 ownership percentage, and certain factual assumptions, Desktop Metal and Stratasys currently expect the Section 7874 ownership percentage to be less than 80% after the Merger. Accordingly, Stratasys is currently not expected to be treated as a U.S. corporation

TABLE OF CONTENTS

for U.S. federal income tax purposes under Section 7874 of the Code as a result of the Merger. However, as discussed above, the rules for determining the Section 7874 ownership percentage under Section 7874 of the Code are complex and subject to detailed rules and regulations (the application of which is uncertain in various respects and could be impacted by changes to applicable rules and regulations under U.S. federal income tax laws, with possible retroactive effect). For example, for purposes of determining the Section 7874 ownership percentage, former Desktop Metal stockholders will be deemed to own an amount of Stratasys ordinary shares in respect to certain redemptions by Desktop Metal prior to the Merger. Such rules also disregard certain shares of the non-U.S. acquiring corporation if a threshold percentage of the corporation's value is attributable to certain passive assets. In addition, certain acquisitions by the non-U.S. acquiring corporation of U.S. corporations over a 36-month period prior to the Merger may impact the Section 7874 ownership percentage. Further, whether the ownership test has been satisfied is subject to certain factual uncertainties and must be finally determined at the completion of the Merger, by which time there could be adverse changes to the relevant facts and circumstances. Accordingly, there can be no assurance that the IRS would not assert that Stratasys should be treated as a U.S. corporation for U.S. federal income tax purposes, or any other contrary position to those described above, or that such an assertion would not be sustained by a court.

If Stratasys were to be treated as a U.S. corporation for U.S. federal income tax purposes, Stratasys could be subject to significant adverse tax consequences, including a higher effective corporate income tax rate, and the gross amount of any dividend payments to Stratasys' non-U.S. holders (as defined below) could be subject to a 30% U.S. withholding tax, depending on the application of any income tax treaty that might apply to reduce the withholding tax.

The remainder of this discussion assumes that Stratasys will not be treated as a U.S. corporation for U.S. federal income tax purposes under Section 7874 of the Code.

Utilization of Desktop Metal's Tax Attributes and Certain Other Adverse Tax Consequences to Stratasys and Stratasys' Shareholders

Following the acquisition of a U.S. corporation by a non-U.S. corporation, Section 7874 of the Code can also limit the ability of the acquired U.S. corporation and its U.S. affiliates to use certain U.S. tax attributes (including net operating losses and certain tax credits) to offset U.S. taxable income resulting from certain transactions, as well as result in certain other adverse tax consequences, even if the non-U.S. acquiring corporation is respected as a non-U.S. corporation for purposes of Section 7874 of the Code. Specifically, Section 7874 of the Code can apply in this manner if (i) the non-U.S. acquiring corporation acquires, directly or indirectly, substantially all of the properties held directly or indirectly by a U.S. corporation (including through the acquisition of the outstanding shares of the U.S. corporation), (ii) after the acquisition, the Section 7874 ownership percentage is at least 60% but is less than 80%, and (iii) the non-U.S. acquiring corporation's "expanded affiliated group" does not meet the substantial business activities test. In such case, the non-U.S. corporation would be treated as a "surrogate foreign corporation" under Section 7874 of the Code.

Based upon the terms of the Merger, the rules for determining the Section 7874 ownership percentage and certain factual assumptions, Desktop Metal and Stratasys currently expect the Section 7874 ownership percentage to be less than 60%. Accordingly, Desktop Metal and Stratasys currently expect that the limitations and other rules described above would not apply to Desktop Metal or to Stratasys or its subsidiaries after the Merger and Stratasys would not be treated as a "surrogate foreign corporation" under Section 7874 of the Code.

The above determination, however, is subject to complex and detailed rules and regulations (the application of which is uncertain in various respects and could be impacted by future changes in applicable rules and regulations under U.S. federal income tax laws, with possible retroactive effect) and is subject to certain factual uncertainties. Whether the Section 7874 ownership percentage is less than 60% must be finally determined after completion of the Merger, by which time there could be adverse changes to the relevant facts and circumstances. Accordingly, there can be no assurance that the IRS would not assert that Stratasys is subject to the above rules or that such assertion would not be sustained by a court.

If the IRS were to successfully assert that, after the Merger, the Section 7874 ownership percentage is at least 60% but is less than 80%, significant adverse tax consequences could result for Stratasys and for certain of Stratasys' shareholders, including, but not limited to, restrictions on the ability of Stratasys and its U.S. affiliates to use certain U.S. tax attributes with respect to "inversion gain" recognized over a 10-year period following the transaction, disqualification of dividends paid from preferential "qualified dividend income" rates, and the requirement that any U.S. corporation owned by Stratasys include as "base erosion payments" that may be subject to a minimum U.S.

federal income tax any amounts that are treated as reductions in gross income if paid to certain related foreign persons. Furthermore, certain “disqualified individuals” (including officers and directors of Desktop Metal) may be subject to an excise tax on certain stock-based compensation, currently at a rate of 20%.

The remainder of this discussion assumes that the limitations and other rules described above will not apply to Desktop Metal or Stratasys or its subsidiaries after the Merger.

Neither Desktop Metal nor Stratasys has sought nor will seek any ruling from the IRS or any opinion of counsel as to the application of Section 7874 of the Code to the Merger, and the closing of the Merger is not conditioned upon achieving, or receiving a ruling from the IRS or opinion of counsel in regards to, any particular tax treatment under Section 7874 of the Code. Neither Desktop Metal, Stratasys, nor any of their respective representatives or affiliates, is providing any assurances regarding the tax treatment of Stratasys under Section 7874 of the Code. All holders are urged to consult their tax advisors regarding the potential application of Section 7874 of the Code to the Merger.

U.S. Holders

The section applies to you if you are a U.S. holder. For purposes of this discussion, a “U.S. holder” means a beneficial owner of Desktop Metal Class A common stock or Stratasys ordinary shares that, for U.S. federal income tax purposes, is or is treated as:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate whose income is subject to U.S. federal income tax regardless of its source;
or
- a trust if (1) a U.S. court can exercise primary supervision over the trust’s administration and one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code) are authorized to control all substantial decisions of the trust; or (2) the trust has a valid election in effect under applicable Treasury Regulations to be treated as a “United States person” for U.S. federal income tax purposes.

The Merger

In General

It is intended that the Merger shall qualify for the Intended U.S. Tax Treatment. The parties to the Merger Agreement have agreed to report Merger consistently with the Intended U.S. Tax Treatment for U.S. federal income tax purposes.

The closing of the Merger is not conditioned upon the receipt of an opinion of counsel or a ruling from the IRS regarding the U.S. federal income tax treatment of the Merger, and no opinion of counsel or ruling from the IRS will be requested regarding such treatment. Accordingly, there can be no assurance that the Merger will qualify for the Intended U.S. Tax Treatment or that the IRS will not challenge the qualification of the Merger for the Intended U.S. Tax Treatment or that a court will not sustain such a challenge by the IRS.

U.S. Holders of Desktop Metal Class A Common Stock

If the Merger qualifies for the Intended U.S. Tax Treatment, a U.S. holder that exchanges shares of Desktop Metal Class A common stock in the Merger for Stratasys ordinary shares generally should not recognize any gain or loss on such exchange, except with respect to cash received in lieu of fractional shares of Stratasys ordinary shares (as discussed below), subject to Section 367(a) of the Code discussed below. In such case, assuming gain recognition is not required under Section 367(a) of the Code as described below, the aggregate adjusted tax basis of the Stratasys ordinary shares received in the Merger by a U.S. holder should be equal to the adjusted tax basis of the Desktop Metal Class A common stock surrendered in the Merger in exchange therefor (including fractional shares of Stratasys ordinary shares deemed received and exchanged for cash, as discussed below) and the holding period of the Stratasys ordinary shares (including fractional shares of Stratasys ordinary shares deemed received and exchanged for cash, as discussed below) should include the holding period during which the surrendered Desktop Metal Class A common stock were held as of the date of the Merger.

If the Merger does not qualify for the Intended U.S. Tax Treatment, a U.S. holder that exchanges Desktop Metal Class A common stock in the Merger for Stratasys ordinary shares generally would be required to recognize gain or

TABLE OF CONTENTS

loss equal to the difference, if any, between (i) the fair market value as of the effective time of the Merger of the Stratasys ordinary shares received by such U.S. holder (including fractional shares of Stratasys ordinary shares deemed received and exchanged for cash, as discussed below) and (ii) such U.S. holder's adjusted tax basis in the Desktop Metal Class A common stock exchanged therefor. Such gain or loss would be capital gain or loss and generally would be long-term capital gain or loss if the U.S. holder's holding period for such shares of Desktop Metal Class A common stock exceeds one year at the effective time of the Merger. Net short-term capital gain generally is taxed at regular ordinary income tax rates. Long-term capital gain recognized by non-corporate U.S. holders may be taxed at reduced rates. The deductibility of capital losses is subject to limitations. A U.S. holder would have an aggregate tax basis in any Stratasys ordinary shares received in the Merger that is equal to the fair market value of such Stratasys ordinary shares as of the effective time of the Merger, and the holding period of such Stratasys ordinary shares would begin on the day following the Merger.

The Stratasys ordinary shares received in the Merger (including fractional shares of Stratasys ordinary shares deemed received and exchanged for cash, as discussed below) by a U.S. holder that acquired different blocks of Desktop Metal Class A common stock at different times or at different prices will be allocated pro rata to each block of Desktop Metal Class A common stock of such U.S. holder, and the basis and holding period of such shares of Stratasys ordinary shares will be determined using a block for block approach and will depend on the basis and holding period of each block of Desktop Metal Class A common stock exchanged for such Stratasys ordinary shares.

Tax Consequences of the Merger Under Section 367(a) of the Code

Section 367(a) of the Code and the Treasury Regulations promulgated thereunder impose certain additional requirements for a U.S. holder to qualify for tax-deferral under Section 368 of the Code with respect to transactions where a U.S. holder transfers stock in a U.S. corporation to a non-U.S. corporation in exchange for stock in a non-U.S. corporation. U.S. holders of Desktop Metal Class A common stock will be deemed to transfer shares of such stock to Stratasys in exchange for Stratasys ordinary shares pursuant to the Merger, so that these requirements will apply.

In general, if the Merger qualifies for the Intended U.S. Tax Treatment, Section 367(a) of the Code may require a U.S. holder to recognize gain (but not loss) on the exchange of Desktop Metal Class A common stock for Stratasys ordinary shares (including fractional shares of Stratasys ordinary shares deemed received and exchanged for cash, as discussed below) pursuant to the Merger unless each of the following conditions is met: (i) Desktop Metal complies with certain reporting requirements; (ii) no more than 50% of both the total voting power and the total value of the stock of Stratasys is received in the exchange, in the aggregate, by "U.S. transferors" (as defined in the Treasury Regulations and computed taking into account direct, indirect and constructive ownership); (iii) no more than 50% of both the total voting power and the total value of the stock of Stratasys is owned, in the aggregate, immediately after the exchange by "U.S. persons" (as defined in the Treasury Regulations) that are either officers or directors or "five-percent target shareholders" (as defined in the Treasury Regulations and computed taking into account direct, indirect and constructive ownership) of Desktop Metal; and (iv) the "active trade or business test" as defined in Treasury Regulation Section 1.367(a)-3(c)(3) is satisfied. Additionally, the special 5% holder rules may apply to a U.S. holder that actually or constructively owns 5% or more, by vote or value, of the issued and outstanding stock of Stratasys immediately after the Merger. Such U.S. holders are urged to consult their tax advisors regarding the U.S. federal income tax consequences of the Merger in light of their particular circumstances.

The active trade or business test generally requires (A) Stratasys or any qualified subsidiary (as defined in the Treasury Regulations) or any qualified partnership (as defined in the Treasury Regulations) of Stratasys to be engaged in an "active trade or business" outside of the United States for the entire 36-month period immediately before the Merger and, at the time of the Merger, neither the transferors nor Stratasys to have an intention to substantially dispose of or discontinue such trade or business and (B) the fair market value of Stratasys to be at least equal to the fair market value of Desktop Metal, as specifically determined for purposes of Section 367(a) of the Code, as of the closing of the Merger (referred to as the fair market value requirement). Whether the fair market value requirement is met cannot be known until after the closing of the Merger. Determining the fair market value of Stratasys and Desktop Metal for purposes of the fair market value requirement may require certain adjustments to be made on account of transactions occurring at, before or in connection with the Merger. For example, acquisitions by Stratasys made outside of the ordinary course of business during the 36 months preceding the Merger will be disregarded for purposes of the fair market value requirement unless such acquisitions either (i) consist of interests in certain foreign corporations or partnerships or (ii) do not consist of assets (or, as applicable, the proceeds thereof) that at the time of the Merger produce, or are held for the production of, passive income (as defined in the Treasury Regulations) and

TABLE OF CONTENTS

are not undertaken with a principal purpose of satisfying the fair market value requirement. In addition, under Treasury Regulations, for purposes of determining the fair market value of Desktop Metal, certain distributions made by (or deemed made by) Desktop Metal during the 36 months preceding the Merger (including certain repurchases of Desktop Metal shares, in connection with the Merger or otherwise, that are considered to be made prior to the relevant calculation time), would generally be added back to the value of Desktop Metal.

At this time, there is significant uncertainty as to whether all of the conditions described above will be met. U.S. holders are cautioned that the application of Section 367(a) of the Code to the Merger is complex and depends on factors that cannot be determined until following the closing of the Merger, as well as the interpretation of legal authorities which are not entirely clear and are subject to change. Additionally, there is limited guidance regarding the application of these requirements to facts similar to the Merger. In addition, the applicability of the special 5% holder rules depends on the status of the particular U.S. holder. Moreover, the determination of whether Section 367(a) of the Code will apply to U.S. holders of Desktop Metal Class A common stock cannot be made until after the Merger is completed. The closing of the Merger is not conditioned upon the receipt of an opinion of counsel or a ruling from the IRS regarding the application of Section 367(a) of the Code to the Merger, and no opinion of counsel or ruling from the IRS will be requested regarding such application. Accordingly, there can be no assurance that Section 367(a) of the Code will not require U.S. holders of Desktop Metal Class A common stock that participate in the Merger to recognize taxable gain as a result of the Merger or that the IRS will not challenge any conclusions regarding the application of Section 367(a) of the Code to the Merger or that a court will not sustain such a challenge by the IRS. Neither Desktop Metal, Stratasys nor any of their respective representatives or affiliates is providing any assurances regarding the application of Section 367(a) of the Code to the Merger or any U.S. holders. All U.S. holders are urged to consult their tax advisors regarding the application of Section 367(a) of the Code to the Merger.

To the extent that a U.S. holder of Desktop Metal Class A common stock is required to recognize gain under Section 367(a) of the Code for any of the foregoing reasons, such U.S. holder generally would recognize gain (but not loss) generally in the same manner as described above under the subsection entitled “—U.S. Holders of Desktop Metal Class A Common Stock.”

Cash in Lieu of Fractional Shares

If the Merger qualifies for the Intended U.S. Tax Treatment and Section 367(a) of the Code does not apply, a U.S. holder that receives cash in lieu of a fractional share of Stratasys ordinary shares in the Merger will generally be treated as having received the fractional share pursuant to the Merger and then as having sold such fractional share for cash, and will generally recognize gain or loss equal to the difference, if any, between (i) the cash received for such fractional share and (ii) such U.S. holder’s tax basis in such fractional share (determined as described above). Such gain or loss would be capital gain or loss and generally would be long-term capital gain or loss if the U.S. holder’s holding period for such shares of Desktop Metal Class A common stock exceeds one year as of the effective time of the Merger. Net short-term capital gain generally is taxed at regular ordinary income tax rates. Long-term capital gain recognized by non-corporate U.S. holders may be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

Reporting Requirements

If the Merger qualifies for the Intended U.S. Tax Treatment, each U.S. holder will be required to retain permanent records pertaining to the Merger and special reporting requirements may apply to U.S. holders who actually or constructively owned at least 5% (by vote or value) of the total outstanding stock of Desktop Metal immediately before the Merger. In addition, if the Merger qualifies under the exception provided under Section 367(a) of the Code and the Treasury Regulations thereunder, special reporting requirements may apply to a U.S. holder that actually or constructively owns 5% or more (by vote or value) of the issued and outstanding stock of Stratasys immediately after the Merger. U.S. holders are urged to consult their tax advisors regarding these requirements.

Ownership and Disposition of Stratasys Ordinary Shares

Distributions on Stratasys Ordinary Shares

Subject to the discussion below under the subsection entitled “—Passive Foreign Investment Company Rules,” the gross amount of any distribution on Stratasys ordinary shares that is made out of Stratasys’ current or accumulated earnings and profits (as determined for U.S. federal income tax purposes) generally will be taxable to a U.S. holder as ordinary dividend income on the date such distribution is actually or constructively received. Any such dividends

TABLE OF CONTENTS

generally will not be eligible for the dividends received deduction allowed to corporations in respect of dividends received from U.S. corporations. To the extent that the amount of the distribution exceeds Stratasys' current and accumulated earnings and profits (as determined under U.S. federal income tax principles), such excess amount will be treated first as a non-taxable return of capital to the extent of the U.S. holder's tax basis in its Stratasys ordinary shares, and thereafter as capital gain recognized on a sale or exchange of Stratasys ordinary shares. However, it is not expected that Stratasys will maintain calculations of its earnings and profits in accordance with U.S. federal income tax principles. U.S. holders should therefore assume that any distribution by Stratasys with respect to Stratasys ordinary shares will be reported as dividend income. U.S. holders should consult their tax advisors with respect to the appropriate U.S. federal income tax treatment of any distribution received from Stratasys.

Subject to the discussion below under the subsection entitled "**—Passive Foreign Investment Company Rules,**" certain dividends received by eligible non-corporate U.S. holders (including individuals) from a "qualified foreign corporation" may be eligible for reduced rates of taxation, provided that certain holding period requirements and other conditions are satisfied. For these purposes, a non-U.S. corporation will be treated as a qualified foreign corporation if it is eligible for the benefits of a comprehensive income tax treaty with the United States that meets certain requirements. There can be no assurance that Stratasys will be eligible for benefits of an applicable comprehensive income tax treaty with the United States. A non-U.S. corporation is also treated as a qualified foreign corporation with respect to dividends it pays on shares that are "readily tradable" on an established securities market in the United States. U.S. Treasury guidance indicates that shares listed on NASDAQ (which Stratasys ordinary shares are expected to be) will be considered readily tradable on an established securities market in the United States. There can be no assurance that Stratasys ordinary shares will be considered readily tradable on an established securities market in the current or future years. Further, Stratasys will not constitute a qualified foreign corporation for purposes of these rules if it is a PFIC for the taxable year in which it pays a dividend or for the preceding taxable year. See the subsection entitled "**—Passive Foreign Investment Company Rules**" Further, Stratasys will not be a qualified foreign corporation for purposes of these rules if it is or becomes a "surrogate foreign corporation" for U.S. federal income tax purposes. See the subsection entitled "**—Utilization of Desktop Metal's Tax Attributes and Certain Other Adverse Tax Consequences to Stratasys and Stratasys' Shareholders.**"

Dividends paid in a currency other than U.S. dollars will be included in income in a U.S. dollar amount based on the exchange rate in effect on the date the dividend is includible in the U.S. holder's income, whether or not the currency is converted into U.S. dollars at that time. A U.S. holder's tax basis in the non-U.S. currency will equal the U.S. dollar amount included in income. Any gain or loss realized on a subsequent conversion or other disposition of the non-U.S. currency for a different U.S. dollar amount generally will be U.S. source ordinary income or loss. If dividends paid in a currency other than U.S. dollars are converted into U.S. dollars on the day they are received, a U.S. holder generally will not be required to recognize foreign currency gain or loss in respect of the dividend income.

Subject to certain conditions and limitations, non-refundable withholding taxes (at a rate not in excess of any applicable income tax treaty rate), if any, on dividends paid by Stratasys may be treated as foreign taxes eligible for credit against a U.S. holder's U.S. federal income tax liability under the U.S. foreign tax credit rules. The limitation on foreign taxes eligible for credit is calculated separately with respect to specific classes of income. For purposes of calculating the U.S. foreign tax credit, dividends paid on Stratasys ordinary shares will generally be treated as income from sources outside the United States and will generally constitute passive category income. The rules governing the U.S. foreign tax credit are complex. U.S. holders should consult their tax advisors regarding the availability of the U.S. foreign tax credit under their particular circumstances.

Sale, Taxable Exchange or Other Taxable Disposition

Subject to the discussion below under the subsection entitled "**—Passive Foreign Investment Company Rules,**" in the event of any future sale or other taxable disposition of Stratasys ordinary shares, a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between (i) the sum of the amount of cash and the fair market value of any property received in such disposition and (ii) the U.S. holder's adjusted tax basis in the Stratasys ordinary shares so disposed of. Any such capital gain or loss generally will be long-term capital gain or loss if the U.S. holder's holding period for the Stratasys ordinary shares so disposed of exceeds one year at the time of the disposition. Net short-term capital gain generally is taxed at regular ordinary income tax rates. Long-term capital gain recognized by non-corporate U.S. holders may be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

TABLE OF CONTENTS

Passive Foreign Investment Company Rules

Generally. The treatment of U.S. holders of Stratasys ordinary shares could be materially different from that described above if Stratasys is treated as a PFIC for U.S. federal income tax purposes. A non-U.S. entity treated as a corporation for U.S. federal income tax purposes generally will be a PFIC for U.S. federal income tax purposes for any taxable year if either:

- 75% or more of its gross income for such year is passive income; or
- 50% or more of the value of its assets (generally based on an average of the quarterly values of the assets) during such year is attributable to assets that produce passive income or are held for the production of passive income.

For these purposes, passive income generally includes dividends, interest, certain royalties and rents, annuities, net gains from the sale or exchange of property producing such income and net foreign currency gains. Cash is generally a passive asset. The value of goodwill is an active asset to the extent attributable to activities that produce active income.

The determination of whether a foreign corporation is a PFIC is based upon the composition of such foreign corporation's income and assets (including, among other factors, its proportionate share of the income and assets of any other corporation in which it owns, directly or indirectly, 25% or more of the stock (by value)), and the nature of such foreign corporation's activities. A separate determination must be made after the close of each taxable year as to whether a foreign corporation was a PFIC for that year.

If Stratasys were a PFIC for any taxable year and any subsidiary or other entity in which Stratasys owns equity interests is also a PFIC (any such entity, a "lower-tier PFIC"), a U.S. holder will be deemed to own a proportionate amount (by value) of the shares of each such lower-tier PFIC and, unless timely QEF elections (as discussed further below) are made, will be subject to U.S. federal income tax according to the excess distribution rules described below on (i) certain distributions by any lower-tier PFIC and (ii) dispositions of shares of any lower-tier PFIC, in each case, as if the U.S. holder held such shares directly, even though the U.S. holder will not receive any proceeds of those distributions or dispositions.

If Stratasys is treated as a PFIC during a U.S. holder's holding period, it will, with respect to such U.S. holder, always be treated as a PFIC, unless (i) Stratasys ceased to be a PFIC and (ii) the U.S. holder made a "deemed sale" election under the PFIC rules. If such election is made, a U.S. holder will be deemed to have sold its Stratasys ordinary shares at their fair market value on the last day of the last taxable year in which Stratasys is classified as a PFIC, and any gain from such deemed sale would be subject to the consequences described below. After the deemed sale election, the Stratasys ordinary shares with respect to which the deemed sale election was made will not be treated as shares in a PFIC unless Stratasys subsequently becomes a PFIC.

PFIC Status of Stratasys. Based on the current and projected composition of Stratasys' income and assets and the expected value of its assets, Stratasys does not expect to be a PFIC for its taxable year that includes the date of the completion of the Merger. However, the tests for determining PFIC status are applied annually, fundamentally factual in nature, depend on the application of complex U.S. federal income tax rules that are subject to differing interpretations and generally cannot be determined until after the close of the taxable year in question, and it is difficult to predict accurately future income and assets relevant to this determination. Such determination depends on, among other things, the composition of Stratasys' income and assets, and the market value of its and its subsidiaries' shares and/or assets (as applicable). Changes in the composition of Stratasys' income or composition of Stratasys's or any of its subsidiaries' assets may cause Stratasys to be or become a PFIC for the taxable year that includes the Merger or in any subsequent taxable years. The application of the PFIC rules is subject to uncertainty in several respects and there can be no assurance that the IRS will not take a contrary position or that a court will not sustain such a challenge by the IRS. Therefore, no assurances can be provided that Stratasys will not be a PFIC for any taxable year.

If Stratasys is or becomes a PFIC during any year in which a U.S. holder holds Stratasys ordinary shares, there are three separate taxation regimes that could apply to such U.S. holder under the PFIC rules: (i) the excess distribution regime (which is the default regime), (ii) the qualified electing fund (referred to as QEF) regime, or (iii) the mark-to-market regime. The effect of the PFIC rules on a U.S. Holder will depend upon which of these regimes applies to such U.S. holder. However, dividends paid by a PFIC are not eligible for the lower rates of taxation applicable to qualified dividend income under any of the foregoing regimes.

TABLE OF CONTENTS

Excess Distribution Regime. If a U.S. holder does not make or is not eligible to make a QEF election or a mark-to-market election, as described below, the U.S. holder will be subject to the default “excess distribution regime” under the PFIC rules with respect to (i) any gain realized on a sale or other disposition (including a pledge) of Stratasys ordinary shares, and (ii) any “excess distribution” on Stratasys ordinary shares (generally, any distributions in excess of 125% of the average of the annual distributions on Stratasys ordinary shares during the shorter of the preceding three taxable years or the U.S. holder’s holding period in such Stratasys ordinary shares). Generally, under this excess distribution regime:

- the gain or excess distribution will be allocated ratably over the period during which the U.S. holder held the Stratasys ordinary shares;
- the amount allocated to the current taxable year, and to any taxable year during the U.S. holder’s holding period before the first day of the first taxable year in which Stratasys became a PFIC, will be treated as ordinary income; and
- the amount allocated to other prior taxable years not described in the preceding bullet will be subject to the highest tax rate in effect for that taxable year for individuals or corporations, as applicable, and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

The tax liability for amounts allocated to years prior to the year of disposition or excess distribution will be payable generally without regard to offsets from deductions, losses and expenses. In addition, gains (but not losses) realized on the sale of a U.S. holder’s Stratasys ordinary shares cannot be treated as capital gains, even if such Stratasys ordinary shares are held as capital assets. Further, no portion of any distribution will be treated as qualified dividend income.

QEF Regime. If a U.S. holder makes a timely QEF election with respect to its direct or indirect interest in a PFIC, such U.S. holder may avoid taxation under the excess distribution rules described above. A U.S. holder that makes a QEF election will be required to include in income each year its allocable portion of the ordinary earnings (which would be subject to tax as ordinary income) and net capital gains (which would be subject to tax at the rates applicable to long-term capital gains) of the PFIC as QEF income inclusions, even if such portion is not distributed to the U.S. holder. However, net losses (if any) of a PFIC will not pass through to its shareholders and may not be carried back or forward in computing such PFIC’s ordinary earnings and net capital gain in other taxable years. Thus, the U.S. holder may be required to report taxable income as a result of QEF income inclusions without corresponding receipts of cash. U.S. holders of Stratasys ordinary shares should not expect that they will receive cash distributions from Stratasys sufficient to cover their respective U.S. tax liability with respect to such QEF income inclusions. A valid QEF election is effective for the taxable year for which the election is made and all subsequent taxable years and may not be revoked without the consent of the IRS. The timely QEF election also allows the electing U.S. holder to: (i) generally treat any gain recognized on the disposition of its shares of the PFIC as capital gain; (ii) treat its share of the PFIC’s net capital gain, if any, as long-term capital gain instead of ordinary income; and (iii) either avoid interest charges resulting from PFIC status, or make an annual election, subject to certain limitations, to defer payment of current taxes on its undistributed QEF income inclusions, subject to an interest charge on the deferred tax computed by using the statutory rate of interest applicable to an extension of time for payment of tax.

A U.S. holder’s tax basis in Stratasys ordinary shares will be increased to reflect QEF income inclusions and will be decreased to reflect distributions of amounts previously included in income as QEF income inclusions. No portion of the QEF income inclusions attributable to ordinary income will be treated as qualified dividend income. Amounts included as QEF income inclusions with respect to direct and indirect PFICs generally will not be taxed again when distributed by such PFICs.

A U.S. holder may make a QEF election with respect to its Stratasys ordinary shares only if Stratasys provides U.S. holders on an annual basis with certain information, including a “PFIC Annual Information Statement” as described in the Treasury Regulations. There can be no assurance that Stratasys will have timely knowledge of its status as a PFIC in the future or that Stratasys will timely provide U.S. holders with the required information on an annual basis to allow U.S. holders to make and maintain a QEF election with respect to the Stratasys ordinary shares in the event Stratasys is treated as a PFIC for any taxable year. The failure to provide such information on an annual

TABLE OF CONTENTS

basis could prevent a U.S. holder from making a QEF election or result in the invalidation or termination of a U.S. holder's prior QEF election. If Stratasys owns any interests in a lower-tier PFIC, a U.S. holder generally must make a separate QEF election for each lower-tier PFIC, subject to Stratasys providing the relevant tax information for each lower-tier PFIC on an annual basis.

If a U.S. holder makes a QEF election with respect to its Stratasys ordinary shares in a year after Stratasys' first taxable year as a PFIC in which the U.S. holder held (or was deemed to hold) Stratasys ordinary shares, then notwithstanding such QEF election, the excess distribution regime discussed above, adjusted to take into account the QEF income inclusions resulting from the QEF election, will continue to apply with respect to such U.S. holder's Stratasys ordinary shares. A U.S. holder that first makes a QEF election in a later year may avoid the continued application of the excess distribution rules to its Stratasys Ordinary shares by making a purging election under the PFIC rules. Under one type of purging election, the U.S. holder will be deemed to have sold such Stratasys ordinary shares at their fair market value and any gain recognized on such deemed sale will be treated as an excess distribution, as described above. As a result of such purging election, the U.S. holder will have additional basis (to the extent of any gain recognized on the deemed sale) and, solely for purposes of the PFIC rules, a new holding period in the Stratasys ordinary shares.

Mark-to-Market Regime. Alternatively, a U.S. holder may make an election to mark "marketable stock" in a PFIC to market on an annual basis. PFIC shares generally are marketable if they are "regularly traded" on a national securities exchange that is registered with the SEC, such as NASDAQ. It is expected that Stratasys ordinary shares will be listed on NASDAQ, but there can be no assurance that Stratasys ordinary shares will continue to be so listed or will be "regularly traded" for purposes of these rules. Pursuant to such an election, a U.S. holder of Stratasys ordinary shares would include in each year as ordinary income the excess, if any, of the fair market value of such stock over its adjusted basis at the end of the taxable year. A U.S. holder may treat as ordinary loss any excess of the adjusted basis of the Stratasys ordinary shares over its fair market value at the end of the year, but only to the extent of the net amount previously included in income as a result of the election in prior years. A U.S. holder's adjusted tax basis in the Stratasys ordinary shares will be increased to reflect any amounts included in income, and decreased to reflect any amounts deducted, as a result of a mark-to-market election. Any gain recognized on a disposition of Stratasys ordinary shares in a taxable year in which Stratasys is a PFIC will be treated as ordinary income and any loss will be treated as ordinary loss (but only to the extent of the net amount of income previously included as a result of a mark-to-market election, and any loss in excess of such prior inclusions generally would be treated as a capital loss). A mark-to-market election applies for the taxable year in which the election was made, and for each subsequent taxable year, unless the PFIC shares cease to be marketable, the U.S. holder elects, or is required, to mark the PFIC shares to market under another Code provision or the IRS consents to the revocation of the election.

Because a mark-to-market election cannot be made for equity interests in any lower-tier PFICs, a U.S. holder that does not make the applicable QEF elections generally will continue to be subject to the excess distribution regime with respect to its indirect interest in any lower-tier PFICs as described above, even if a mark-to-market election is made for Stratasys.

If a U.S. holder does not make a mark-to-market election (or a QEF election, as discussed above) effective from the first taxable year of a U.S. holder's holding period for the Stratasys ordinary shares in which Stratasys is a PFIC, then the U.S. holder generally will remain subject to the excess distribution regime. A U.S. holder that first makes a mark-to-market election with respect to the Stratasys ordinary shares in a later year will continue to be subject to the excess distribution regime during the taxable year for which the mark-to-market election becomes effective, including with respect to any mark-to-market gain recognized at the end of that year. In subsequent years for which a valid mark-to-market election remains in effect, the excess distribution regime generally will not apply. A U.S. holder that is eligible to make a mark-to-market with respect to its Stratasys ordinary shares may do so by providing the appropriate information on IRS Form 8621 and timely filing that form with the U.S. Holder's tax return for the year in which the election becomes effective.

U.S. holders are advised to consult their tax advisors to determine whether the mark-to-market tax election is available to them and the consequences resulting from such election.

TABLE OF CONTENTS

PFIC Reporting Requirements. A U.S. holder that owns (or is deemed to own) shares in a PFIC during any taxable year of the U.S. holder generally is required to file an IRS Form 8621 with such U.S. holder's U.S. federal income tax return and provide such other information as the IRS may require. Failure to file IRS Form 8621 for each applicable taxable year may result in substantial penalties and result in the U.S. holder's taxable years being open to audit by the IRS until such forms are properly filed.

The rules dealing with PFICs and with the QEF, purging and mark-to-market elections are very complex and are affected by various factors in addition to those described above. Accordingly, U.S. holders of Stratasys ordinary shares are urged to consult their tax advisors concerning the application of the PFIC rules under their particular circumstances.

Additional Reporting Requirements

Certain U.S. holders holding specified foreign financial assets with an aggregate value in excess of the applicable dollar thresholds are required to report information to the IRS relating to such assets, subject to certain exceptions (including an exception for specified foreign financial assets held in accounts maintained by U.S. financial institutions), by attaching a complete IRS Form 8938 to their tax return, for each year in which they hold such assets. Substantial penalties apply to any failure to file IRS Form 8938, unless the failure is shown to be due to reasonable cause and not willful neglect. Also, in the event a U.S. holder does not file IRS Form 8938 or fails to report a specified foreign financial asset that is required to be reported, the statute of limitations on the assessment and collection of U.S. federal income taxes of such U.S. holder for the related taxable year may not close until three years after the date on which the required information is filed. U.S. holders should consult their tax advisors regarding the effect, if any, of these rules on the ownership and disposition of Stratasys ordinary shares.

Non-U.S. Holders

This section applies to you if you are a non-U.S. holder. For purposes of this discussion, a non-U.S. holder means a beneficial owner (other than a partnership or an entity or arrangement so characterized for U.S. federal income tax purposes) of Desktop Metal Class A common stock or Stratasys ordinary shares that is not a U.S. holder.

The Merger

The U.S. federal income tax consequences of the Merger to non-U.S. holders generally will correspond to the U.S. federal income tax consequences described under the subsection entitled "**U.S. Holders—The Merger**," above, except that Section 367(a) of the Code will not apply to any non-U.S. holder and, subject to the discussion below under the subsection entitled "**Information Reporting and Backup Withholding**," to the extent the Merger results in a taxable exchange of Desktop Metal Class A common stock for Stratasys ordinary shares, non-U.S. holders generally will not be subject to U.S. federal income tax or withholding tax on any gain realized upon the exchange of Desktop Metal Class A common stock for Stratasys ordinary shares, unless either:

- the gain is effectively connected with the conduct by the non-U.S. holder of a trade or business within the United States (and, if required by an applicable income tax treaty, is attributable to a U.S. permanent establishment or fixed base maintained by the non-U.S. holder), in which case the non-U.S. holder generally will be subject to U.S. federal income tax at the same regular U.S. federal income tax rates applicable to a comparable U.S. holder and, in the case of a non-U.S. holder that is a corporation for U.S. federal income tax purposes, also may be subject to an additional branch profits tax at a 30% rate or a lower applicable income tax treaty rate;
- the non-U.S. holder is a nonresident alien individual present in the United States for 183 days or more during the taxable year of the disposition and certain other requirements are met, in which case such non-U.S. holder generally will be subject to U.S. federal income tax at a rate of 30% on the amount by which such non-U.S. holder's capital gains allocable to U.S. sources, including gain realized upon the exchange of Desktop Metal Class A common stock for Stratasys ordinary shares, exceed any capital losses allocable to U.S. sources, except as otherwise required by an applicable income tax treaty; or
- Desktop Metal is or has been a "United States real property holding corporation" (referred to as a USRPHC) for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of the disposition or the non-U.S. holder's holding period for the Desktop Metal Class A common stock, except, in the case where shares of the Desktop Metal Class A common stock are "regularly

TABLE OF CONTENTS

traded on an established securities market” (within the meaning of the Treasury Regulations), the non-U.S. holder has owned at all times, whether actually or based on the application of constructive ownership rules, 5% or less of the total shares of Desktop Metal Class A common stock outstanding during such period. Desktop Metal does not believe that it is currently, has been or will become a USRPHC. Because the determination of whether Desktop Metal is a USRPHC depends, however, on the fair market value of its U.S. real property interests relative to the fair market value of its non-U.S. real property interests and other business assets, there can be no assurance Desktop Metal is not currently and has not been a USRPHC or will not become one in the future.

Ownership and Disposition of Stratasys Ordinary Shares

A non-U.S. holder of Stratasys ordinary shares will not be subject to U.S. federal income tax or, subject to the discussion below under the subsection entitled “—**Information Reporting and Backup Withholding**,” U.S. federal withholding tax on any dividends received (or deemed received) on Stratasys ordinary shares or any gain recognized on a sale or other disposition of Stratasys ordinary shares (including, any distribution to the extent it exceeds the adjusted basis in the non-U.S. holder’s Stratasys ordinary shares) unless the dividend or gain is effectively connected with the non-U.S. holder’s conduct of a trade or business in the United States, and if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by the non-U.S. holder in the United States.

Dividends and gains that are effectively connected with a non-U.S. holder’s conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, are attributable to a permanent establishment or fixed base in the United States) generally will be subject to U.S. federal income tax at the same regular U.S. federal income tax rates applicable to a comparable U.S. holder and, in the case of a non-U.S. holder that is a corporation for U.S. federal income tax purposes, also may be subject to an additional branch profits tax at a 30% rate or a lower applicable income tax treaty rate.

Information Reporting and Backup Withholding

Information reporting requirements may apply to dividends paid (or deemed paid) on Stratasys ordinary shares, the proceeds received on a disposition of Stratasys ordinary shares or other cash payments in respect of Stratasys ordinary shares or Desktop Metal Class A common stock, in each case unless an exemption applies. Backup withholding generally will apply to such amounts received by a U.S. holder if such U.S. holder fails to provide an accurate taxpayer identification number (generally on an IRS Form W-9 provided to the paying agent of the U.S. holder’s broker) and to certify that such U.S. Holder is not subject to backup withholding or if such U.S. holder otherwise fails to establish an exemption from backup withholding. Non-U.S. holders may be subject to backup withholding on such amounts unless the non-U.S. holder furnishes to the applicable withholding agent the required certification as to its non-U.S. status, such as by providing a valid applicable IRS Form W-8 or the non-U.S. holder otherwise establishes an exemption.

Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against the U.S. holder’s U.S. federal income tax liability, if any, and a holder may obtain a refund of any excess amounts withheld under the backup withholding rules by timely filing the appropriate claim for a refund with the IRS and furnishing any required information.

