Stratasys Announces Receipt of Unsolicited Proposal from 3D Systems

MINNEAPOLIS & REHOVOT, Israel – June 1, 2023 – Stratasys Ltd. (Nasdaq: SSYS) (“Stratasys” or the “Company”), a leader in polymer 3D printing solutions, today announced that it has received an unsolicited non-binding indicative proposal from 3D Systems Corporation (NYSE: DDD) (“3D Systems”) to acquire Stratasys for \$7.50 in cash and 1.2507 newly issued shares of common stock of 3D Systems per ordinary share of Stratasys.

As announced on May 25, 2023, Stratasys entered into a merger agreement with Desktop Metal, Inc. (NYSE: DM) (“Desktop Metal”) under which Stratasys and Desktop Metal will combine in an all-stock transaction. The transaction, which is expected to be completed in the fourth quarter of 2023, is subject to customary closing conditions, including the approval of Stratasys’ shareholders and Desktop Metal’s stockholders and the receipt of certain governmental and regulatory approvals.

The Stratasys Board of Directors will carefully review the 3D Systems proposal, in accordance with its fiduciary duties, and its obligations under Stratasys’ merger agreement with Desktop Metal, in consultation with its independent financial and legal advisors. The Stratasys Board has not made any determination as to the 3D Systems proposal within the framework contemplated by the Desktop Metal merger agreement, which remains in effect, nor changed its unanimous approval, recommendation and declaration of advisability of the agreed transaction with Desktop Metal.

Stratasys shareholders do not need to take any action at this time with respect to the 3D Systems proposal.

On May 30, 2023, Stratasys announced that its Board, after consultation with its independent financial and legal advisors, unanimously determined that the partial tender offer by Nano Dimension Ltd. (Nasdaq: NNDM) (“Nano”) to acquire ordinary shares of Stratasys for \$18.00 per share in cash substantially undervalues the Company and is NOT in the best interests of Stratasys shareholders. The Board unanimously recommends that shareholders reject the offer and deliver a Notice of Objection against the offer. Information regarding how to deliver a Notice of Objection can be found at www.NextGenerationAM.com/NanoObjection.

J.P. Morgan is acting as exclusive financial advisor to Stratasys, and Meitar Law Offices and Wachtell, Lipton, Rosen & Katz are serving as legal counsel.

Team Stratasys,

As I mentioned in our Town Hall, I am beaming with pride about our achievements this quarter and over the past few years. We have transformed our company and are making a positive impact on our industry.

At this time, I would like to bring your attention to a new development. Today, we issued a press release announcing that we have received an unsolicited, non-binding indicative proposal from 3D Systems Corporation to acquire Stratasys for \$7.50 in cash and 1.2507 newly issued shares of common stock of 3D Systems per ordinary share of Stratasys.

The Stratasys Board will carefully review the 3D Systems proposal, in accordance with its fiduciary duties, and its obligations under Stratasys' merger agreement with Desktop Metal, in consultation with its independent financial and legal advisors.

We remain committed to our pending combination with Desktop Metal and continue to be excited about the compelling strategic and financial benefits that we expect the combination to unlock for all Stratasys stakeholders. By combining the two organizations, we will be taking another step forward in fulfilling our North Star strategy, and our mission to better serve the additive manufacturing market with comprehensive, best-in-class technologies and solutions.

I appreciate this is another development on top of the unsolicited special tender offer with Nano Dimension and our pending combination with Desktop Metal, which may create confusion. However, as a public company, we act with transparency in communicating with our stakeholders, specifically – with you, our employees.

Notwithstanding all of these developments, we should maintain focus on our North Star journey, continue our activity to support our growth targets, while we create value for everyone: employees, customers, partners and shareholders.

Our day-to-day operations are unaffected. Now more than ever, I am counting on you to keep up the good work and continue to provide our customers with the same best-in-class 3D printing solutions that they have come to expect from us.

In addition, I request again that employees who are Stratasys shareholders please deliver a Notice of Objection against Nano's partial tender offer. Next week, I will be sending out more information to those of you that own Stratasys ordinary shares regarding the process for delivering a Notice of Objection. Your participation in this matter is very important. While the situation is continuing to evolve, I will keep you informed of important developments and share further updates, as appropriate.

We are privileged to work in an industry that is transforming manufacturing, and your efforts to advance our mission are recognized and appreciated. Thank you for your focus and dedication.

Best,
Yoav Zeif
Stratasys
CEO