U.S. holders and non-U.S. holders should consult their tax advisors regarding the application of the U.S. information reporting and backup withholding rules.

ISRAELI TAX CONSIDERATIONS

Scope of Discussion

The following summarizes the main Israeli tax considerations for shareholders of the combined company holding Stratasys ordinary shares subsequent to the merger. This summary is based on the current provisions of tax law. To the extent that the discussion is based on new tax legislation that has not been subject to judicial or administrative interpretation, there can be no assurance that the views expressed in the discussion will be accepted by the appropriate tax authorities or the courts.

The summary does not address all of the tax consequences that may be relevant to all holders of Stratasys ordinary shares in light of each holder's particular circumstances and specific tax treatment. For example, the summary below does not address the tax treatment of residents of Israel and traders in securities who are subject to specific tax regimes. As individual circumstances may differ, holders of Stratasys ordinary shares should consult their own tax adviser as to the Israeli or other tax consequences of the acquisition, ownership and disposition of ordinary shares. The following is not intended, and should not be construed, as legal or professional tax advice and is not exhaustive of all possible tax considerations. Each individual should consult his or her own tax or legal adviser.

Based solely upon and subject to the foregoing, the discussion in the preceding two paragraphs and the following discussion constitute the opinion of Meitar Law Offices, counsel to Stratasys, to the extent that it states a legal conclusion relating to matters of Israeli tax law, subject to the qualifications, assumptions and limitations set forth in Stratasys' registration statement on Form F-4, of which this joint proxy statement/prospectus is a part.

Tax Consequences Regarding Disposition of Stratasys Ordinary Shares

Israeli law generally imposes a capital gains tax on the sale of any capital assets by residents of Israel, as defined for Israeli tax purposes, and on the sale of assets located in Israel, including shares of Israeli companies, by both residents and non-residents of Israel unless a specific exemption is available or unless a tax treaty between Israel and the seller's country of residence provides otherwise. The Tax Ordinance distinguishes between "Real Capital Gain" and "Inflationary Surplus". The Inflationary Surplus is a portion of the total capital gain which is equivalent to the increase of the relevant asset's purchase price which is attributable to the increase in the Israeli consumer price index or, in certain circumstances, a foreign currency exchange rate, between the date of purchase and the date of sale. The Real Capital Gain is the excess of the total capital gain over the Inflationary Surplus.

Israeli resident individuals

Capital Gain

As of January 1, 2006, the tax rate applicable to Real Capital Gain derived by Israeli individuals from the sale of shares which had been purchased on or after January 1, 2003, whether or not listed on a stock exchange, is 20%, unless such shareholder claims a deduction for interest and linkage differences expenses in connection with the purchase and holding of such shares, in which case the gain will generally be taxed at a rate of 25%. Additionally, if such shareholder is considered a "Significant Shareholder" (*i.e.*, a person who holds, directly or indirectly, alone or together with another person who collaborates with such person on a permanent basis, 10% or more of any of the company's "means of control" (including, among other things, the right to receive profits of the company, voting rights, the right to receive the company's liquidation proceeds and the right to appoint a director)) at the time of sale or at any time during the preceding 12-month period, such gain will be taxed at the rate of 25%. Individual shareholders dealing in securities in Israel are taxed at their marginal tax rates applicable to business income (up to 47% in 2023, in addition to excess tax, if any, as described below) unless the benefiting provisions of an applicable treaty applies.

Notwithstanding the foregoing, pursuant to the Law for Change in the Tax Burden (Legislative Amendments) (Taxes), 2011, the capital gain tax rate applicable to individuals was raised from 20% to 25% from 2012 and onwards (or from 25% to 30% if the selling individual shareholder is a Significant Shareholder at any time during the 12-month period preceding the sale and/or claims a deduction for interest and linkage differences expenses in connection with the purchase and holding of such shares). With respect to assets (not shares that are listed on a stock exchange) purchased on or after January 1, 2003, the portion of the gain generated from the date of acquisition until December 31, 2011 will be subject to the previous capital gains tax rates (20% or 25%) and the portion of the gain generated from January 1, 2012 until the date of sale will be subject to the new tax rates (25% or 30%).

TABLE OF CONTENTS

Dividend Income

Israeli residents who are individuals are generally subject to Israeli income tax for dividends paid on our ordinary shares (other than bonus shares or share dividends) at 25%, or 30% if the recipient of such dividend is a Significant Shareholder, at the time of distribution or at any time during the preceding 12-month period. Such dividends are generally subject to Israeli withholding tax at a rate of 25% if the shares are registered with a nominee company, as such term is used in the Israeli Securities Law, 5728-1968, (whether the recipient is a Substantial Shareholder or not). However, dividends distributed from taxable income allocated and accrued during the benefits period of an Approved Enterprise or Beneficiary Enterprise are subject to withholding tax at the rate of 15% if the dividend is distributed during the tax benefits period under the Investment Law or within 12 years after such period except with respect to an FIC, in which case the 12-year limit does not apply (and 20% with respect to Preferred Enterprise, Special Preferred Enterprise, Preferred Technology Enterprise and Special Preferred Technology Enterprise). An average rate will be set in case the dividend is distributed from mixed types of income (regular and Approved/ Beneficiary/ Preferred income).

Israeli resident corporations

Capital Gain

Under current Israeli tax legislation, the tax rate applicable to Real Capital Gain derived by Israeli resident corporations from the sale of shares of an Israeli company is the general corporate tax rate. As described in "Israeli Tax Considerations and Government Programs-General Corporate Tax Structure" in Item 4.B of the Stratasys 2022 Form 20-F, the corporate tax rate is 23% since 2018.

Dividend Income

Generally, Israeli resident corporations are exempt from Israeli corporate tax on the receipt of dividends paid on shares of Israeli resident corporations. However, dividends distributed from taxable income accrued during the benefits period of an Approved Enterprise or Beneficiary Enterprise are subject to withholding tax at the rate of 15%, if the dividend is distributed during the tax benefits period under the Investment Law or within 12 years after that period, except with respect to a FIC, in which case the 12-year limit does not apply. An average rate will be set in case the dividend is distributed from mixed types of income (regular and Approved/ Beneficiary/ Preferred income).

Non-Israeli Residents

Capital Gain

Israeli capital gains tax is imposed on the disposal of capital assets by a non-Israeli resident if such assets are either (i) located in Israel; (ii) shares or rights to shares in an Israeli resident company, or (iii) represent, directly or indirectly, rights to assets located in Israel, unless a tax treaty between Israel and the seller's country of residence provides otherwise. As mentioned above, Real Capital Gain is generally subject to tax at the corporate tax rate (23% since 2018), if generated by a company, or at the rate of 25% (for any asset other than shares that are listed on a stock exchange - 20% with respect to the portion of the gain generated up to December 31, 2011) or 30% (for any asset other than shares that are listed on a stock exchange - 25% with respect to the portion of the gain generated up to December 31, 2011), if generated by an individual who is Significant Shareholder at the time of sale or at any time during the preceding 12-month period (or claims a deduction for interest and linkage differences expenses in connection with the purchase and holding of such shares) from the sale of assets purchased on or after January 1, 2003. Individual and corporate shareholders dealing in securities in Israel are taxed at the tax rates applicable to business income (a corporate tax rate for a corporation and a marginal tax rate of up to 47% plus Excess tax if applicable for an individual in 2023) unless contrary provisions in a relevant tax treaty apply.

Notwithstanding the foregoing, shareholders who are non-Israeli residents (individuals and corporations) should generally exempt from Israeli capital gains tax on any gains derived from the sale, exchange or disposition of shares publicly traded on the Tel Aviv Stock Exchange or on a recognized stock exchange outside of Israel, provided, among other things, that (i) such gains are not generated through a permanent establishment that the non-Israeli resident maintains in Israel; (ii) the shares were purchased after being listed on a recognized stock exchange and (iii) with respect to shares listed on a recognized stock exchange outside of Israel, such shareholders are not subject to the Israeli Income Tax Law (Inflationary Adjustments) 5745-1985. However, non-Israeli corporations will not be entitled to the foregoing exemptions if Israeli residents (a) have a controlling interest of more than 25% in such non-Israeli

TABLE OF CONTENTS

corporation, or (b) are the beneficiaries of or are entitled to 25% or more of the revenues or profits of such non-Israeli corporation, whether directly or indirectly. Such exemption is not applicable to a person whose gains from selling or otherwise disposing of the shares are deemed to be business income.

In addition, a sale of shares may be exempt from Israeli capital gains tax under the provisions of an applicable tax treaty. For example, under the U.S.-Israel Tax Treaty, to which we refer as the U.S.-Israel Treaty, the sale, exchange or disposition of shares of an Israeli company by a shareholder who is a U.S. resident (for purposes of the U.S.-Israel Treaty) holding the shares as a capital asset is exempt from Israeli capital gains tax unless either (i) the shareholder holds, directly or indirectly, shares representing 10% or more of the voting rights during any part of the 12-month period preceding such sale, exchange or disposition, (ii) the shareholder, if an individual, has been present in Israel for a period or periods of 183 days or more in the aggregate during the applicable taxable year, (iii) the capital gains arising from such sale are attributable to a permanent establishment of the shareholder which is maintained in Israel, (iv) the capital gain arising from such sale, exchange or disposition is attributed to real estate located in Israel, or (v) the capital gains arising from such sale, exchange or disposition is attributed to royalties on copyright or film. In any such case, the sale, exchange or disposition of such shares would be subject to Israeli tax, to the extent applicable; however, under the U.S.-Israel Treaty, a U.S. resident would be permitted to claim a credit for the Israeli tax against the U.S. federal income tax imposed with respect to the sale, exchange or disposition, subject to the limitations in U.S. laws applicable to foreign tax credits. The U.S.-Israel Treaty does not provide such credit against any U.S. state or local taxes.

In some instances where our shareholders may be liable for Israeli tax on the sale of their Ordinary Shares, the payment of the consideration may be subject to the withholding of Israeli tax at source. Shareholders may be required to demonstrate that they are exempt from tax on their capital gains in order to avoid withholding at source at the time of sale. Specifically, in transactions involving a sale of all of the shares of an Israeli resident company, in the form of a merger or otherwise, the Israel Tax Authority may require from shareholders who are not liable for Israeli tax to sign declarations in forms specified by this authority or obtain a specific exemption from the Israel Tax Authority to confirm their status as non-Israeli resident, and, in the absence of such declarations or exemptions, may require the purchaser of the shares to withhold taxes at source.

Dividend Income

Non-Israeli residents (whether individuals or corporations) are generally subject to Israeli income tax on the receipt of dividends paid on ordinary shares at the rate of 25% or 30% (if the dividend recipient is a Significant Shareholder at the time of distribution or at any time during the preceding 12-month period), 15% if the dividend is distributed from income attributed to our Approved Enterprise or Beneficiary Enterprise (and 20% with respect to Preferred Enterprise or Preferred Technology Enterprise or Special Preferred Technology Enterprise (and 4% with respect to Preferred Technology Enterprise and Special Preferred Technology Enterprise if certain conditions are met)). Such dividends are generally subject to Israeli withholding tax at a rate of 25% so long as the shares are registered with a nominee company (whether the recipient is a Significant Shareholder or not) and 15% if the dividend is distributed from income attributed to an Approved Enterprise or a Beneficiary Enterprise subject to the receipt in advance of a valid certificate from the Israeli Tax Authority, or ITA, allowing for such reduced tax rate, or such lower rate as may be provided in an applicable tax treaty (and 20% or such lower rate as may be provided in an applicable tax treaty, subject to the receipt in advance of a valid certificate from the ITA allowing for a reduced tax rate, if the dividend is distributed from income attributed to a Preferred Enterprise or 4% with respect to Preferred Technology Enterprise and Special Preferred Technology Enterprise if certain conditions are met), unless a reduced rate is provided under an applicable tax treaty (subject to the receipt in advance of a valid certificate from the Israel Tax Authority allowing for a reduced tax rate). For example, under the U.S.-Israel Treaty, the maximum rate of tax withheld at source in Israel on dividends paid to a holder of our ordinary shares who is a U.S. resident (for purposes of the U.S.-Israel Treaty) is 25%. However, generally, the maximum rate of withholding tax on dividends, not generated by our Approved Enterprise or Beneficiary Enterprise, that are paid to a U.S. corporation holding at least 10% or more of our outstanding voting capital from the start of the tax year preceding the distribution of the dividend through (and including) the distribution of the dividend, is 12.5%, provided that no more than 25% of our gross income for such preceding year consists of certain types of dividends and interest. Notwithstanding the foregoing, dividends distributed from income attributed to an Approved Enterprise or Beneficiary Enterprise or Preferred Enterprise are subject to a withholding tax rate of 15% for such U.S. corporation shareholder, provided that the condition related to our gross income for the previous year (as set forth in the previous sentence) is met. The aforementioned rates will not apply if the dividend income was generated through a permanent establishment of the

TABLE OF CONTENTS

U.S. resident that is maintained in Israel. If the dividend is attributable partly to income derived from an Approved Enterprise, a Beneficiary Enterprise or Preferred Enterprise, and partly to other sources of income, the withholding rate will be a blended rate reflecting the relative portions of the two types of income. U.S. residents who are subject to Israeli withholding tax on a dividend may be entitled to a credit or deduction for United States federal income tax purposes in the amount of the taxes withheld, subject to detailed rules contained in the Code.

A non-Israeli resident who receives dividends from which tax was withheld is generally exempt from the obligation to file tax returns in Israel with respect to such income, provided that (i) such income was not generated from business conducted in Israel by the taxpayer, (ii) the taxpayer has no other taxable sources of income in Israel with respect to which a tax return is required to be filed, and (iii) the taxpayer is not obligated to pay excess tax (as further explained below).

Excess Tax

Individuals who are subject to tax in Israel (whether any such individual is an Israeli resident or non-Israeli resident) are also subject to an additional tax at a rate of 3% on annual income exceeding NIS 698,280 for 2023, which amount is linked to the annual change in the Israeli consumer price index, including, but not limited to, dividends, interest and capital gain.

COMPARISON OF STOCKHOLDERS’/SHAREHOLDERS’ RIGHTS

The following is a summary comparison of material differences between the rights of a Desktop Metal stockholder and Stratasys (or, after the Merger, combined company) shareholder arising from the differences between the laws of the State of Delaware and of the State of Israel and the governing documents of the respective companies. Desktop Metal is incorporated under the laws of the State of Delaware. Stratasys is (and, after the Merger, the combined company will be) incorporated under the laws of the State of Israel. If the Merger is completed, Desktop Metal stockholders’ shares of Desktop Metal Class A common stock will be cancelled and they will be entitled to receive Stratasys ordinary shares upon consummation of the Merger (at an exchange ratio of 0.123 Stratasys ordinary shares per share of Desktop Metal Class A common stock), which are expected to trade (as shares of the combined company) on the Nasdaq Global Select Market.

The following summary does not purport to be a complete statement of the rights of holders of Desktop Metal Class A common stock under the applicable provisions of the Delaware General Corporation Law, or the DGCL, Desktop Metal’s second amended and restated certificate of incorporation and amended and restated by-laws, or the rights of holders of Stratasys (or, after the Merger, combined company) ordinary shares under the applicable provisions of the Israeli Companies Law and Stratasys’ (or, after the Merger, the combined company’s) amended and restated articles of association which will be in effect upon completion of the Merger (assuming the approval of Stratasys Proposal 2 at the Stratasys EGM), which are referred to below as the amended articles. This summary does not furthermore purport to be a complete description of the specific provisions referred to in this summary. This summary contains a list of the material differences but is not meant to be relied upon as an exhaustive list or a detailed description of the provisions discussed and is qualified in its entirety by reference to the laws of Delaware, the U.S. and Israel, Desktop Metal’s second amended and restated certificate of incorporation and amended and restated by-laws, and Stratasys’ (after the Merger, the combined company’s) amended articles.

You are also urged to carefully read the relevant provisions of the DGCL and the Israeli Companies Law for a more complete understanding of the differences between being a stockholder of Desktop Metal and a shareholder of Stratasys. Copies of the documents referred to in this summary may be obtained as described under the section entitled “**Where You Can Find More Information**”.

The discussion in this section does not include a description of rights or obligations under the U.S. federal securities laws or Nasdaq listing requirements. Rights and obligations under U.S. federal securities laws generally apply equally to Desktop Metal Class A common stock and Stratasys ordinary shares. See “**The Merger—Governance of the Combined Company after the Merger—Certain exemptions from Nasdaq corporate governance requirements**” beginning on page 140 for a discussion of certain exemptions from Nasdaq corporate governance requirement that are available to foreign private issuers.

among others, providing timely notice of the nomination as well as the disclosure of certain information about both the nominating stockholder and the nominee.

The Desktop Metal bylaws do not provide stockholders holding shares of Desktop Metal Class A common stock with the ability to include director nominations in Desktop Metals' proxy statement.

Removal of Directors

Directors may be removed from office only upon: (a) resignation; (b) the vote of holders of a majority shareholders present and voting at the applicable annual general meeting of the combined company; (c) court order is given in accordance with Section 233 of the Israeli Companies Law; (d) incapacitation or death; (e) being prevented by applicable law from serving as a director of the combined company; (f) declared bankrupt; (g) the board terminates his office according to Section 231 of the Israeli Companies Law; or (h) his period of office has terminated in accordance with the provisions of the amended articles. During the initial two-year term after completion of the Merger, the dismissal or replacement of the Chairman of the Board of Directors as of the effective time of the Merger requires approval by at least two-thirds of the directors then in office.

The Desktop Metal charter provides that, subject to the Stockholders Agreement and the rights of holders of any series of Desktop Metal preferred stock, if any, to elect directors, no director may be removed except for cause, and directors may be removed for cause only by the affirmative vote of shares representing at least two-thirds (66 and 2/3%) of the shares then entitled to vote at an election of directors.

Vacancies on the Board

In the case of a vacancy on the board, or an opening on the board due to the number of directors then serving being less than the then-current authorized size of the board set by the board from time to time, the remaining or incumbent directors then in office may (1) appoint additional director(s) in place of the director(s) whose office(s) have been vacated, or to fill an unoccupied seat within the then-authorized size of the board, as applicable, for a term of office equal to the remaining period of the term of office of the director(s) whose office(s) have been vacated or, in the case of a new opening, until the next annual general meeting, or (2) in the case of a vacated board seat, continue to act for the

The Desktop Metal charter provides that, subject to the Stockholders Agreement and the special rights of the holders of any class or series of Desktop Metal preferred stock, if any, to elect directors, newly created directorships resulting from any increase in the number of directors and any vacancies on the Desktop Metal Board resulting from death, resignation, disqualification, retirement, removal, disqualification or other cause will be filled exclusively by the affirmative vote of a majority of the remaining directors then in office, even if less than a quorum, or by a sole remaining director and shall not be filled by the stockholders.

If the number of directors falls below that minimum, the board of directors must either appoint additional directors or call a shareholder meeting for the appointment of additional directors or for the election of a new board of directors	
Board Quorum and Vote Requirements	The Board of Directors may prescribe the quorum required for the conduct of business. Until otherwise decided a quorum shall be constituted by the presence of a majority of the members of the board then serving in office. Except as otherwise required by the Israeli Companies Law or the amended articles, a resolution is adopted if approved by a simple majority of the directors present and voting at any meeting at which a quorum is present.	<p>The Desktop Metal bylaws provide that the holders of a majority of all of the shares of the stock entitled to vote at a meeting, present in person, by remote communication or represented by proxy, will constitute a quorum for the meeting.</p> <p>The Desktop Metal charter provides that, except as otherwise may be provided by law or by the Desktop Metal charter, each holder of Desktop Metal Class A common stock is entitled to one (1) vote for each share of Desktop Metal Class A common stock held of record by such holder as of the record date for determining stockholders entitled to vote on each matter submitted to a vote of stockholders.</p> <p>The Desktop Metal charter and the Desktop Metal bylaws do not provide for cumulative voting. The Desktop Metal bylaws provide that a stockholder entitled to vote may vote in person or by proxy.</p>
Action of the Board of Directors Without a Meeting	Actions required or permitted to be taken at a meeting of the board may be taken without a meeting in any manner permitted by applicable law, if all members of the board that are entitled to vote on the applicable matter consent thereto.	The Desktop Metal charter provides that stockholders may not take action by written consent, but may only take action at annual or special meetings of stockholders. As a result, a holder controlling a majority of capital stock would not be able to amend the bylaws or remove directors without holding a meeting of stockholders called in accordance with the bylaws. Further, the Desktop Metal charter provides that only the chairperson of the board of directors, a majority of the board of directors, the Chief Executive Officer or the President may call special meetings of stockholders, thus prohibiting a stockholder from calling a special meeting. Approval of Certain Transactions and Matters	<p>Under the Israeli Companies Law, a merger is generally required to be approved by the shareholders and board of directors of each of the merging companies. If the share capital of the company that will not be the surviving company is divided into different classes of shares, the approval of each class is also required, unless determined otherwise by a court. A merger will not be approved if it is objected to by shareholders holding a majority of the voting rights participating and voting at the meeting, after excluding the shares held by the other party to the merger, by any person who holds 25% or more of the other party to the merger or any other person on behalf of such other party and by the relatives of and corporations controlled by these persons. Upon the request of a creditor of either party to the proposed merger, the court may delay or prevent the merger if it concludes that there exists a reasonable concern that, as a result of the merger, the surviving company will be unable to satisfy the obligations of any of the parties of the merger. In addition, a merger can be completed only after all approvals have been submitted to the Israeli Registrar of Companies, or the Registrar, and 30 days have passed from the time that shareholder resolutions were adopted in each of the merging companies and 50 days have passed from the time that a proposal for approval of the merger was filed with the Registrar.</p>	<p>provisions might delay the ability of stockholders to force consideration of a proposal or for stockholders controlling a majority of capital stock to take any action, including the removal of directors.</p>

Notice of Meetings	Under the Israeli Companies Law and the regulations promulgated thereunder, general meetings generally require prior notice of not less than twenty-one (21) days, and for certain matters specified in the Israeli Companies Law (for example, the appointment or dismissal of directors, the approval of a merger or transactions with a controlling shareholder), not less than thirty-five (35) days. Under the amended articles, Stratasys is not required to deliver notice of general meetings of Stratasys' shareholders or of any adjournments thereof to any shareholder, and notice by Stratasys which is published in a press release via an international wire service and furnished in a Form 6-K or 8-K to the SEC, shall be deemed to have been duly given to all of the shareholders on the date of such publication. Action may only be taken concerning any agenda item included in the notice provided to shareholders.	The Desktop Metal bylaws provide that written notice of the place, if any, date and time of the meeting, means of remote communication, if any, of each meeting of the stockholders will be given not less than ten (10) days nor more than sixty (60) days before the date on which the meeting is to be held, to each stockholder entitled to vote at such meeting. The notice of a special meeting will also state the purpose or purposes for which the meeting is called.
Advance Notice Provisions	Pursuant to the Companies Law and regulations promulgated thereunder, shareholders holding at least one percent (1%) of the combined company's voting rights may propose any matter appropriate for deliberation at a general meeting of shareholders to be included on the agenda of such meeting, by submitting a proposal to the board of directors. Such proposal must be submitted within three (3) days or, in case the agenda for the meeting includes certain matters specified in the Israeli Companies Law, within seven (7) days following the company's publishing notice of the meeting. In the alternative, a company may publish a preliminary notice regarding its intention to convene a general meeting of shareholders at least twenty-one (21) days prior to publishing the actual notice of the general meeting, in which case requests for adding matters to the agenda of the meeting may be submitted by shareholders within fourteen (14) days of the preliminary notice. Stratasy's Shareholder Rights

Other than as specifically provided in the Companies Law and in the amended articles, an amendment to the amended articles requires approval by the holders of a majority of the voting power represented at the meeting in person or by proxy and voting thereon. Any amendment relating to insurance, indemnity and exculpation will only take effect prospectively, unless otherwise provided by applicable law. During the initial two-years following completion of the Merger, the approval of two-thirds of the voting power of the shareholders of the combined company is required for an amendment to the amended articles provisions that require the approval of two-thirds of the directors then in office to change certain key provisions related to the agreed-upon governance scheme for the combined company, such as the removal of the Chairman of the Board or Chief Executive Officer of the combined company. These provisions are described in more detail under "The Merger—Governance of the Combined Company after the Merger—Management; Board of Directors."

Indemnification and Insurance of Directors, Officers and Employees

As permitted under the Companies Law, the amended articles provide that the combined company is entitled to agree in advance or retroactively to indemnify any office holder (that is, executive officer or director) for any obligation or expense imposed on him or her in consequence of any action which was performed by the office holder in his or her capacity as an office holder of the combined company, in respect of any of the following: (a) a monetary obligation imposed on the office holder in favor of another person pursuant to a judgment, including a judgment given in settlement, or a court approved settlement or arbitrator's award; (b) reasonable litigation expenses, including legal fees, incurred by an office holder or which he is ordered to pay by a court, in proceedings filed against him or her by the combined company or on its behalf or by another person, or in a criminal charge of which he or she is acquitted, or in a criminal charge of which he or she is convicted of an offense that does not require proof of criminal intent; (c) reasonable litigation

vote thereon, voting together as a single class, is required to amend Part B of Article IV (relating to the Desktop Metal preferred stock), Article V (relating to the Desktop Metal Board), Article VI (relating to action by the stockholders), Article VII (relating to liability of directors), Article VIII (relating to indemnification of directors and officers of the Company), Article IX (relating to forum selection) and Article X (relating to amendments).

The Desktop Metal charter provides that the Desktop Metal Board may adopt, amend or repeal the Desktop Metal bylaws. Further, the Desktop Metal bylaws may be amended, in whole or in part, by the affirmative vote of the shares representing not less than two-thirds (66 and 2/3%) of the voting power of all outstanding shares of capital stock of Desktop Metal generally entitled to vote in an election of directors, voting together as a single class.

The Desktop Metal bylaws provide that Desktop Metal will indemnify and hold harmless, to the fullest extent permitted by the DGCL as it presently exists or may hereafter be amended, any director or officer of Desktop Metal who was or is made or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the Desktop Metal or, while serving as a director or officer of Desktop Metal, is or was serving at the request of Desktop Metal as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust, enterprise, or non-profit entity only if such proceeding was authorized in the specific case by the Desktop Metal Board.

The right to indemnification covers all liability and loss suffered and expenses

expenses, including legal fees, incurred by an office holder as a consequence of an investigation or proceedings carried out against the office holder by an authorized body and which concluded without the filing of an indictment against the office holder and without imposing any financial liability on the office holder as an alternative to criminal proceedings, or which ended without the filing of an indictment against the office holder but with the imposition of financial liability as an alternative to criminal proceedings, in an offense where criminal intent is not required. However, the combined company may undertake in advance to indemnify any officer holder for obligations and expenses as set out above, only provided that such undertaking is limited to events which in the board of directors' opinion are foreseeable at the time of providing the indemnity undertaking in view of the combined company's activities at that time, and in such amount and/or criteria as the board of directors deems reasonable in view of the combined company's activities at that time and such events, sums and criteria shall be detailed in the undertaking instrument. The Israeli Companies Law provide that these indemnification provisions do not apply in the following cases: (a) breach of the duty of loyalty to the combined company, unless the office holder acted in good faith and had a reasonable basis for presuming that the act would not adversely affect the best interests of the combined company; (b) a breach of duty of care committed intentionally or recklessly, excluding a breach arising out of the negligent conduct of the office holder; (c) an act or omission committed with intent to derive illegal personal benefit; or (d) a fine, civil fine, monetary sanction or forfeit levied against the office holder.

The combined company may also purchase insurance to cover the liability of any office holder as a result of any of the following: (a) a breach of the duty of care to the combined company or to another person; (b) a breach of the duty of loyalty to the combined company, provided that the office holder acted in good faith and had a reasonable basis to believe that the act would not

(including attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred by such person in connection with such proceeding. It also includes the right to be paid by the Company the expenses incurred in defending any proceeding in advance of its final disposition; provided, however, that such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the person to repay all amounts advanced if it should be ultimately determined that the person is not entitled to be indemnified for the expenses.

Such rights will continue as to an indemnitee who has ceased to be a director or officer and will inure to the benefit of his or her estate, heirs, executors, administrators, legatees and distributees.

adversely affect the best interests of the combined company; and (c) a monetary obligation imposed on him or her in favor of another person in respect of an act done in his or her capacity as an office holder.

Pursuant to the Israeli Companies Law, indemnification of, exculpation of and procurement of insurance coverage for, office holders in a public company that are not directors must be approved by the audit committee, the board of directors and, if the office holder is a director or a controlling shareholder, also by the company's shareholders.

**Conflict of Interest;
Fiduciary Duty**

The Israeli Companies Law provides that an office holder's fiduciary duties consist of a duty of care and a duty of loyalty. The duty of loyalty requires avoiding any conflict of interest, not competing with the company, not exploiting any business opportunity of the company in order to receive personal advantage for himself or herself or others, and revealing documents or information relating to the combined company's affairs which the office holder has received by virtue of his or her position as an office holder.

Under the amended articles, the combined company may exempt an office holder in advance for all or any of his or her liability for damage in consequence of a breach of his or her duty of care to the combined company. Such waiver in advance shall not apply to breach of duty of care in a distribution, as defined in the Israeli Companies Law.

Under the Israeli Companies Law, approval of compensation of office holders who are not directors generally requires approval of the audit committee and board of directors.

Compensation of directors of a publicly traded company requires the approval of the audit committee, the board of directors and the company's shareholders.

The Israeli Companies Law requires that an office holder promptly disclose any "personal interest" that he or she may have

The Desktop Metal charter provides that a director of Desktop Metal will not be personally liable to Desktop Metal or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same now exists or may hereafter be amended. The amendment, repeal or modification of such provision in Desktop Metal's charter, or the adoption or any provision of the Desktop Metal charter inconsistent with this provision shall not adversely affect any right or protection of a director of Desktop Metal occurring prior to such amendment, repeal, modification or adoption.

Under Delaware law, Directors and officers must: (i) act in good faith, with due care, and in the best interest of the corporation and all of its stockholders; (ii) refrain from self-dealing, usurping corporate opportunities and receiving improper personal benefits; and (iii) make decisions on an informed basis, in good faith and in the honest belief that the action was taken in the best interest of the corporation and its stockholders will be protected by the "business judgment rule."

and all related material information known to him or her, in connection with any existing or proposed transaction of the company.

In the case of a transaction with an office holder or with another person in which an office holder has a “personal interest” which is not an extraordinary transaction, subject to the office holder’s disclosure of his or her interest, board approval is sufficient for the approval of the transaction. The transaction must not be adverse to the company’s interest. If the transaction is an extraordinary transaction (a transaction not in the ordinary course, or which is not on market terms, or that is likely to have a material impact on the company’s profitability, properties or obligations), it must be approved by the audit committee and the board of directors. Generally, an office holder who has a personal interest in a matter that is considered at a meeting of the board of directors or the audit committee may not be present at the meeting or vote thereon.

Under the Israeli Companies Law, a shareholder has a duty to act in good faith towards the company and the other shareholders and refrain from abusing his or her power in the company.

Under the Israeli Companies Law, the duty of loyalty requires that each director (and officer) shall act in good faith and in the best interests of the company (including, inter alia, refraining from any activity that is competitive with the business of the company and refraining from exploiting any business opportunity of the company for the purpose of gaining a personal advantage or otherwise and disclosing to the company of any information pertinent to its affairs and which came into the possession of the director or officer in his or her capacity as such).

**Business Combinations;
Interested Shareholder
Transactions; Anti-
Takeover Effects**

Under the Israeli Companies Law, the acquisition of shares in a public company such as the combined company whereby the acquiring person would obtain a controlling interest (an interest of 25% or more) is not

The Desktop Metal charter and bylaws contain provisions that may delay, defer or discourage another party from acquiring control of Desktop Metal. Desktop Metal expects that these provisions will

These anti-takeover limitations do not apply to a purchase of shares by way of a private placement in certain circumstances provided under the Israeli Companies Law.

The Israeli Companies Law provides that an extraordinary transaction of a public company with a controlling shareholder thereof (in general defined as a person who has the ability, directly or indirectly, to direct the activities of the company, including, without limitation, the holding of at least 25% of the voting power) or of a public company with another entity in which a controlling shareholder has a personal interest, including a private placement in which a controlling shareholder has a personal interest, or payment of compensation to a controlling shareholder, requires approval of such company's audit committee (or in the case of payment of compensation, the compensation committee), board of directors and a majority of the shares voting on the matter, provided that either (i) at least a majority of the votes of shareholders who have no personal interest in the matter, participating at the meeting vote in favor of the transaction, or (ii) the total number of objecting votes of such disinterested shareholders does not exceed 2% of the total voting rights in the company.

discourage coercive takeover practices or inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of Desktop Metal to first negotiate with the board of directors, which may result in an improvement of the terms of any such acquisition in favor of our stockholders. However, they also give the board of directors the power to discourage acquisitions that some stockholders may favor.

Section 203 of the DGCL generally prohibits a public Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder unless:

- prior to such transaction, the corporation's board of directors approved either the business combination or the transaction in which the stockholder became an interested stockholder;
- upon completion of such transaction, the interested stockholder owns at least 85% of the outstanding voting stock (with certain exclusions); or
- at the time or after the person became an interested stockholder, the business combination was approved by the corporation's board of directors and authorized by a vote of at least 66 $\frac{2}{3}$ % of the outstanding voting stock of the corporation not owned by the interested stockholder.

A "business combination" includes mergers, asset sales, stock sales and other transactions resulting in a financial benefit to the stockholder. An "interested stockholder" is defined as an entity or person (other than the corporation and any direct or indirect majority-owned subsidiary of the corporation) beneficially owning 15% or more of the outstanding

Dissenters' or Appraisal Rights	<p>The Israeli Companies Law does not provide for shareholders' appraisal rights except for the appraisal by a court under limited circumstances in connection with an acquisition by means of a tender offer for all of the shares of a publicly traded company.</p>	<p>Under Section 262 of the DGCL a stockholder of a Delaware corporation generally has appraisal rights in connection with certain mergers or consolidations in which the corporation is participating, subject to specified procedural requirements. The DGCL does not confer appraisal rights, however, if the corporation's stock is either (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders. Even if a corporation's stock meets these requirements, the DGCL still provides appraisal rights if stockholders of the corporation are required to accept for their stock in certain mergers or consolidations anything other than:</p> <ul style="list-style-type: none">• shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;• shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;• cash in lieu of fractional shares or fractional depository receipts described in the foregoing; or• any combination of the foregoing. <p>In accordance with the DGCL, no appraisal rights are available to Desktop Metal stockholders in connection with the Merger.</p>

The Desktop Metal charter provides that unless Desktop Metal consents in writing to the selection of an alternative forum, the Court of Chancery of the State of Delaware (or, in the event that the Chancery Court does not have jurisdiction, the federal district court for the District of Delaware or other state courts of the State of Delaware) will, to the fullest extent permitted by law, be the sole and exclusive forum for (i) any derivative action, suit or proceeding brought on behalf of Desktop Metal, (ii) any claim of breach of a fiduciary duty owed by any directors, officers, or stockholders of Desktop Metal, (iii) any claim against Desktop Metal arising under its charter, bylaws or the DGCL or (iv) any claim against Desktop Metal governed by the internal affairs doctrine. The Desktop Metal charter designates the federal district courts of the United States of America as the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act of 1933, as amended

ENFORCEABILITY OF CIVIL LIABILITIES

Stratasys is incorporated under the laws of the State of Israel. Service of process upon Stratasys and upon its Israeli directors and officers, and any Israeli experts named in this joint proxy statement/prospectus, may be difficult to obtain within the United States. Furthermore, because a substantial percentage of Stratasys' assets and a number of its directors are located outside the United States, any judgment obtained in the United States against Stratasys or any of its directors and officers may not be collectible within the United States.

Stratasys has irrevocably appointed Stratasys, Inc. as its agent to receive service of process in any action against Stratasys in any U.S. federal or state court arising out of the transactions describe herein or any deemed purchase or sale of securities in connection with the transactions described in this joint proxy statement/prospectus. The address of Stratasys' agent is 7665 Commerce Way, Eden Prairie, Minnesota 55344.

Stratasys has been informed by its legal counsel in Israel, Meitar | Law Offices, that it may be difficult to initiate an action with respect to U.S. securities law in Israel. Israeli courts may refuse to hear a claim based on an alleged violation of U.S. securities laws reasoning that Israel is not the most appropriate forum to hear such a claim. In Israeli courts, the content of applicable U.S. law must be proved as a fact by expert witnesses which can be a time-consuming and costly process and certain matters of procedure may be governed by Israeli law.

Subject to certain time limitations and legal procedures, Israeli courts may enforce a U.S. judgment in a civil matter which, subject to certain exceptions, is non-appealable, including judgments based upon the civil liability provisions of the Securities Act and the Exchange Act and including a monetary or compensatory judgment in a non-civil matter, provided that:

- the judgment was rendered by a court which was, according to the laws of the state of the court, competent to render the judgment;
- the obligation imposed by the judgment is enforceable according to the rules relating to the enforceability of judgments in Israel and the substance of the judgment is not contrary to public policy; and
- the judgment is executory in the state in which it was given.

Even if these conditions are met, an Israeli court will not declare a foreign civil judgment enforceable if:

- the judgment was given in a state whose laws do not provide for the enforcement of judgments of Israeli courts (subject to exceptional cases);
- the enforcement of the judgment is likely to prejudice the sovereignty or security of the State of Israel;
- the judgment was obtained by fraud;
- the opportunity given to the defendant to bring its arguments and evidence before the court was not reasonable in the opinion of the Israeli court;

TABLE OF CONTENTS

- the judgment was rendered by a court not competent to render it according to the laws of private international law as they apply in Israel;
- the judgment is contradictory to another judgment that was given in the same matter between the same parties and that is still valid; or
- at the time the action was brought in the foreign court, a lawsuit in the same matter and between the same parties was pending before a court or tribunal in Israel.

If a foreign judgment is enforced by an Israeli court, it generally will be payable in Israeli currency, which can then be converted into non-Israeli currency and transferred out of Israel. The usual practice in an action before an Israeli court to recover an amount in a non-Israeli currency is for the Israeli court to issue a judgment for the equivalent amount in Israeli currency at the rate of exchange in force on the date of the judgment, but the judgment debtor may make payment in foreign currency. Pending collection, the amount of the judgment of an Israeli court stated in Israeli currency ordinarily will be linked to the Israeli consumer price index plus interest at the annual statutory rate set by Israeli regulations prevailing at the time. Judgment creditors must bear the risk of unfavorable exchange rates.

OTHER MATTERS

As of the date of this joint proxy statement/prospectus, Stratasys' and Desktop Metal's respective boards of directors know of no matters that will be presented for consideration at the Stratasys EGM or Desktop Metal special meeting, as applicable, other than as described in this joint proxy statement/prospectus. If any other matters properly come before Stratasys shareholders at the Stratasys EGM or Desktop Metal stockholders at the Desktop Metal special meeting, or any adjournment or postponement thereof, and are voted upon, the enclosed proxy will be deemed to confer discretionary authority on the individuals that it names as proxies to vote the shares represented by the proxy as to any of these matters. STOCKHOLDER PROPOSALS

Desktop Metal

Desktop Metal currently does not expect to hold its 2024 annual meeting of stockholders except to the extent required by applicable law and the rules of the NYSE.

Desktop Metal's stockholders who intend to have a proposal considered for inclusion in Desktop Metal's proxy materials for presentation at its 2024 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act must submit the proposal to Desktop Metal's Secretary at its office at 63 3rd Avenue, Burlington, MA 01803 in writing not later than December 27, 2023.

Desktop Metal's stockholders intending to present a proposal at Desktop Metal's 2024 annual meeting of stockholders, but not to include the proposal in its proxy statement, or to nominate a person for election as a director, must comply with the requirements set forth in Desktop Metal's bylaws. Desktop Metal's bylaws require, among other things, that the Secretary of Desktop Metal receive written notice from the stockholder of record of their intent to present such proposal or nomination not less than 90 days nor more than 120 days prior to the one-year anniversary of the preceding year's annual meeting. Therefore, Desktop Metal must receive notice of such a proposal or nomination for Desktop Metal's 2024 annual meeting of stockholders no earlier than February 9, 2024 and no later than March 10, 2024. The notice must contain the information required by the bylaws, a copy of which is available upon request to Desktop Metal's Secretary.

Desktop Metal reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these or other applicable requirements.

In addition to satisfying the foregoing requirements under the Desktop Metal's bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than Desktop Metal's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 9, 2024.

HOUSEHOLDING OF PROXY MATERIALS

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two (2) or more stockholders sharing the same address by delivering a single proxy statement or a single notice addressed to those stockholders. This process, which is commonly referred to as "householding," provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you are a Desktop Metal stockholder and, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of this joint proxy statement/prospectus by contacting Broadridge Financial Solutions, Inc. at 1-866-540-7095, or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

WHEREAS, the board of directors of Sun (the “Sun Board”) has unanimously (a) determined that this Agreement and the transactions contemplated hereby, including the issuance by Sun of the Merger Consideration, are advisable, fair to and in the best interests of Sun and its shareholders and has approved and adopted this Agreement and the Merger; (b) directed that the approval of the Merger and the issuance of the Merger Consideration and the consummation of the other transactions contemplated by this Agreement, be submitted to the shareholders of Sun for their approval; and (c) resolved to recommend that the shareholders of Sun vote in favor of the approval of the Merger and the issuance of the Merger Consideration on the terms and subject to the conditions set forth in this Agreement;

WHEREAS, the board of directors of Merger Sub has determined that the Merger and this Agreement are advisable, fair to and in the best interests of Merger Sub and its stockholder and has approved and adopted this Agreement and the Merger;

WHEREAS, the board of directors of Ironman (the “Ironman Board”) has unanimously (a) determined that this Agreement and the transactions contemplated hereby, including the Merger, are advisable, fair to and in the best interests of Ironman and its stockholders and has approved and declared advisable this Agreement and the Merger; (b) directed that this Agreement be submitted to the stockholders of Ironman for their adoption; and (c) resolved to recommend that the stockholders of Ironman vote in favor of the adoption of this Agreement at the Ironman Stockholders’ Meeting;

WHEREAS, as a condition and an inducement to the willingness of Sun to enter into this Agreement and to consummate the Merger, in connection with the execution of this Agreement certain stockholders of Ironman have executed voting agreements pursuant to which, among other things, each such stockholder has agreed to vote in favor of the Ironman Stockholder Approval;

WHEREAS, for U.S. federal income tax purposes, Sun, Merger Sub and Ironman intend that (a) the Merger shall qualify as a “reorganization” within the meaning of Section 368(a) of the United States Internal Revenue Code of 1986, as amended (the “Code”), and the United States Treasury regulations (“Treasury Regulations”) promulgated thereunder, (b) this Agreement be and is adopted as a “plan of reorganization” within the meaning of Sections 354 and 361 of the Code and Treasury Regulations Sections 1.368-2(g) and 1.368-3 (together with clause (a), the “Intended U.S. Tax Treatment”), and (c) the Merger shall qualify for the exception provided under Treasury Regulations Section 1.367(a)-3(c) (other than with respect to an Excepted Stockholder); and

WHEREAS, the parties desire to make certain representations, warranties, covenants and agreements in connection with the Merger and also to prescribe various conditions to the consummation of the Merger.

NOW, THEREFORE, in consideration of the foregoing and the representations, warranties and covenants herein and intending to be legally bound, the parties hereto agree as follows:

Article I

THE MERGER

Section 1.1. The Merger. On the terms and subject to the conditions set forth in this Agreement, and in accordance with the General Corporation Law of the State of Delaware (the “DGCL”), at the Effective Time, Merger Sub shall be merged with and into Ironman pursuant to the Merger. At the Effective Time, the separate corporate existence of Merger Sub shall cease and Ironman shall continue as the surviving entity in the Merger (the “Surviving Corporation”).

Section 1.2. Closing. The closing (the “Closing”) of the Merger shall take place at the offices of Wachtell, Lipton, Rosen & Katz (or through electronic exchange of signatures) at 8:00 am, Eastern time, on the date that is the fifth (5th) Business Day following the satisfaction or (to the extent permitted by Law) waiver of the conditions set forth in Article VII (other than those conditions that by their nature are to be satisfied at the Closing, but subject

TABLE OF CONTENTS

to the satisfaction or (to the extent permitted by Law) waiver of those conditions), or at such other place, time and date as shall be agreed in writing between the parties. The date on which the Closing occurs is referred to in this Agreement as the “Closing Date”.

Section 1.3. Effective Time. Subject to the provisions of this Agreement, as soon as practicable on the Closing Date, Ironman and Merger Sub shall file with the Secretary of State of the State of Delaware the certificate of merger relating to the Merger (the “Certificate of Merger”), executed in accordance with the relevant provisions of the DGCL. The Merger shall become effective at the time that the Certificate of Merger has been duly filed with the Secretary of State of the State of Delaware, or at such later time as Sun and Ironman may agree and specify in the Certificate of Merger (the time the Merger becomes effective being the “Effective Time”).

Section 1.4. Effects. The Merger shall have the effects set forth in this Agreement and the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time the separate corporate existence of Merger Sub shall cease, all the property, rights, privileges, immunities, powers and franchises of Ironman and Merger Sub shall be vested in the Surviving Corporation, and all debts, liabilities and duties of Ironman and Merger Sub shall become the debts, liabilities and duties of the Surviving Corporation.

Section 1.5. Effect on Capital Stock. At the Effective Time, by virtue of the Merger and without any action on the part of the parties, or the holder of any shares of Capital Stock of Merger Sub or Ironman:

(a) Conversion of Ironman Common Stock. Subject to Section 2.2, each share of Ironman Common Stock issued and outstanding immediately prior to the Effective Time (except as otherwise provided in this Section 1.5) shall be automatically converted into the right to receive 0.123 (“Exchange Ratio”) fully paid and nonassessable Sun Ordinary Shares (such Sun Ordinary Shares being the “Merger Consideration”). All shares of Ironman Common Stock, when converted, shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and each holder of a certificate or certificates which immediately prior to the Effective Time represented outstanding shares of Ironman Common Stock (the “Ironman Certificates”) and each holder of a non-certificated outstanding share of Ironman Common Stock represented by book entry (“Ironman Book Entry Shares”), shall cease to have any rights with respect thereto, except the right to receive the Merger Consideration to be issued in consideration therefor and any dividends or other distributions to which holders become entitled upon the surrender of such Ironman Certificate or Ironman Book Entry Shares in accordance with Article II, in each case without interest. Notwithstanding the foregoing, if between the date of this Agreement and the Effective Time the outstanding Sun Ordinary Shares or Ironman Common Stock shall have been changed into a different number of shares or a different class, by reason of any stock dividend, subdivision, reclassification, recapitalization, split, combination or exchange of shares, or any additional Capital Stock is issued upon any exercise of rights under any shareholder rights plan, as applicable, or any similar event shall have occurred, then the Exchange Ratio and any other number or amount contained herein which is based upon the number of Sun Ordinary Shares or shares of Ironman Common Stock, as the case may be, will be appropriately adjusted, without duplication, to provide to the holders of Sun Ordinary Shares and Ironman Common Stock the same economic effect as contemplated by this Agreement prior to such event (provided that this Section 1.5(a) shall not be construed to permit Sun or Ironman or any of their respective Subsidiaries to take any action with respect to its Capital Stock or otherwise that is prohibited by the terms of this Agreement).

(b) Cancellation of Preferred Stock, Treasury Stock and Sun-Owned Stock. Each (i) share of Ironman Preferred Stock; (ii) share of Ironman Common Stock that is owned by Ironman as treasury stock; (iii) share of Ironman Common Stock owned by a direct or indirect wholly-owned Ironman Subsidiary; and (iv) share of Ironman Common Stock that is owned by Sun or Merger Sub, in each case, if any, immediately prior to the Effective Time, shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and no consideration shall be delivered in exchange therefor.

(c) Merger Sub Capital Stock. At the Effective Time, by virtue of the Merger and without any action on the part of the parties or any of their respective shareholders or stockholders, each share of common stock, par value \$0.0001 of Merger Sub, issued and outstanding immediately prior to the Effective Time, and all rights in respect thereof, shall forthwith be canceled and cease to exist and be converted into one fully paid and nonassessable share of common stock of the Surviving Corporation, which shall constitute the only outstanding shares of Capital Stock of the Surviving Corporation.

(d) Fractional Shares. No fractional Sun Ordinary Shares shall be issued in connection with the Merger, and no certificates or scrip for any such fractional shares shall be issued. Any holder of Ironman Common Stock who

TABLE OF CONTENTS

would otherwise be entitled to receive a fraction of a Sun Ordinary Share (after aggregating all fractional Sun Ordinary Shares issuable to such holder) shall, in lieu of such fraction of a share and upon surrender of such holder's Ironman Certificate or Ironman Book Entry Shares, be paid in cash the dollar amount (rounded to the nearest whole cent), without interest, determined by multiplying such fraction by the closing price of a share of Sun Ordinary Shares on the last trading day before the Merger becomes effective.

Section 1.6. Option and Equity Award Plans.

(a) As of the Effective Time, by virtue of the Merger and without any action on the part of the holders thereof:

(i) Each Ironman Stock Option outstanding immediately prior to the Effective Time shall automatically be converted into an option (an "Assumed Option") to acquire, on substantially the same terms and conditions (including the same vesting and exercisability terms and conditions) as were applicable under the Ironman Incentive Award Plans to such Ironman Stock Option immediately prior to the Effective Time (but otherwise subject to the terms and conditions of the Sun Equity Plans), the number of Sun Ordinary Shares under the Assumed Option determined by multiplying the number of shares of Ironman Common Stock subject to such Ironman Stock Option immediately prior to the Effective Time by the Exchange Ratio, rounding down to the nearest whole number of shares, at a per share exercise price determined by dividing the per share exercise price of such Ironman Stock Option by the Exchange Ratio, rounding up to the nearest whole cent; provided, that the conversion of the Ironman Stock Options will be made in a manner consistent with Treasury Regulations Section 1.424-1, such that the conversion will not constitute a "modification" of such Ironman Stock Option for purposes of Section 409A or Section 424 of the Code;

(ii) Each Ironman RSA outstanding immediately prior to the Effective Time shall automatically be converted into a grant of a restricted stock award (an "Assumed RSA") to receive, on substantially the same terms and conditions (including the same vesting terms and conditions) as were applicable under the Ironman Incentive Award Plans to such Ironman RSA immediately prior to the Effective Time (but otherwise subject to the terms and conditions of the Sun Equity Plans), the number of Sun Ordinary Shares under the Assumed RSA determined by multiplying the number of shares of Ironman Common Stock covered by such Ironman RSA immediately prior to the Effective Time by the Exchange Ratio, rounding down to the nearest whole number of shares;

(iii) Each Ironman RSU Award outstanding immediately prior to the Effective Time shall automatically be cancelled in exchange for the grant of a restricted stock unit award (an "Assumed RSU Award", and together with the Assumed Options and the Assumed RSAs, the "Assumed Awards") to receive, on substantially the same terms and conditions (including the same vesting and exercisability terms and conditions) as were applicable under the Ironman Incentive Award Plans to such Ironman RSU Award immediately prior to the Effective Time (but otherwise subject to the terms and conditions of the Sun Equity Plans), the number of Sun Ordinary Shares under the Assumed RSU Award determined by multiplying the number of shares of Ironman Common Stock covered by such Ironman RSU Award immediately prior to the Effective Time by the Exchange Ratio, rounding down to the nearest whole number of shares; and

(iv) Prior to the Effective Time, the Ironman Board (or, if appropriate, any committee thereof) shall adopt such resolutions and take such other actions as are necessary, including without limitation providing any required notices and obtaining any required consents (if any), to effectuate the provisions of this Section 1.6(a).

(b) Sun shall take all corporate action and shall make all necessary filings with any Governmental Entity (as defined below) necessary for the assumption of the Assumed Awards pursuant to Section 1.6(a), including reserving for issuance a sufficient number of Sun Ordinary Shares for delivery upon exercise or settlement of the Assumed Awards. In addition, Sun shall file with the Securities and Exchange Commission (the "SEC") as soon as reasonably practicable (and in any event within five Business Days) following the Effective Time a registration statement on Form S-8 (or such other applicable form, including Form S-3) with respect to the Assumed Awards and the Sun Ordinary Shares underlying such Assumed Awards, and shall maintain the effectiveness of such registration statement for so long as such awards remain outstanding and such registration of the Sun Ordinary Shares issuable thereunder continues to be required.

Section 1.7. Governing Documents; Name. (a) At the Effective Time, the certificate of incorporation of the Surviving Corporation and the bylaws of the Surviving Corporation shall be amended and restated in their entirety

TABLE OF CONTENTS

substantially in the form of Merger Sub's certificate of incorporation and bylaws as in effect immediately prior to the Effective Time, or as otherwise to be mutually agreed upon between Sun and Ironman, in each case until thereafter amended in accordance with their respective terms and with applicable Law; and (b) Sun shall take all action necessary to ensure that, subject to the Sun Shareholder Approval, at the Effective Time the Articles of Association of Sun shall be the articles of association set forth on **Exhibit A** (the "Sun Amended Articles of Association").

Section 1.8. Directors and Officers of Surviving Corporation. Except as may be otherwise agreed in writing between Sun and Ironman, the directors of the Surviving Corporation as of the Effective Time shall be the directors of Merger Sub immediately prior to the Effective Time, until such director's successor is elected and qualified or such director's earlier death, resignation or removal, in each case in accordance with the bylaws of the Surviving Corporation. The officers of Merger Sub immediately prior to the Effective Time shall be, as of the Effective Time, the officers of the Surviving Corporation, in each case until such officer's successor is elected and qualified or such officer's earlier death, resignation, retirement, disqualification or removal, in each case in accordance with the bylaws of the Surviving Corporation.

Section 1.9. Plan of Reorganization. This Agreement is intended to be, and by being signed by Ironman, Sun and Merger Sub is, adopted as a "plan of reorganization" within the meaning of Sections 354 and 361 of the Code and Treasury Regulations Sections 1.368-2(g) and 1.368-3.

Article II

EXCHANGE OF SHARES

Section 2.1. Exchange Agent and Exchange Fund. Prior to the Effective Time, Sun shall engage a bank or trust company designated by Sun and reasonably acceptable to Ironman, to act as exchange agent in connection with the Merger (the "Exchange Agent"). At or prior to the Effective Time, Sun shall deposit, or cause to be deposited, with the Exchange Agent, for exchange in accordance with this Article II through the Exchange Agent, certificates or, at Sun's option, evidence in book-entry form, representing the Sun Ordinary Shares to be issued as Merger Consideration and an amount of cash sufficient to fund the payment of cash in lieu of fractional Sun Ordinary Shares that may be payable pursuant to Section 1.5(d). All such Sun Ordinary Shares and any cash deposited with the Exchange Agent are hereinafter referred to as the "Exchange Fund".

Section 2.2. Exchange of Shares, Certificates and Book-Entry Shares

(a) Procedures for Surrender.

(i) Ironman Certificates. As promptly as practicable after the Effective Time, Sun shall cause the Exchange Agent to mail to each holder of record of Ironman Certificates, which at the Effective Time were converted into the right to receive the Merger Consideration, a form of letter of transmittal (the "Letter of Transmittal") (which shall specify that delivery shall be effected, and risk of loss and title to the Ironman Certificates shall pass, only upon delivery of the same (or affidavits of loss in lieu thereof) to the Exchange Agent and shall be in such form and have such other provisions as Sun may specify subject to Ironman's reasonable approval), together with instructions thereto.

(ii) Ironman Book-Entry Shares. Any holder of any Ironman Book Entry Shares whose shares of Ironman Common Stock were converted pursuant to Section 1.5(a) into the right to receive the Merger Consideration shall not be required to deliver an Ironman Certificate (nor an affidavit of loss in lieu thereof nor an indemnity bond) or an executed Letter of Transmittal to the Exchange Agent to receive the Merger Consideration. In lieu thereof, each registered holder of one or more Ironman Book Entry Shares shall automatically upon the Effective Time be entitled to receive, and Sun shall cause the Exchange Agent to pay and deliver as promptly as practicable after the Effective Time, the Merger Consideration pursuant to the provisions of Article I and this Article II, and any amounts that such holder has the right to receive in respect of dividends or other distributions on shares of Sun Ordinary Shares in accordance with Section 2.2(c), for each share of Ironman Common Stock formerly represented by such Ironman Book Entry Share.

(b) Merger Consideration Received in Connection with Exchange. Upon (i) the surrender of the Ironman Certificates for cancellation to the Exchange Agent, or (ii) in the case of Ironman Book Entry Shares, the receipt of an "agent's message" by the Exchange Agent, and in the case of Ironman Certificates together with the Letter of Transmittal, duly, completely and validly executed in accordance with the instructions thereto, and such other

TABLE OF CONTENTS

documents as may reasonably be required by the Exchange Agent, the holder of such shares shall be entitled to receive in exchange therefor the Merger Consideration into which such shares of Ironman Common Stock have been converted pursuant to Section 1.5(a) (which may be in book-entry or uncertificated form), and in respect of any dividend or other distributions which the holder has the right to receive pursuant to Section 2.2(c), such dividend or distributions. In the event of a transfer of ownership of Ironman Common Stock which is not registered in the transfer records of Ironman, the proper number of Sun Ordinary Shares pursuant to Section 1.5(a) which the holder has the right to receive pursuant thereto and any dividends or other distributions which the holder has the right to receive pursuant to Section 2.2(c) may be issued to a transferee if the Ironman Certificate representing such Ironman Common Stock (or, in case of Ironman Book Entry Shares, proper evidence of such transfer), as the case may be, is presented to the Exchange Agent, accompanied by all documents required to evidence and effect such transfer and by evidence that any applicable stock transfer and other similar Taxes have been paid. Until surrendered as contemplated by this Section 2.2(b), each share of Ironman Common Stock (including any Ironman Certificate with respect thereto) shall be deemed at any time from and after the Effective Time to represent only the right to receive upon such surrender the Merger Consideration which the holder of such share of Ironman Common Stock was entitled to receive in respect of such shares pursuant to Section 1.5(a) and any dividends or other distributions pursuant to Section 2.2(c). No interest shall be paid or shall accrue on any cash payable upon surrender of any Ironman Certificate or in respect of Ironman Book Entry Shares.

(c) Dividends and Distributions With Respect to Sun Ordinary Shares. No dividends or other distributions declared or made with respect to Sun Ordinary Shares with a record date after the Effective Time shall be paid to the holder of any unsurrendered Ironman Certificates with respect to the Sun Ordinary Shares issuable upon surrender thereof until the surrender of such Ironman Certificates in accordance with this Article II. Subject to applicable Law and Section 2.2(g), following surrender of any such Ironman Certificates there shall be paid to the holder of the Sun Ordinary Shares issued in exchange therefor, without interest, the amount of dividends or other distributions with a record date after the Effective Time which theretofore had become payable with respect to the Sun Ordinary Shares constituting the applicable Merger Consideration.

(d) No Further Ownership Rights in Ironman Common Stock. The Sun Ordinary Shares issued in accordance with the terms of this Article II upon conversion of any shares of Ironman Common Stock (including any cash paid pursuant to Section 1.5(d)) shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such shares of Ironman Common Stock. If, after the Effective Time, any Ironman Certificates formerly representing shares of Ironman Common Stock or any Ironman Book Entry Shares are presented to Sun or the Exchange Agent for any reason, they shall be canceled and exchanged as provided in this Article II.

(e) Termination of Exchange Fund. Any portion of the Exchange Fund (including any interest received with respect thereto) that remains undistributed to the holders of Ironman Common Stock for twelve (12) months after the Effective Time shall be delivered to Sun, upon demand, and any holder of Ironman Common Stock who has not theretofore complied with this Article II shall thereafter look only to Sun for payment of its claim for Merger Consideration, and distributions to which such holder is entitled pursuant to this Article II, in each case without any interest thereon.

(f) No Liability. None of Ironman, Sun, Merger Sub or the Exchange Agent shall be liable to any Person in respect of any portion of the Exchange Fund delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law. Any portion of the Exchange Fund which remains unclaimed by the holders of Ironman Certificates or the holders of evidence of Ironman Book Entry Shares for five (5) years after the Effective Time (or immediately prior to such earlier date on which the Exchange Fund would otherwise escheat to, or become the property of, any Governmental Entity), shall, to the extent permitted by applicable Law, become the property of Sun, free and clear of all claims or interest of any Person previously entitled thereto.

(g) Withholding Rights.

(i) Each of the Surviving Corporation, Sun and the Exchange Agent and each of their respective Affiliates (each, a "Payor") shall (i) be entitled to deduct and withhold (or cause to be deducted and withheld) from any payment payable pursuant to this Agreement (whether in cash, Capital Stock or otherwise) such amounts as are required to be deducted and withheld under applicable Tax Law and (ii) duly pay over to the appropriate Governmental Entity any amounts so deducted and withheld. To the extent that amounts are so withheld and

TABLE OF CONTENTS

remitted to the applicable Governmental Entity, such withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Person in respect of which such deduction and withholding was made. Each of the parties shall provide the other parties with prompt notice of any withholding it believes is required (other than withholding in respect of compensatory payments, and backup withholding). In the event that Payor receives a demand from the ITA to withhold any amount out of the amount held by such Payor for distribution to a particular payee, such Payor (i) shall promptly after receipt of such demand notify such payee of such matter and provide such payee with a reasonable period (which, in no event, shall be less than thirty (30) days, unless otherwise required in writing by the ITA or any applicable Tax Law) to attempt to delay such requirement or extend the period for complying with such requirement which shall be as evidenced by a written certificate, ruling or confirmation from the ITA, unless otherwise required in writing by the ITA or any applicable Tax Law. The parties shall cooperate in good faith and use commercially reasonable efforts to eliminate or reduce any such deduction or withholding (including through the request and provision of any statements, forms or other documents to reduce or eliminate any such deduction or withholding). Upon the written request of any Person with respect to which amounts were deducted or withheld, the Payor shall use commercially reasonable efforts to provide such Person with a copy of documentary evidence of remittance of such amounts.

(ii) Notwithstanding the provisions of clause (a) above, with respect to Israeli Taxes, a Payor shall be entitled to deduct and withhold (or cause to be deducted and withheld) from any amount payable pursuant to this Agreement; provided that, no tax shall be deducted or withheld from any payment to (1) a holder of Ironman Common Stock which holds less than 5% of the outstanding Ironman Stock, (2) a 5% or greater holder of the outstanding Ironman Common Stock as of 20 days prior to the Closing (the "Cut-Off Date"), subject to the delivery of the Residency Declaration (each, a "Payee").

(iii) Notwithstanding the foregoing, the consideration payable to each Payee, who is 5% or greater holder of the outstanding Ironman Common Stock as of the Cut-Off Date, shall be retained by the Exchange Agent for the benefit of each such Payee until the first to occur of (x) (A) if such Payee indicates that such holder is an Israeli tax resident, upon delivery of a Valid Certificate, or (B) upon delivery of the Residency Declaration (and if a Payee has delivered such documentation prior to the Effective Time, then delivery of such documentation shall be deemed to have been made as of the Effective Time), and (y) to the date that is 180 days from the Closing Date (the "Withholding Drop Date").

(iv) No Payor shall make any payments to any Payee or withhold any amounts for Israeli Taxes from the payments deliverable pursuant to this Agreement until such time as either the applicable documentation has been delivered pursuant to the immediately preceding subsection (iii)(x) or the occurrence of the Withholding Drop Date (and if a Payee indicates that it is an Israeli tax resident and timely delivers a Valid Certificate to the Payor, then the deduction and withholding of any Israeli Taxes shall be made only in accordance with the provisions of such Valid Certificate, and the balance of the payment that is not withheld shall be transferred to such Payee concurrently therewith subject to any non-Israeli withholding which is applicable to the payment (if any)). If any Payee that confirmed that it is an Israeli tax resident in the applicable documentation delivered to the Exchange Agent pursuant to subsection (iii)(x) or is a 5% or greater holder of the outstanding Ironman Common Stock as of the Cut-Off Date that has failed to make the Residency Declaration or, with respect to Israeli tax residents, has failed to provide the Payor with a Valid Certificate at least three (3) Business Days prior to the Withholding Drop Date, then the amount to be withheld from such Payee's portion of Merger Consideration shall be calculated according to the applicable withholding rate in accordance with applicable Law.

(v) If a Payee confirms that it is an Israeli Tax resident in the applicable documentation delivered to the Exchange Agent pursuant to subsection (iii)(x)(A), or holds at least five percent (5%) of the outstanding Ironman Common Stock as of the Cut-Off Date and failed to provide the Exchange Agent with the Residency Declaration (and with respect to a Payee who is an Israeli tax resident, a Valid Certificate), the Payee shall provide to the Exchange Agent an amount in cash sufficient to satisfy such Israeli Taxes prior to the Withholding Drop Date. In the event that the Payee fails to provide the Exchange Agent with the full amount necessary to satisfy such Israeli Taxes no later than three Business Days before the Withholding Drop Date, the Exchange Agent shall be entitled to sell the Payee's retained Sun Ordinary Shares, on behalf of and for the benefit of the Payee, on the open market to a Person other than Sun or any Affiliate of Sun, to the extent necessary to satisfy the full amount due with regards to such Israeli Taxes. Any cash proceeds from any such sale in excess of the amount of Israeli Taxes due with respect to such Payee, net of any

TABLE OF CONTENTS

expenses, shall be delivered to the applicable Payee and the Israeli Taxes shall be remitted to the ITA. For the avoidance of doubt, to the extent the Exchange Agent sells any Payee's Sun Ordinary Shares, (i) the Exchange Agent shall be acting on behalf of and for the benefit of such Payee, solely as an agent of the Payee, for administrative convenience, (ii) the Payee shall be treated as the seller, and prior to the sale, the beneficial owner of such of Sun Ordinary Shares for all Tax purposes, including Tax reporting, and (iii) the Payee shall be responsible for, and hold the Exchange Agent and each of its respective representatives and Affiliates, harmless from, any Taxes arising as a result of the sale of such Payee's Sun Ordinary Shares. Any costs or expenses incurred by the Exchange Agent in connection with any such sale shall be borne by, and deducted from the payment to, the applicable Payee.

(h) Lost Certificates. If any Ironman Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Ironman Certificate to be lost, stolen or destroyed (including a customary indemnity in respect thereof), the Exchange Agent shall issue, in exchange for such lost, stolen or destroyed Ironman Certificate, the Merger Consideration and any dividends and distributions deliverable in respect thereof pursuant to this Agreement.

(i) No Subsequent Transfers of Ironman Common Stock. After the Effective Time, there shall be no transfers on the stock transfer books of Ironman of the shares of Ironman Common Stock that were issued and outstanding immediately prior to the Effective Time.

Article III

REPRESENTATIONS AND WARRANTIES OF IRONMAN

Ironman represents and warrants to Sun that the statements contained in this Article III are true and correct except to the extent disclosed in (i) any Ironman SEC Documents filed or furnished with the SEC during the three (3) year period prior to the date of this Agreement and publicly available prior to the date of this Agreement (including exhibits and other information incorporated by reference therein, but excluding, in each case, any predictive, cautionary or forward looking disclosures including those contained under the captions "risk factors," "forward looking statements" or any similar precautionary sections and any other disclosures contained therein that are predictive, cautionary or forward looking in nature); or (ii) the disclosure schedules delivered by Ironman to Sun at or before the execution and delivery by Ironman of this Agreement (the "Ironman Disclosure Schedules") with such disclosure qualifying the representation or warranty only to the extent it makes reference to a specific section or sub-section of this Article III, or that it is reasonably apparent on the face of the disclosure that such disclosure qualifies or applies to another section or sub-section of this Article III.

Section 3.1. Organization, Standing and Power. Each of Ironman and each Ironman Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is organized (in the case of good standing, to the extent such jurisdiction recognizes such concept), except, in the case of the Ironman Subsidiaries, where the failure to be so organized, existing or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have an Ironman Material Adverse Effect. Each of Ironman and the Ironman Subsidiaries has all requisite power and authority and possesses all governmental franchises, licenses, permits, authorizations, variances, exemptions, orders and approvals (collectively, "Permits") necessary to enable it to own, lease or otherwise hold its properties and assets and to conduct its businesses as presently conducted (the "Ironman Permits"), except where the failure to have such power or authority or to possess Ironman Permits, individually or in the aggregate, has not had and would not reasonably be expected to have an Ironman Material Adverse Effect. Each of Ironman and the Ironman Subsidiaries is duly qualified or licensed to do business in each jurisdiction where the nature of its business or the ownership or leasing of its properties make such qualification necessary, other than in such jurisdictions where the failure to be so qualified or licensed, individually or in the aggregate, has not had and would not reasonably be expected to have an Ironman Material Adverse Effect. Ironman has delivered or made available to Sun, prior to execution of this Agreement, a true and complete copy of the Certificate of Incorporation of Ironman, in effect as of the date of this Agreement (the "Ironman Certificate of Incorporation") and the amended and restated by-laws of Ironman in effect as of the date of this Agreement. Such Ironman Certificate of Incorporation and by-laws are in full force and effect and Ironman is not, and has not been, in material violation of any of the provisions of the Ironman Certificate of Incorporation or such by-laws.

Section 3.2. Ironman Subsidiaries. Section 3.2 of the Ironman Disclosure Schedule sets forth the name and jurisdiction of organization of each Ironman Subsidiary and the name of all holders of all Capital Stock of each Ironman Subsidiary. The outstanding shares of Capital Stock in each Ironman Subsidiary have been validly issued

and are fully paid and nonassessable and are owned by Ironman, by another Ironman Subsidiary or by Ironman and another Ironman Subsidiary, free and clear of all material pledges, liens, charges, mortgages, deeds of trust, rights of first offer or first refusal, options, encumbrances and security interests of any kind or nature whatsoever (collectively, with covenants, conditions, restrictions, easements, encroachments, title retention agreements or other third party rights or title defects of any kind or nature whatsoever, “Liens”), other than Permitted Liens, and free of any other material restriction (including any restriction on the right to vote, sell or otherwise dispose of such Capital Stock, voting securities or other equity interests), except for restrictions imposed by applicable securities laws.

Section 3.23. Stock Ownership. As of the date of this Agreement, neither Ironman nor any Ironman Subsidiary beneficially owns (within the meaning of Section 13 of the Exchange Act and the rules and regulations promulgated thereunder) any shares of Capital Stock of Sun. Assuming the accuracy of Sun’s representations and warranties set forth in Section 4.25, the Ironman Board has taken all action necessary to render inapplicable to this Agreement and the transactions contemplated hereby any Takeover Statute or any takeover or anti-takeover provision in the Ironman Certificate of Incorporation.

Section 3.24. No Other Representations or Warranties. Except for the representations and warranties made by Sun in Article IV, Ironman acknowledges that none of Sun, the Sun Subsidiaries or any other Person on behalf of Sun makes any other express or implied representation or warranty in connection with the transactions contemplated by this Agreement. Article IV

REPRESENTATIONS AND WARRANTIES OF SUN AND MERGER SUB

Sun represents and warrants to Ironman that the statements contained in this Article IV are true and correct except to the extent disclosed in (i) any Sun SEC Documents filed or furnished with the SEC during the three (3) year period prior to the date of this Agreement and publicly available prior to the date of this Agreement (including exhibits and other information incorporated by reference therein, but excluding, in each case, any predictive, cautionary or forward looking disclosures including those contained under the captions “risk factors,” “forward looking statements” or any similar precautionary sections and any other disclosures contained therein that are predictive, cautionary or forward looking in nature); or (ii) the disclosure schedules delivered by Sun to Ironman at or before the execution and delivery by Sun of this Agreement (the “Sun Disclosure Schedules”) with such disclosure qualifying the representation or warranty only to the extent it makes reference to a specific section or sub-section of this Article IV, or that it is reasonably apparent on the face of the disclosure that such disclosure qualifies or applies to another section or sub-section of this Article IV.

Section 4.1. Organization, Standing and Power. Each of Sun and each Sun Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction in which it is organized (in the case of good standing, to the extent such jurisdiction recognizes such concept), except, in the case of the Sun Subsidiaries, where the failure to be so organized, existing or in good standing, individually or in the aggregate, has not had and would not reasonably be expected to have a Sun Material Adverse Effect. Each of Sun and the Sun Subsidiaries has all requisite power and authority and possesses all Permits necessary to enable it to own, lease or otherwise hold its properties and assets and to conduct its businesses as presently conducted (the “Sun Permits”), except where the failure to have such power or authority or to possess Sun Permits, individually or in the aggregate, has not had and would not reasonably be expected to have a Sun Material Adverse Effect. Each of Sun and the Sun Subsidiaries is duly qualified or licensed to do business in each jurisdiction where the nature of its business or the ownership or leasing of its properties make such qualification necessary, other than in such jurisdictions where the failure to be so qualified or

licensed, individually or in the aggregate, has not had and would not reasonably be expected to have a Sun Material Adverse Effect. Sun has delivered or made available to Ironman, prior to execution of this Agreement, a true and complete copy of the articles of association of Sun (the “Current Sun Articles”) and the memorandum of association of Sun, in each case in effect as of the date of this Agreement. Such Current Sun Articles and memorandum of association of Sun are in full force and effect and Sun is not, and has not been, in violation of any of the provisions of its Current Sun Articles. Sun is not a “breaching company” as such term is defined under the Israeli Companies Law, and no Sun Subsidiary which is incorporated under the Laws of Israel, is a “breaching company” as such term is defined under the Israeli Companies Law to the extent that such status of a Sun Subsidiary would not reasonably be expected to have a Sun Material Adverse Effect.

Section 4.2. Section 4.6. No Conflicts; Consents.

(a) The execution and delivery by Sun of this Agreement does not, and the performance by it of its obligations hereunder and the consummation of the Merger and the other transactions contemplated by this Agreement will not, conflict with, or result in any violation of or default (with or without notice or lapse of time, or both) under, or give rise to a requirement to obtain any Consent or a right of payment, termination, cancellation or acceleration of any obligation, any obligation to make or to enable any third party to make, an offer to purchase or redeem any Indebtedness or Capital Stock or any loss of a material benefit under, or result in the creation of any Lien upon any of the properties or assets of Sun or any Sun Subsidiary, or give any Person the ability to materially delay or impede the ability of Sun to consummate the Merger, under, any provision of (i) the Current Sun Articles or the comparable charter or organizational documents of any Sun Subsidiary (assuming that the Sun Shareholder Approval is obtained); (ii) any Contract to which Sun or any Sun Subsidiary is a party or by which any of their respective properties or assets is bound and which would be considered a Sun Material Contract or that would otherwise reasonably be expected to be material to Sun and the Sun

(b) Sun Superior Proposal; Intervening Event. Notwithstanding anything to the contrary contained in Section 6.4(a) or elsewhere in this Agreement, at any time prior to obtaining the Sun Shareholder Approval, the Sun Board may effect, or cause Sun to effect, as the case may be, a Sun Change in Recommendation if:

(i) (A) Sun has not breached its obligations under Section 6.1(a) and Section 6.1(b) in connection with the Acquisition Proposal referred to in the following clause "(B)"; (B) after the date of this Agreement, an unsolicited, *bona fide*, written Acquisition Proposal is made to Sun and is not withdrawn; (C) the Sun Board determines in its good faith judgment, after consulting with its outside financial advisor and outside legal counsel, that such Acquisition Proposal constitutes a Superior Proposal; (D) Sun shall have provided Ironman with five Business Days' prior written notice advising Ironman that it intends to effect a Sun Change of Recommendation and specifying, in reasonable detail, the reasons therefor, and which written notice shall include copies of all documents pertaining to such Superior Proposal; (E) during such five Business Day period, if requested by Ironman, Sun engages in good faith negotiations with Ironman to amend this Agreement in such a manner that such Acquisition Proposal that was determined to constitute a Superior Proposal no longer constitutes a Superior Proposal; (F) at the end of such five Business Day period, such Acquisition Proposal has not been withdrawn and in the good faith reasonable judgment of the Sun Board continues to constitute a Superior Proposal (taking into account any changes to the terms of this Agreement proposed by Ironman as a result of the negotiations required by clause "(E)" or otherwise); and (G) at the end of such five Business Day period, the Sun Board determines in good faith, after having consulted with its outside legal counsel, that, in light of such Superior Proposal, a failure to make a Sun Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Sun Board under applicable Law; provided, that in the event of any material revisions to the applicable Acquisition Proposal (including any change in price or exchange ratio), Sun shall be required to deliver a new written notice to Ironman and to again comply with the requirements of this Section 6.4(b)(i) with respect to such new written notice (including the five Business Day period referenced above); or

(ii) in connection with an Intervening Event relating to Sun, the Sun Board determines at any time prior to the Sun Shareholder Approval, after having consulted with its outside legal counsel, that, in light of such Intervening Event, a failure to make a Sun Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Sun Board under applicable Law, provided that: (A) Sun shall have provided Ironman with five Business Days' prior written notice advising Ironman that it intends to effect a Sun Change of Recommendation and specifying, in reasonable detail, the reasons therefor; (B) during such five Business Day period, if requested by Ironman, Sun shall negotiate in good faith with respect to any changes or modifications to this Agreement which would allow the Sun Board not to make such Sun Change in Recommendation; and (C) at the end of such five Business Day period, the Sun Board determines in good faith, after having consulted with its outside legal counsel, that, taking into account any changes to the terms of this Agreement proposed by Ironman as a result of the negotiations required by clause "(B)" or otherwise, a failure to make a Sun Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Sun Board under applicable Law.

(c) Nothing in this Agreement shall prohibit Sun or the Sun Board from (i) disclosing to the Sun shareholders a position contemplated by Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act; (ii) making any “stop, look and listen” communication to the Sun shareholders pursuant to Rule 14d-9(f) promulgated under the Exchange Act; or (iii) making any disclosure to the Sun shareholders required by applicable Law or stock exchange rule or listing agreement, which actions, in the case of clauses (i)-(iii), shall not constitute or be deemed to constitute a Sun Change of Recommendation so long as any such disclosure (x) includes an express reaffirmation of the Sun Board Recommendation, without any amendment, withdrawal, alteration, modification or qualification thereof; and (y) does not include any statement that constitutes, and does not otherwise constitute, a Sun Change in Recommendation.

(d) Ironman Change in Recommendation. Subject to the other provisions of this Section 6.4, neither the Ironman Board nor any committee thereof shall, directly or indirectly: (i) withhold or withdraw or qualify, modify or amend in a manner adverse to Sun (or publicly propose to do so), the Ironman Board Recommendation; (ii) fail to reaffirm or re-publish the Ironman Board Recommendation within ten Business Days after Sun requests in writing that such action be taken (or, if earlier, at least five Business Days prior to the Ironman Stockholders’ Meeting); (iii) fail to publicly announce, within ten Business Days after a tender offer or exchange offer relating to the Ironman Common Stock shall have been formally commenced or after any change in the consideration being offered thereunder, a statement disclosing that the Ironman Board recommends rejection of such tender or exchange offer; (iv) publicly announce that the Ironman Board has recommended, adopted or approved any Acquisition Proposal with respect to Ironman (each of the foregoing actions described in clauses “(i)” to “(iv)” being referred to as an “Ironman Change in Recommendation”).

(e) Ironman Superior Proposal; Intervening Event. Notwithstanding anything to the contrary contained in Section 6.4(d) or elsewhere in this Agreement, at any time prior to obtaining the Ironman Stockholder Approval, the Ironman Board may effect, or cause Ironman to effect, as the case may be, an Ironman Change in Recommendation if:

(i) (A) Ironman has not breached its obligations under Section 6.1(c) and Section 6.1(d) in connection with the Acquisition Proposal referred to in the following clause “(B)”; (B) after the date of this Agreement, an unsolicited, *bona fide*, written Acquisition Proposal is made to Ironman and is not withdrawn; (C) the Ironman Board determines in its good faith judgment, after consulting with its outside financial advisor and outside legal counsel, that such Acquisition Proposal constitutes a Superior Proposal; (D) Ironman shall have provided Sun with five Business Days’ prior written notice advising Sun that it intends to effect an Ironman Change of Recommendation and specifying, in reasonable detail, the reasons therefor, and which written notice shall include copies of all documents pertaining to such Superior Proposal; (E) during such five Business Day period, if requested by Sun, Ironman engages in good faith negotiations with Sun to amend this Agreement in such a manner that the Acquisition Proposal that was determined to constitute a Superior Proposal no longer constitutes a Superior Proposal; (F) at the end of such five Business Day period, such Acquisition Proposal has not been withdrawn and in the good faith reasonable judgment of the Ironman Board continues to constitute a Superior Proposal (taking into account any changes to the terms of this Agreement proposed by Sun as a result of the negotiations required by clause “(E)” or otherwise); and (G) at the end of such five Business Day period, the Ironman Board determines in good faith, after having consulted with its outside legal counsel, that, in light of such Superior Proposal, a failure to make an Ironman Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Ironman Board under applicable Law; provided, that in the event of any material revisions to the applicable Acquisition Proposal (including any change in price or exchange ratio), Ironman shall be required to deliver a new written notice to Sun and to again comply with the requirements of this Section 6.4(e)(i) with respect to such new written notice (including the five Business Day period referenced above); or

(ii) in connection with an Intervening Event relating to Ironman, the Ironman Board determines at any time prior to the Ironman Stockholder Approval, after having consulted with its outside legal counsel, that, in light of such Intervening Event, a failure to make an Ironman Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Ironman Board under applicable Law, provided that: (A) Ironman shall have provided Sun with five Business Days’ prior written notice advising Sun that it intends to effect an Ironman Change of Recommendation and specifying, in reasonable detail, the reasons therefor; (B) during such five Business Day period, if requested by Sun, Ironman shall negotiate

in good faith with respect to any changes or modifications to this Agreement which would allow the Ironman Board not to make such Ironman Change in Recommendation; and (C) at the end of such five Business Day period, the Ironman Board determines in good faith, after having consulted with its outside legal counsel, that, taking into account any changes to the terms of this Agreement proposed by Sun as a result of the negotiations required by clause “(B)” or otherwise, a failure to make an Ironman Change in Recommendation would reasonably be expected to constitute a breach of the duties of the Ironman Board under applicable Law.

(f) Nothing in this Agreement shall prohibit Ironman or the Ironman Board from (i) disclosing to the Ironman stockholders a position contemplated by Rules 14d-9 and 14e-2(a) promulgated under the Exchange Act; (ii) making any “stop, look and listen” communication to the Ironman stockholders pursuant to Rule 14d-9(f) promulgated under the Exchange Act; or (iii) making any disclosure to Ironman stockholders required by applicable Law or stock exchange rule or listing agreement, which actions, in the case of clauses (i)-(iii), shall not constitute or be deemed to constitute an Ironman Change of Recommendation so long as any such disclosure (x) includes an express reaffirmation of the Ironman Board Recommendation, without any amendment, withdrawal, alteration, modification or qualification thereof; and (y) does not include any statement that constitutes, and does not otherwise constitute, an Ironman Change in Recommendation.

Section 6.5. Access to Information; Confidentiality. Subject to applicable Law, during the Pre-Closing Period and upon reasonable prior notice, each of Sun and Ironman shall, and shall cause each of its respective Subsidiaries to, afford to the other party and to the Representatives of such other party reasonable access to all their respective properties, books, contracts, commitments, personnel and records and, during such period, each of Sun and Ironman shall, and shall cause each of its respective Subsidiaries to, furnish promptly to the other party (a) a copy of each report, schedule, registration statement and other document filed by it during such period pursuant to the requirements of Federal or state securities Laws other than those publicly available in the SEC’s EDGAR (or successor) system; and (b) all other information concerning its business, properties and personnel as such other party may reasonably request; provided, however, that (i) either party may withhold any document or information that (A) is subject to the terms of a confidentiality agreement with a third party in effect as of the date of this Agreement (provided that the withholding party shall use its commercially reasonable efforts to obtain the required consent of such third party to such access or disclosure); or (B) is subject to any attorney-client, attorney work product or other similar privilege (provided that the withholding party shall use its reasonable best efforts to allow for such access or disclosure (or as much of it as possible) in a manner that does not result in a loss of such attorney-client, attorney work product or other similar privilege); and (ii) if, in the reasonable judgment of Sun or Ironman, as the case may be, any Law (including antitrust Laws) applicable to Sun or Ironman, as the case may be, requires such party or its Affiliates to restrict or prohibit access to any such properties or information, such party or its Affiliates may so restrict or prohibit such access, including by designating such information as “Clean Team Only” or “Outside Counsel Only” pursuant to the Clean Team Confidentiality Agreement, dated as of May 15, 2023. If any material is withheld by such party pursuant to the proviso to the preceding sentence, such party shall inform the other party as to the general nature of what is being withheld and each party shall use reasonable best efforts to enter into an alternative arrangement, including a “clean-team” agreement, pursuant to which such information may be shared without violating such applicable Law. All information exchanged pursuant to this Section 6.5 shall be subject to the Mutual Confidentiality, Non-Disclosure and Standstill Agreement between Sun and Ironman and dated as of November 5, 2022, as amended on December 12, 2022 (the “Confidentiality Agreement”).

Section 6.6. Notification of Changes. Ironman and Sun shall as promptly as reasonably practicable notify the other orally and in writing of any change or event that, individually or in the aggregate, with all past changes and events since the date of this Agreement either (i) has had or would reasonably be expected to have an Ironman Material Adverse Effect or a Sun Material Adverse Effect, as applicable; or (ii) that would reasonably be expected to cause or constitute a material breach of any of its representations, warranties, covenants or agreements contained herein that would be reasonably expected to cause any of the conditions to the other party’s obligations set forth in Article VII to be incapable of being satisfied, or to materially delay or impede the ability of such notifying party to consummate the Merger; provided, however, that any failure to give such notice pursuant to this Section 6.6 shall not in and of itself cause the failure to satisfy any of the conditions to the other party’s obligations set forth in Article VI unless the underlying breach would independently result in the failure of such condition to be satisfied, and provided further that no such notification shall cure any breach of, non-compliance with, any of the representations, warranties, covenants or agreements of the parties or the conditions to the obligations of the parties under this Agreement.

Section 6.7. Required Actions.

(a) Regulatory Approvals. The parties shall cooperate with each other and, subject to Section 6.1 and Section 6.4, use their respective reasonable best efforts to take, or cause to be taken, all actions, and do, or cause to be done, and assist and cooperate with the other parties in doing, all things necessary, proper or advisable, subject to the limitations in this Section 6.7, to consummate and make effective, as soon as reasonably possible, the Merger and the other transactions contemplated by this Agreement, including using reasonable best efforts to (i) make or cause to be made, in consultation and cooperation with the other and as promptly as practicable after the date of this Agreement (but in no event later than 15 Business Days after the date of this Agreement, unless otherwise agreed by counsel for the parties), any filing with the United States Department of Justice (“DOJ”) and the United States Federal Trade Commission (“FTC”) required under the HSR Act relating to the Merger; (ii) prepare and file a draft CFIUS Notice, and, after receipt of confirmation reasonably acceptable to both Sun and Ironman that CFIUS has no further comments or inquiries related to the draft CFIUS Notice, Sun and Ironman shall, as promptly as practicable after such receipt, submit the CFIUS Notice; (iii) prepare and file other necessary and advisable registrations, declarations, notices, petitions, applications and filings relating to the Merger, including the notice required under 22 C.F.R. section 122.4(b) of the International Traffic in Arms Regulations, with other Governmental Entities under antitrust, competition, foreign direct investment, trade regulation or similar Law as soon as reasonably practicable or where the ability to control timing of the registration, declaration, notice, petition, application or filing is not within the control of the submitting party, commence pre-submission consultation procedures for, any registrations, declarations, notices, petitions, applications and filings with such Governmental Entities (and thereafter make any other required submissions and respond as promptly as reasonably practicable to any requests for additional information or documentary material); (iv) obtain all Consents or nonactions from any Governmental Entity or other Person which are required to be obtained under any other antitrust, competition, foreign direct investment, trade regulation or similar Law in connection with the consummation of the Merger and the other transactions contemplated hereby, including the CFIUS Approval (collectively, the “Required Regulatory Approvals”); (v) seek to avoid or prevent the initiation of any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding by or before any Governmental Entity challenging the Merger or the consummation of the other transactions contemplated by this Agreement; and (vi) furnish to the other all assistance, cooperation and information required for any such registration, declaration, notice or filing in order to achieve the effects set forth in the foregoing sub-clauses (i) and (v).

(b) Actions in Connection with Required Regulatory Approvals. Each of the parties shall use its reasonable best efforts to resolve any objection that may be asserted by any Governmental Entity with respect to the Merger and the other transactions contemplated by this Agreement. Without limiting the generality of the foregoing, in furtherance of the parties’ reasonable best efforts, each of Ironman and the Ironman Subsidiaries and Sun and the Sun Subsidiaries, as applicable, to the extent required in order to obtain the Required Regulatory Approvals or any necessary approvals of any other Governmental Entity (including the CFIUS Approval) required for the transactions contemplated hereby as promptly as reasonably practicable or to avoid the consequences in Section 6.7(a)(iv) or otherwise in connection with the Required Regulatory Approvals (including the CFIUS Approval), shall (i) propose, negotiate or offer to effect, or consent or commit to, any sale, leasing, licensing, transfer, disposal, divestiture or other encumbrance, or holding separate, of any assets, licenses, operations, rights, product lines, businesses or interest therein (collectively, a “Divestiture”); and (ii) take or agree to take any other action, agree or consent to, make any concession in respect of, or permit or suffer to exist any condition or requirement setting forth, any limitations or restrictions on freedom of actions with respect to, or its ability to retain, or make changes in, any assets, licenses, operations, rights, product lines, businesses or interest therein (collectively, a “Remedy”), provided that, notwithstanding anything in this Agreement to the contrary, neither party nor its Subsidiaries shall be required to take any of the actions referred to above with respect to a Divestiture or Remedy unless the effectiveness thereof is conditioned on the occurrence of the Effective Time, and provided, further, that, notwithstanding anything in this Agreement to the contrary, nothing shall require either party to, and neither party shall without the consent of the other party, agree or consent to a Divestiture or Remedy that would result in or would reasonably be expected to result in a material adverse effect on the business of Sun and the Sun Subsidiaries (including Ironman and the Ironman Subsidiaries), collectively, immediately after giving effect to the Merger. The parties agree to use reasonable best efforts to: (1) oppose or defend against any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding by any Governmental Entity to prevent or enjoin the consummation of the Merger; and (2) overturn any

regulatory order by any such Governmental Entity to prevent consummation of the Merger, including by defending any investigation, inquiry, claim, action, suit, arbitration, litigation or proceeding brought by any such Governmental Entity in order to avoid the entry of, or to have vacated, overturned, terminated or appealed any order that would otherwise have the effect of preventing or materially delaying the consummation of the Merger or the consummation of the other transactions contemplated by this Agreement.

(c) Requests from Regulatory Authorities. If either of the parties or any of their respective Subsidiaries receives a request for information or documentary material from any Governmental Entity with respect to the Merger or any of the transactions contemplated by this Agreement, then such party shall respond promptly, as soon as reasonably practicable and after consultation with the other party (to the extent permitted under applicable Law), to such request, in all cases within the amount of time allowed by the Governmental Entity. The parties shall consult with each other in good faith prior to pulling and refiling or agreeing to pull and refile any HSR filing, the CFIUS Notice or other filing, or agreeing with any Governmental Entity not to consummate the merger for any period of time, or agreeing to any timing agreement with the FTC, DOJ or any other Governmental Entity.

(d) Coordination and Information Sharing. Each party shall (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry relating to the Merger or the transactions contemplated by this Agreement; (ii) promptly notify the other party of any material communication it or any of its Affiliates (or their respective Representatives) receives from any Governmental Entity relating to the Merger or the transactions contemplated by this Agreement and keep the other parties informed as to the status of any such request, inquiry, investigation, or communication; (iii) subject to applicable Law, and to the extent practicable, permit the other party to review in advance, and consider in good faith the other party's comments to, any proposed material communication, filing or submission by such party to any Governmental Entity; (iv) not agree to participate in any meeting or discussion with any Governmental Entity in respect of any filing, investigation or inquiry concerning this Agreement or the Merger or transactions contemplated by this Agreement unless it consults with the other party in advance and, to the extent not prohibited by such Governmental Entity, gives the other party the opportunity to attend; and (v) furnish the other party with copies of all material correspondence, filings and written communications between them and their Affiliates and their respective Representatives on one hand, and any such Governmental Entity or its staff on the other hand, with respect to this Agreement or the Merger or the transactions contemplated by this Agreement. Materials required to be provided pursuant to this Section 6.7 may be redacted or withheld as necessary to (i) to remove references concerning the valuation of the parties, (ii) as necessary to comply with contractual arrangements; and (iii) as necessary to preserve attorney-client or other legal privilege. Each party, as each deems advisable and necessary, may designate any competitively sensitive material provided to the other under this Section 6.7 as "outside counsel only." Such materials and the information contained therein shall be given only to the outside counsel of the recipient unless express written permission is obtained in advance from the party that has so designated such materials.

(e) Frustrating Actions. Ironman shall not, and shall cause the Ironman Subsidiaries not to, and Sun shall not, and shall cause the Sun Subsidiaries not to, acquire or agree to acquire, by merging with or into or consolidating with, or by purchasing part or all of the assets of or equity of, in any business or any corporation, partnership, association or other business organization or division thereof, or take any other similar action, if the entry into of an agreement relating to, or the consummation of such acquisition, merger or consolidation, or the taking of any other similar action, would reasonably be expected to (i) impose any material delay in the obtaining of, or materially increase the risk of not obtaining, the Required Regulatory Approvals; (ii) increase, in any material respect, the risk of any Governmental Entity entering an order prohibiting the consummation of the Merger or the transactions contemplated by this Agreement; (iii) increase the risk, in any material respect, of not being able to remove any such order on appeal or otherwise; or (iv) prevent or materially delay the consummation of the Merger or the transactions contemplated by this Agreement.

Section 6.8. Takeover Laws. Ironman and the Ironman Board, and Sun and the Sun Board, shall use their respective reasonable best efforts (a) to ensure that no potentially applicable takeover laws of any state, including any "moratorium," "control share," "fair price," "takeover" or "interested stockholder" law (a "Takeover Statute") is or becomes applicable to this Agreement or any transaction contemplated by this Agreement; and (b) if any Takeover

Statute becomes applicable to this Agreement or any transaction contemplated by this Agreement, to ensure that the Merger and the other transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of any Takeover Statute on the Merger.

Section 6.9. Indemnification, Exculpation and Insurance.

(a) Sun agrees that all rights to indemnification, advancement of expenses and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time now existing in favor of the current or former directors or officers of Ironman and the Ironman Subsidiaries to the fullest extent provided by their respective certificates of incorporation or bylaws (or comparable organizational documents) and any indemnification or other similar agreements of Ironman or any of the Ironman Subsidiaries as in effect as of the date of this Agreement shall survive the Merger and shall continue in full force and effect in accordance with their terms.

(b) In the event that subsequent to the Merger the Surviving Corporation or any of its successors or assigns (i) consolidates with or merges into any other Person and is not the continuing or surviving corporation or entity of such consolidation or merger or (ii) transfers or conveys all or substantially all of its properties and assets to any Person, then, and in each such case, the Surviving Corporation shall cause proper provision to be made so that the successors and assigns of the Surviving Corporation assume the obligations set forth in this Section 6.9.

(c) For a period of six (6) years from the Effective Time, Sun shall procure that the Surviving Corporation shall maintain in effect the exculpation, indemnification and advancement of expenses equivalent to the provisions of the Ironman Certificate of Incorporation with respect to acts or omissions occurring prior to the Effective Time and shall not amend, repeal or otherwise modify any such provisions in any manner that would adversely affect the rights thereunder of any indemnified Person.

(d) Prior to or at the Effective Time, Ironman shall purchase a six (6) year prepaid "tail" policy, with terms, conditions, retentions and limits of liability that are substantially equivalent to the coverage provided under Ironman's existing policies of directors' and officers' liability insurance and fiduciary liability insurance, with respect to matters arising on or before the Effective Time (including in connection with this Agreement and the transactions or actions contemplated by this Agreement), and Sun shall cause such policy to be maintained in full force and effect, for its full term, and cause all obligations thereunder to be honored by the Surviving Corporation; provided, however that Ironman shall not pay or agree to pay, and the Surviving Corporation shall not be required to pay, in the aggregate in excess of 300% of the last annual premium paid by Ironman prior to the date of this Agreement in respect of such "tail" policy, and if the cost of such "tail" policy would otherwise exceed such maximum amount, Ironman shall purchase as much coverage as reasonably practicable up to such maximum amount.

(e) The provisions of this Section 6.9 shall survive consummation of the Merger and are intended to be for the benefit of, and will be enforceable by, each current or former director or officer of Ironman, his or her heirs and his or her representatives and are in addition to, and not in substitution for, any other rights to indemnification or contribution that any such person may have by contract or otherwise.

Section 6.10. Transaction Litigation. Sun and Ironman shall give each other prompt notice of any shareholder or stockholder litigation or claims commenced on or after the date of this Agreement against such party or its directors or officers relating to the Merger and the other transactions contemplated by this Agreement ("Transaction Litigation"), and shall (a) give the other party the opportunity to participate (at such other's party's expense) in the defense or settlement of any Transaction Litigation, (ii) give each other the right to review and comment on all filings or responses to be made by such party in connection with any Transaction Litigation, and will in good faith take such comments into account, and (iii) not agree to settle any Transaction Litigation without the other party's prior written consent, which consent shall not be unreasonably withheld, conditioned or delayed. In addition, Sun and Ironman agree to keep each other reasonably informed on a current basis with respect to any other shareholder or stockholder litigation or claims against either party or its directors or officers that are reasonably likely to affect the Merger and the other transactions contemplated by this Agreement (including the timing of the Closing).

Section 6.11. Section 16 Matters. The Sun Board shall, prior to the Effective Time, approve the issuance of Sun Ordinary Shares in connection with the Merger with respect to any employees of Ironman who, as a result of their relationship with Ironman as of or following the Effective Time, are subject or will become subject to the reporting requirements of Section 16 of the Exchange Act to the extent necessary for such issuance to be an exempt acquisition

pursuant to SEC Rule 16b-3. Prior to the Effective Time, the Ironman Board shall approve the disposition of Ironman equity securities (including derivative securities) in connection with the Merger by those directors and officers of Ironman subject to the reporting requirements of Section 16 of the Exchange Act to the extent necessary for such disposition to be an exempt disposition pursuant to SEC Rule 16b-3.

(d) Chief Executive Officer. Prior to the Effective Time, Sun and Ironman shall take all corporate actions as may be necessary to cause, as of the Effective Time, Yoav Zeif to continue in office as the Chief Executive Officer of Sun.

(d) by Sun, if Ironman breaches or fails to perform any of its covenants or agreements contained in this Agreement, or if any of the representations or warranties of Ironman contained herein fails to be true and correct, which breach or failure (A) either individually or in the aggregate with all other breaches by Ironman or failure of Ironman's representations and warranties to be true, would give rise to the failure of a condition set forth in [Section 7.2\(a\)](#) or [Section 7.2\(b\)](#), as the case may be, and (B) if reasonably capable of being cured, has not been cured prior to the earlier of 30 days (or such fewer days as remain until the End Date) after Ironman's receipt of written notice of such breach from Sun, and provided that Sun is not then in breach of any covenant or agreement contained in this Agreement and no representation or warranty of Sun contained herein then fails to be true and correct such that the conditions set forth in [Section 7.3\(a\)](#) or [Section 7.3\(b\)](#), as the case may be, could not then be satisfied;

Each party further acknowledges that the Termination Fees or the Termination Expenses, as applicable, is not a penalty, but rather is liquidated damages in a reasonable amount that will compensate the applicable party in the circumstances in which the applicable Termination Fee or Termination Expenses is payable for the efforts and resources expended and opportunities foregone while negotiating this Agreement and in reliance on this Agreement and on the expectation of the consummation of the transactions contemplated by this Agreement.

Section 8.4. Amendment. Any agreement on the part of a party to any such extension or waiver shall be valid only if set forth in an instrument in writing signed on behalf of such party. The failure of any party to this Agreement to assert any of its rights under this Agreement or otherwise shall not constitute a waiver of such rights.

Section 9.6. Severability. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the extent possible.

Section 9.7. Counterparts. This Agreement may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other parties. The exchange of a fully executed Agreement (in counterparts or otherwise) by electronic transmission in .pdf format, including using generally recognized e-signature technology (e.g., DocuSign or Adobe Sign) shall be sufficient to bind the parties to the terms and conditions of this Agreement.

Section 9.8. Entire Agreement; No Third-Party Beneficiaries. This Agreement, taken together with the Ironman Disclosure Schedules and the Sun Disclosure Schedules, the voting agreements contemplated hereby, the exhibits hereto and the Confidentiality Agreement, (a) constitutes the entire agreement, and supersedes all prior agreements and understandings, both written and oral, between the parties with respect to the Merger and the other transactions contemplated by this Agreement; and (b) except for Section 6.9, is not intended to confer upon any Person other than the parties any rights or remedies.

Section 9.9. Governing Law. This Agreement, and all claims, causes of action (whether in contract, tort or statute) or other matter that may directly or indirectly result from, arise out of, be in connection with or relating to this Agreement or the other agreements delivered in connection herewith, or the execution or performance of this Agreement or such other agreements, or the transactions contemplated by this Agreement (the "Relevant Matters") shall be governed by, and construed in accordance with, the Laws of the State of Delaware, without giving effect to conflicts of laws principles that would result in the application of the Law of any other state; *provided however*, that any determination to be made with respect to corporate matters of Sun, including without limitation, the duties of the Sun Board (including for the purposes of Section 6.1 or Section 6.4), shall be determined in accordance with the Laws of the State of Israel.

Section 9.10. Forum. Each of the parties hereto hereby irrevocably and unconditionally submits, for itself and its property, to the exclusive jurisdiction of the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof, in any action or proceeding arising out of or relating to any Relevant Matter or for recognition or enforcement of any judgment relating thereto, and each of the parties hereby irrevocably and unconditionally (i) agrees not to commence any such action or proceeding, except in the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof; (ii) agrees that any claim in respect of any such action or proceeding may be heard and determined in the Court of Chancery of the State of Delaware, or, if (and only if) such court finds it lacks jurisdiction, the Federal court of the United States of America sitting in Delaware, and any appellate court from any thereof; (iii) waives, to the fullest extent it may legally and effectively do so, any objection that it may now or hereafter have to the laying of venue of any such action or proceeding in such courts; and (iv) waives, to the fullest extent permitted by Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in such courts. manner provided by applicable Law. Each party to this Agreement irrevocably consents to service of process inside or outside the territorial jurisdiction of the courts referred to in this Section 9.10 in the manner provided for notices in Section 9.5. Nothing in this Agreement will affect the right of any party to this Agreement to serve process in any other manner permitted by applicable Law.

Section 9.11. Specific Performance. The parties acknowledge and agree that irreparable damage would occur in the event that any provision of this Agreement were not performed in accordance with its specific terms or were otherwise breached, and that monetary damages, even if available, would not be an adequate remedy therefor. It is accordingly agreed that, prior to the termination of this Agreement pursuant to Section 8.1, the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the performance of terms and provisions of this Agreement as provided for herein, without proof of actual damages (and each party hereby waives any requirement for the securing or posting of any bond in connection with such remedy), this being in addition to any other remedy to which they are entitled at law or in equity. The parties further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to Law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy for any such breach.

The Board of Directors, or the Chief Executive Officer, either alone or together with other persons designated by the Board of Directors (in the case of any Office Holder, employee or agent appointed thereby), shall be entitled at any time, in its, his, her, or their (as applicable) sole and absolute discretion, to terminate the services of one of more of the foregoing persons (in the case of a director, however, subject to compliance with Article 77 above).
100. The Board of Directors and the Chief Executive Officer may from time to time and at any time empower any person to serve as representative of the Company for such purposes and with such powers and authorities, instructions and discretions for such period and subject to such conditions as the Board of Directors (or the Chief Executive Officer, as the case may be) shall deem appropriate. The Board of Directors may (or the Chief Executive Officer, as the case may be) grant such person, *inter alia*, the power to transfer the authority, powers and discretions vested in him, in whole or in part. The Board of Directors may (or the Chief Executive Officer, as the case may be), from time to time, revoke, annul, vary or change any such power or authority, or all such powers or authorities collectively.

DIVIDENDS, BONUS SHARES, FUNDS AND CAPITALIZATION OF FUNDS AND PROFITS

101. The Board of Directors may, prior to recommending any dividend, set aside out of the profits of the Company such amounts as it deems fit for a reserve fund for extraordinary purposes or for the equalization of dividends or for special dividends, or for the repair, improvement, maintenance or replacement of the property of the Company, or for any other purpose, as the Board of Directors, in its sole and absolute discretion, shall deem expedient.

TABLE OF CONTENTS

102. The Board of Directors shall be entitled to invest the amounts set aside as aforesaid in Article 101 above in any investments whatsoever, as it may deem fit, and from time to time deal with such investments and vary same, and make use thereof, as it deems fit, and it may divide the reserve fund into special funds in such manner as it deems fit, and may utilize a fund or part thereof for the business of the Company, without being obliged to keep same separate from the remaining assets of the Company.
103. Unless otherwise permitted by the Law, no dividends shall be paid other than out of the Profits of the Company as such term is defined in the Law.
104. The Board of Directors may decide on the payment of a dividend or on the distribution of bonus shares.
105. A dividend in cash or bonus shares shall be paid or distributed, as the case may be, equally to the holders of the Ordinary Shares registered in the Register, pro rata to the nominal amount of capital paid up or credited as paid up on the shares, without reference to any premium which may have been paid thereon. However an amount paid on account of a share prior to the payment thereof having been called, or prior to the due date for payment thereof, and on which the Company is paying interest, shall not be taken into account for purposes of this Article as an amount paid-up on account of the share.
106. Unless other instructions are given, it shall be permissible to pay any dividend by way of a check or payment order to be sent by post to the registered address of the shareholder or the Person entitled thereto, or in the case of joint shareholders being registered, to the shareholder whose name stands first in the Register in relation to the joint shareholding. Every such check shall be made in favor of the person to whom it is sent. A receipt by the person whose name, on the date of declaration of the dividend, was registered in the Register as the owner of the shares, or in the case of joint holders, by one of the joint holders, shall serve as a discharge with regard to all the payments made in connection with such share.
- The directors shall be entitled to invest any dividend which has not been claimed for a period of one (1) year after having been declared, or to make use thereof in any other way for the benefit of the Company until such time as it is claimed. The Company shall not be obliged to pay interest or linkage in respect of an unclaimed dividend.
107. Unless otherwise specified in the terms of issue of shares or of securities convertible into, or which grant a right to purchase, shares, any shares that are fully paid-up or credited as paid-up shall at any time confer on their holders the right to participate in the full dividends and in any other distribution for which the determining date for the right to receive the same is the date at which the aforesaid shares were fully paid-up or credited as fully paid-up, as the case may be, or subsequent to such date.
108. A dividend or other beneficial rights in respect of shares shall not bear interest.
109. The Board of Directors shall be entitled to deduct from any dividend or other beneficial rights, all amounts of money which the holder of the share in respect of which the dividend is payable or in respect of which the other beneficial rights were given, may owe to the Company in respect of such share, whether or not the due date for payment thereof has arrived.
110. The Board of Directors shall be entitled to retain any dividend or bonus shares or other beneficial rights in respect of a share in relation to which the Company has a lien, and to utilize any such amount or the proceeds received from the sale of any bonus shares or other beneficial rights, for the discharge of the debts or liabilities in respect of which the Company has a lien.
111. The Board of Directors may decide that a dividend is to be paid in whole or in part, by way of a distribution of assets of the Company in kind, including by way of debentures or debenture stock of the Company, or shares or debentures or debenture stock of any other company, or in any other way.
- 112.
- 112.1. The Board of Directors may, at any time and from time to time, decide that any portion of the amounts standing for the time being to the credit of any capital fund (including a fund created as a result of a revaluation of the assets of the Company), or which are held by the Company as Profits available for distribution, shall be capitalized for distribution subject to and in accordance with the provisions of the Law and of these Articles, amongst those shareholders who are entitled thereto and pro rata to their entitlement under these Articles, provided that the same shall not be paid in cash but shall serve for the

payment up in full either at par or with a premium as prescribed by the Company, of shares which have not yet been issued or of debentures of the Company which shall be allotted and distributed amongst the shareholders in the aforesaid ratio as fully paid-up shares or debentures.

- 112.2. The Board of Directors shall be entitled to distribute bonus shares and to decide that the bonus shares shall be of the same class which confers on the shareholders or the Persons entitled thereto the right to participate in the distribution of bonus shares, or may decide that the bonus shares shall be of a uniform class to be distributed to each of the shareholders or Persons entitled to shares as aforesaid, without reference to the class of shares conferring the right to participate in the distribution on the holders of the shares or the Persons entitled thereto as aforesaid.
- 113.
- 113.1. In every case that the Company issues bonus shares by way of a capitalization of profits or funds at a time at which securities issued by the Company are in circulation and confer on the holders thereof rights to convert the same into shares in the share capital of the Company, or options to purchase shares in the share capital of the Company (such rights of conversion or options shall henceforth be referred to as the “Rights”), the Board of Directors shall be entitled (in a case that the Rights or part thereof shall not be otherwise adjusted in accordance with the terms of their issue) to transfer to a special fund designated for the distribution of bonus shares in the future (to be called by any name that the Board of Directors may decide on and which shall henceforth be referred to as the “Special Fund”) an amount equivalent to the nominal amount of the share capital to which some or all of the Rights holders would have been entitled as a result of the issue of bonus shares, had they exercised their Rights prior to the determining date for the right to receive bonus shares, including rights to fractions of bonus shares, and in the case of a second or additional distribution of bonus shares in respect of which the Company acts pursuant to this Article, including entitlement stemming from a previous distribution of bonus shares.
- 113.2. In the case of the allotment of shares by the Company as a consequence of the exercise of entitlement by the owners of shares in those cases in which the Board of Directors has made a transfer to the Special Fund in respect of the Rights pursuant to Article 113.1 above, the Board of Directors shall allot to each such shareholder, in addition to the shares to which he is entitled by virtue of having exercised his rights, such number of fully paid-up shares the nominal value of which is equivalent to the amount transferred to the Special Fund in respect of his rights, by way of a capitalization to be effected by the Board of Directors of an appropriate amount out of the Special Fund. The Board of Directors shall be entitled to decide on the manner of dealing with rights to fractions of shares in its sole discretion.
- 113.3. If after any transfer to the Special Fund has been made the Rights should lapse, or the period should end for the exercise of Rights in respect of which the transfer was effected without such Rights being exercised, then any amount which was transferred to the Special Fund in respect of the aforesaid unexercised Rights shall be released from the Special Fund, and the Company may deal with the amount so released in any manner it would have been entitled to deal therewith had such amount not been transferred to the Special Fund.
114. For the implementation of any resolution regarding a distribution of shares or debentures by way of a capitalization of profits as aforesaid, the Board of Directors may:
- 114.1. Resolve any difficulty which arises or may arise in regard to the distribution in such manner as it deems fit and may take all of the steps that it deems expedient in order to overcome such difficulty.
- 114.2. Issue certificates in respect of fractions of shares, or decide that fractions of less than an amount to be decided by the Board of Directors shall not be taken into account for purposes of adjusting the rights of the shareholders or may sell the fractions of shares and pay the proceeds (net) to the Persons entitled thereto.
- 114.3. Sign, or appoint a Person to sign, on behalf of the shareholders on any contract or other document which may be required for purposes of giving effect to the distribution, and, in particular, shall be entitled to sign or appoint a Person who shall be entitled to appoint and submit a contract as referred to in Sections 291 and 292 of the Law.

TABLE OF CONTENTS

- 114.4. Make any arrangement or other scheme which is required in the opinion of the Board of Directors in order to facilitate the distribution.
115. The Board of Directors shall be entitled, as it deems appropriate and expedient, to appoint trustees or nominees for those registered shareholders who have failed to notify the Company of a change of their address and who have not applied to the Company in order to receive dividends, shares or debentures out of capital, or other benefits during the aforesaid period. Such trustees or nominees shall be appointed for the use, collection or receipt of dividends, shares or debentures out of capital and rights to subscribe for shares which have not yet been issued and which are offered to the shareholders but they shall not be entitled to transfer the shares in respect of which they were appointed, or to vote on the basis of holding such shares. In all of the terms and conditions governing such trusts and the appointment of such nominees it shall be stipulated by the Company that upon the first demand by a beneficial holder of a share being held by the trustee or nominee, such trustee or nominee shall be obliged to return to such shareholder the share in question and/or all of those rights held by it on the shareholder's behalf (all as the case may be). Any act or arrangement effected by any such nominees or trustee and any agreement between the Board of Directors and a nominee or trustee shall be valid and binding in all respects.
116. The Board of Directors may from time to time prescribe the manner for payment of dividends or the distribution of bonus shares and the arrangement connected therewith. Without derogating from the generality of the foregoing, the Board of Directors shall be entitled to pay any dividends or moneys in respect of shares by sending a check via the mails to the address of the holder of registered shares according to the address registered in the register of shareholders of the Company. Any dispatch of a check as aforesaid shall be done at the risk of the shareholder.
- In those cases in which the Board of Directors specifies the payment of a dividend, distribution of shares or debentures out of capital, or the grant of a right to subscribe for shares which have not yet been issued and which are offered to the shareholders against the delivery of an appropriate coupon attached to any share certificate, such payment, distribution or grant of right to subscribe against a suitable coupon to the holder of such coupon, shall constitute a discharge of the Company's debt in respect of such operation as against any person claiming a right to such payment, distribution or grant of right to subscribe, as the case may be.
117. If two (2) or more Persons are registered as joint holders of a share, each of them shall be entitled to give a valid receipt in respect of any dividend, share or debenture out of capital, or other moneys, or benefits, paid or granted in respect of such share.

A shareholder of the Company who is not a member of the Board of Directors shall not have the right to inspect any books or accounts or documents of the Company, unless such right has been expressly granted to him by the Law, or if he has been permitted to do so by the Board of Directors or by the shareholders based on a Resolution adopted at a General Meeting.
122. The Board of Directors shall from time to time arrange and submit to the General Meeting a balance sheet and statement of income of the Company.

TABLE OF CONTENTS

A copy of the balance sheet and the statement of income shall be delivered to the shareholders registered in the Register in the manner prescribed in regard to the giving of notices, at least seven days prior to the meeting.

The provisions of this Article shall not make it obligatory to send a copy of the aforesaid documents to a shareholder whose address is unknown to the Company, or to more than one joint holder of a share. Any shareholder to whom a copy of the aforesaid documents is not sent, and also a person who produces to the Company a certificate from a bank to the effect that shares of the Company are held for him at such bank, shall be entitled to request to receive copies of such documents at the Office of the Company.

124. The Company shall, in an annual General Meeting, appoint an independent auditor or auditors who shall hold such position until the next annual General Meeting, and their appointment, remuneration and rights and duties shall be subject to the provisions of the Law, provided, however, that in exercising its authority to fix the remuneration of the Auditor(s), the shareholders in an annual General Meeting may, by a Resolution, act (and in the absence of any action in connection therewith shall be deemed to have so acted) to authorize the Board of Directors to fix such remuneration subject to such criteria or standards, if any, as may be provided in such Resolution, and if no such criteria or standards are so provided, such remuneration shall be fixed in an amount commensurate with both the volume and nature of the services rendered by the Auditor(s). By an act appointing such Auditors, the Company may appoint the auditor(s) to serve for a period of up to the end of completion of the audit of the yearly financial statements for the three (3) year period then ended.
125. The Auditors shall be entitled to receive notices of every General Meeting of the Company and to attend such meetings and to express their opinions on all matters pertaining to their function as the Auditors of the Company.
126. Subject to the provisions of the Law and the U.S. Rules, any act carried out by the Auditors of the Company shall be valid as against any person doing business in good faith with the Company, notwithstanding any defect in the appointment or qualification of the Auditors.
127. For as long as the Company is a Public Company, as defined in the Law, it shall appoint an internal auditor possessing the authorities set forth in the Law. The internal auditor of the Company shall present all of its proposed work plans to the Audit Committee of Directors, which shall have the authority to approve them, subject to any modifications in its discretion.

RECITALS

WHEREAS, the Company entered into that certain Agreement and Plan of Merger (as it may be amended from time to time, the “*Merger Agreement*”) by and among the Company, Stratasys Ltd., an Israeli company (“*Sun*”), and Tetris Sub Inc., a Delaware corporation and a direct wholly owned subsidiary of Sun (“*Merger Sub*”) pursuant to which the Company and Sun will combine the businesses of the Company and Sun;

WHEREAS, in connection with the execution of the Merger Agreement and in accordance with the terms of the Merger Agreement, the Board of Directors (the “*Board*”) of the Company deems it is advisable and in the best interests of the Company and its stockholders to adopt this Agreement; and

WHEREAS, on May [•], 2023, the Board adopted this Agreement, and has authorized and declared a dividend of one preferred stock purchase right (a “*Right*”) for each share of Common Stock (as defined in Section 1.6) of the Company outstanding at the close of business on June 9, 2023 (the “*Record Date*”) and has authorized and directed the issuance of one Right (subject to adjustment as provided herein) with respect to each share of Common Stock that shall become outstanding between the Record Date and the earliest of the Distribution Date and the Expiration Date (as such terms are defined in Sections 3.1 and 7.1, respectively), each Right initially representing the right to purchase one one-thousandth (subject to adjustment) of a share of Series A Junior Participating Preferred Stock, par value \$0.0001 per share (the “*Series A Preferred*”), of the Company having the rights, powers and preferences set forth in the form of Certificate of Designations of Series A Junior Participating Preferred Stock attached hereto as Exhibit A (as amended from time to time), upon the terms and subject to the conditions hereinafter set forth; *provided, however*, that Rights may be issued with respect to Common Stock that shall become outstanding after the Distribution Date and prior to the Expiration Date in accordance with Section 22.

NOW, THEREFORE, in consideration of the premises and the mutual agreements herein set forth, the parties hereby agree as follows:

Section 1. Certain Definitions. For purposes of this Agreement, the following terms have the meanings indicated:

1.1. “*Acquiring Person*” shall mean any Person who or which, together with all Related Persons of such Person, shall be the Beneficial Owner of 15% or more of the Common Stock then outstanding, but shall not include (i) an Exempt Person or (ii) any Existing Holder, unless and until such time as such Existing Holder shall, after the first public announcement of this Agreement, (x) become the Beneficial Owner of one or more additional shares of Common Stock (other than pursuant to a dividend or distribution paid or made by the Company on the outstanding Common Stock in Common Stock or pursuant to a split or subdivision of the outstanding Common Stock), unless upon acquiring such Beneficial Ownership, such Existing Holder does not Beneficially Own 15% or more of the Common Stock then outstanding or (y) become the Beneficial Owner of any share of Common Stock pursuant to clauses 1.3.1 through 1.3.4 of the definition of Beneficial Ownership below that such Person Beneficially Owned as of the first public announcement of this Agreement pursuant to clause 1.3.5 of the definition of Beneficial Ownership below, unless (a) such Beneficial Ownership is acquired pursuant to the express terms of a written agreement as it existed at the time of the first public announcement of this Agreement or (b) upon acquiring such Beneficial Ownership, such Existing Holder does not Beneficially Own pursuant to clauses 1.3.1 through 1.3.4 of the definition of Beneficial Ownership 15% or more of the Common Stock then outstanding. Notwithstanding the foregoing, no Person shall become an “*Acquiring Person*” as the result of an acquisition of Common Stock by the Company which, by reducing the number of shares outstanding, increases the proportionate number of shares Beneficially Owned by such Person to 15% or more of the Common Stock then outstanding; *provided, however*, that if a Person shall become the Beneficial Owner of 15% or more of the Common Stock then outstanding solely by reason of share purchases by the Company and shall, after such share purchases by the Company, become the Beneficial Owner of one or more additional shares of Common Stock (other than pursuant to a dividend or distribution paid or made by the Company on the outstanding Common Stock in Common Stock or pursuant to a split or subdivision of the outstanding Common Stock), then such Person shall be deemed to be an “*Acquiring Person*” unless, upon becoming the Beneficial Owner of such additional Common Stock, such Person does not Beneficially Own 15% or more of the Common Stock then outstanding. Notwithstanding the foregoing, if the Board determines in good faith that a Person who would otherwise be an “*Acquiring Person*,” as defined pursuant to the foregoing

TABLE OF CONTENTS

provisions of this Section 1.1, has become such inadvertently (including, without limitation, because (A) such Person was unaware that it Beneficially Owned a percentage of Common Stock that would otherwise cause such Person to be an “Acquiring Person” or (B) such Person was aware of the extent of its Beneficial Ownership of Common Stock but had no actual knowledge of the consequences of such Beneficial Ownership under this Agreement) and had no intention of changing or influencing control of the Company, then such Person shall not be deemed to be or have become an “Acquiring Person” at any time for any purposes of this Agreement unless and until such Person shall have failed to divest as promptly as practicable (as determined, in good faith, by the Board) a sufficient number of shares of Common Stock so that such Person would no longer be an Acquiring Person, as defined pursuant to the foregoing provisions of this Section 1.1. For all purposes of this Agreement, any calculation of the number of shares of Common Stock outstanding at any particular time, including for purposes of determining the particular percentage of such outstanding Common Stock of which any Person is the Beneficial Owner, shall include the number of shares of Common Stock not outstanding at the time of such calculation that such Person is otherwise deemed to Beneficially Own for purposes of this Agreement. The number of shares of Common Stock not outstanding that such Person is otherwise deemed to Beneficially Own for purposes of this Agreement shall be deemed to be outstanding for the purpose of computing the percentage of the outstanding number of shares of Common Stock owned by such Person but shall not be deemed to be outstanding for the purpose of computing the percentage of outstanding Common Stock owned by any other Person. Notwithstanding anything in this Agreement to the contrary, none of Sun, Merger Sub or any of their respective Affiliates or Associates (collectively, the “*Sun Group*”) shall be deemed to be an Acquiring Person, either individually or collectively, by virtue of or as a result of (i) the approval, adoption, execution, delivery and, if applicable, any amendment, of the Merger Agreement or the voting agreements contemplated thereby, (ii) the acquisition or the right to acquire beneficial ownership of the Common Stock as a result of the execution and entry of the Merger Agreement by the parties thereto, (iii) the execution of and entry into the voting agreements contemplated by the Merger Agreement by the respective parties thereto, or (iv) the public announcement and consummation of the Merger or any of the other transactions contemplated by the Merger Agreement or the voting agreements contemplated thereby (the “*Permitted Events*”).

1.2. “*Affiliate*” and “*Associate*” shall have the respective meanings ascribed to such terms in Rule 12b-2 of the General Rules and Regulations under the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”), as in effect on the date of this Agreement.

1.3. A Person shall be deemed the “*Beneficial Owner*” of and shall be deemed to “*Beneficially Own*” or have “*Beneficial Ownership*” of any securities:

1.3.1. which such Person or any of such Person’s Related Persons, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (A) voting power, which includes the power to vote, or to direct the voting of, such security (except that a Person shall not be deemed to be the Beneficial Owner of any security under this clause (A) if such voting power arises solely from a revocable proxy or consent given to such Person in response to a public proxy or consent solicitation made pursuant to, and in accordance with, Section 14(a) of the Exchange Act by means of a solicitation statement filed on Schedule 14A), and/or (B) investment power, which includes the power to dispose, or to direct the disposition of, such security;

1.3.2. which such Person or any of such Person’s Related Persons, directly or indirectly, has the Right to Acquire; *provided, however*, that a Person shall not be deemed the Beneficial Owner of, or to Beneficially Own, (x) securities tendered pursuant to a tender or exchange offer made by or on behalf of such Person or any of such Person’s Related Persons, until such tendered securities are accepted for purchase or exchange, (y) securities which such Person or any of such Person’s Related Persons, has a Right to Acquire upon the exercise of Rights at any time prior to the time that any Person becomes an Acquiring Person, or (z) securities issuable upon the exercise of Rights from and after the time that any Person becomes an Acquiring Person if such Rights were acquired by such Person or any of such Person’s Related Persons prior to the Distribution Date or pursuant to Section 3.1 or Section 22 (“*Original Rights*”) or pursuant to Section 11.9 or Section 11.15 with respect to an adjustment to Original Rights;

1.3.3. which are Beneficially Owned, directly or indirectly, by any other Person (or any Affiliate or Associate thereof) with whom such Person or any of such Person’s Related Persons, has an agreement, arrangement or understanding to act together for the purpose of acquiring, holding, voting or disposing of any securities of the Company (except that a Person shall not be deemed to be the Beneficial Owner of any

security under this Section 1.3.3 if such voting power arises solely from a revocable proxy or consent given to such Person in response to a public proxy or consent solicitation made pursuant to, and in accordance with, Section 14(a) of the Exchange Act by means of a solicitation statement filed on Schedule 14A); or

1.3.4. which such Person would otherwise be deemed to be the beneficial owner pursuant to Rule 13d-3 or 13d-5 under the Exchange Act.

No Person shall be deemed to be the “Beneficial Owner” of, to have “Beneficial Ownership” of or to “Beneficially Own” any securities which such Person or any of such Person’s Related Persons would otherwise be deemed to “Beneficially Own” pursuant to this Section 1.3 solely as a result of any merger or other acquisition agreement between the Company and such Person (or one or more of such Person’s Related Persons) or the consummation of any transactions contemplated thereby, or any tender, voting or support agreement entered into by such Person (or one or more of such Person’s Related Persons) in connection therewith or the consummation of any transactions contemplated thereby, if, prior to such Person becoming an Acquiring Person, the Board has approved such merger or other acquisition agreement, or such tender, voting or support agreement.

No Person who is an officer, director or employee of an Exempt Person shall be deemed, solely by reason of such Person’s status or authority as such, to be the “Beneficial Owner” of, to have “Beneficial Ownership” of or to “Beneficially Own” any securities that are “Beneficially Owned” (as defined in this Section 1.3), including, without limitation, in a fiduciary capacity, by an Exempt Person or by any other such officer, director or employee of an Exempt Person.

Notwithstanding anything in this Section 1.3 or this Agreement to the contrary, Sun and Merger Sub, either individually or together, shall not be, and shall not be deemed to be, a ‘Beneficial Owner’ of, or to ‘Beneficially Own,’ any securities solely by virtue of, or as a result of, any Permitted Event.

1.4. “*Business Day*” shall mean any day other than a Saturday, Sunday, or a day on which banking institutions in the State of New York are authorized or obligated by law or executive order to close.

1.5. “*close of business*” on any given date shall mean 5:00 p.m., New York time, on such date; *provided, however*, that if such date is not a Business Day it shall mean 5:00 p.m., New York time, on the next succeeding Business Day.

1.6. “*Common Stock*” when used with reference to the Company shall mean the Class A Common Stock, par value \$0.0001 per share, of the Company. “Common Stock” when used with reference to any Person other than the Company shall mean the capital stock with the greatest voting power, or the equity securities or other equity interest having power to control or direct the management of, such other Person or, if such Person is a Subsidiary of another Person, the Person or Persons which ultimately control such first-mentioned Person, and which has issued and outstanding such capital stock, equity securities or equity interest.

1.7. “*Effective Time*” has the meaning ascribed to such term in the Merger Agreement.

1.8. “*Exempt Person*” shall mean the Company, any Subsidiary of the Company, in each case including, without limitation, the officers and members of the board of directors thereof acting in their fiduciary capacities, or any employee benefit plan of the Company or of any Subsidiary of the Company or any entity or trustee holding (or acting in a fiduciary capacity in respect of) shares of capital stock of the Company for or pursuant to the terms of any such plan, or for the purpose of funding other employee benefits for employees of the Company or any Subsidiary of the Company.

1.9. “*Existing Holder*” shall mean any Person who, immediately prior to the first public announcement of the adoption of this Agreement, is the Beneficial Owner of 15% or more of the Common Stock then outstanding, together with any Affiliates and Associates of such Person.

1.10. “*Merger*” has the meaning ascribed to such term in the Merger Agreement.

1.11. “*Person*” shall mean any individual, partnership, joint venture, limited liability company, firm, corporation, unincorporated association or organization, trust or other entity, and shall include any successor (by merger or otherwise) of any such Person.

TABLE OF CONTENTS

1.13. “*Right to Acquire*” shall mean a legal, equitable or contractual right to acquire (whether directly or indirectly and whether exercisable immediately, or only after the passage of time, compliance with regulatory requirements, fulfillment of a condition or otherwise), pursuant to any agreement, arrangement or understanding, whether or not in writing (excluding customary agreements entered into in good faith with and between an underwriter and selling group members in connection with a firm commitment underwriting registered under the Securities Act of 1933, as amended (the “*Securities Act*”), or upon the exercise of any option, warrant or right, through conversion of a security, pursuant to the power to revoke a trust, discretionary account or similar arrangement, pursuant to the power to terminate a repurchase or similar so-called “stock borrowing” agreement or arrangement, or pursuant to the automatic termination of a trust, discretionary account or similar arrangement.

1.14. “*Stock Acquisition Date*” shall mean the first date of public announcement (which, for purposes of this definition, shall include, without limitation, the filing of a report pursuant to Section 13(d) of the Exchange Act or pursuant to a comparable successor statute) by the Company or an Acquiring Person that an Acquiring Person has become such or that discloses information which reveals the existence of an Acquiring Person or such earlier date as a majority of the Board shall become aware of the existence of an Acquiring Person.

Section 2. Appointment of Rights Agent. The Company hereby appoints the Rights Agent to act as rights agent for the Company and the holders of the Rights (who, in accordance with Section 3, shall prior to the Distribution Date also be the holders of the Common Stock) in accordance with the terms and conditions hereof, and the Rights Agent hereby accepts such appointment. The Company may from time to time appoint such co-Rights Agents as it may deem necessary or desirable. In the event the Company appoints one or more co-Rights Agents, the respective duties of the Rights Agent and any co-Rights Agent shall be as the Company shall determine. Contemporaneously with such appointment, if any, the Company shall notify the Rights Agent thereof.

Section 3. Issuance of Right Certificates.

3.1. Rights Evidenced by Stock Certificates. Until the earlier of (i) the close of business on the tenth (10th) Business Day after the Stock Acquisition Date or (ii) the close of business on the tenth (10th) Business Day after the date of the commencement of, or first public announcement of the intent of any Person (other than an Exempt Person) to commence, a tender or exchange offer the consummation of which would result in any Person becoming an Acquiring Person (the earlier of (i) and (ii) being herein referred to as the “*Distribution Date*”), (x) the Rights (unless earlier expired, redeemed or terminated) will be evidenced (subject to the provisions of Section 3.2) by the certificates representing the Common Stock registered in the names of the holders thereof or, in the case of uncertificated shares of Common Stock registered in book entry form (“*Book Entry Shares*”), by notation in book entry (which certificates for Common Stock and Book Entry Shares shall also be deemed to be Right Certificates) and not by separate certificates, and (y) the Rights (and the right to receive certificates therefor) will be transferable only in connection with the transfer of the underlying Common Stock. The preceding sentence notwithstanding, prior to the occurrence of a Distribution Date specified as a result of an event described in clause (ii) (or such later Distribution Date as the Board may select pursuant to this sentence), the Board may postpone, one or more times, the Distribution Date which would occur as a result of an event described in clause (ii) beyond the date set forth in such clause (ii). As soon as practicable after the Distribution Date, the Company will prepare and execute, the Rights Agent will countersign and the Company (or, if requested, the Rights Agent) will send, by first-class, postage-prepaid mail, to each record holder of Common Stock as of the close of business on the Distribution Date (other than any Acquiring Person or any Related Person of an Acquiring Person), at the address of such holder shown on the records of the Company or the transfer agent or registrar for the Common Stock, one or more certificates for Rights, in substantially the form of Exhibit B hereto (a “*Right Certificate*”), evidencing one Right (subject to adjustment as provided herein) for each share of Common Stock so held. As of and after the Distribution Date, the Rights will be evidenced solely by such Right Certificates.

3.2. Summary of Rights. On the Record Date or as soon as practicable thereafter, the Company will send or cause to be sent a copy of a Summary of Rights to Purchase Series A Preferred, in substantially the form attached hereto as Exhibit C (the “*Summary of Rights*”), by first-class, postage-prepaid mail, to each record holder of Common Stock as of the close of business on the Record Date (other than any Acquiring Person or any Related Person of any Acquiring Person) at the address of such holder shown on the records of the Company or the transfer agent or registrar for the Common Stock. Any failure to send a copy of the Summary of Rights shall not invalidate the Rights or affect their transfer with the Common Stock. With respect to certificates representing Common Stock and Book Entry Shares outstanding as of the close of business on the Record Date, until the Distribution Date (or the earlier Expiration Date), the Rights will be evidenced by such certificates for Common Stock registered in the names of the holders thereof or Book Entry Shares, as applicable, together with a copy of the Summary of Rights and the registered holders of the Common Stock shall also be registered holders of the associated Rights. Until the Distribution Date (or the earlier Expiration Date), the surrender for

TABLE OF CONTENTS

transfer of any certificate for Common Stock or Book Entry Shares outstanding at the close of business on the Record Date, with or without a copy of the Summary of Rights, shall also constitute the transfer of the Rights associated with the Common Stock represented thereby and the Book Entry Shares, as applicable.

3.3. New Certificates and Uncertificated Shares After Record Date. Certificates for Common Stock that become outstanding (whether upon issuance out of authorized but unissued Common Stock, disposition out of treasury or transfer or exchange of outstanding Common Stock or otherwise) after the Record Date but prior to the earliest of the Distribution Date or the Expiration Date, or in certain circumstances provided in Section 22 hereof, after the Distribution Date, shall have impressed, printed, stamped, written or otherwise affixed onto them a legend in substantially the following form:

This certificate also evidences and entitles the holder hereof to certain rights as set forth in a Rights Agreement between Desktop Metal, Inc. (the “*Company*”) and Continental Stock Transfer & Trust Company, as Rights Agent, dated as of May [•], 2023, as the same may be amended from time to time (the “*Agreement*”), the terms of which are hereby incorporated herein by reference and a copy of which is on file at the principal executive offices of the Company. Under certain circumstances, as set forth in the Agreement, such Rights (as defined in the Agreement) will be evidenced by separate certificates and will no longer be evidenced by this certificate. The Company will mail to the holder of this certificate a copy of the Agreement without charge after receipt of a written request therefor. ***As described in the Agreement, Rights which are owned by, transferred to or have been owned by Acquiring Persons (as defined in the Agreement) or any Related Person (as defined in the Agreement) of any Acquiring Person shall become null and void and will no longer be transferable.***

With respect to any Book Entry Shares, such legend shall be included in a notice to the record holder of such shares in accordance with applicable law. Until the Distribution Date (or the earlier Expiration Date), the Rights associated with the Common Stock represented by such certificates and such Book Entry Shares shall be evidenced solely by such certificates or the Book Entry Shares alone, and the surrender for transfer of any such certificates or Book Entry Shares, except as otherwise provided herein, shall also constitute the transfer of the Rights associated with the Common Stock represented thereby. In the event that the Company purchases or otherwise acquires any Common Stock after the Record Date but prior to the Distribution Date, any Rights associated with such Common Stock shall be deemed canceled and retired so that the Company shall not be entitled to exercise any Rights associated with the Common Stock that are no longer outstanding.

Notwithstanding this Section 3.3, neither the omission of the legend required hereby, nor the failure to provide the notice thereof, shall affect the enforceability of any part of this Agreement or the rights of any holder of the Rights.

Section 4. Form of Right Certificates. The Right Certificates (and the forms of election to purchase shares and assignment, including the certifications therein, to be printed on the reverse thereof) shall each be substantially in the form set forth in Exhibit B hereto and may have such marks of identification or designation and such legends, summaries or endorsements printed thereon as the Company may deem appropriate and as are not inconsistent with the provisions of this Agreement, or as may be required to comply with any applicable law or with any rule or regulation made pursuant thereto or with any rule or regulation of any stock exchange or trading system on which the Rights may from time to time be listed or quoted, or to conform to usage. Subject to the terms and conditions hereof, the Right Certificates, whenever issued, shall be dated as of the Record Date, and shall show the date of countersignature by the Rights Agent, and on their face shall entitle the holders thereof to purchase such number of one-thousandths of a share of Series A Preferred as shall be set forth therein at the price per one one-thousandth of a share of Series A Preferred set forth therein (the “*Purchase Price*”), but the number of such one- thousandths of a share of Series A Preferred and the Purchase Price shall be subject to adjustment as provided herein.

Section 5. Countersignature and Registration. The Right Certificates shall be executed on behalf of the Company by the Chief Executive Officer, the President, the Treasurer, the Secretary and any Vice President of the Company, either manually or by facsimile signature, and shall have affixed thereto the Company’s seal or a facsimile thereof which shall be attested by the Secretary or any Assistant Secretary of the Company or by such officers as the Board may designate, either manually or by facsimile signature. The Right Certificates shall be countersigned, either manually or by facsimile signature, by an authorized signatory of the Rights Agent, but it shall not be necessary for the same signatory to countersign all of the Right Certificates hereunder. No Right Certificate shall be valid for any

TABLE OF CONTENTS

purpose unless so countersigned. In case any officer of the Company who shall have signed any of the Right Certificates shall cease to be such officer of the Company before countersignature by the Rights Agent and issuance and delivery by the Company, such Right Certificates, nevertheless, may be countersigned by the Rights Agent, and issued and delivered by the Company with the same force and effect as though the Person who signed such Right Certificates had not ceased to be such officer of the Company; and any Right Certificate may be signed on behalf of the Company by any Person who, at the actual date of the execution of such Right Certificate, shall be a proper officer of the Company to sign such Right Certificate, although at the date of the execution of this Agreement any such Person was not such an officer.

Following the Distribution Date, the Rights Agent will keep or cause to be kept, at its principal office, books for registration and transfer of the Right Certificates issued hereunder. Such books shall show the names and addresses of the respective holders of the Right Certificates, the number of Rights evidenced on its face by each of the Right Certificates, the certificate number of each of the Right Certificates and the date of each of the Right Certificates.

Section 6. Transfer, Split Up, Combination and Exchange of Right Certificates; Mutilated, Destroyed, Lost or Stolen Right Certificates. Subject to the provisions of this Agreement, including but not limited to Section 11.1.2 and Section 14, at any time after the close of business on the Distribution Date, and at or prior to the close of business on the Expiration Date, any Right Certificate or Right Certificates (other than Right Certificates representing Rights that have become void pursuant to Section 11.1.2 or that have been exchanged pursuant to Section 27) may be transferred, split up, combined or exchanged for another Right Certificate or Right Certificates, entitling the registered holder to purchase a like number of one-thousandths of a share of Series A Preferred as the Right Certificate or Right Certificates surrendered then entitled such holder to purchase. Any registered holder desiring to transfer, split up, combine or exchange any Right Certificate shall make such request in writing delivered to the Rights Agent, and shall surrender, together with any required form of assignment and certificate duly executed and properly completed, the Right Certificate or Right Certificates to be transferred, split up or combined or exchanged at the office of the Rights Agent designated for such purpose. Neither the Rights Agent nor the Company shall be obligated to take any action whatsoever with respect to the transfer of any such surrendered Right Certificate or Right Certificates until the registered holder shall have properly completed and duly executed the certificate contained in the form of assignment on the reverse side of such Right Certificate or Right Certificates and shall have provided such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) thereof or any Related Person of such registered holder or such Beneficial Owner (or such former Beneficial Owner), in each case, as the Company shall reasonably request. Thereupon, the Rights Agent shall countersign and deliver to the Person entitled thereto a Right Certificate or Right Certificates, as the case may be, as so requested. The Company may require payment from the holders of Right Certificates of a sum sufficient to cover any tax or governmental charge that may be imposed in connection with any transfer, split up or combination or exchange of such Right Certificates.

Subject to the provisions of Section 11.1.2, at any time after the Distribution Date and prior to the Expiration Date, upon receipt by the Company and the Rights Agent of evidence reasonably satisfactory to them of the loss, theft, destruction or mutilation of a Right Certificate, and, in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to them, and, at the Company's request, reimbursement to the Company and the Rights Agent of all reasonable expenses incidental thereto, and upon surrender to the Rights Agent and cancellation of the Right Certificate if mutilated, the Company will make and deliver a new Right Certificate of like tenor to the Rights Agent for countersignature and delivery to the registered owner in lieu of the Right Certificate so lost, stolen, destroyed or mutilated.

Section 7. Exercise of Rights; Purchase Price; Expiration Date of Rights.

7.1. Exercise of Rights. Subject to Section 11.1.2 and except as otherwise provided herein, the registered holder of any Right Certificate may exercise the Rights evidenced thereby in whole or in part at any time after the Distribution Date upon surrender of the Right Certificate, with the form of election to purchase and certification on the reverse side thereof properly completed and duly executed, to the Rights Agent at the office of the Rights Agent designated for such purpose, together with payment of the aggregate Purchase Price for the total number of one-thousandths of a share of Series A Preferred (or other securities, cash or other assets) as to which the Rights are exercised, at or prior to the time (the "*Expiration Date*") that is the earliest of (i) the close of business on July 24, 2024 (the "*Final Expiration Date*"), (ii) the time at which the Rights are redeemed as provided in Section 23 (the "*Redemption Date*"), (iii) the closing of any merger or other acquisition transaction involving the Company pursuant to an agreement of the type described in Section 13.3 at which time the Rights are deemed terminated, (iv) the time at which the Rights are exchanged as provided in Section 27, or (v) the time immediately prior to the Effective Time (but subject to the occurrence of the Effective Time).

7.2. Purchase. The Purchase Price for each one one-thousandth of a share of Series A Preferred pursuant to the exercise of a Right shall be initially \$[EXERCISE PRICE], shall be subject to adjustment from time to time as provided in Sections 11, 13 and 26 and shall be payable in lawful money of the United States of America in accordance with Section 7.3.

7.3. Payment Procedures. Except as otherwise provided herein, upon receipt of a Right Certificate representing exercisable Rights, with the form of election to purchase and certification properly completed and duly executed, accompanied by payment of the aggregate Purchase Price for the total number of one-thousandths of a share of Series A Preferred to be purchased and an amount equal to any applicable tax or charge required to be paid by the holder of such Right Certificate in accordance with Section 9, in cash or by certified or cashier's check or money order payable to the order of the Company, the Rights Agent shall thereupon promptly (i)(A) requisition from any transfer agent of the Series A Preferred (or make available, if the Rights Agent is the transfer agent) certificates for the number of shares of Series A Preferred to be purchased and the Company hereby irrevocably authorizes its transfer agent to comply with all such requests, or (B) if the Company shall have elected to deposit the total number of shares of Series A Preferred issuable upon exercise of the Rights hereunder with a depository agent, requisition from such depository agent depository receipts representing interests in such number of one-thousandths of a share of Series A Preferred as are to be purchased (in which case certificates for the Series A Preferred represented by such receipts shall be deposited by the transfer agent with the depository agent) and the Company hereby directs such depository agent to comply with all such requests; (ii) when appropriate, requisition from the Company the amount of cash to be paid in lieu of the issuance of fractional shares in accordance with Section 14 or otherwise in accordance with Section 11.1.3; (iii) promptly after receipt of such certificates or depository receipts, cause the same to be delivered to the registered holder of such Right Certificate, or upon the order of the registered holder of such Right Certificate, registered in such name or names as may be designated by such holder and (iv) when appropriate, after receipt, promptly deliver such cash to the registered holder of such Right Certificate, or upon the order of the registered holder of such Right Certificate, to such other Person as designated by such holder. In the event that the Company is obligated to issue other securities of the Company, pay cash and/or distribute other property pursuant to Section 11.1.3, the Company will make all arrangements necessary so that such other securities, cash and/or other property are available for distribution by the Rights Agent, if and when appropriate.

7.4. Partial Exercise. In case the registered holder of any Right Certificate shall exercise less than all the Rights evidenced thereby, a new Right Certificate evidencing Rights equivalent to the Rights remaining unexercised shall be issued by the Rights Agent and delivered to the registered holder of such Right Certificate or to his or her duly authorized assigns, subject to the provisions of Section 14.

7.5. Full Information Concerning Ownership. Notwithstanding anything in this Agreement to the contrary, neither the Rights Agent nor the Company shall be obligated to undertake any action with respect to a registered holder of Rights upon the occurrence of any purported transfer or exercise of Rights pursuant to Section 6 or as set forth in this Section 7 unless the certification contained in the form of election to purchase set forth on the reverse side of the Right Certificate surrendered for such exercise shall have been properly completed and duly executed by the registered holder thereof and the Company shall have been provided with such additional evidence of the identity of the Beneficial Owner (or former Beneficial Owner) thereof or any Related Person of such registered holder or such Beneficial Owner (or such former Beneficial Owner), in each case, as the Company shall reasonably request.

Section 8. Cancellation and Destruction of Right Certificates. All Right Certificates surrendered for the purpose of exercise, transfer, split up, combination or exchange shall, if surrendered to the Company or to any of its agents, be delivered to the Rights Agent for cancellation or in canceled form, or, if surrendered to the Rights Agent, shall be canceled by it, and no Right Certificates shall be issued in lieu thereof except as expressly permitted by any of the provisions of this Agreement. The Company shall deliver to the Rights Agent for cancellation and retirement, and the Rights Agent shall so cancel and retire, any other Right Certificate purchased or acquired by the Company otherwise than upon the exercise thereof. Subject to applicable law and regulation, the Rights Agent shall maintain in a retrievable database electronic records or physical records of all cancelled or destroyed Rights Certificates which have been cancelled or destroyed by the Rights Agent. The Rights Agent shall maintain such electronic records or physical records for the time period required by applicable law and regulation. Upon written request of the Company (and at the expense of the Company), the Rights Agent shall provide to the Company or its designee copies of such electronic records or physical records relating to Rights Certificates cancelled or destroyed by the Rights Agent.

Section 9. Reservation and Availability of Capital Stock. The Company covenants and agrees that, from and after the Distribution Date, it will cause to be reserved and kept available out of its authorized and unissued Series A Preferred (and, following the occurrence of a Trigger Event, out of its authorized and unissued Common Stock or other securities or out of its shares held in its treasury) the number of shares of Series A Preferred (and, following the occurrence of a Trigger Event, Common Stock and/or other securities) that will be sufficient to permit the exercise in full of all outstanding Rights.

So long as the Series A Preferred (and, following the occurrence of a Trigger Event, Common Stock and/or other securities) issuable upon the exercise of Rights may be listed on the New York Stock Exchange (“NYSE”) or any other national securities exchange or traded in the over-the-counter market, the Company shall use its best efforts to cause, from and after such time as the Rights become exercisable, all shares reserved for such issuance to be listed or admitted to trading on the NYSE or such other exchange or market upon official notice of issuance upon such exercise.

The Company covenants and agrees that it will take all such action as may be necessary to ensure that all Series A Preferred (and, following the occurrence of a Trigger Event, Common Stock and/or other securities) delivered upon exercise of Rights shall, at the time of delivery of the certificates for such shares (subject to payment of the Purchase Price), be duly and validly authorized and issued and fully paid and nonassessable shares.

From and after such time as the Rights become exercisable, the Company shall use its best efforts, if then necessary, to permit the issuance of Series A Preferred upon the exercise of Rights, to register and qualify such Series A Preferred under the Securities Act and any applicable state securities or “Blue Sky” laws (to the extent exemptions therefrom are not available), cause such registration statement and qualifications to become effective as soon as possible after such filing and keep such registration and qualifications effective until the earlier of the date as of which the Rights are no longer exercisable for such securities and the Expiration Date. The Company may temporarily suspend, from time to time for a period of time not to exceed one hundred twenty (120) days in any particular instance, the exercisability of the Rights in order to prepare and file a registration statement under the Securities Act and permit it to become effective or in order to prepare and file any supplement or amendment to such registration statement that the Board determines to be necessary and appropriate under applicable law. Upon any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended, as well as a public announcement at such time as the suspension is no longer in effect. Notwithstanding any provision of this Agreement to the contrary, the Rights shall not be exercisable in any jurisdiction unless the requisite qualification or exemption in such jurisdiction shall have been obtained and until a registration statement under the Securities Act (if required) shall have been declared effective.

The Company further covenants and agrees that it will pay when due and payable any and all taxes and charges which may be payable in respect of the issuance or delivery of the Right Certificates or of any Series A Preferred (or Common Stock and/or other securities, as the case may be) upon the exercise of Rights. The Company shall not, however, be required to pay any tax or charge which may be payable in respect of any transfer or delivery of Right Certificates to a Person other than, or the issuance or delivery of certificates for the Series A Preferred (or Common Stock and/or other securities, as the case may be) in a name other than that of, the registered holder of the Right Certificate evidencing Rights surrendered for exercise or to issue or deliver any certificates for Series A Preferred (or Common Stock and/or other securities, as the case may be) in a name other than that of the registered holder upon the exercise of any Rights until any such tax or charge shall have been paid (any such tax or charge being payable by the registered holder of such Right Certificate at the time of surrender) or until it has been established to the Company’s satisfaction that no such tax or charge is due.

Section 10. Series A Preferred Record Date. Each Person in whose name any certificate for Series A Preferred (or Common Stock and/or other securities, as the case may be) is issued upon the exercise of Rights shall for all purposes be deemed to have become the holder of record of the Series A Preferred (or Common Stock and/or other securities, as the case may be) represented thereby on, and such certificate shall be dated, the date upon which the Right Certificate evidencing such Rights was duly surrendered and payment of the Purchase Price (and any applicable taxes or charges) was made; *provided, however*, that if the date of such surrender and payment is a date upon which the Series A Preferred (or Common Stock and/or other securities, as the case may be) transfer books of the Company are closed, such Person shall be deemed to have become the record holder of such shares (fractional or otherwise) on, and such certificate shall be dated, the next succeeding Business Day on which the Series A Preferred (or Common Stock and/or other securities, as the case may be) transfer books of the Company are open. Prior to the exercise of the Rights evidenced thereby (or an exchange pursuant to Section 27), the holder of a Right Certificate

shall not be entitled to any rights of a holder of Series A Preferred (or Common Stock or other securities, as the case may be) for which the Rights shall be exercisable, including, without limitation, the right to vote or to receive dividends or other distributions, and shall not be entitled to receive any notice of any proceedings of the Company, except as provided herein.

Section 11. Adjustment of Purchase Price, Number of Shares or Number of Rights. The Purchase Price, the number of shares of Series A Preferred or other securities or property purchasable upon exercise of each Right and the number of Rights outstanding are subject to adjustment from time to time as provided in this Section 11.

11.1. Post-Execution Events.

11.1.1. Corporate Dividends, Reclassifications, Etc. In the event the Company shall, at any time after the date of this Agreement, (A) declare and pay a dividend on the Series A Preferred payable in Series A Preferred, (B) subdivide the outstanding Series A Preferred, (C) combine the outstanding Series A Preferred into a smaller number of shares of Series A Preferred or (D) issue any shares of its capital stock in a reclassification of the Series A Preferred (including any such reclassification in connection with a consolidation or merger in which the Company is the continuing or surviving corporation), except as otherwise provided in this Section 11.1.1, the Purchase Price in effect at the time of the record date for such dividend or of the effective date of such subdivision, combination or reclassification, and the number and kind of shares of capital stock issuable on such date, shall be proportionately adjusted so that the holder of any Right exercised after such time shall be entitled to receive the aggregate number and kind of shares of capital stock which, if such Right had been exercised immediately prior to such date and at a time when the Series A Preferred transfer books of the Company were open, such holder would have owned upon such exercise and been entitled to receive by virtue of such dividend, subdivision, combination or reclassification; *provided, however*, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company issuable upon exercise of one Right. If an event occurs which would require an adjustment under both Section 11.1.1 and Section 11.1.2, the adjustment provided for in this Section 11.1.1 shall be in addition to, and shall be made prior to, the adjustment required pursuant to, Section 11.1.2.

11.1.2. Acquiring Person Events; Triggering Events. Subject to Section 27, in the event that a Trigger Event occurs, then, from and after the first occurrence of such event, each holder of a Right, except as provided below, shall thereafter have a right to receive, upon exercise thereof at a price per Right equal to the then current Purchase Price multiplied by the number of one-thousandths of a share of Series A Preferred for which a Right is then exercisable (without giving effect to this Section 11.1.2), in accordance with the terms of this Agreement and in lieu of Series A Preferred, such number of shares of Common Stock as shall equal the result obtained by (x) multiplying the then current Purchase Price by the number of one-thousandths of a share of Series A Preferred for which a Right is then exercisable (without giving effect to this Section 11.1.2) and (y) dividing that product by 50% of the current per share market price of the Common Stock (determined pursuant to Section 11.4) on the first of the date of the occurrence of, or the date of the first public announcement of, a Trigger Event (the "*Adjustment Shares*"); *provided* that the Purchase Price and the number of Adjustment Shares shall thereafter be subject to further adjustment as appropriate in accordance with Section 11.6. Notwithstanding the foregoing, upon and after the occurrence of a Trigger Event, any Rights that are or were acquired or Beneficially Owned by (1) any Acquiring Person or any Related Person of such Acquiring Person, (2) a transferee of any Acquiring Person (or of any Related Person of such Acquiring Person) who becomes a transferee after the Acquiring Person becomes such, or (3) a transferee of any Acquiring Person (or of any Related Person of such Acquiring Person) who becomes a transferee prior to or concurrently with the Acquiring Person becoming such and receives such Rights pursuant to either (A) a transfer (whether or not for consideration) from the Acquiring Person to holders of equity interests in such Acquiring Person or to any Person with whom the Acquiring Person has any continuing agreement, arrangement or understanding regarding the transferred Rights or (B) a transfer which the Board has determined is part of a plan, arrangement or understanding which has as a primary purpose or effect avoidance of this Section 11.1.2, and subsequent transferees, shall become void without any further action, and any holder (whether or not such holder is an Acquiring Person or a Related Person of an Acquiring Person) of such Rights shall thereafter have no right to exercise such Rights under any provision of this Agreement or otherwise. From and after the Trigger Event, no Right Certificate shall be

TABLE OF CONTENTS

issued pursuant to Section 3 or Section 6 that represents Rights that are or have become void pursuant to the provisions of this paragraph, and any Right Certificate delivered to the Rights Agent that represents Rights that are or have become void pursuant to the provisions of this paragraph shall be canceled.

The Company shall use all reasonable efforts to ensure that the provisions of this Section 11.1.2 are complied with, but shall have no liability to any holder of Right Certificates or any other Person as a result of its failure to make any determinations with respect to any Acquiring Person or its Related Persons or transferees hereunder.

From and after the occurrence of an event specified in Section 13.1, any Rights that theretofore have not been exercised pursuant to this Section 11.1.2 shall thereafter be exercisable only in accordance with Section 13 and not pursuant to this Section 11.1.2.

11.1.3. Insufficient Shares. The Company may at its option substitute for Common Stock issuable upon the exercise of Rights in accordance with the foregoing Section 11.1.2 a number of shares of Series A Preferred or fraction thereof such that the then current per share market price of one share of Series A Preferred multiplied by such number or fraction is equal to the then current per share market price of one share of Common Stock. In the event that upon the occurrence of a Trigger Event there shall not be sufficient Common Stock authorized but unissued, or held by the Company as treasury shares, to permit the exercise in full of the Rights in accordance with the foregoing Section 11.1.2, the Company shall take all such action as may be necessary to authorize additional Common Stock for issuance upon exercise of the Rights, *provided, however*, that if the Company determines that it is unable to cause the authorization of a sufficient number of additional shares of Common Stock, then, in the event the Rights become exercisable, the Company, with respect to each Right and to the extent necessary and permitted by applicable law and any agreements or instruments in effect on the date hereof to which it is a party, shall: (A) determine the excess of (1) the value of the Adjustment Shares issuable upon the exercise of a Right (the “*Current Value*”), over (2) the Purchase Price (such excess, the “*Spread*”) and (B) with respect to each Right (other than Rights which have become void pursuant to Section 11.1.2), make adequate provision to substitute for the Adjustment Shares, upon payment of the applicable Purchase Price, (1) cash, (2) a reduction in the Purchase Price, (3) Series A Preferred, (4) other equity securities of the Company (including, without limitation, shares, or fractions of shares, of preferred stock which, by virtue of having dividend, voting and liquidation rights substantially comparable to those of the Common Stock, the Board has deemed in good faith to have substantially the same value as the Common Stock) (each such share of preferred stock or fractions of shares of preferred stock constituting a “*common stock equivalent*”), (5) debt securities of the Company, (6) other assets or (7) any combination of the foregoing having an aggregate value equal to the Current Value, where such aggregate value has been determined by the Board based upon the advice of a nationally recognized investment banking firm selected in good faith by the Board; *provided, however*, that if the Company shall not have made adequate provision to deliver value pursuant to clause (B) above within thirty (30) days following the occurrence of a Trigger Event, then the Company shall be obligated to deliver, to the extent necessary and permitted by applicable law and any agreements or instruments in effect on the date hereof to which it is a party, upon the surrender for exercise of a Right and without requiring payment of the Purchase Price, Common Stock (to the extent available) and then, if necessary, such number or fractions of Series A Preferred (to the extent available) and then, if necessary, cash, which shares and/or cash have an aggregate value equal to the Spread. If, upon the occurrence of a Trigger Event, the Board shall determine in good faith that it is likely that sufficient additional shares of Common Stock could be authorized for issuance upon exercise in full of the Rights, then, if the Board so elects, the thirty (30) day period set forth above, may be extended to the extent necessary, but not more than one hundred twenty (120) days following the occurrence of a Trigger Event, in order that the Company may seek stockholder approval for the authorization of such additional shares (such thirty (30) day period, as it may be extended, is herein called the “*Substitution Period*”). To the extent that the Company determines that some actions need be taken pursuant to the second and/or third sentences of this Section 11.1.3, the Company (x) shall provide that such action shall apply uniformly to all outstanding Rights, and (y) may suspend the exercisability of the Rights until the expiration of the Substitution Period in order to seek any authorization of additional shares and/or to decide the appropriate form of distribution to be made pursuant to such first sentence and to determine the value thereof. In the event of any such suspension, the Company shall issue a public announcement stating that the exercisability of the Rights has been temporarily suspended as well as a public announcement at such time as the

TABLE OF CONTENTS

suspension is no longer in effect. For purposes of this Section 11.1.3, the value of a share of Common Stock shall be the then current per share market price (as determined pursuant to Section 11.4) on the date of the occurrence of a Trigger Event and the value of any “common stock equivalent” shall be deemed to have the same value as the Common Stock on such date. The Board may, but shall not be required to, establish procedures to allocate the right to receive Common Stock upon the exercise of the Rights among holders of Rights pursuant to this Section 11.1.3.

11.2. Dilutive Rights Offering. In case the Company shall fix a record date for the issuance of rights, options or warrants to all holders of Series A Preferred entitling them (for a period expiring within forty-five (45) calendar days after such record date) to subscribe for or purchase Series A Preferred (or securities having the same rights, privileges and preferences as the Series A Preferred (“*equivalent preferred stock*”)) or securities convertible into Series A Preferred or equivalent preferred stock at a price per share of Series A Preferred or per share of equivalent preferred stock (or having a conversion or exercise price per share, if a security convertible into or exercisable for Series A Preferred or equivalent preferred stock) less than the then current per share market price of the Series A Preferred (as determined pursuant to Section 11.4) on such record date, the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the number of shares of Series A Preferred and shares of equivalent preferred stock outstanding on such record date plus the number of shares of Series A Preferred and shares of equivalent preferred stock which the aggregate offering price of the total number of shares of Series A Preferred and/or shares of equivalent preferred stock to be offered (and/or the aggregate initial conversion price of the convertible securities so to be offered) would purchase at such current per share market price and the denominator of which shall be the number of shares of Series A Preferred and shares of equivalent preferred stock outstanding on such record date plus the number of additional Series A Preferred and/or shares of equivalent preferred stock to be offered for subscription or purchase (or into which the convertible securities so to be offered are initially convertible); *provided, however*, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value of the shares of capital stock of the Company issuable upon exercise of one Right. In case such subscription price may be paid in a consideration part or all of which shall be in a form other than cash, the value of such consideration shall be as determined in good faith by the Board, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent and the holders of the Rights. Series A Preferred and shares of equivalent preferred stock owned by or held for the account of the Company or any Subsidiary of the Company shall not be deemed outstanding for the purpose of any such computation. Such adjustments shall be made successively whenever such a record date is fixed; and in the event that such rights or warrants are not so issued, the Purchase Price shall be adjusted to be the Purchase Price which would then be in effect if such record date had not been fixed.

11.3. Distributions. In case the Company shall fix a record date for the making of a distribution to all holders of the Series A Preferred (including any such distribution made in connection with a consolidation or merger in which the Company is the continuing or surviving corporation) of evidences of indebtedness, cash, securities or assets (other than a regular periodic cash dividend at a rate not in excess of 125% of the rate of the last regular periodic cash dividend theretofore paid or, in case regular periodic cash dividends have not theretofore been paid, at a rate not in excess of 50% of the average net income per share of the Company for the four quarters ended immediately prior to the payment of such dividend, or a dividend payable in Series A Preferred (which dividend, for purposes of this Agreement, shall be subject to the provisions of Section 11.1.1(A)) or convertible securities, or subscription rights or warrants (excluding those referred to in Section 11.2), the Purchase Price to be in effect after such record date shall be determined by multiplying the Purchase Price in effect immediately prior to such record date by a fraction, the numerator of which shall be the then current per share market price of the Series A Preferred (as determined pursuant to Section 11.4) on such record date, less the fair market value (as determined in good faith by the Board, whose determination shall be described in a statement filed with the Rights Agent and shall be binding on the Rights Agent) of the portion of the cash, assets, securities or evidences of indebtedness so to be distributed or of such subscription rights or warrants applicable to one share of Series A Preferred and the denominator of which shall be such current per share market price of the Series A Preferred (as determined pursuant to Section 11.4); *provided, however*, that in no event shall the consideration to be paid upon the exercise of one Right be less than the aggregate par value

TABLE OF CONTENTS

of the shares of capital stock of the Company to be issued upon exercise of one Right. Such adjustments shall be made successively whenever such a record date is fixed; and in the event that such distribution is not so made, the Purchase Price shall again be adjusted to be the Purchase Price that would then be in effect if such record date had not been fixed.

11.4. Current Per Share Market Value.

11.4.1. General. For the purpose of any computation hereunder, the “*current per share market price*” of any security (a “*Security*” for the purpose of this Section 11.4.1) on any date shall be deemed to be the average of the daily closing prices per share of such Security for the thirty (30) consecutive Trading Days (as such term is hereinafter defined) immediately prior to, but not including, such date; *provided, however*, that in the event that the then current per share market price of the Security is determined during any period following the announcement by the issuer of such Security of (i) a dividend or distribution on such Security payable in shares of such Security or securities convertible into such shares or (ii) any subdivision, combination or reclassification of such Security, and prior to the expiration of thirty (30) Trading Days after the ex-dividend date for such dividend or distribution, or the record date for such subdivision, combination or reclassification, then, and in each such case, the “current per share market price” shall be appropriately adjusted to reflect the then current market price per share equivalent of such Security. The closing price for each day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the NYSE or, if the Security is not listed or admitted to trading on the NYSE, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the Security is listed or admitted to trading or, if the Security is not listed or admitted to trading on any national securities exchange, the last quoted price or, if on such date the Security is not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported thereby or such other system then in use, or, if on any such date the Security is not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Security selected by the Board. If on any such date no such market maker is making a market in the Security, the fair value of the Security on such date as determined in good faith by the Board shall be used. The term “*Trading Day*” shall mean a day on which the principal national securities exchange on which the Security is listed or admitted to trading is open for the transaction of business or, if the Security is not listed or admitted to trading on any national securities exchange, a Business Day. If the Security is not publicly held or not so listed or traded, or if on any such date the Security is not so quoted and no such market maker is making a market in the Security, “current per share market price” shall mean the fair value per share as determined in good faith by the Board or, if at the time of such determination there is an Acquiring Person, by a nationally recognized investment banking firm selected by the Board, which shall have the duty to make such determination in a reasonable and objective manner, whose determination shall be described in a statement filed with the Rights Agent and shall be conclusive for all purposes.

11.4.2. Series A Preferred. Notwithstanding Section 11.4.1, for the purpose of any computation hereunder, the “current per share market price” of the Series A Preferred shall be determined in the same manner as set forth above in Section 11.4.1 (other than the last sentence thereof). If the current per share market price of the Series A Preferred cannot be determined in the manner described in Section 11.4.1, the “current per share market price” of the Series A Preferred shall be conclusively deemed to be an amount equal to 1,000 (as such number may be appropriately adjusted for such events as stock splits, stock dividends and recapitalizations with respect to the Common Stock occurring after the date of this Agreement) multiplied by the current per share market price of the Common Stock (as determined pursuant to Section 11.4.1). If neither the Common Stock nor the Series A Preferred are publicly held or so listed or traded, or if on any such date neither the Common Stock nor the Series A Preferred are so quoted and no such market maker is making a market in either the Common Stock or the Series A Preferred, “current per share market price” of the Series A Preferred shall mean the fair value per share as determined in good faith by the Board, or, if at the time of such determination there is an Acquiring Person, by a nationally recognized investment banking firm selected by the Board, which shall have the duty to make such determination in a reasonable and objective manner, which determination shall be described in a statement

TABLE OF CONTENTS

filed with the Rights Agent and shall be conclusive for all purposes. For purposes of this Agreement, the “current per share market price” of one one-thousandth of a share of Series A Preferred shall be equal to the “current per share market price” of one share of Series A Preferred divided by 1,000.

11.5. Insignificant Changes. No adjustment in the Purchase Price shall be required unless such adjustment would require an increase or decrease of at least 1% in the Purchase Price. Any adjustments which by reason of this Section 11.5 are not required to be made shall be carried forward and taken into account in any subsequent adjustment. All calculations under this Section 11 shall be made to the nearest cent or to the nearest one-hundred thousandth of a share of Series A Preferred or the nearest ten-thousandth of a share of Common Stock or other share or security, as the case may be.

11.6. Shares Other Than Series A Preferred. If as a result of an adjustment made pursuant to Section 11.1, the holder of any Right thereafter exercised shall become entitled to receive any shares of capital stock of the Company other than Series A Preferred, thereafter the number of such other shares so receivable upon exercise of any Right shall be subject to adjustment from time to time in a manner and on terms as nearly equivalent as practicable to the provisions with respect to the Series A Preferred contained in Sections 11.1, 11.2, 11.3, 11.5, 11.8, 11.9 and 11.13, and the provisions of Sections 7, 9, 10, 13 and 14 with respect to the Series A Preferred shall apply on like terms to any such other shares.

11.7. Rights Issued Subsequent to Adjustment. All Rights originally issued by the Company subsequent to any adjustment made to the Purchase Price hereunder shall evidence the right to purchase, at the adjusted Purchase Price, the number of one-thousandths of a share of Series A Preferred and shares of other capital stock or other securities, assets or cash of the Company, if any, purchasable from time to time hereunder upon exercise of the Rights, all subject to further adjustment as provided herein.

11.8. Effect of Adjustments on Existing Rights. Unless the Company shall have exercised its election as provided in Section 11.9, upon each adjustment of the Purchase Price as a result of the calculations made in Sections 11.2 and 11.3, each Right outstanding immediately prior to the making of such adjustment shall thereafter evidence the right to purchase, at the adjusted Purchase Price, that number of one-thousandths of a share of Series A Preferred (calculated to the nearest one-hundred thousandth of a share of Series A Preferred) obtained by (i) multiplying (x) the number of one-thousandths of a share of Series A Preferred covered by a Right immediately prior to this adjustment by (y) the Purchase Price in effect immediately prior to such adjustment of the Purchase Price and (ii) dividing the product so obtained by the Purchase Price in effect immediately after such adjustment of the Purchase Price.

11.9. Adjustment in Number of Rights. The Company may elect on or after the date of any adjustment of the Purchase Price to adjust the number of Rights, in substitution for any adjustment in the number of one-thousandths of a share of Series A Preferred issuable upon the exercise of a Right. Each of the Rights outstanding after such adjustment of the number of Rights shall be exercisable for the number of one-thousandths of a share of Series A Preferred for which a Right was exercisable immediately prior to such adjustment. Each Right held of record prior to such adjustment of the number of Rights shall become that number of Rights (calculated to the nearest ten-thousandth) obtained by dividing the Purchase Price in effect immediately prior to adjustment of the Purchase Price by the Purchase Price in effect immediately after adjustment of the Purchase Price. The Company shall make a public announcement of its election to adjust the number of Rights, indicating the record date for the adjustment, and, if known at the time, the amount of the adjustment to be made. This record date may be the date on which the Purchase Price is adjusted or any day thereafter, but, if the Right Certificates have been issued, shall be at least ten (10) days later than the date of the public announcement. If Right Certificates have been issued, upon each adjustment of the number of Rights pursuant to this Section 11.9, the Company may, as promptly as practicable, cause to be distributed to holders of record of Right Certificates on such record date Right Certificates evidencing, subject to Section 14, the additional Rights to which such holders shall be entitled as a result of such adjustment, or, at the option of the Company, shall cause to be distributed to such holders of record in substitution and replacement for the Right Certificates held by such holders prior to the date of adjustment, and upon surrender thereof, if required by the Company, new Right Certificates evidencing all the Rights to which such holders shall be entitled after such adjustment. Right Certificates so to be distributed shall be issued, executed and countersigned in the manner provided for herein (and may bear, at the option of the Company, the adjusted Purchase Price) and shall be registered in the names of the holders of record of Right Certificates on the record date specified in the public announcement.

TABLE OF CONTENTS

11.10. Right Certificates Unchanged. Irrespective of any adjustment or change in the Purchase Price or the number of one-thousandths of a share of Series A Preferred issuable upon the exercise of the Rights, the Right Certificates theretofore and thereafter issued may continue to express the Purchase Price per share and the number of one-thousandths of a share of Series A Preferred which were expressed in the initial Right Certificates issued hereunder.

11.11. Par Value Limitations. Before taking any action that would cause an adjustment reducing the Purchase Price below one one-thousandth of the then par value, if any, of the Series A Preferred or other shares of capital stock issuable upon exercise of the Rights, the Company shall take any corporate action which may, in the opinion of its counsel, be necessary in order that the Company may validly and legally issue fully paid and nonassessable Series A Preferred or other such shares at such adjusted Purchase Price.

11.12. Deferred Issuance. In any case in which this Section 11 shall require that an adjustment in the Purchase Price be made effective as of a record date for a specified event, the Company may elect to defer until the occurrence of such event the issuance to the holder of any Right exercised after such record date of that number of shares of Series A Preferred and shares of other capital stock or securities of the Company, if any, issuable upon such exercise over and above the Series A Preferred and shares of other capital stock or other securities, assets or cash of the Company, if any, issuable upon such exercise on the basis of the Purchase Price in effect prior to such adjustment; *provided, however*, that the Company shall deliver to such holder a due bill or other appropriate instrument evidencing such holder's right to receive such additional shares upon the occurrence of the event requiring such adjustment.

11.13. Reduction in Purchase Price. Anything in this Section 11 to the contrary notwithstanding, the Company shall be entitled to make such reductions in the Purchase Price, in addition to those adjustments expressly required by this Section 11, as and to the extent that it in its sole discretion shall determine to be advisable in order that any consolidation or subdivision of the Series A Preferred, issuance wholly for cash of any of the Series A Preferred at less than the current market price, issuance wholly for cash of Series A Preferred or securities which by their terms are convertible into or exchangeable for Series A Preferred, dividends on Series A Preferred payable in Series A Preferred or issuance of rights, options or warrants referred to hereinabove in this Section 11, hereafter made by the Company to holders of its Series A Preferred shall not be taxable to such stockholders.

11.14. Company Not to Diminish Benefits of Rights. The Company covenants and agrees that after the earlier of the Stock Acquisition Date or Distribution Date it will not, except as permitted by Section 23, Section 26 or Section 27, take (or permit any Subsidiary to take) any action if at the time such action is taken it is reasonably foreseeable that such action will substantially diminish or otherwise eliminate the benefits intended to be afforded by the Rights.

11.15. Adjustment of Rights Associated with Common Stock. Notwithstanding anything contained in this Agreement to the contrary, in the event that the Company shall at any time after the date hereof and prior to the Distribution Date (i) declare or pay any dividend on the outstanding Common Stock payable in shares of Common Stock, (ii) effect a subdivision or consolidation of the outstanding Common Stock (by reclassification or otherwise than by the payment of dividends payable in shares of Common Stock), or (iii) combine the outstanding Common Stock into a greater or lesser number of shares of Common Stock, then in any such case, the number of Rights associated with each share of Common Stock then outstanding, or issued or delivered thereafter but prior to the Distribution Date or in accordance with Section 22 shall be proportionately adjusted so that the number of Rights thereafter associated with each share of Common Stock following any such event shall equal the result obtained by multiplying the number of Rights associated with each share of Common Stock immediately prior to such event by a fraction, the numerator of which shall be the total number of shares of Common Stock outstanding immediately prior to the occurrence of the event and the denominator of which shall be the total number of shares of Common Stock outstanding immediately following the occurrence of such event. The adjustments provided for in this Section 11.15 shall be made successively whenever such a dividend is declared or paid or such a subdivision, combination or consolidation is effected.

Section 12. Certificate of Adjusted Purchase Price or Number of Shares. Whenever an adjustment is made as provided in Sections 11 or 13, the Company shall (a) promptly prepare a certificate setting forth such adjustment, and a brief statement of the facts accounting for such adjustment, (b) promptly file with the Rights Agent and with each transfer agent for the Common Stock or the Series A Preferred a copy of such certificate and (c) mail a brief summary

thereof to each holder of a Right Certificate (or if before the Distribution Date, to each holder of a certificate representing shares of Common Stock or Book Entry Shares in respect thereof) in accordance with Section 25. The Rights Agent shall be fully protected in relying on any such certificate and on any adjustment or statement therein contained and shall not be deemed to have knowledge of any such adjustment unless and until it shall have received such certificate.

Section 13. Consolidation, Merger or Sale or Transfer of Assets or Earning Power

13.1. Certain Transactions. In the event that, from and after the first occurrence of a Trigger Event, directly or indirectly, (A) the Company shall consolidate with, or merge with and into, any other Person and the Company shall not be the continuing or surviving corporation, (B) any Person shall consolidate with the Company, or merge with and into the Company and the Company shall be the continuing or surviving corporation of such merger and, in connection with such merger, all or part of the Common Stock shall be changed into or exchanged for stock or other securities of the Company or any other Person or cash or any other property, or (C) the Company shall sell, exchange, mortgage or otherwise transfer (or one or more of its Subsidiaries shall sell, exchange, mortgage or otherwise transfer), in one or more transactions, assets or earning power aggregating 50% or more of the assets or earning power of the Company and its Subsidiaries (taken as a whole) to any other Person or Persons (other than the Company or one or more wholly-owned Subsidiaries of the Company in one or more transactions each of which complies with Section 11.14), then, and in each such case, proper provision shall be made so that (i) each holder of a Right (other than Rights which have become void pursuant to Section 11.1.2) shall thereafter have the right to receive, upon the exercise thereof at a price per Right equal to the then current Purchase Price multiplied by the number of one-thousandths of a share of Series A Preferred for which a Right was exercisable immediately prior to the first occurrence of a Trigger Event (as subsequently adjusted pursuant to Sections 11.1.1, 11.2, 11.3, 11.8, 11.9 and 11.12), in accordance with the terms of this Agreement and in lieu of Series A Preferred or Common Stock, such number of validly authorized and issued, fully paid, non-assessable and freely tradable Common Stock of the Principal Party (as such term is hereinafter defined) not subject to any liens, encumbrances, rights of first refusal or other adverse claims, as shall be equal to the result obtained by (x) multiplying the then current Purchase Price by the number of one-thousandths of a share of Series A Preferred for which a Right was exercisable immediately prior to the first occurrence of a Trigger Event (as subsequently adjusted pursuant to Sections 11.1.1, 11.2, 11.3, 11.8, 11.9 and 11.12) and (y) dividing that product by 50% of the then current per share market price of the Common Stock of such Principal Party (determined pursuant to Section 11.4) on the date of consummation of such consolidation, merger, sale or transfer; *provided* that the price per Right so payable and the number of shares of Common Stock of such Principal Party so receivable upon exercise of a Right shall thereafter be subject to further adjustment as appropriate in accordance with Section 11.6 to reflect any events covered thereby occurring in respect of the Common Stock of such Principal Party after the occurrence of such consolidation, merger, sale or transfer; (ii) such Principal Party shall thereafter be liable for, and shall assume, by virtue of such consolidation, merger, sale or transfer, all of the obligations and duties of the Company pursuant to this Agreement; (iii) the term "Company" shall thereafter be deemed to refer to such Principal Party; and (iv) such Principal Party shall take such steps (including, but not limited to, the reservation of a sufficient number of shares of its Common Stock in accordance with Section 9) in connection with such consummation as may be necessary to assure that the provisions hereof shall thereafter be applicable, as nearly as reasonably may be, in relation to its Common Stock thereafter deliverable upon the exercise of the Rights; *provided* that, upon the subsequent occurrence of any consolidation, merger, sale or transfer of assets or other extraordinary transaction in respect of such Principal Party, each holder of a Right shall thereupon be entitled to receive, upon exercise of a Right and payment of the Purchase Price as provided in this Section 13.1, such cash, shares, rights, warrants and other property which such holder would have been entitled to receive had such holder, at the time of such transaction, owned the Common Stock of the Principal Party receivable upon the exercise of a Right pursuant to this Section 13.1, and such Principal Party shall take such steps (including, but not limited to, reservation of shares of stock) as may be necessary to permit the subsequent exercise of the Rights in accordance with the terms hereof for such cash, shares, rights, warrants and other property. The Company shall not consummate any such consolidation, merger, sale or transfer unless prior thereto the Company and such Principal Party shall have executed and delivered to the Rights Agent a supplemental agreement confirming that the requirements of this Section 13.1 and Section 13.2 shall promptly be performed in accordance with their terms and that such consolidation, merger, sale or transfer of assets shall not result in a default by the Principal Party under this

TABLE OF CONTENTS

Agreement as the same shall have been assumed by the Principal Party pursuant to this Section 13.1 and Section 13.2 and providing that, as soon as practicable after executing such agreement pursuant to this Section 13, the Principal Party, at its own expense, shall:

(1) prepare and file a registration statement under the Securities Act, if necessary, with respect to the Rights and the securities purchasable upon exercise of the Rights on an appropriate form, use its best efforts to cause such registration statement to become effective as soon as practicable after such filing and use its best efforts to cause such registration statement to remain effective (with a prospectus at all times meeting the requirements of the Securities Act) until the Expiration Date and similarly comply with applicable state securities laws;

(2) use its best efforts, if the Common Stock of the Principal Party shall be listed or admitted to trading on the NYSE or on another national securities exchange, to list or admit to trading (or continue the listing of) the Rights and the securities purchasable upon exercise of the Rights on the NYSE or such securities exchange;

(3) deliver to holders of the Rights historical financial statements for the Principal Party which comply in all respects with the requirements for registration on Form 10 (or any successor form) under the Exchange Act; and

(4) obtain waivers of any rights of first refusal or preemptive rights in respect of the Common Stock of the Principal Party subject to purchase upon exercise of outstanding Rights.

In case the Principal Party has a provision in any of its authorized securities or in its articles or certificate of incorporation or by-laws or other instrument governing its corporate affairs, which provision would have the effect of (i) causing such Principal Party to issue (other than to holders of Rights pursuant to this Section 13), in connection with, or as a consequence of, the consummation of a transaction referred to in this Section 13, Common Stock or common stock equivalents of such Principal Party at less than the then current market price per share thereof (determined pursuant to Section 11.4) or securities exercisable for, or convertible into, Common Stock or common stock equivalents of such Principal Party at less than such then current market price (other than to holders of Rights pursuant to this Section 13), or (ii) providing for any special payment, taxes, charges or similar provision in connection with the issuance of the Common Stock of such Principal Party pursuant to the provision of Section 13, then, in such event, the Company hereby agrees with each holder of Rights that it shall not consummate any such transaction unless prior thereto the Company and such Principal Party shall have executed and delivered to the Rights Agent a supplemental agreement providing that the provision in question of such Principal Party shall have been canceled, waived or amended, or that the authorized securities shall be redeemed, so that the applicable provision will have no effect in connection with, or as a consequence of, the consummation of the proposed transaction.

The Company covenants and agrees that it shall not, at any time after the Trigger Event, enter into any transaction of the type described in clauses (A) through (C) of this Section 13.1 if (i) at the time of or immediately after such consolidation, merger, sale, transfer or other transaction there are any rights, warrants or other instruments or securities outstanding or agreements in effect which would substantially diminish or otherwise eliminate the benefits intended to be afforded by the Rights, (ii) prior to, simultaneously with or immediately after such consolidation, merger, sale, transfer or other transaction, the stockholders of the Person who constitutes, or would constitute, the Principal Party for purposes of Section 13.2 shall have received a distribution of Rights previously owned by such Person or any of its Related Persons or (iii) the form or nature of organization of the Principal Party would preclude or limit the exercisability of the Rights. The provisions of this Section 13 shall similarly apply to successive transactions of the type described in clauses (A) through (C) of this Section 13.1.

13.2. Principal Party. “*Principal Party*” shall mean:

(i) in the case of any transaction described in clauses (A) or (B) of the first sentence of Section 13.1: (i) the Person that is the issuer of the securities into which the Common Stock is converted in such merger or consolidation, or, if there is more than one such issuer, the issuer the Common Stock of which has the greatest aggregate market value of shares outstanding, or (ii) if no securities are so issued, (x) the Person that is the other party to the merger, if such Person survives said merger, or, if there is more than one such

TABLE OF CONTENTS

Person, the Person the Common Stock of which has the greatest aggregate market value of shares outstanding or (y) if the Person that is the other party to the merger does not survive the merger, the Person that does survive the merger (including the Company if it survives) or (z) the Person resulting from the consolidation; and

(ii) in the case of any transaction described in clause (C) of the first sentence in Section 13.1, the Person that is the party receiving the greatest portion of the assets or earning power transferred pursuant to such transaction or transactions, or, if each Person that is a party to such transaction or transactions receives the same portion of the assets or earning power so transferred or if the Person receiving the greatest portion of the assets or earning power cannot be determined, whichever of such Persons is the issuer of Common Stock having the greatest aggregate market value of shares outstanding; *provided, however,* that in any such case described in the foregoing clause (i) or (ii) of this Section 13.2, if the shares of Common Stock of such Person are not at such time or have not been continuously over the preceding twelve (12) month period registered under Section 12 of the Exchange Act, then (1) if such Person is a direct or indirect Subsidiary of another Person the shares of Common Stock of which are and have been so registered, the term “Principal Party” shall refer to such other Person, or (2) if such Person is a Subsidiary, directly or indirectly, of more than one Person, the shares of Common Stock of all of which are and have been so registered, the term “Principal Party” shall refer to whichever of such Persons is the issuer of Common Stock having the greatest aggregate market value of shares outstanding, or (3) if such Person is owned, directly or indirectly, by a joint venture formed by two or more Persons that are not owned, directly or indirectly, by the same Person, the rules set forth in clauses (1) and (2) above shall apply to each of the owners having an interest in the venture as if the Person owned by the joint venture was a Subsidiary of both or all of such joint venturers, and the Principal Party in each such case shall bear the obligations set forth in this Section 13 in the same ratio as its interest in such Person bears to the total of such interests.

13.3. Approved Acquisitions. Notwithstanding anything contained herein to the contrary, upon the consummation of any merger or other acquisition transaction of the type described in clause (A), (B) or (C) of Section 13.1 involving the Company pursuant to a merger or other acquisition agreement between the Company and any Person (or one or more of such Person’s Affiliates or Associates) which agreement has been approved by the Board prior to any Person becoming an Acquiring Person, this Agreement and the rights of holders of Rights hereunder shall be terminated in accordance with Section 7.1.

Section 14. Fractional Rights and Fractional Shares.

14.1. Cash in Lieu of Fractional Rights. The Company shall not be required to issue fractions of Rights or to distribute Right Certificates which evidence fractional Rights (except prior to the Distribution Date in accordance with Section 11.15). In lieu of such fractional Rights, there shall be paid to the registered holders of the Right Certificates with regard to which such fractional Rights would otherwise be issuable an amount in cash equal to the same fraction of the current market value of a whole Right. For the purposes of this Section 14.1, the current market value of a whole Right shall be the closing price of the Rights for the Trading Day immediately prior to the date on which such fractional Rights would have been otherwise issuable. The closing price for any day shall be the last sale price, regular way, or, in case no such sale takes place on such day, the average of the closing bid and asked prices, regular way, in either case as reported in the principal consolidated transaction reporting system with respect to securities listed or admitted to trading on the NYSE or, if the Rights are not listed or admitted to trading on the NYSE, as reported in the principal consolidated transaction reporting system with respect to securities listed on the principal national securities exchange on which the Rights are listed or admitted to trading or, if the Rights are not listed or admitted to trading on any national securities exchange, the last quoted price or, if not so quoted, the average of the high bid and low asked prices in the over-the-counter market, as reported by the NYSE or such other system then in use or, if on any such date the Rights are not quoted by any such organization, the average of the closing bid and asked prices as furnished by a professional market maker making a market in the Rights selected by the Board. If on any such date no such market maker is making a market in the Rights, the current market value of the Rights on such date shall be the fair value of the Rights as determined in good faith by the Board, or, if at the time of such determination there is an Acquiring Person, by a nationally recognized investment banking firm selected by the Board, which shall have the duty to make such determination in a reasonable and objective manner, which determination shall be described in a statement filed with the Rights Agent and shall be conclusive for all purposes.

14.2. Cash in Lieu of Fractional Shares of Series A Preferred. The Company shall not be required to issue fractions of shares of Series A Preferred (other than fractions which are integral multiples of one one-thousandth

TABLE OF CONTENTS

of a share of Series A Preferred) upon exercise or exchange of the Rights or to distribute certificates which evidence fractional shares of Series A Preferred (other than fractions which are integral multiples of one one-thousandth of a share of Series A Preferred). Interests in fractions of shares of Series A Preferred in integral multiples of one one-thousandth of a share of Series A Preferred may, at the election of the Company, be evidenced by depositary receipts, pursuant to an appropriate agreement between the Company and a depositary selected by it; *provided*, that such agreement shall provide that the holders of such depositary receipts shall have all the rights, privileges and preferences to which they are entitled as Beneficial Owners of the Series A Preferred represented by such depositary receipts. In lieu of fractional shares of Series A Preferred that are not integral multiples of one one-thousandth of a share of Series A Preferred, the Company shall pay to the registered holders of Right Certificates at the time such Rights are exercised or exchanged as herein provided an amount in cash equal to the same fraction of the current per share market price of one share of Series A Preferred (as determined in accordance with Section 14.1) for the Trading Day immediately prior to the date of such exercise or exchange.

14.3. Cash in Lieu of Fractional Shares of Common Stock. The Company shall not be required to issue fractions of shares of Common Stock or to distribute certificates which evidence fractional shares of Common Stock upon the exercise or exchange of Rights. In lieu of such fractional shares of Common Stock, the Company shall pay to the registered holders of the Right Certificates with regard to which such fractional shares of Common Stock would otherwise be issuable an amount in cash equal to the same fraction of the current market value of a whole share of Common Stock (as determined in accordance with Section 14.1) for the Trading Day immediately prior to the date of such exercise or exchange.

14.4. Waiver of Right to Receive Fractional Rights or Shares. The holder of a Right by the acceptance of the Rights expressly waives his right to receive any fractional Rights or any fractional shares upon exercise or exchange of a Right, except as permitted by this Section 14.

Section 15. Rights of Action. All rights of action in respect of this Agreement, except the rights of action given to the Rights Agent under Section 18, are vested in the respective registered holders of the Right Certificates (and, prior to the Distribution Date, the registered holders of the Common Stock); and any registered holder of any Right Certificate (or, prior to the Distribution Date, of the Common Stock), without the consent of the Rights Agent or of the holder of any other Right Certificate (or, prior to the Distribution Date, of the Common Stock), may, in his own behalf and for his own benefit, enforce this Agreement, and may institute and maintain any suit, action or proceeding against the Company to enforce this Agreement, or otherwise enforce or act in respect of his right to exercise the Rights evidenced by such Right Certificate (or, prior to the Distribution Date, such Common Stock) in the manner provided in such Right Certificate and in this Agreement. Without limiting the foregoing or any remedies available to the holders of Rights, it is specifically acknowledged that the holders of Rights would not have an adequate remedy at law for any breach of this Agreement and shall be entitled to specific performance of the obligations under, and injunctive relief against actual or threatened violations of, the obligations of any Person (including, without limitation, the Company) subject to this Agreement.

Section 16. Agreement of Right Holders. Every holder of a Right by accepting the same consents and agrees with the Company and the Rights Agent and with every other holder of a Right that:

(a) prior to the Distribution Date, the Rights will not be evidenced by a Right Certificate and will be transferable only in connection with the transfer of the Common Stock;

(b) as of and after the Distribution Date, the Right Certificates are transferable only on the registry books of the Rights Agent if surrendered at the office of the Rights Agent designated for such purpose, duly endorsed or accompanied by a proper instrument of transfer with all required certifications completed; and

(c) the Company and the Rights Agent may deem and treat the Person in whose name the Right Certificate (or, prior to the Distribution Date, the associated Common Stock certificate or Book Entry Share) is registered as the absolute owner thereof and of the Rights evidenced thereby (notwithstanding any notations of ownership or writing on the Right Certificates or the associated Common Stock certificate or Book Entry Share made by anyone other than the Company or the Rights Agent) for all purposes whatsoever, and neither the Company nor the Rights Agent shall be affected by any notice to the contrary.

Section 17. Right Certificate Holder Not Deemed a Stockholder. No holder, as such, of any Right Certificate shall be entitled to vote, receive dividends or be deemed for any purpose the holder of the Series A Preferred or any other securities of the Company which may at any time be issuable on the exercise of the Rights represented thereby,

TABLE OF CONTENTS

nor shall anything contained herein or in any Right Certificate be construed to confer upon the holder of any Right Certificate, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action, or to receive notice of meetings or other actions affecting stockholders (except as provided in Section 24), or to receive dividends or subscription rights, or otherwise, until the Right or Rights evidenced by such Right Certificate shall have been exercised in accordance with the provisions hereof.

Section 18. Concerning the Rights Agent. The Company agrees to pay to the Rights Agent reasonable compensation for all services rendered by it hereunder in accordance with a fee schedule to be mutually agreed upon and, from time to time, on demand of the Rights Agent, its reasonable expenses and counsel fees and other disbursements incurred in the administration and execution of this Agreement and the exercise and performance of its duties hereunder. The Company also agrees to indemnify the Rights Agent for, and to hold it harmless against, any loss, liability, or expense, incurred without negligence, bad faith or willful misconduct on the part of the Rights Agent, for anything done or omitted by the Rights Agent in connection with the acceptance and administration of this Agreement, including the costs and expenses of defending against any claim of liability arising therefrom, directly or indirectly.

The Rights Agent shall be protected and shall incur no liability for or in respect of any action taken, suffered or omitted by it in connection with its administration of this Agreement in reliance upon any Right Certificate or certificate for the Series A Preferred or the Common Stock or for other securities of the Company, instrument of assignment or transfer, power of attorney, endorsement, affidavit, letter, notice, instruction, direction, consent, certificate, statement, or other paper or document believed by it to be genuine and to be signed, executed and, where necessary, verified or acknowledged, by the proper Person or Persons.

Section 19. Merger or Consolidation or Change of Name of Rights Agent. Any corporation or limited liability company or other entity into which the Rights Agent or any successor Rights Agent may be merged or with which it may be consolidated, or any corporation or limited liability company or other entity resulting from any merger or consolidation to which the Rights Agent or any successor Rights Agent shall be a party, or any corporation or limited liability company succeeding to the corporate trust or stock transfer business of the Rights Agent or any successor Rights Agent, shall be the successor to the Rights Agent under this Agreement without the execution or filing of any paper or any further act on the part of any of the parties hereto, *provided* that such corporation or limited liability company or other entity would be eligible for appointment as a successor Rights Agent under the provisions of Section 21. In case at the time such successor Rights Agent shall succeed to the agency created by this Agreement, any of the Right Certificates shall have been countersigned but not delivered, any such successor Rights Agent may adopt the countersignature of the predecessor Rights Agent and deliver such Right Certificates so countersigned; and in case at that time any of the Right Certificates shall not have been countersigned, any successor Rights Agent may countersign such Right Certificates either in the name of the predecessor Rights Agent or in the name of the successor Rights Agent; and in all such cases such Right Certificates shall have the full force provided in the Right Certificates and in this Agreement.

In case at any time the name of the Rights Agent shall be changed and at such time any of the Right Certificates shall have been countersigned but not delivered, the Rights Agent may adopt the countersignature under its prior name and deliver Right Certificates so countersigned; and in case at that time any of the Right Certificates shall not have been countersigned, the Rights Agent may countersign such Right Certificates either in its prior name or in its changed name; and in all such cases such Right Certificates shall have the full force provided in the Right Certificates and in this Agreement.

Section 20. Duties of Rights Agent. The Rights Agent undertakes the duties and obligations imposed by this Agreement upon the following terms and conditions, by all of which the Company and the holders of Right Certificates, by their acceptance thereof, shall be bound:

20.1. Legal Counsel. The Rights Agent may consult with legal counsel selected by it (who may be legal counsel for the Company), and the opinion of such counsel shall be full and complete authorization and protection to the Rights Agent as to any action taken or omitted by it in good faith and in accordance with such opinion.

20.2. Certificates as to Facts or Matters. Whenever in the performance of its duties under this Agreement the Rights Agent shall deem it necessary or desirable that any fact or matter be proved or established by the Company prior to taking or suffering any action hereunder, such fact or matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a

certificate signed by any one of the Chief Executive Officer, the President, the Treasurer, the Secretary or any Vice President of the Company and delivered to the Rights Agent; and such certificate shall be full authorization to the Rights Agent for any action taken or suffered in good faith by it under the provisions of this Agreement in reliance upon such certificate.

20.3. Standard of Care. The Rights Agent shall be liable hereunder only for its own negligence, bad faith or willful misconduct.

20.4. Reliance on Agreement and Right Certificates. The Rights Agent shall not be liable for or by reason of any of the statements of fact or recitals contained in this Agreement or in the Right Certificates (except as to its countersignature thereof) or be required to verify the same, but all such statements and recitals are and shall be deemed to have been made by the Company only.

20.5. No Responsibility as to Certain Matters. The Rights Agent shall not be under any responsibility in respect of the validity of this Agreement or the execution and delivery hereof (except the due execution hereof by the Rights Agent) or in respect of the validity or execution of any Right Certificate (except its countersignature thereof); nor shall it be responsible for any breach by the Company of any covenant or condition contained in this Agreement or in any Right Certificate; nor shall it be responsible for any change in the exercisability of the Rights (including the Rights becoming void pursuant to Section 11.1.2) or any adjustment required under the provisions of Sections 3, 11, 13, 23 or 27 or responsible for the manner, method or amount of any such adjustment or the ascertaining of the existence of facts that would require any such adjustment (except with respect to the exercise of Rights evidenced by Right Certificates after actual notice of any such change or adjustment); nor shall it by any act hereunder be deemed to make any representation or warranty as to the authorization or reservation of any Series A Preferred or other securities to be issued pursuant to this Agreement or any Right Certificate or as to whether any Series A Preferred or other securities will, when so issued, be validly authorized and issued, fully paid and nonassessable.

20.6. Further Assurance by Company. The Company agrees that it will perform, execute, acknowledge and deliver or cause to be performed, executed, acknowledged and delivered all such further and other acts, instruments and assurances as may reasonably be required by the Rights Agent for the carrying out or performing by the Rights Agent of the provisions of this Agreement.

20.7. Authorized Company Officers. The Rights Agent is hereby authorized and directed to accept instructions with respect to the performance of its duties hereunder from any one of the Chief Executive Officer, the President, the Treasurer, the Secretary or any Vice President of the Company, and to apply to such officers for advice or instructions in connection with its duties under this Agreement, and it shall not be liable for any action taken or suffered to be taken by it in good faith in accordance with instructions of any such officer or for any delay in acting while waiting for these instructions. Any application by the Rights Agent for written instructions from the Company may, at the option of the Rights Agent, set forth in writing any action proposed to be taken or omitted by the Rights Agent with respect to its duties or obligations under this Agreement and the date on and/or after which such action shall be taken or such omission shall be effective. The Rights Agent shall not be liable to the Company for any action taken by, or omission of, the Rights Agent in accordance with a proposal included in any such application on or after the date specified therein (which date shall not be less than three (3) Business Days after the date any such officer actually receives such application, unless any such officer shall have consented in writing to an earlier date) unless, prior to taking of any such action (or the effective date in the case of omission), the Rights Agent shall have received written instructions in response to such application specifying the action to be taken or omitted.

20.8. Freedom to Trade in Company Securities. The Rights Agent and any stockholder, director, officer or employee of the Rights Agent may buy, sell or deal in any of the Rights or other securities of the Company or become pecuniarily interested in any transaction in which the Company may be interested, or contract with or lend money to the Company or otherwise act as fully and freely as though it were not Rights Agent under this Agreement. Nothing herein shall preclude the Rights Agent from acting in any other capacity for the Company or for any other legal entity.

20.9. Reliance on Attorneys and Agents. The Rights Agent may execute and exercise any of the rights or powers hereby vested in it or perform any duty hereunder either itself or by or through its attorneys or agents,

and the Rights Agent shall not be answerable or accountable for any act, omission, default, neglect or misconduct of any such attorneys or agents or for any loss to the Company resulting from any such act, omission, default, neglect or misconduct, *provided* that reasonable care was exercised in the selection and continued employment thereof.

20.10. Incomplete Certificate. If, with respect to any Right Certificate surrendered to the Rights Agent for exercise or transfer, the certificate contained in the form of assignment or the form of election to purchase set forth on the reverse thereof, as the case may be, has not been completed to certify the holder is not an Acquiring Person (or a Related Person of an Acquiring Person), the Rights Agent shall not take any further action with respect to such requested exercise or transfer without first consulting with the Company.

20.11. Rights Holders List. At any time and from time to time after the Distribution Date, upon the request of the Company, the Rights Agent shall promptly deliver to the Company a list, as of the most recent practicable date (or as of such earlier date as may be specified by the Company), of the holders of record of Rights.

Section 21. Change of Rights Agent. The Rights Agent or any successor Rights Agent may resign and be discharged from its duties under this Agreement upon thirty (30) days' notice in writing mailed to the Company and to each transfer agent of the Common Stock and/or Series A Preferred, as applicable, by registered or certified mail. Following the Distribution Date, the Company shall promptly notify the holders of the Right Certificates by first-class mail of any such resignation. The Company may remove the Rights Agent or any successor Rights Agent upon thirty (30) days' notice in writing, mailed to the Rights Agent or successor Rights Agent, as the case may be, and to each transfer agent of the Common Stock and/or Series A Preferred, as applicable, by registered or certified mail, and to the holders of the Right Certificates by first-class mail. If the Rights Agent shall resign or be removed or shall otherwise become incapable of acting, the resigning, removed, or incapacitated Rights Agent shall remit to the Company, or to any successor Rights Agent designated by the Company, all books, records, funds, certificates or other documents or instruments of any kind then in its possession which were acquired by such resigning, removed or incapacitated Rights Agent in connection with its services as Rights Agent hereunder, and shall thereafter be discharged from all duties and obligations hereunder. Following notice of such removal, resignation or incapacity, the Company shall appoint a successor to such Rights Agent. If the Company shall fail to make such appointment within a period of thirty (30) days after giving notice of such removal or after it has been notified in writing of such resignation or incapacity by the resigning or incapacitated Rights Agent or by the holder of a Right Certificate (who shall, with such notice, submit his Right Certificate for inspection by the Company), then the registered holder of any Right Certificate may apply to any court of competent jurisdiction for the appointment of a new Rights Agent. Any successor Rights Agent, whether appointed by the Company or by such a court, shall be a corporation organized and doing business under the laws of the State of New York or the State of Delaware (or any other state of the United States so long as such corporation is authorized to do business as a banking institution in the State of New York or the State of Delaware) in good standing, having an office in the State of New York or the State of Delaware, which is authorized under such laws to exercise stock transfer or corporate trust powers and is subject to supervision or examination by Federal or state authority and which has at the time of its appointment as Rights Agent a combined capital and surplus of at least \$100 million. After appointment, the successor Rights Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named as Rights Agent without further act or deed; but the predecessor Rights Agent shall deliver and transfer to the successor Rights Agent any property at the time held by it hereunder, and execute and deliver any further assurance, conveyance, act or deed necessary for the purpose. Not later than the effective date of any such appointment the Company shall file notice thereof in writing with the predecessor Rights Agent and each transfer agent of the Common Stock and/or Series A Preferred, as applicable, and, following the Distribution Date, mail a notice thereof in writing to the registered holders of the Right Certificates. Failure to give any notice provided for in this Section 21, however, or any defect therein, shall not affect the legality or validity of the resignation or removal of the Rights Agent or the appointment of the successor Rights Agent, as the case may be.

Section 22. Issuance of New Right Certificates. Notwithstanding any of the provisions of this Agreement or of the Rights to the contrary, the Company may, at its option, issue new Right Certificates evidencing Rights in such form as may be approved by its Board to reflect any adjustment or change in the Purchase Price and the number or kind or class of shares or other securities or property purchasable under the Right Certificates made in accordance with the provisions of this Agreement. In addition, in connection with the issuance or sale of Common Stock following the Distribution Date and prior to the Expiration Date, the Company shall, with respect to Common Stock so issued or sold pursuant to the exercise of stock options or under any employee plan or arrangement, granted or

awarded, or upon exercise, conversion or exchange of securities heretofore or hereinafter issued by the Company, in each case existing prior to the Distribution Date, issue Right Certificates representing the appropriate number of Rights in connection with such issuance or sale; *provided, however*, that (i) no such Right Certificate shall be issued if, and to the extent that, the Company shall be advised by counsel that such issuance would create a significant risk of material adverse tax consequences to the Company or the Person to whom such Right Certificate would be issued and (ii) no such Right Certificate shall be issued if, and to the extent that, appropriate adjustment shall otherwise have been made in lieu of the issuance thereof.

Section 23. Redemption.

23.1. Right to Redeem. The Board may, at its option, at any time prior to a Trigger Event, redeem all but not less than all of the then outstanding Rights at a redemption price of \$0.0001 per Right, appropriately adjusted to reflect any stock split, stock dividend, recapitalization or similar transaction occurring after the date hereof (such redemption price being hereinafter referred to as the “*Redemption Price*”), and the Company may, at its option, pay the Redemption Price in Common Stock (based on the “current per share market price,” determined pursuant to Section 11.4, of the Common Stock at the time of redemption), cash or any other form of consideration deemed appropriate by the Board. The redemption of the Rights by the Board may be made effective at such time, on such basis and subject to such conditions as the Board in its sole discretion may establish.

23.2. Redemption Procedures. Immediately upon the action of the Board ordering the redemption of the Rights (or at such later time as the Board may establish for the effectiveness of such redemption), and without any further action and without any notice, the right to exercise the Rights will terminate and the only right thereafter of the holders of Rights shall be to receive the Redemption Price for each Right so held. The Company shall promptly give public notice of such redemption; *provided, however*, that the failure to give, or any defect in, any such notice shall not affect the validity of such redemption. The Company shall promptly give, or cause the Rights Agent to give, notice of such redemption to the holders of the then outstanding Rights by mailing such notice to all such holders at their last addresses as they appear upon the registry books of the Rights Agent or, prior to the Distribution Date, on the registry books of the transfer agent for the Common Stock. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of redemption shall state the method by which the payment of the Redemption Price will be made. The failure to give notice required by this Section 23.2 or any defect therein shall not affect the validity of the action taken by the Company. Neither the Company nor any of its Affiliates or Associates may redeem, acquire or purchase for value any Rights at any time in any manner other than that specifically set forth in this Section 23 or in Section 27, and other than in connection with the purchase, acquisition or redemption of Common Stock prior to the Distribution Date.

Section 24. Notice of Certain Events. In case the Company shall propose at any time after the earlier of the Stock Acquisition Date and the Distribution Date (a) to pay any dividend payable in stock of any class to the holders of Series A Preferred or to make any other distribution to the holders of Series A Preferred (other than a regular periodic cash dividend at a rate not in excess of 125% of the rate of the last regular periodic cash dividend theretofore paid or, in case regular periodic cash dividends have not theretofore been paid, at a rate not in excess of 50% of the average net income per share of the Company for the four quarters ended immediately prior to the payment of such dividends, or a stock dividend on, or a subdivision, combination or reclassification of the Common Stock), or (b) to offer to the holders of Series A Preferred rights or warrants to subscribe for or to purchase any additional Series A Preferred or shares of stock of any class or any other securities, rights or options, or (c) to effect any reclassification of its Series A Preferred (other than a reclassification involving only the subdivision of outstanding Series A Preferred), or (d) to effect any consolidation or merger into or with, or to effect any sale or other transfer (or to permit one or more of its Subsidiaries to effect any sale or other transfer), in one or more transactions, of 50% or more of the assets or earning power of the Company and its Subsidiaries (taken as a whole) to, any other Person (other than pursuant to a merger or other acquisition agreement of the type excluded from the definition of “Beneficial Ownership” in Section 1.3), or (e) to effect the liquidation, dissolution or winding up of the Company, or (f) to declare or pay any dividend on the Common Stock payable in Common Stock or to effect a subdivision, combination or consolidation of the Common Stock (by reclassification or otherwise than by payment of dividends in Common Stock), then, in each such case, the Company shall give to the Rights Agent and to each holder of a Right Certificate, in accordance with Section 25, a notice of such proposed action, which shall specify the record date for the purposes of such stock dividend, distribution of rights or warrants, or the date on which such reclassification, consolidation, merger, sale, transfer, liquidation, dissolution, or winding up is to take place and the date of participation therein by the holders

TABLE OF CONTENTS

of the Series A Preferred and/or Common Stock, if any such date is to be fixed, and such notice shall be so given in the case of any action covered by clause (a) or (b) above at least ten (10) days prior to the record date for determining holders of the Series A Preferred for purposes of such action, and in the case of any such other action, at least ten (10) days prior to the date of the taking of such proposed action or the date of participation therein by the holders of the Series A Preferred and/or Common Stock, whichever shall be the earlier.

In case any event set forth in Section 11.1.2 or Section 13 shall occur, then, in any such case, (i) the Company shall as soon as practicable thereafter give to the Rights Agent and to each holder of a Right Certificate, in accordance with Section 25, a notice of the occurrence of such event, which notice shall describe the event and the consequences of the event to holders of Rights under Section 11.1.2 and Section 13, and (ii) all references in this Section 24 to Series A Preferred shall be deemed thereafter to refer to Common Stock and/or, if appropriate, other securities.

Section 25. Notices. Notices or demands authorized by this Agreement to be given or made by the Rights Agent or by the holder of any Right Certificate to or on the Company shall be sufficiently given or made if sent by overnight delivery service or first-class mail, postage prepaid, addressed (until another address is filed in writing with the Rights Agent) as follows:

Subject to the provisions of Section 21 and Section 24, any notice or demand authorized by this Agreement to be given or made by the Company or by the holder of any Right Certificate to or on the Rights Agent shall be sufficiently given or made if sent by overnight delivery service or first-class mail, postage prepaid, addressed (until another address is filed in writing with the Company) as follows:

Continental Stock Transfer & Trust Company

Notices or demands authorized by this Agreement to be given or made by the Company or the Rights Agent to the holder of any Right Certificate (or, prior to the Distribution Date, to the holder of any certificate representing Common Stock or of any Book Entry Shares) shall be sufficiently given or made if sent by first-class mail, postage prepaid, addressed to such holder at the address of such holder as shown on the registry books of the Company or the transfer agent or registrar for the Common Stock; provided that prior to the Distribution Date a filing by the Company with the Securities and Exchange Commission shall constitute sufficient notice to the holders of securities of the Company, including the Rights, for purposes of this Agreement and no other notice need be given.

Section 26. Supplements and Amendments. For so long as the Rights are then redeemable, the Company may in its sole and absolute discretion, and the Rights Agent shall, if the Company so directs, supplement or amend any provision of this Agreement in any respect without the approval of any holders of Rights or Common Stock. From and after the time that the Rights are no longer redeemable, the Company may, and the Rights Agent shall, if the Company so directs, from time to time supplement or amend this Agreement without the approval of any holders of Rights (i) to cure any ambiguity or to correct or supplement any provision contained herein which may be defective or inconsistent with any other provisions herein or (ii) to make any other changes or provisions in regard to matters or questions arising hereunder which the Company may deem necessary or desirable, including but not limited to extending the Final Expiration Date; *provided, however*, that no such supplement or amendment shall adversely affect the interests of the holders of Rights as such (other than an Acquiring Person or a Related Person of an Acquiring Person), and no such supplement or amendment may cause the Rights again to become redeemable or cause this Agreement again to become amendable as to an Acquiring Person or a Related Person of an Acquiring Person, other than in accordance with this sentence; *provided further*, that the right of the Board to extend the Distribution Date shall not require any amendment or supplement hereunder. Upon the delivery of a certificate from an appropriate officer of the Company which states that the proposed supplement or amendment is in compliance with the terms of this Section 26, the Rights Agent shall execute such supplement or amendment; *provided* that any supplement or

amendment that does not amend Sections 18, 19, 20 or 21 hereof or this Section 26 or any other Section of this Agreement in a manner adverse to the Rights Agent shall become effective immediately upon execution by the Company, whether or not also executed by the Rights Agent. The Company shall promptly provide the Rights Agent with written notice of such supplement or amendment.

Section 27. Exchange.

27.1. Exchange of Common Stock for Rights. The Board may, at its option, at any time after the occurrence of a Trigger Event, exchange Common Stock for all or part of the then outstanding and exercisable Rights (which shall not include Rights that have become void pursuant to the provisions of Section 11.1.2) by exchanging at an exchange ratio of one share of Common Stock per Right, appropriately adjusted to reflect any stock split, stock dividend or similar transaction occurring after the date hereof (such amount per Right being hereinafter referred to as the “*Exchange Consideration*”). Notwithstanding the foregoing, the Board shall not be empowered to effect such exchange at any time after any Acquiring Person shall have become the Beneficial Owner of 50% or more of the Common Stock then outstanding. From and after the occurrence of an event specified in Section 13.1, any Rights that theretofore have not been exchanged pursuant to this Section 27.1 shall thereafter be exercisable only in accordance with Section 13 and may not be exchanged pursuant to this Section 27.1. The exchange of the Rights by the Board may be made effective at such time, on such basis and with such conditions as the Board in its sole discretion may establish. Without limiting the foregoing, prior to effecting an exchange pursuant to this Section 27, the Board may direct the Company to enter into a Trust Agreement in such form and with such terms as the Board shall then approve (the “*Trust Agreement*”). If the Board so directs, the Company shall enter into the Trust Agreement and shall issue to the trust created by such agreement (the “*Trust*”) all of the Common Stock issuable pursuant to the exchange (or any portion thereof that has not theretofore been issued in connection with the exchange). From and after the time at which such shares are issued to the Trust, all stockholders then entitled to receive shares pursuant to the exchange shall be entitled to receive such shares (and any dividends or distributions made thereon after the date on which such shares are deposited in the Trust) only from the Trust and solely upon compliance with the relevant terms and provisions of the Trust Agreement. Any Common Stock or Series A Preferred issued at the direction of the Board in connection herewith shall be validly issued, fully paid and nonassessable Common Stock or Series A Preferred (as the case may be), and the Company shall be deemed to have received as consideration for such issuance a benefit having a value that is at least equal to the aggregate par value of the shares so issued.

27.2. Exchange Procedures. Immediately upon the effectiveness of the action of the Board ordering the exchange for any Rights pursuant to Section 27.1 and without any further action and without any notice, the right to exercise such Rights shall terminate and the only right thereafter of a holder of such Rights shall be to receive the Exchange Consideration. The Company shall promptly give public notice of any such exchange; *provided, however*, that the failure to give, or any defect in, such notice shall not affect the validity of such exchange. The Company promptly shall mail a notice of any such exchange to all of the holders of such Rights at their last addresses as they appear upon the registry books of the Rights Agent. Any notice which is mailed in the manner herein provided shall be deemed given, whether or not the holder receives the notice. Each such notice of exchange shall state the method by which the exchange of the Common Stock for Rights will be effected and, in the event of any partial exchange, the number of Rights which will be exchanged. Any partial exchange shall be effected pro rata based on the number of Rights (other than the Rights that have become void pursuant to the provisions of Section 11.1.2) held by each holder of Rights.

27.3. Insufficient Shares. The Company may at its option substitute, for each share of Common Stock that would otherwise be issuable upon exchange of a Right, (i) a number of shares of Series A Preferred or fraction thereof (or equivalent preferred stock, as such term is defined in Section 11.2), (ii) cash, (iii) other equity securities of the Company or common stock equivalents, as such term is defined in Section 11.1.3, (iv) debt securities of the Company, (v) other assets or (vi) any combination of the foregoing, in each case having an aggregate value equal to the current per share market price of one share of Common Stock (determined pursuant to Section 11.4) as of the date of such exchange. In the event that there shall not be sufficient shares of Common Stock issued but not outstanding or authorized but unissued and otherwise available for issuance to permit an exchange of Rights for Common Stock as contemplated in accordance with this Section 27, the Company shall substitute to the extent of such insufficiency, for each share of Common Stock that would otherwise be issuable

upon exchange of a Right, consideration of any type described in Section 11.1.3(B)(1)-(7), which consideration shall have an aggregate current per share market price (determined pursuant to Section 11.4 hereof) equal to the current per share market price of one share of Common Stock (determined pursuant to Section 11.4 hereof) as of the date of such exchange.

Section 28. Successors. All the covenants and provisions of this Agreement by or for the benefit of the Company or the Rights Agent shall bind and inure to the benefit of their respective successors and assigns hereunder.

Section 29. Benefits of this Agreement. Nothing in this Agreement shall be construed to give to any Person or corporation other than the Company, the Rights Agent and the registered holders of the Right Certificates (and, prior to the Distribution Date, the Common Stock) any legal or equitable right, remedy or claim under this Agreement; but this Agreement shall be for the sole and exclusive benefit of the Company, the Rights Agent and the registered holders of the Right Certificates (and, prior to the Distribution Date, the Common Stock).

Section 30. Determination and Actions by the Board or Committee Thereof. The Board, or a duly authorized committee thereof, shall have the exclusive power and authority to administer this Agreement and to exercise the rights and powers specifically granted to the Board or to the Company, or as may be necessary or advisable in the administration of this Agreement, including, without limitation, the right and power to (i) interpret the provisions of this Agreement and (ii) make all determinations deemed necessary or advisable for the administration of this Agreement (including, without limitation, a determination to redeem or not redeem the Rights or amend this Agreement). In administering this Agreement and exercising the rights and powers specifically granted to the Board and to the Company hereunder, and in interpreting this Agreement and making any determination hereunder, the Board, or a duly authorized committee thereof, may consider any and all facts, circumstances or information it deems to be necessary, useful or appropriate. All such actions, calculations, interpretations and determinations that are done or made by the Board, or a duly authorized committee thereof, in good faith shall be final, conclusive and binding on the Company, the Rights Agent, the holders of the Rights, as such, and all other parties to the fullest extent permitted by applicable law.

Section 31. Severability. If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

Section 32. Governing Law. This Agreement and each Right Certificate issued hereunder shall be deemed to be a contract made under the internal laws of the State of Delaware and for all purposes shall be governed by and construed in accordance with the laws of such State applicable to contracts to be made and performed entirely within such State.

Section 33. Counterparts. This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, and all such counterparts shall together constitute but one and the same instrument. A signature to this Agreement transmitted electronically shall have the same authority, effect and enforceability as an original signature.

Section 34. Descriptive Headings. Descriptive headings of the several Sections of this Agreement are inserted for convenience only and shall not control or affect the meaning or construction of any of the provisions hereof.

Section 35. Termination Upon Expiration Date. Notwithstanding anything to the contrary in this Agreement, upon the Expiration Date and without any further action by the Rights Agent, the Company, Sun, Merger Sub or any current or former holder of Rights, (i) this Agreement, the Rights, and any right to exercise the Rights provided for hereunder shall terminate and be void and of no further force or effect, and (ii) the Rights outstanding immediately prior to the Expiration Date shall expire in their entirety and the holders of such Rights shall not be entitled to any benefits, payments, rights or other interests under this Agreement, including, without limitation, the right to purchase or otherwise acquire Series A Preferred or any other securities of the Company. The Company will notify in writing the Rights Agent of the occurrence of the Effective Time. The Rights Agent will not be deemed to have knowledge of the Effective Time unless and until it has received such written notice.

Section 36. Exception for Merger Agreement. Notwithstanding anything to the contrary in this Agreement, none of the execution, delivery or performance of the Merger Agreement or the voting agreements contemplated thereby, or the public announcement or the consummation of the Merger or any of the other transactions contemplated by the Merger Agreement or the voting agreements contemplated thereby, shall result in a Stock Acquisition Date or

Distribution Date or in any way permit any Rights to be exercised pursuant to Section 7, Section 11.1.2 or Section 13, or otherwise for consideration or exchanged pursuant to Section 27. Nothing in this Agreement shall be construed to give any holder of Rights or any other Person any legal or equitable rights, remedy or claim under this Agreement in connection with the execution, delivery or performance of the Merger Agreement or the voting agreements contemplated thereby, or the Merger or any of the other transactions contemplated by the Merger Agreement or the voting agreements contemplated thereby.

DESKTOP METAL, INC.

(Pursuant to Section 151 of the
Delaware General Corporation Law)

Desktop Metal, Inc., a corporation organized and existing under the General Corporation Law of the State of Delaware (hereinafter called the "*Corporation*"), hereby certifies that the following resolution was adopted by the Board of Directors of the Corporation (hereinafter called the "*Board of Directors*" or the "*Board*") as required by Section 151 of the General Corporation Law at a meeting duly called and held on May [•], 2023.

RESOLVED, that pursuant to the authority expressly granted to and vested in the Board in accordance with the provisions of the Second Amended and Restated Certificate of Incorporation of the Corporation, the Board hereby creates a series of Preferred Stock, par value \$0.0001 per share (the "*Preferred Stock*"), of the Corporation and hereby states the designation and number of shares, and fixes the relative rights, powers and preferences, and qualifications, limitations and restrictions thereof as follows:

Section 1. Designation and Amount. The shares of such series shall be designated as "Series A Junior Participating Preferred Stock" (the "*Series A Preferred*") and the number of shares constituting the Series A Preferred shall be 500,000. Such number of shares may be increased or decreased by resolution of the Board of Directors; *provided*, that no decrease shall reduce the number of shares of Series A Preferred to a number less than the number of shares then outstanding plus the number of shares reserved for issuance upon the exercise of outstanding options, rights or warrants or upon the conversion of any outstanding securities issued by the Corporation convertible into Series A Preferred.

Section 2. Dividends and Distributions.

(A) Subject to the prior and superior rights of the holders of any shares of any class or series of stock of this Corporation ranking prior and superior to the Series A Preferred with respect to dividends, the holders of shares of Series A Preferred, in preference to the holders of Class A Common Stock, par value \$0.0001 per share (the "*Common Stock*"), of the Corporation, and of any other stock ranking junior to the Series A Preferred, shall be entitled to receive, when, as and if declared by the Board of Directors out of funds legally available for the purpose, quarterly dividends payable in cash on the first day of March, June, September and December in each year (each such date being referred to herein as a "*Quarterly Dividend Payment Date*"), commencing on the first Quarterly Dividend Payment Date after the first issuance of a share or fraction of a share of Series A Preferred, in an amount per share (rounded to the nearest cent) equal to the greater of (a) \$1.00 or (b) subject to the provision for adjustment hereinafter set forth, 1,000 times the aggregate per share amount of all cash dividends, and 1,000 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, other than a dividend payable in shares of Common Stock or a subdivision of the outstanding shares of Common Stock (by reclassification or otherwise), declared on the Common Stock since the immediately preceding Quarterly Dividend Payment Date or, with respect to the first Quarterly Dividend Payment Date, since the first issuance of any share or fraction of a share of Series A Preferred. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount to which holders of shares of Series A Preferred were entitled immediately prior to such event under clause (b) of the preceding sentence shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common

TABLE OF CONTENTS

Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(B) The Corporation shall declare a dividend or distribution on the Series A Preferred as provided in paragraph (A) of this Section 2 immediately after it declares a dividend or distribution on the Common Stock (other than a dividend payable in shares of Common Stock); provided that, in the event no dividend or distribution shall have been declared on the Common Stock during the period between any Quarterly Dividend Payment Date and the next subsequent Quarterly Dividend Payment Date, a dividend of \$1.00 per share on the Series A Preferred shall nevertheless be payable when, as and if declared by the Board of Directors, in accordance with paragraph (A) above on such subsequent Quarterly Dividend Payment Date.

(C) Dividends shall begin to accrue and be cumulative on outstanding shares of Series A Preferred from the Quarterly Dividend Payment Date next preceding the date of issue of such shares, unless the date of issue of such shares is prior to the record date for the first Quarterly Dividend Payment Date, in which case dividends on such shares shall begin to accrue from the date of issue of such shares, or unless the date of issue is a Quarterly Dividend Payment Date or is a date after the record date for the determination of holders of shares of Series A Preferred entitled to receive a quarterly dividend and before such Quarterly Dividend Payment Date, in either of which events such dividends shall begin to accrue and be cumulative from such Quarterly Dividend Payment Date. Accrued but unpaid dividends shall not bear interest. Dividends paid on the shares of Series A Preferred in an amount less than the total amount of such dividends at the time accrued and payable on such shares shall be allocated pro rata on a share-by-share basis among all such shares at the time outstanding. The Board of Directors may fix a record date for the determination of holders of shares of Series A Preferred entitled to receive payment of a dividend or distribution declared thereon, which record date shall be not more than sixty (60) days prior to the date fixed for the payment thereof.

Section 3. Voting Rights. The holders of shares of Series A Preferred shall have the following voting rights:

(A) Subject to the provision for adjustment hereinafter set forth, each share of Series A Preferred shall entitle the holder thereof to 1,000 votes on all matters submitted to a vote of the shareholders of the Corporation. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the number of votes per share to which holders of shares of Series A Preferred were entitled immediately prior to such event shall be adjusted by multiplying such number by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

(B) Except as otherwise provided herein, in any other Certificate of Designations creating a series of Preferred Stock or any similar stock, or by law, the holders of shares of Series A Preferred and the holders of shares of Common Stock and any other capital stock of the Corporation having general voting rights shall vote together as one class on all matters submitted to a vote of shareholders of the Corporation.

(C) Except as set forth herein, or as otherwise provided by law, holders of Series A Preferred shall have no special voting rights and their consent shall not be required (except to the extent they are entitled to vote with holders of Common Stock as set forth herein) for taking any corporate action.

(D) If, at the time of any annual meeting of stockholders for the election of directors, the equivalent of six quarterly dividends (whether or not consecutive) payable on any share or shares of Series A Preferred are in default, the number of directors constituting the Board of Directors of the Corporation shall be increased by two. In addition to voting together with the holders of Common Stock for the election of other directors of the Corporation, the holders of record of the Series A Preferred, voting separately as a class to the exclusion of the holders of Common Stock, shall be entitled at such meeting of stockholders (and at each subsequent annual meeting of stockholders), unless all dividends in arrears on the Series A Preferred have been paid or declared and set apart for payment prior thereto, to vote for the election of two directors of the Corporation, the holders of any Series A Preferred being entitled to cast a number of votes per share of Series A Preferred as is specified in paragraph (A) of this Section 3. Each such additional director shall serve until the next annual meeting of stockholders for the election of directors, or until his successor shall be elected and shall qualify, or until his right to hold such office terminates pursuant to the provisions of this Section 3(D). Until the default in payments of

TABLE OF CONTENTS

all dividends which permitted the election of said directors shall cease to exist, any director who shall have been so elected pursuant to the provisions of this Section 3(D) may be removed at any time, without cause, only by the affirmative vote of the holders of the shares of Series A Preferred at the time entitled to cast a majority of the votes entitled to be cast for the election of any such director at a special meeting of such holders called for that purpose, and any vacancy thereby created may be filled by the vote of such holders. If and when such default shall cease to exist, the holders of the Series A Preferred shall be divested of the foregoing special voting rights, subject to vesting in the event of each and every subsequent like default in payments of dividends. Upon the termination of the foregoing special voting rights, the terms of office of all persons who may have been elected directors pursuant to said special voting rights shall forthwith terminate, and the number of directors constituting the Board of Directors shall be reduced by two. The voting rights granted by this Section 3(D) shall be in addition to any other voting rights granted to the holders of the Series A Preferred in this Section 3.

Section 4. Certain Restrictions.

(A) Whenever quarterly dividends or other dividends or distributions payable on the Series A Preferred as provided in Section 2 are in arrears, thereafter and until all accrued and unpaid dividends and distributions, whether or not declared, on shares of Series A Preferred outstanding shall have been paid in full, the Corporation shall not:

(i) declare or pay dividends, or make any other distributions, on any shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred;

(ii) declare or pay dividends, or make any other distributions, on any shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred, except dividends paid ratably on the Series A Preferred and all such parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all such shares are then entitled;

(iii) redeem or purchase or otherwise acquire for consideration shares of any stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred, provided that the Corporation may at any time redeem, purchase or otherwise acquire shares of any such junior stock in exchange for shares of any stock of the Corporation ranking junior (both as to dividends and upon dissolution, liquidation or winding up) to the Series A Preferred; or

(iv) redeem or purchase or otherwise acquire for consideration any shares of Series A Preferred, or any shares of stock ranking on a parity with the Series A Preferred, except in accordance with a purchase offer made in writing or by publication (as determined by the Board of Directors) to all holders of such shares upon such terms as the Board of Directors, after consideration of the respective annual dividend rates and other relative rights and preferences of the respective series and classes, shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

(B) The Corporation shall not permit any subsidiary of the Corporation to purchase or otherwise acquire for consideration any shares of stock of the Corporation unless the Corporation could, under paragraph (A) of this Section 4, purchase or otherwise acquire such shares at such time and in such manner.

Section 5. Recquired Shares. Any shares of Series A Preferred purchased or otherwise acquired by the Corporation in any manner whatsoever shall be retired and canceled promptly after the acquisition thereof. All such shares shall upon their cancellation become authorized but unissued shares of Preferred Stock and may be reissued as part of a new series of Preferred Stock subject to the conditions and restrictions on issuance set forth herein, in the Second Amended and Restated Certificate of Incorporation of the Corporation or in any other Certificate of Designations creating a series of Preferred Stock or any similar stock or as otherwise required by law.

Section 6. Liquidation, Dissolution or Winding Up.

(A) Upon any liquidation, dissolution or winding up of the Corporation, voluntary or otherwise no distribution shall be made (i) to the holders of shares of stock ranking junior (either as to dividends or upon liquidation, dissolution or winding up) to the Series A Preferred unless, prior thereto, the holders of Series A Preferred shall have received an amount per share (the "*Series A Preferred Liquidation Preference*") equal to \$1,000 per share, plus an amount equal to accrued and unpaid dividends and distributions thereon, whether or not declared, to the date of such payment, provided that the holders of shares of Series A Preferred shall be

entitled to receive an aggregate amount per share, subject to the provision for adjustment hereinafter set forth, equal to 1,000 times the aggregate amount to be distributed per share to holders of Common Stock, or (ii) to the holders of shares of stock ranking on a parity (either as to dividends or upon liquidation, dissolution or winding up) with the Series A Preferred, except distributions made ratably on the Series A Preferred and all such parity stock in proportion to the total amounts to which the holders of all such shares are entitled upon such liquidation, dissolution or winding up. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the aggregate amount to which holders of Series A Preferred were entitled immediately prior to such event under the proviso in clause (i) of the preceding sentence shall be adjusted by multiplying such amount by a fraction the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that are outstanding immediately prior to such event.

(B) In the event, however, that there are not sufficient assets available to permit payment in full of the Series A Preferred Liquidation Preference and the liquidation preferences of all other classes and series of stock of the Corporation, if any, that rank on a parity with the Series A Preferred in respect thereof, then the assets available for such distribution shall be distributed ratably to the holders of the Series A Preferred and the holders of such parity shares in proportion to their respective liquidation preferences.

(C) Neither the merger or consolidation of the Corporation into or with another corporation nor the merger or consolidation of any other corporation into or with the Corporation shall be deemed to be a liquidation, dissolution or winding up of the Corporation within the meaning of this Section 6.

Section 7. Consolidation, Merger, etc. In case the Corporation shall enter into any consolidation, merger, combination or other transaction in which the shares of Common Stock are exchanged for or changed into other stock or securities, cash and/or any other property, then in any such case each share of Series A Preferred shall at the same time be similarly exchanged or changed into an amount per share, subject to the provision for adjustment hereinafter set forth, equal to 1,000 times the aggregate amount of stock, securities, cash and/or any other property (payable in kind), as the case may be, into which or for which each share of Common Stock is changed or exchanged. In the event the Corporation shall at any time declare or pay any dividend on the Common Stock payable in shares of Common Stock, or effect a subdivision, combination or consolidation of the outstanding shares of Common Stock (by reclassification or otherwise than by payment of a dividend in shares of Common Stock) into a greater or lesser number of shares of Common Stock, then in each such case the amount set forth in the preceding sentence with respect to the exchange or change of shares of Series A Preferred shall be adjusted by multiplying such amount by a fraction, the numerator of which is the number of shares of Common Stock outstanding immediately after such event and the denominator of which is the number of shares of Common Stock that were outstanding immediately prior to such event.

Section 8. No Redemption. The Series A Preferred shall not be redeemable by the Corporation.

Section 9. Rank. The Series A Preferred shall rank, with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up, junior to all series of any other class of the Corporation's Preferred Stock, except to the extent that any such other series specifically provides that it shall rank on a parity with or junior to the Series A Preferred.

Section 10. Amendment. At any time any shares of Series A Preferred are outstanding, the Second Amended and Restated Certificate of Incorporation of the Corporation shall not be further amended in any manner which would materially alter or change the powers, preferences or special rights of the Series A Preferred so as to affect them adversely without the affirmative vote of the holders of at least two-thirds of the outstanding shares of Series A Preferred, voting separately as a single class.

Section 11. Fractional Shares. Series A Preferred may be issued in fractions of a share that shall entitle the holder, in proportion to such holder's fractional shares, to exercise voting rights, receive dividends, participate in distributions and to have the benefit of all other rights of holders of Series A Preferred.

SUMMARY OF RIGHTS TO PURCHASE
PREFERRED STOCK

On May [•], 2023 the Board of Directors of Desktop Metal, Inc. (the “*Company*”) declared a dividend of one preferred stock purchase right (a “*Right*”) for each share of Class A Common Stock, par value \$0.0001 (the “*Common Stock*”), of the Company outstanding at the close of business on June 9, 2023 (the “*Record Date*”). As long as the Rights are attached to the Common Stock, the Company will issue one Right (subject to adjustment) with each new share of Common Stock so that all such shares will have attached Rights. When exercisable, each Right will entitle the registered holder to purchase from the Company one one-thousandth of a share of Series A Junior Participating Preferred Stock (the “*Series A Preferred*”) of the Company at a price of \$[EXERCISE PRICE] per one one-thousandth of a share of Series A Preferred, subject to certain anti-dilution adjustments (the “*Purchase Price*”). The description and terms of the Rights are set forth in a Rights Agreement, dated as of May [•], 2023, as the same may be amended from time to time (the “*Agreement*”), between the Company and Continental Stock Transfer & Trust Company, as Rights Agent (the “*Rights Agent*”). The Agreement was adopted in connection with the proposed combination of the businesses of the Company and Stratasys Ltd., an Israeli company (“*Sun*”), pursuant to that certain Agreement and Plan of Merger (as it may be amended from time to time, the “*Merger Agreement*”) by and among the Company, Sun, and Tetris Sub Inc., a Delaware corporation and a direct wholly owned subsidiary of Sun (“*Merger Sub*”).

Until the earlier to occur of (i) the close of business on the tenth (10th) business day following a public announcement that a person or group of affiliated or associated persons has acquired, or obtained the right to acquire, beneficial ownership of 15% or more of the Common Stock (an “*Acquiring Person*”) or (ii) the close of business on the tenth (10th) business day (or such later date as may be determined by action of the Board of Directors prior to such time as any person or group of affiliated persons becomes an Acquiring Person) following the commencement or announcement of an intention to make a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group of 15% or more of the Common Stock (the earlier of (i) and (ii) being called the “*Distribution Date*”), the Rights will be evidenced, with respect to any of the Common Stock certificates outstanding as of the Record Date, by such Common Stock certificates or, with respect to any uncertificated Common Stock registered in book entry form, by notation in book entry, in either case together with a copy of this Summary of Rights. The Agreement provides that any person who beneficially owned 15% or more of the Common Stock immediately prior to the first public announcement of the adoption of the Agreement, together with any affiliates and associates of that person (each an “*Existing Holder*”), shall not be deemed to be an “*Acquiring Person*” for purposes of the Agreement unless the Existing Holder becomes the beneficial owner of one or more additional shares of Common Stock (other than pursuant to a dividend or distribution paid or made by the Company on the outstanding Common Stock in Common Stock or pursuant to a split or subdivision of the outstanding Common Stock). However, if upon acquiring beneficial ownership of one or more additional shares of Common Stock, the Existing Holder does not beneficially own 15% or more of the Common Stock then outstanding, the Existing Holder shall not be deemed to be an “*Acquiring Person*” for purposes of the Agreement.

The Agreement provides that neither Sun or Merger Sub, or any of their respective affiliates or associates, either individually or collectively, shall be deemed to be an “*Acquiring Person*” as a result of (i) the approval, adoption, execution, delivery and, if applicable, any amendment, of the Merger Agreement or the voting agreements contemplated thereby, (ii) the acquisition or the right to acquire beneficial ownership of the common stock of the Company as a result of execution of the Merger Agreement, (iii) the execution of and entry into the voting agreements contemplated by the Merger Agreement by the parties thereto, or (iv) the public announcement and consummation of the Merger (as defined in the Merger Agreement) or the other transactions contemplated by the Merger Agreement or the voting agreements contemplated thereby. Further, the Agreement provides that none of the execution, delivery or performance of the Merger Agreement or the voting agreements contemplated thereby, or the consummation of the Merger or any of the other transactions contemplated by the Merger Agreement or the voting agreements contemplated thereby, will result in a Stock Acquisition Date (as defined in the Agreement) or Distribution Date (as defined in the Agreement) or permit any Rights to be exercised or exchanged pursuant to the Agreement.

TABLE OF CONTENTS

The Agreement provides that until the Distribution Date (or earlier redemption, exchange, termination or expiration of the Rights), the Rights will be transferred with and only with the Common Stock. Until the Distribution Date (or earlier redemption, exchange, termination or expiration of the Rights), new Common Stock certificates issued after the close of business on the Record Date upon transfer or new issuance of the Common Stock will contain a notation incorporating the Agreement by reference, and the Company will deliver a notice to that effect upon the transfer or new issuance of book entry shares. Until the Distribution Date (or earlier redemption, exchange, termination or expiration of the Rights), the surrender for transfer of any certificates for Common Stock or any book entry shares, with or without such notation, notice or a copy of this Summary of Rights, will also constitute the transfer of the Rights associated with the Common Stock represented by such certificate or the book entry shares. As soon as practicable following the Distribution Date, separate certificates evidencing the Rights ("*Right Certificates*") will be mailed to holders of record of the Common Stock as of the close of business on the Distribution Date and such separate Right Certificates alone will evidence the Rights.

The Rights are not exercisable until the Distribution Date. The Rights will expire upon the earlier of immediately prior to the Effective Time (as defined in the Merger Agreement) of the Merger and July 24, 2024, subject to the Company's right to extend such date (the "*Final Expiration Date*"), unless earlier redeemed or exchanged by the Company or terminated.

Each share of Series A Preferred purchasable upon exercise of the Rights will be entitled, when, as and if declared, to a minimum preferential quarterly dividend payment of \$1.00 per share or, if greater, an aggregate dividend of 1,000 times the dividend, if any, declared per share of Common Stock. In the event of liquidation, dissolution or winding up of the Company, the holders of the Series A Preferred will be entitled to a minimum preferential liquidation payment of \$1,000 per share (plus any accrued but unpaid dividends), provided that such holders of the Series A Preferred will be entitled to an aggregate payment of 1,000 times the payment made per share of Common Stock. Each share of Series A Preferred will have 1,000 votes and will vote together with the Common Stock. Finally, in the event of any merger, consolidation or other transaction in which shares of Common Stock are exchanged, each share of Series A Preferred will be entitled to receive 1,000 times the amount received per share of Common Stock. Series A Preferred will not be redeemable. These rights are protected by customary antidilution provisions. Because of the nature of the Series A Preferred's dividend, liquidation and voting rights, the value of one one-thousandth of a share of Series A Preferred purchasable upon exercise of each Right should approximate the value of one share of Common Stock.

The Purchase Price payable, and the number of shares of Series A Preferred or other securities or property issuable, upon exercise of the Rights are subject to adjustment from time to time to prevent dilution (i) in the event of a stock dividend on, or a subdivision, combination or reclassification of the Series A Preferred, (ii) upon the grant to holders of the Series A Preferred of certain rights or warrants to subscribe for or purchase Series A Preferred or convertible securities at less than the current market price of the Series A Preferred or (iii) upon the distribution to holders of the Series A Preferred of evidences of indebtedness, cash, securities or assets (excluding regular periodic cash dividends at a rate not in excess of 125% of the rate of the last regular periodic cash dividend theretofore paid or, in case regular periodic cash dividends have not theretofore been paid, at a rate not in excess of 50% of the average net income per share of the Company for the four quarters ended immediately prior to the payment of such dividend, or dividends payable in Series A Preferred (which dividends will be subject to the adjustment described in clause (i) above)) or of subscription rights or warrants (other than those referred to above).

In the event that a Person becomes an Acquiring Person or if the Company were the surviving corporation in a merger with an Acquiring Person or any affiliate or associate of an Acquiring Person and shares of the Common Stock were not changed or exchanged, each holder of a Right, other than Rights that are or were acquired or beneficially owned by the Acquiring Person (which Rights will thereafter be void), will thereafter have the right to receive upon exercise that number of shares of Common Stock having a market value of two times the then current Purchase Price of the Right. In the event that, after a Person has become an Acquiring Person, the Company were acquired in a merger or other business combination transaction or more than 50% of its assets or earning power were sold, proper provision shall be made so that each holder of a Right shall thereafter have the right to receive, upon the exercise thereof at the then current Purchase Price of the Right, that number of shares of common stock of the acquiring company which at the time of such transaction would have a market value of two times the then current Purchase Price of the Right.

At any time after a Person becomes an Acquiring Person and prior to the earlier of one of the events described in the last sentence of the previous paragraph or the acquisition by such Acquiring Person of 50% or more of the then

TABLE OF CONTENTS

outstanding Common Stock, the Board of Directors may cause the Company to exchange the Rights (other than Rights owned by an Acquiring Person which will have become void), in whole or in part, for shares of Common Stock at an exchange rate of one share of Common Stock per Right (subject to adjustment).

No adjustment in the Purchase Price will be required until cumulative adjustments require an adjustment of at least 1% in such Purchase Price. No fractional Series A Preferred or Common Stock will be issued (other than fractions of Series A Preferred which are integral multiples of one one-thousandth of a share of Series A Preferred, which may, at the election of the Company, be evidenced by depository receipts), and in lieu thereof, a payment in cash will be made based on the market price of the Series A Preferred or Common Stock on the last trading date prior to the date of exercise.

The Rights may be redeemed in whole, but not in part, at a price of \$0.0001 per Right (the "*Redemption Price*") by the Board of Directors at any time prior to the time that an Acquiring Person has become such. The redemption of the Rights may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Immediately upon any redemption of the Rights, the right to exercise the Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

Until a Right is exercised, the holder thereof, as such, will have no rights as a stockholder of the Company beyond those as an existing stockholder, including, without limitation, the right to vote or to receive dividends.

Any of the provisions of the Agreement may be amended by the Board of Directors, or a duly authorized committee thereof, for so long as the Rights are then redeemable, and after the Rights are no longer redeemable, the Company may amend or supplement the Agreement in any manner that does not adversely affect the interests of the holders of the Rights (other than an Acquiring Person or any affiliate or associate of an Acquiring Person).

A copy of the Agreement has been filed with the Securities and Exchange Commission as an Exhibit to a Current Report on Form 8-K. A copy of the Agreement is available free of charge from the Company. This summary description of the Rights does not purport to be complete and is qualified in its entirety by reference to the Agreement, which is incorporated herein by reference.

GENERAL POWERS OF THE BOARD OF DIRECTORS

89. The supervision of the Company's affairs shall be in the hands of the Board of Directors, which shall be entitled to exercise all of the powers and authorities and to perform any act and deed which the Company is entitled to exercise and to perform in accordance with its Memorandum of Association and these Articles or according to law, and in respect of which there is no provision or requirement in these Articles, or in the Law or/and in the U.S. Rules, that same be exercised or done by the shareholders in a General Meeting or by a Committee of Directors.
90. The Board of Directors may, as it deems fit and subject to any applicable law, delegate to a Committee of Directors certain of its powers and authorities, in whole or in part to the fullest extent provided by any applicable law. The curtailment or revocation of the powers and authorities of a Committee of Directors by the Board of Directors shall not invalidate a prior act of such Committee of Directors or an act taken in accordance with its instructions, which would have been valid had the powers and authorities of the Committee of Directors not been altered or revoked by the Board of Directors. Subject to applicable law, a Committee of Directors may be comprised of one (1) director or of several directors, and in the case of a Committee of Directors that is appointed to advise the Board of Directors only, persons who are not directors may be appointed to it. The powers of any chairman of a Committee of Directors with respect to the operation of such committee shall be the same as the Chairman of the Board of Directors hereunder and under the Law, *mutatis mutandis*.

96. The Board of Directors shall be entitled to raise or secure the repayment of an amount obtained by them, in such way and on such conditions and times as they deem fit. The Board of Directors shall be entitled to issue documents of undertaking, such as options, debentures or debenture stock, whether linked or redeemable, convertible debentures or debentures convertible into other securities, or debentures which carry a right to purchase shares or to purchase other securities, or any mortgage, pledge, collateral or other charge over the property of the Company and its undertaking, in whole or in part, whether present or future, including the uncalled share capital or the share capital which has been called but not yet paid.

SECRETARY, OFFICE-HOLDERS, CLERKS AND REPRESENTATIVES

99. The Board of Directors shall be entitled, from time to time, to appoint, or to delegate to the Chief Executive Officer, either alone or together with other persons designated by the Board of Directors, the ability to appoint Office Holders (other than directors), a Secretary for the Company, employees and agents to such permanent, temporary or special positions, and to specify and change their titles, authorities and duties, and may set, or delegate to the Chief Executive Officer, either alone or together with other persons designated by the Board of Directors, the ability to set salaries, bonuses and other compensation of any employee or agent who is not an Office Holder. The Board of Directors, or the Chief Executive Officer, either alone or together with other persons designated by the Board of Directors (in the case of any Office Holder, employee or agent appointed thereby), shall be entitled at any time, in its, his, her, or their (as applicable) sole and absolute discretion, to terminate the services of one of more of the foregoing persons (in the case of a director, however, subject to compliance with Article 77 above).
100. The Board of Directors and the Chief Executive Officer may from time to time and at any time empower any person to serve as representative of the Company for such purposes and with such powers and authorities, instructions and discretions for such period and subject to such conditions as the Board of Directors (or the Chief Executive Officer, as the case may be) shall deem appropriate. The Board of Directors may (or the Chief Executive Officer, as the case may be) grant such person, *inter alia*, the power to transfer the authority, powers and discretions vested in him, in whole or in part. TABLE OF CONTENTS

102. The Board of Directors shall be entitled to invest the amounts set aside as aforesaid in Article 101 above in any investments whatsoever, as it may deem fit, and from time to time deal with such investments and vary same, and make use thereof, as it deems fit, and it may divide the reserve fund into special funds in such manner as it deems fit, and may utilize a fund or part thereof for the business of the Company, without being obliged to keep same separate from the remaining assets of the Company.
103. Unless otherwise permitted by the Law, no dividends shall be paid other than out of the Profits of the Company as such term is defined in the Law.
104. The Board of Directors may decide on the payment of a dividend or on the distribution of bonus shares.
105. A dividend in cash or bonus shares shall be paid or distributed, as the case may be, equally to the holders of the Ordinary Shares registered in the Register, pro rata to the nominal amount of capital paid up or credited as paid up on the shares, without reference to any premium which may have been paid thereon. However an amount paid on account of a share prior to the payment thereof having been called, or prior to the due date for payment thereof, and on which the Company is paying interest, shall not be taken into account for purposes of this Article as an amount paid-up on account of the share.
106. Unless other instructions are given, it shall be permissible to pay any dividend by way of a check or payment order to be sent by post to the registered address of the shareholder or the Person entitled thereto, or in the case of joint shareholders being registered, to the shareholder whose name stands first in the Register in relation to the joint shareholding. Every such check shall be made in favor of the person to whom it is sent. A receipt by the person whose name, on the date of declaration of the dividend, was registered in the Register as the owner of the shares, or in the case of joint holders, by one of the joint holders, shall serve as a discharge with regard to all the payments made in connection with such share.
- The directors shall be entitled to invest any dividend which has not been claimed for a period of one (1) year after having been declared, or to make use thereof in any other way for the benefit of the Company until such time as it is claimed. The Company shall not be obliged to pay interest or linkage in respect of an unclaimed dividend.
107. Unless otherwise specified in the terms of issue of shares or of securities convertible into, or which grant a right to purchase, shares, any shares that are fully paid-up or credited as paid-up shall at any time confer on their holders the right to participate in the full dividends and in any other distribution for which the determining date for the right to receive the same is the date at which the aforesaid shares were fully paid-up or credited as fully paid-up, as the case may be, or subsequent to such date.
108. A dividend or other beneficial rights in respect of shares shall not bear interest.
109. The Board of Directors shall be entitled to deduct from any dividend or other beneficial rights, all amounts of money which the holder of the share in respect of which the dividend is payable or in respect of which the other beneficial rights were given, may owe to the Company in respect of such share, whether or not the due date for payment thereof has arrived.
110. The Board of Directors shall be entitled to retain any dividend or bonus shares or other beneficial rights in respect of a share in relation to which the Company has a lien, and to utilize any such amount or the proceeds received from the sale of any bonus shares or other beneficial rights, for the discharge of the debts or liabilities in respect of which the Company has a lien.
111. The Board of Directors may decide that a dividend is to be paid in whole or in part, by way of a distribution of assets of the Company in kind, including by way of debentures or debenture stock of the Company, or shares or debentures or debenture stock of any other company, or in any other way.
- 112.
- 112.1. The Board of Directors may, at any time and from time to time, decide that any portion of the amounts standing for the time being to the credit of any capital fund (including a fund created as a result of a revaluation of the assets of the Company), or which are held by the Company as Profits available for distribution, shall be capitalized for distribution subject to and in accordance with the provisions of the Law and of these Articles, amongst those shareholders who are entitled thereto and pro rata to their entitlement under these Articles, provided that the same shall not be paid in cash but shall serve for the

TABLE OF CONTENTS

payment up in full either at par or with a premium as prescribed by the Company, of shares which have not yet been issued or of debentures of the Company which shall be allotted and distributed amongst the shareholders in the aforesaid ratio as fully paid-up shares or debentures.

- 112.2. The Board of Directors shall be entitled to distribute bonus shares and to decide that the bonus shares shall be of the same class which confers on the shareholders or the Persons entitled thereto the right to participate in the distribution of bonus shares, or may decide that the bonus shares shall be of a uniform class to be distributed to each of the shareholders or Persons entitled to shares as aforesaid, without reference to the class of shares conferring the right to participate in the distribution on the holders of the shares or the Persons entitled thereto as aforesaid.
- 113.
- 113.1. In every case that the Company issues bonus shares by way of a capitalization of profits or funds at a time at which securities issued by the Company are in circulation and confer on the holders thereof rights to convert the same into shares in the share capital of the Company, or options to purchase shares in the share capital of the Company (such rights of conversion or options shall henceforth be referred to as the “Rights”), the Board of Directors shall be entitled (in a case that the Rights or part thereof shall not be otherwise adjusted in accordance with the terms of their issue) to transfer to a special fund designated for the distribution of bonus shares in the future (to be called by any name that the Board of Directors may decide on and which shall henceforth be referred to as the “Special Fund”) an amount equivalent to the nominal amount of the share capital to which some or all of the Rights holders would have been entitled as a result of the issue of bonus shares, had they exercised their Rights prior to the determining date for the right to receive bonus shares, including rights to fractions of bonus shares, and in the case of a second or additional distribution of bonus shares in respect of which the Company acts pursuant to this Article, including entitlement stemming from a previous distribution of bonus shares.
- 113.2. In the case of the allotment of shares by the Company as a consequence of the exercise of entitlement by the owners of shares in those cases in which the Board of Directors has made a transfer to the Special Fund in respect of the Rights pursuant to Article 113.1 above, the Board of Directors shall allot to each such shareholder, in addition to the shares to which he is entitled by virtue of having exercised his rights, such number of fully paid-up shares the nominal value of which is equivalent to the amount transferred to the Special Fund in respect of his rights, by way of a capitalization to be effected by the Board of Directors of an appropriate amount out of the Special Fund. The Board of Directors shall be entitled to decide on the manner of dealing with rights to fractions of shares in its sole discretion.
- 113.3. If after any transfer to the Special Fund has been made the Rights should lapse, or the period should end for the exercise of Rights in respect of which the transfer was effected without such Rights being exercised, then any amount which was transferred to the Special Fund in respect of the aforesaid unexercised Rights shall be released from the Special Fund, and the Company may deal with the amount so released in any manner it would have been entitled to deal therewith had such amount not been transferred to the Special Fund.
114. For the implementation of any resolution regarding a distribution of shares or debentures by way of a capitalization of profits as aforesaid, the Board of Directors may:
- 114.1. Resolve any difficulty which arises or may arise in regard to the distribution in such manner as it deems fit and may take all of the steps that it deems expedient in order to overcome such difficulty.
- 114.2. Issue certificates in respect of fractions of shares, or decide that fractions of less than an amount to be decided by the Board of Directors shall not be taken into account for purposes of adjusting the rights of the shareholders or may sell the fractions of shares and pay the proceeds (net) to the Persons entitled thereto.
- 114.3. Sign, or appoint a Person to sign, on behalf of the shareholders on any contract or other document which may be required for purposes of giving effect to the distribution, and, in particular, shall be entitled to sign or appoint a Person who shall be entitled to appoint and submit a contract as referred to in Sections 291 and 292 of the Law.

TABLE OF CONTENTS

- 114.4. Make any arrangement or other scheme which is required in the opinion of the Board of Directors in order to facilitate the distribution.
115. The Board of Directors shall be entitled, as it deems appropriate and expedient, to appoint trustees or nominees for those registered shareholders who have failed to notify the Company of a change of their address and who have not applied to the Company in order to receive dividends, shares or debentures out of capital, or other benefits during the aforesaid period. Such trustees or nominees shall be appointed for the use, collection or receipt of dividends, shares or debentures out of capital and rights to subscribe for shares which have not yet been issued and which are offered to the shareholders but they shall not be entitled to transfer the shares in respect of which they were appointed, or to vote on the basis of holding such shares. In all of the terms and conditions governing such trusts and the appointment of such nominees it shall be stipulated by the Company that upon the first demand by a beneficial holder of a share being held by the trustee or nominee, such trustee or nominee shall be obliged to return to such shareholder the share in question and/or all of those rights held by it on the shareholder's behalf (all as the case may be). Any act or arrangement effected by any such nominees or trustee and any agreement between the Board of Directors and a nominee or trustee shall be valid and binding in all respects.
116. The Board of Directors may from time to time prescribe the manner for payment of dividends or the distribution of bonus shares and the arrangement connected therewith. Without derogating from the generality of the foregoing, the Board of Directors shall be entitled to pay any dividends or moneys in respect of shares by sending a check via the mails to the address of the holder of registered shares according to the address registered in the register of shareholders of the Company. Any dispatch of a check as aforesaid shall be done at the risk of the shareholder.
- In those cases in which the Board of Directors specifies the payment of a dividend, distribution of shares or debentures out of capital, or the grant of a right to subscribe for shares which have not yet been issued and which are offered to the shareholders against the delivery of an appropriate coupon attached to any share certificate, such payment, distribution or grant of right to subscribe against a suitable coupon to the holder of such coupon, shall constitute a discharge of the Company's debt in respect of such operation as against any person claiming a right to such payment, distribution or grant of right to subscribe, as the case may be.
117. If two (2) or more Persons are registered as joint holders of a share, each of them shall be entitled to give a valid receipt in respect of any dividend, share or debenture out of capital, or other moneys, or benefits, paid or granted in respect of such share.

120. Subject to and in accordance with the provisions of Sections 138 to 139, inclusive, of the Law, the Company may cause supplementary registers to be kept in any place outside Israel as the Board of Directors may think fit, and, subject to all applicable requirements of law, the Board of Directors may from time to time adopt such rules and procedures as it may think fit in connection with the keeping of such branch registers.

121. The Board of Directors shall keep proper books of account in accordance with the provisions of the Law. The books of account shall be kept at the Office, or at such other place or places as the Board of Directors shall deem expedient, and shall at all times be open to the inspection of members of the Board of Directors. A shareholder of the Company who is not a member of the Board of Directors shall not have the right to inspect any books or accounts or documents of the Company, unless such right has been expressly granted to him by the Law, or if he has been permitted to do so by the Board of Directors or by the shareholders based on a Resolution adopted at a General Meeting.
122. The Board of Directors shall from time to time arrange and submit to the General Meeting a balance sheet and statement of income of the Company.

TABLE OF CONTENTS

A copy of the balance sheet and the statement of income shall be delivered to the shareholders registered in the Register in the manner prescribed in regard to the giving of notices, at least seven days prior to the meeting.

The provisions of this Article shall not make it obligatory to send a copy of the aforesaid documents to a shareholder whose address is unknown to the Company, or to more than one joint holder of a share. Any shareholder to whom a copy of the aforesaid documents is not sent, and also a person who produces to the Company a certificate from a bank to the effect that shares of the Company are held for him at such bank, shall be entitled to request to receive copies of such documents at the Office of the Company.

123. At least once each year the accounts of the Company and the correctness of the statement of income and the balance sheet shall be audited and confirmed by an independent auditor or auditors.
124. The Company shall, in an annual General Meeting, appoint an independent auditor or auditors who shall hold such position until the next annual General Meeting, and their appointment, remuneration and rights and duties shall be subject to the provisions of the Law, provided, however, that in exercising its authority to fix the remuneration of the Auditor(s), the shareholders in an annual General Meeting may, by a Resolution, act (and in the absence of any action in connection therewith shall be deemed to have so acted) to authorize the Board of Directors to fix such remuneration subject to such criteria or standards, if any, as may be provided in such Resolution, and if no such criteria or standards are so provided, such remuneration shall be fixed in an amount commensurate with both the volume and nature of the services rendered by the Auditor(s). By an act appointing such Auditors, the Company may appoint the auditor(s) to serve for a period of up to the end of completion of the audit of the yearly financial statements for the three (3) year period then ended.
125. The Auditors shall be entitled to receive notices of every General Meeting of the Company and to attend such meetings and to express their opinions on all matters pertaining to their function as the Auditors of the Company.
126. Subject to the provisions of the Law and the U.S. Rules, any act carried out by the Auditors of the Company shall be valid as against any person doing business in good faith with the Company, notwithstanding any defect in the appointment or qualification of the Auditors.
127. For as long as the Company is a Public Company, as defined in the Law, it shall appoint an internal auditor possessing the authorities set forth in the Law. The internal auditor of the Company shall present all of its proposed work plans to the Audit Committee of Directors, which shall have the authority to approve them, subject to any modifications in its discretion.

The Board of Directors
Stratasys Ltd.
7665 Commerce Way
Eden Prairie, MN 55344

Members of the Board of Directors:

You have requested our opinion as to the fairness, from a financial point of view, to Stratasys Ltd. (the “Company”) of the Exchange Ratio (as defined below) in the proposed merger (the “Transaction”) of a wholly-owned subsidiary of the Company (“Merger Sub”) with Desktop Metal, Inc. (the “Merger Partner”). Pursuant to the Agreement and Plan of Merger, dated as of May 25, 2023 (the “Agreement”), among the Company, Merger Sub and the Merger Partner, the Merger Partner will become a wholly-owned subsidiary of the Company, and each outstanding share of Class A common stock, par value \$0.0001 per share, of the Merger Partner (the “Merger Partner Common Stock”), other than shares of Merger Partner Common Stock held in treasury, owned by the Merger Partner or any of its direct or indirect wholly-owned subsidiaries or owned by the Company or Merger Sub, will be converted into the right to receive 0.123 ordinary shares (the “Exchange Ratio”) of the Company with a nominal amount of NIS 0.01 per share (the “Company Ordinary Shares”).

In connection with preparing our opinion, we have (i) reviewed the Agreement; (ii) reviewed certain publicly available business and financial information concerning the Merger Partner and the Company and the industries in which they operate; (iii) compared the financial and operating performance of the Merger Partner and the Company with publicly available information concerning certain other companies we deemed relevant and reviewed the current and historical market prices of the Merger Partner Common Stock and the Company Ordinary Shares and certain publicly traded securities of such other companies; (iv) reviewed certain internal financial analyses and forecasts prepared by the management of the Company relating to the Company’s businesses, and certain internal financial analyses and forecasts prepared by the management of the Merger Partner relating to the Merger Partner’s businesses and adjusted by the management of the Company, as well as the estimated amount and timing of the synergies, cost savings and related expenses expected to result from the Transaction (the “Synergies”); and (v) performed such other financial studies and analyses and considered such other information as we deemed appropriate for the purposes of this opinion.

In addition, we have held discussions with certain members of the management of the Merger Partner and the Company with respect to certain aspects of the Transaction, and the past and current business operations of the Merger Partner and the Company, the financial condition and future prospects and operations of the Merger Partner and the Company, the effects of the Transaction on the financial condition and future prospects of the Company, and certain other matters we believed necessary or appropriate to our inquiry.

In giving our opinion, we have relied upon and assumed the accuracy and completeness of all information that was publicly available or was furnished to or discussed with us by the Merger Partner and the Company or otherwise reviewed by or for us. We have not independently verified any such information or its accuracy or completeness and, pursuant to our engagement letter with the Company, we did not assume any obligation to undertake any such independent verification. We have not conducted or been provided with any valuation or appraisal of any assets or liabilities, nor have we evaluated the solvency of the Merger Partner or the Company under any state or federal laws relating to bankruptcy, insolvency or similar matters. In relying on financial analyses and forecasts provided to us or derived therefrom, including the Synergies, we have assumed that they have been reasonably prepared based on assumptions reflecting the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Merger Partner and the Company to which such analyses or forecasts relate. We express no view as to such analyses or forecasts (including the Synergies) or the assumptions on which they were based. We have also assumed that the Transaction and the other transactions contemplated by the Agreement will qualify as a tax-free reorganization for United States federal income tax purposes, and will be consummated as described in the Agreement. We have also assumed that the representations and warranties made by the Company and the Merger Partner in the Agreement and the related agreements are and will be true and correct.

TABLE OF CONTENTS

in all respects material to our analysis. We are not legal, regulatory or tax experts and have relied on the assessments made by advisors to the Company with respect to such issues. We have further assumed that all material governmental, regulatory or other consents and approvals necessary for the consummation of the Transaction will be obtained without any adverse effect on the Merger Partner or the Company or on the contemplated benefits of the Transaction.

Our opinion is necessarily based on economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. It should be understood that subsequent developments may affect this opinion and that we do not have any obligation to update, revise, or reaffirm this opinion. Our opinion is limited to the fairness, from a financial point of view, to the Company of the Exchange Ratio in the proposed Transaction and we express no opinion as to the fairness of the Exchange Ratio to the holders of any class of securities, creditors or other constituencies of the Company or as to the underlying decision by the Company to engage in the Transaction. Furthermore, we express no opinion with respect to the amount or nature of any compensation to any officers, directors, or employees of any party to the Transaction, or any class of such persons relative to the Exchange Ratio in the Transaction or with respect to the fairness of any such compensation. We are expressing no opinion herein as to the price at which the Merger Partner Common Stock or the Company Ordinary Shares will trade at any future time.

We have acted as financial advisor to the Company with respect to the proposed Transaction and will receive a fee from the Company for our services, a substantial portion of which will become payable only if the proposed Transaction is consummated. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. Please be advised that during the two years preceding the date of this letter, neither we nor our affiliates have had any other material financial advisory or other material commercial or investment banking relationships with the Company. During the two years preceding the date of this letter, we and our affiliates have had commercial or investment banking relationships with the Merger Partner for which we and such affiliates have received customary compensation. Such services during such period have included acting as joint lead bookrunner on an offering of the Merger Partner's convertible notes in May 2022. In addition, we and our affiliates hold, on a proprietary basis, less than 1% of the outstanding ordinary shares and common stock of each of the Company and the Merger Partner, respectively. In the ordinary course of our businesses, we and our affiliates may actively trade the debt and equity securities or financial instruments (including derivatives, bank loans or other obligations) of the Company or the Merger Partner for our own account or for the accounts of customers and, accordingly, we may at any time hold long or short positions in such securities or other financial instruments.

On the basis of and subject to the foregoing, it is our opinion as of the date hereof that the Exchange Ratio in the proposed Transaction is fair, from a financial point of view, to the Company.

The issuance of this opinion has been approved by a fairness opinion committee of J.P. Morgan Securities LLC. This letter is provided to the Board of Directors of the Company (in its capacity as such) in connection with and for the purposes of its evaluation of the Transaction. This opinion does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Transaction or any other matter. This opinion may not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval. This opinion may be reproduced in full in any proxy statement mailed to shareholders of the Company but may not otherwise be disclosed publicly in any manner without our prior written approval.

Very truly yours,

Board of Directors
Desktop Metal, Inc.

Members of the Board:

Stifel, Nicolaus & Company, Incorporated (“Stifel” or “we”) has been advised that Desktop Metal, Inc., a Delaware corporation (the “Company”), is considering entering into an Agreement and Plan of Merger (the “Merger Agreement”) with Stratasys Ltd., an Israeli company (“Parent”), and Merger Co Inc., a Delaware corporation and a direct wholly owned subsidiary of Parent (“Merger Sub”), pursuant to which Merger Sub will be merged with and into the Company, with the Company continuing as the surviving corporation and an indirect wholly owned subsidiary of Parent, and each issued and outstanding share (excluding any Company Common Stock (as defined below) that is owned by the Company as treasury stock, owned by a direct or indirect wholly-owned subsidiary of the Company or owned by Parent or Merger Sub) (collectively, the “Shares”) of Class A common stock, US\$0.0001 par value per share, of the Company (the “Company Common Stock”) will be converted into the right to receive 0.123x (the “Exchange Ratio”) ordinary shares of Parent, with a nominal amount of NIS 0.01 per share (the “Parent Ordinary Shares”), subject to adjustment and on terms and conditions more fully set forth in the Merger Agreement (the “Merger”).

- (vii) reviewed certain non-publicly available information concerning Parent, including internal financial analyses and forecasts prepared by and provided to us by the Company's management and, based on assumptions approved by the Company's management, certain extrapolations thereto approved by the Company's management (collectively, the "Parent Projections" and, together with the Company Projections, the "Projections") and utilized per instruction of the Company, and held discussion with Parent's senior management regarding recent developments;
- (viii) reviewed and analyzed certain publicly available information concerning the terms of selected merger and acquisition transactions that we considered relevant to our analysis;
- (ix) reviewed and analyzed certain publicly available financial and stock market data relating to selected public companies that we deemed relevant to our analysis;
- (x) participated in certain discussions and negotiations between representatives of the Company and Parent;
- (xi) reviewed the reported prices and trading activity of the Company Common Stock and the Parent Ordinary Shares;
- (xii) reviewed and analyzed, based on the Company Projections and the Parent Projections, the cash flows generated by the Company and Parent, as applicable, on a stand-alone basis to determine the present value of the Company's and Parent's respective discounted cash flows;
- (xiii) reviewed the relative financial contributions of the Company and Parent to the future financial performance of Parent on a pro forma basis;
- (xiv) considered the results of our efforts, at the direction of the Company, to solicit indications of interest from selected third parties with respect to a merger or other transaction with the Company;
- (xv) conducted such other financial studies, analyses and investigations and considered such other information as we deemed necessary or appropriate for purposes of our opinion; and
- (xvi) took into account our assessment of general economic, market and financial conditions and our experience in other transactions, as well as our experience in securities valuations and our knowledge of the Company's industry generally.

In rendering our Opinion, we have relied upon and assumed, without independent verification, the accuracy and completeness of all of the financial and other information that was provided to Stifel by or on behalf of the Company or Parent, or that was otherwise reviewed by Stifel, and have not assumed any responsibility for independently verifying any of such information. With respect to the financial forecasts and projections supplied to us or otherwise approved by the Company (including, without limitation, the Company Projections, the Parent Projections, the potential cost savings and revenue and operating synergies and the pro forma financial impact of the Merger on Parent), we have assumed, at the direction of the Company, that they were reasonably prepared on the basis reflecting the best currently available estimates and judgments of the management of the Company as to the future operating and financial performance of the Company and Parent, as applicable, and that they provided a reasonable basis upon which we could form our opinion. Such forecasts and projections were not prepared with the expectation of public disclosure. All such forecasted or projected financial information is based on numerous variables and assumptions that are inherently uncertain, including, without limitation, factors related to general economic and competitive conditions and, in particular, the widespread disruption, extraordinary uncertainty and unusual volatility arising from global tensions and political unrest, economic uncertainty, inflation, rising interest rates, the COVID-19 pandemic and recent actual or threatened regional bank failures, including the effect of evolving governmental interventions and non-interventions. Accordingly, actual results could vary significantly from those set forth in such projected financial information. Stifel has relied on this forecasted and projected information without independent verification or analyses and does not in any respect assume any responsibility for the accuracy or completeness thereof. Stifel expresses no opinion as to any such forecasted or projected information or the assumptions on which they were made.

We also assumed that there were no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of either the Company or Parent since the date of the last financial statements of each company made available to us. We did not make or obtain any independent evaluation, appraisal or physical inspection of either the Company's or Parent's assets or liabilities, the collateral securing any of such assets or liabilities, or the collectibility of any such assets, nor have we been furnished with any such evaluation or appraisal. We assumed the value of future contingent earn out payments to be made by the Company, as instructed by the Company, and included such estimates as an obligation of Parent after the Merger. Estimates of values of companies and assets do not purport to be appraisals or necessarily reflect the prices at which companies or assets may actually be sold. Because such estimates are inherently subject to uncertainty, Stifel assumes no responsibility for their accuracy.

We have assumed that there are no factors that would delay or are subject to any adverse conditions any necessary regulatory or governmental approval and that all conditions to the Merger will be satisfied and not waived. In addition, we have assumed that the definitive Merger Agreement will not differ materially from the draft we reviewed. We have also assumed that the Merger will be consummated substantially on the terms and conditions described in the Merger Agreement and as further described to us by management of the Company, without any waiver of material terms or conditions by the Company or any other party and without any anti-dilution or other adjustment to the Exchange Ratio, and that obtaining any necessary regulatory approvals or satisfying any other conditions for consummation of the Merger will not have an adverse effect on the Company, Parent or the Merger. We have assumed that the Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable foreign, federal and state statutes, rules and regulations. We have further assumed that the Company has relied upon the advice of its counsel, independent accountants and other advisors (other than Stifel) as to all legal, financial reporting, tax, accounting and regulatory matters with respect to the Company, Parent, the Merger and the Merger Agreement.

Our Opinion is limited to whether the Exchange Ratio is fair to the holders of Shares, from a financial point of view, as of the date hereof, and does not address any other terms, aspects or implications of the Merger, including, without limitation, the form or structure of the Merger, any consequences of the Merger on the Company, its stockholders, creditors or otherwise, or any terms, aspects or implications of any voting, support, stockholder or other agreements, arrangements or understandings contemplated or entered into in connection with the Merger or otherwise. Our Opinion also does not consider, address or include: (i) any other strategic alternatives currently (or which have been or may be) contemplated by the Board or the Company; (ii) the legal, tax or accounting consequences of the Merger on the Company or the holders of Company Common Stock including, without limitation, whether or not the Merger will qualify as a tax-free reorganization pursuant to Section 368 of the Internal Revenue Code; (iii) the fairness of the amount or nature of any compensation to any of the Company's officers, directors or employees, or class of such persons, relative to the compensation to the holders of the Company's securities or otherwise; (iv) the effect of the Merger on, or the fairness of the consideration to be received by, holders of any class of securities of the Company other than the Shares of Company Common Stock, or any class of securities of any other party to any transaction contemplated by the Merger Agreement; or (v) the treatment of, or effect of the Merger on, Ironman Preferred Stock, Ironman Stock Options, Ironman RSAs and Ironman RSU Awards (each as defined in the Merger Agreement). Furthermore, we are not expressing any opinion herein as to the prices, trading range or volume at which the Company's or Parent's securities will trade following public announcement or consummation of the Merger or at any other time.

Our Opinion is necessarily based on economic, market, financial and other conditions as they exist on, and on the information made available to us by or on behalf of the Company or its advisors, or information otherwise reviewed by Stifel, as of the date of this Opinion. It is understood that subsequent developments may affect the conclusion reached in this Opinion and that Stifel does not have any obligation to update, revise or reaffirm this Opinion, except in accordance with the terms and conditions of Stifel's engagement letter agreement with the Company. Further, as

the Board is aware, the credit, financial and stock markets have been experiencing unusual volatility and we express no opinion or view as to any potential effects of such volatility on the Company, Parent or the Merger. Further, we express no opinion or view as to any potential effects of any existing or other proposal made by Nano Dimension Ltd. on the Company, Parent or the Merger. Our Opinion is for the information of, and directed to, the Board, in its capacity as such, for its information and assistance in connection with its consideration of the financial terms of the Merger. Our Opinion does not constitute a recommendation to the Board as to how the Board should vote on or otherwise act with respect to the Merger or any other matter or to any shareholder of the Company or Parent as to how any such shareholder should act with respect to the Merger or any other matter, including without limitation how to vote at any shareholders' meeting at which the Merger is considered, or whether or not any shareholder of the Company should enter into a voting, shareholders', or affiliates' agreement with respect to the Merger, or exercise any dissenters' or appraisal rights that may be available to such shareholder. In addition, the Opinion does not compare the relative merits of the Merger with any other alternative transactions or business strategies which may have been available to the Company and does not address the underlying business decision of the Board or the Company to proceed with or effect the Merger.

We are not legal, tax, regulatory or bankruptcy advisors. We have not considered any potential legislative or regulatory changes currently being considered or recently enacted by the United States Congress, the various federal banking agencies, the Securities and Exchange Commission (the "SEC"), or any other regulatory bodies, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the SEC or the Financial Accounting Standards Board, or any changes in regulatory accounting principles that may be adopted by any or all of the federal banking agencies. Our Opinion is not a solvency opinion and does not in any way address the solvency or financial condition of the Company, Parent or any other person either before or after the Merger.

Stifel, as part of its investment banking services, is regularly engaged in the independent valuation of businesses and securities in connection with mergers, acquisitions, underwritings, sales and distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. We have acted as financial advisor to the Company in connection with the Merger and will receive a fee for our services, a substantial portion of which is contingent upon the completion of the Merger (the "Advisory Fee"). We have also acted as financial advisor to the Board and will receive a fee upon the delivery of this Opinion that is not contingent upon consummation of the Merger (the "Opinion Fee"), provided that such Opinion Fee is creditable against any Advisory Fee. We will not receive any other significant payment or compensation contingent upon the successful consummation of the Merger. In addition, the Company has agreed to indemnify us for certain liabilities arising out of our engagement. In August 2022, Stifel acted as financial advisor to Parent in connection with the merger of Parent's subsidiary, Makerbot, with Ultimaker (the "Makerbot Transaction"). Other than the Makerbot Transaction, there are no material relationships that existed during the two years prior to the date of this Opinion or that are mutually understood to be contemplated in which any compensation was received or is intended to be received as a result of the relationship between Stifel and any party to the Merger. Stifel may seek to provide investment banking services to the Company or Parent or their respective affiliates in the future, for which we would seek customary compensation. In the ordinary course of business, Stifel and our clients may transact in the equity securities of each of the Company and Parent and may at any time hold a long or short position in such securities.

Stifel's Fairness Opinion Committee has approved the issuance of this Opinion. Our Opinion may not be published or otherwise used or referred to, nor shall any public reference to Stifel be made, without our prior written consent, except in accordance with the terms and conditions of Stifel's engagement letter agreement with the Company.

There is no action, suit, investigation, complaint or other proceeding pending against the Stockholder or, to the knowledge of the Stockholder, any other Person or, to the knowledge of the Stockholder, threatened against the Stockholder or any other Person that restricts or prohibits (or, if successful, would restrict or prohibit) the exercise by Sun of its rights under this Agreement or the performance by the Stockholder of its obligations under this Agreement.

Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by the parties and their respective successors and permitted assigns.

(e) Third Party Beneficiaries. This Agreement is not intended to, and does not, confer upon any Person other than the parties hereto any rights or remedies hereunder, including the right to rely upon the representations and warranties set forth herein.

(h) Severability. Whenever possible, each provision or portion of any provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable Law, but if any provision or portion of any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect under any applicable Law or rule in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provision or portion of any provision in such jurisdiction, and this Agreement shall be reformed, construed and enforced in such jurisdiction such that the invalid, illegal or unenforceable provision or portion thereof shall be interpreted to be only so broad as is enforceable.

(i) Specific Performance; Remedies Cumulative. The parties hereto agree that irreparable damage would occur if any provision of this Agreement were not performed by the Stockholder in accordance with the terms hereof and, accordingly, that Sun shall be entitled to seek an injunction or injunctions to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions hereof, in addition to any other remedy to which Sun may be entitled at law or in equity. (j) No Waiver. The failure of any party hereto to exercise any right, power or remedy provided under this Agreement or otherwise available in respect hereof at law or in equity, or to insist upon compliance by any other party hereto with its obligations hereunder, and any custom or practice of the parties at variance with the terms hereof, shall not constitute a waiver by such party of its right to exercise any such or other right, power or remedy or to demand such compliance.

(k) Governing Law. This Agreement and all disputes or controversies arising out of or relating to this Agreement or the transactions contemplated hereby shall be governed by, and construed in accordance with, the internal Laws of the State of Delaware, without regard to any applicable conflicts of law principles.
